KEEPS VOW TO FEED POOR.
NEW YORK, November 13.—
Twenty years ago Mrs. Good
schneider with his wife and baby
girl arrived in New York penni-
less from Volna, Russia. He
begged help from a charitable
organization and a job as a fur
dyer was obtained for him. In
return he made a vow that when
his daughter should be married,
he would give her a diamond
ring worth \$100,000, as he
was then, should be fed.

WASHINGTON, November 13.—The
German embassy has reason to believe
that a number of highly confidential
dispatches, at present missing, were
in the packet from which Karl Aarn-
gaard Graves, alleged "master spy", ex-
tracted letters he charged with hav-
ing used in the alleged attempt to ob-
tain \$3,000 from Countess von Bernstorff,
wife of the German ambassador. The
nature of the dispatches is unknown.
The German government has been
available information regarding the
packet's contents, and investigation, it is
expected, will be made in Berlin im-
mediately with a view to ascertaining what,
if any, secret papers are missing, as well
as the identity of the messenger from
whom Graves obtained the letters.

BRAZIL MAKES PUBLIC NEUTRAL LEAGUE PLANS

RESISTING OF TRADE RESTRICTIONS PROPOSED BY SOCIETY.

WASHINGTON, November 12.—Details of the recent proposal by the Brazilian parliament for the formation of a league of neutrals to resist trade restrictions and other encroachments by belligerents were made public here through the Official Gazette of the Brazilian parliament. The proposed league would consist of all present neutrals, and would spring automatically into effect whenever another war broke out.

The society in an exhaustive report, reviews the constant encroachments by belligerents on neutral trade and urges the government to take immediate steps to obtain the co-operation of all neutrals for the declaration of a uniform series of neutral rights and for their enforcement.

Right Suggested.

Rights suggested are the immunity of enemy goods under a neutral flag, complete liberty of trade between neutral nations regardless of ultimate destination, freedom from any extra territorial actions such as blockades, and the forbidding of any alien to inform a foreign government of matters which might lead to belligerent restrictions.

Violation of these rights would be met under the plan, first by the withdrawal by the neutral league of all privileges of friendly treatment for the offending nation, including the trade rights. In case a consular or diplomatic official should be concerned, his credentials would be handed him at once. If this proved unavailing, hostilities might follow.

Report Creates Interest.

The Brazilian report created great interest in official circles here. South American nations have been hard hit by British trade restrictions, and some time ago an official announcement was made in Chile that the Chilean ambassadors in the United States, Brazil and Argentina had been requested to seek joint action on the British blockade. The state department here, however, says that as yet neither the Chilean nor the Brazilian proposal has been definitely submitted.

To Avoid Dandruff

You do not want a slow treatment for itching scalp when hair is falling and the dandruff germ is killing the hair roots. Delay means no hair.

Get at any drug store, a bottle of zemo for 25c or \$1.00 for extra large size. Use as directed, for it does the work quickly. It kills the dandruff germ, nourishes the hair roots and immediately stops itching scalp. It is a pure, reliable, antiseptic liquid, is not greasy, is easy to use and will not stain. Soaps and shampoos are harmful, as they contain alkali. The best thing to use for scalp irritations is zemo, for it is safe and also inexpensive.

Man Wins \$400 Funeral on Election—Refuses to Collect

(Special to The Indianapolis News)

DANVILLE, Ill., November 12.—One Danville Democrat is loath to collect an election bet he won. Douglas Prentiss, who won a cemetery lot against a \$400 funeral by John Gilmore, an undertaker, then President Wilson would be re-elected. Mr. Gilmore told Mr. Prentiss today he was ready to pay the bet, but said he was perfectly willing to wait and see if he had not care if he never had to pay. Friends of the man who had a great deal of fun out of the incident, Mr. Prentiss refused to collect his bet.

SHIPYARD SALE IS PROPOSED

Eastern Interests May Acquire Plants Along the Ohio River.

(Special to The Indianapolis News)

JEFFERSONVILLE, Ind., November 12.—Edmonds J. Howard, president of the Howards Shipyards Company, which owns extensively inland shipbuilding plants at Jeffersonville, Paducah, Ky.; Madison, Ind.; Cincinnati, and other points along the Ohio river, has confirmed reports that negotiations are under way for the sale of the plants to eastern interests, said to be represented by Charles G. Frasier, of New York. The exact scope of the negotiations has not become public, but they are connected with a proposal to build ocean going craft, especially, it is said, of 6,000-ton Norwegian bottoms.

Struck by Automobile.

John A. Kantner, age fifty-six, 809 Arbor avenue, was bruised about the head and body, Saturday afternoon, when he was struck by an automobile at Neal avenue and West Washington street. The driver of the machine was not arrested. According to witnesses, Kantner attempted to cross the street in front of the automobile and became confused, stepping directly in its path. Dr. Oscar Jones, 821 West Washington street, attended Kantner after the accident and he was taken to his home in a city ambulance.

SCROFULA AND ALL HUMORS GIVE WAY

There are many things learned from experience and observation that the older generation should impress upon the younger. Among them is the fact that scrofula and other humors, which produce eczema, boils, pimples and other eruptions, can be most successfully treated with Hood's Sarsaparilla.

This great medicine is a peculiar combination of remarkably effective blood-purifying and health-giving roots, barks and herbs, which are gathered especially for it.

Hood's Sarsaparilla has stood the test of forty years.

Folling the Sharks.

Mittl Hajos, who comes to English's tonight in the musical comedy, "Tom-Pom," loves the ocean. She likes to get into the surf so much that she squeals like a young Indian—so that often the surf gets into her. Edmunds has no love for sharks. Before the sharks had become rampant along the Atlantic coast, Mittl had rented an estate at Larchmont, on Long Island sound, for the summer. During the month of June she would run down to the country every night after her performance of "Tom-Pom," and often take a dip before going to bed.

When came the sharks. Mittl sat on her piazza and looked at the waves. She may have hung her clothes on a hickory limb, but she didn't get near the water. At last she had an idea. She sent for a dozen rolls of chicken to the neighborhood to help her chauffeur and gardener sink the fence. They put up two rows of wire netting to make it as difficult as possible for any shark who developed an appetite for Mittl to get through their parts nightly in this new Belasco production.

Whereupon the young prima donna donned her bathing suit and jumped in, swimming like a fish.

Just then came a crab and pinched her on the toe. Loud shrieks from Mittl as she watched the performance. That, of course, satisfies her ambition so far as Mr. Belasco has mapped it out for her, but she is also having lots of fun all by herself watching the other actors go through their parts nightly in this new Belasco production.

"It may sound funny," says Miss Starr, "when I say that I take all the time I can spare off the stage and hurry up my dressing so that I can stand in the wings and watch the performance, it can't help it. The characters are so interesting, the atmosphere of the stage situation is to me as fresh as my long experience in emotional plays, that I enjoy every minute of the performance. If I am only as interesting to those who see as they are to me, I see no reason for not being perfectly happy."

Notes of the Stage.

The cast of "My Aunt from Utah" at the Park contains former vaudeville headliners in the persons of Kate Ellmore, who is seen in the title role; Josephine Sable, for many seasons a Keith toplineer; Waldo Whipple, impersonator of rube characters, who has presented his act in all the leading vaudeville theaters and Minnie Burke, who has just returned to America from a vaudeville trip through Australia. The production is presented under the management of Gus Hill, who has several other attractions on the international circuit, of which the Park in this city is a member.

Funeral of George B. Marshall.

Mrs. George B. Marshall and Richard P. Buchanan, will arrive in Indianapolis late tomorrow from Tacoma, Wash., with the body of George B. Marshall, who died recently in Tacoma, where he had been living for a number of years. Funeral services will be held in Crown Hill cemetery, Wednesday, at 3 p. m. Mr. Marshall was connected with the pension office in Indianapolis for many years, and was active in the Grand Army of the Republic. He was well known in Indianapolis among civil war veterans.

Nineteen Women Killed.

BERLIN (by wireless to Sayville), November 12.—The Balkan express, which runs between Constantinople and Berlin, dashed at full speed into a party of women and children laborers in a suburb of Berlin. Nineteen women were killed. There was a heavy fog at the time. The women had stepped out of the way of a west-bound train and did not observe the approaching Balkan express.

J. A. Aylward Dies Suddenly.

MADISON, Wis., November 12.—John A. Aylward, United States attorney for the western district of Wisconsin, was found dead in bed yesterday. He was fifty-two years old. Death resulted from a cerebral hemorrhage. Mr. Aylward has been defeated twice as the Democratic candidate for Governor of the state, and was the law partner of Joseph R. Davies of the federal trade commission.

CORPORATIONS FINED
\$171,000 IN CHICAGO
 SWIFT & CO., AND SEVERAL RAILROADS IN THE LIST.
REBATING AND OTHER CHARGE

CHICAGO, November 13.—Federal Judge Landis Saturday assessed fines totaling \$171,000 against Swift & Co., packers, several other packers and several railroads convicted of violating the interstate commerce act. In most of the cases the charges were rebating or in shipping less than carload shipments at carload rates. Swift & Co. was fined \$60,000; the Pennsylvania railroad, \$30,000; and the Pittsburgh, Cincinnati, Chicago & St. Louis railroad, \$20,000, in one case and \$50,000 in another.

Other Fines Assessed.
 In addition, fines ranging from \$100 to \$1,000 were assessed against the Chicago & Northwestern railroad, the Indiana Harbor Belt railroad and the Chicago, Milwaukee & St. Paul. These fines were in most instances for failure to comply with the twenty-eight-hour cattle law against permitting live stock to remain in freight cars more than twenty-eight hours continuously without attention.

The Pennsylvania fine and the \$20,000 fine against the P. C. & St. L. were imposed for rebating to the W. H. Merrill company, a Chicago Board of Trade firm, while the \$50,000 fine was for rebating to B. A. Eckhart, head of the Eckhart Milling company. Mr. Eckhart was tried for the same offense some time ago, but the case was thrown out of court by Federal Judge Anderson.

The charges against Swift & Co. and the railroads were less than carload shipments to Michigan points at carload rates.

Thunder to Coast More.
 LONDON, November 13.—The price of the Times will be increased to 3½ pence after November 20, and other important daily newspapers probably will follow suit, says the Weekly Dispatch. Owing to the cost of production it adds that a number of leading newspapers are being conducted at very heavy losses.

U-BOAT CAPTAIN SAYS SHIP TRIED TO ESCAPE
DECLARES ROWANMORE MASTER RESPONSIBLE FOR SELLING.
REPORT RECEIVED IN BERLIN

BERLIN (by wireless to Sayville), November 13.—The report of the commander of the German submarine which sank the British steamship Rowanmore, on which there were several Americans, has been received by the admiralty, and indicates that the captain of the steamship was responsible for her bombardment by the submarine.

The report says the Rowanmore disregarded the submarine's signal to halt, and endeavored to escape at full speed, making it necessary for the submarine to fire a few shots in order to bring her to.

Crew Took to Boats.
 The crew showed its opinion of the captain's course, by piling into boats, leaving the master alone on the steamer. He was forced to lower a boat unaided, and was paddling around alone therein when picked up by the submarine. The Americans on board, as far as can be learned, were several negro firemen.

No report has been received on the case of the British steamship Marina, which was sunk by a submarine off the coast. Inasmuch as she was sunk on the same day as was the Rowanmore, a report is expected soon.

Three other cases of steamships sunk by submarines have been submitted by the American embassy to the foreign office. These vessels were destroyed in September. No evidence was presented in this connection to indicate that Germany's assurances in regard to the conduct of submarine warfare have not been observed, or to reply has been received by the embassy.

Informal request for information in regard to the sinking of the Rowanmore and Marina was made to the German government by the American government last month. Two white Americans and five Filipinos were in the crew of the Rowanmore, all of whom were saved. Affidavits obtained by the American consul at Liverpool said the Rowanmore attempted to escape, but that the submarine continued to shell her after she stopped.

Six Americans on the Marina, which was armed with a four-inch gun, lost their lives. American survivors said under oath that the vessel was torpedoed without warning.

SAW PERISCOPE PLAINLY.
 Passengers of Arabia Also Discerned Wake of Torpedo.

LONDON, November 13.—A dispatch to Reuters' Telegram Company from Malta, dated last Thursday, dealing with the sinking of the Peninsular and Oriental liner Arabia, says that the submarine was seen circling around the vessel after she was struck, but the submarine never came to the surface.

"The passengers are convinced that the gravest disaster was only avoided by the presence of mist and the European crew, to whom had been allotted the water-tight doors. Dr. Bodie, a passenger, relates that while the boat he was in was being moved toward the stern of the Arabia, the intention of the submarine evidently being to board the steamer and obtain the ship's papers. The rescuing vessels, however, frustrated this design.

HAD TO WAIT TWO DAYS.
 Columbian Waited for Storm to Subside, Then Was Sunk.

PARIS, November 13.—A wireless dispatch from Madrid says that it was a German submarine which sank the American steamship Columbian. According to this information the Columbian encountered the submarine on November 6, during the storm which was then raging. The vessel was compelled to interrupt her voyage and lie to under surveillance until November 8, when the storm subsided. The dispatch says, the submarine ordered the crew to abandon the ship, and then sank her.

A Havas dispatch from Madrid quotes the newspapers of Coruna, Spain, where the crew is reported to have landed, to the effect that when the Columbian was held up the submarine ordered the crew to disembark, but that the storm was so severe that this was impossible until two days later.

The dispatch also says that the Norwegian steamships Baito and Fordalen were destroyed in the same manner on November 5.

BOY, AGE 5, SHOOTS FATHER
 Angry, After Spanking, Child Wounds Parent Seriously.

[Special to The Indianapolis News]
 COLUMBUS, Ind., November 13.—Virgil Todd, age five, shot his father, John Todd, Saturday evening, and wounded him seriously, after his father had spanked him. The bullet struck Todd in the left side. Todd disarmed the boy, who tried to fire a second time, and called a physician. Todd said he did not know Virgil knew where the weapon was hidden.

IMMEDIATE RELIEF OF COAL FAMINE PROMISED
 RAILROAD REPRESENTATIVES MAKE PROPOSALS AT HEARING.
 EMPTY CARS TO BE RETURNED

LOUISVILLE, November 12.—Immediate relief of the coal shortage is promised by proposals approved late today by Commissioner C. C. McChord.

These proposals come from railroad representatives present here at hearings in connection with an investigation into the interstate commerce commission into the question of the exchange and return of freight cars by railroads. It is proposed that every railroad in the country begin at once the return of all foreign coal cars in its possession, as fast as they are unloaded. If there is no load for them, going in the same direction of their home lines, they are to be returned empty.

Coal carrying roads have promised that as soon as a fair proportion of missing equipment is returned they will raise embargoes which have been placed on shipments in their cars to communities which are suffering from a scarcity of fuel.

The representatives of several of these coal-carrying roads have testified at the hearings that the coal car equipment on their rails has been reduced far below the number of their actual ownership. This they said had forced the embargo, of which complaint had been made by many communities which found their fuel supply cut off.

Commissioner McChord asked the railroad representatives making the proposals to be prepared to indicate to him Monday what the intention of their lines were in regard to carrying them out.

WOULD GUARD JEWISH RIGHTS
 Committee to Work With Jews Abroad is Advocated.

NEW YORK, November 13.—Establishment of a committee of correspondence to communicate with similar committees in the countries of Europe, so that when the Jews of the world may bring concerted pressure to bear on the peace congress for granting Jewish rights in all nations, was suggested by Oscar S. Straus, chairman of the New York public safety committee, at the annual convention of the American Jewish committee here yesterday.

Mr. Straus urged that Jews in America adopt this plan, saying it had been used successfully by the colonists before the revolutionary war. The convention, however, took no action.

Officers of the committee elected were as follows: Louis Marshall, president; Cyrus L. Sulzberger, of Philadelphia, and Julius Rosenberg, of Chicago, vice-presidents; Isaac W. Bernheim, treasurer, and Harry Schneiderman, assistant secretary. The next convention will be held in Chicago.

PURSE SNATCHER IS FOILED
 M. O. Weidenheimer Causes Man to Drop Pocketbook and Flees.

M. O. Weidenheimer, 2009 Meredith avenue, caused a purse snatcher to drop a pocketbook and take to his heels. Saturday night, after the snatcher had snatched the purse from one of two women in Pennsylvania street, between New York street and Ohio street, Weidenheimer said if he had not stumbled and fallen he probably would have caught the fugitive.

The women, who refused to give their names, were on their way to the Y. W. C. A. building. The snatcher stepped out as they were passing the driveway north of the Federal building and wrested a purse from one of them.

Weidenheimer, who was passing in an automobile, heard the women scream and ran to their assistance. He pursued the thief through the driveway and thence across Meridian street into another alley. Weidenheimer said he fell just as he was trying to lay hands on the man and by the time he recovered himself the thief had disappeared. The purse was found in the driveway a short distance from where the robbery occurred.

WILSON BACK AT DESK

READY TO TAKE UP FOREIGN AND DOMESTIC PROBLEMS.

RUMORS OF CABINET CHANGES COMMENT ON RE-ELECTION

WASHINGTON, November 13.—President Wilson was back at his desk in the White House today, after an absence of two months, prepared to take up important foreign problems as well as domestic questions, which have been held in abeyance pending the election.

Asks About House. The President asked first for the latest information on the political makeup of the house of representatives in the Sixty-fifth congress.

Some Russian Newspapers Look for More Determined Policy.

PRETOGRAD (via London), November 13.—The Russian newspapers comment briefly on Wilson's return to the White House and re-serve to the re-election of President Wilson, confining themselves in general to the conclusion that a more decisive foreign policy is as much to be expected under Mr. Wilson as it would have been under Mr. Hughes.

There was a curious outcome of the election in California, where the Republican candidate for President lost by a small plurality on the face of the returns.

Hiram W. Johnson won by a plurality of several hundred thousand. This remarkable difference between the votes for President and senator has resulted in a controversy as to the source of the responsibility.

Governor Johnson, replying to a peppy editorial in the Los Angeles Times, charging him with the responsibility, denies that he is in any accountable. In his reply Governor Johnson said: "California knows what lost this state to Hughes. A few petty politicians no less than Mr. Hughes on his visit to California that the injury they did we were unable to undo."

Mr. Johnson proceeds to charge that this small coterie created a situation in which they made it appear that Mr. Hughes was reactionary and that he was neither in accord nor sympathetic with California's progress and achievement.

ing legislation or litigation. The Santa Fe in its action alleges that the Adamson law is unconstitutional and void because it is not for the regulation of commerce. It is described as a mere experiment for the purpose of future decision as to whether there ought to be certain legislation. Furthermore, the petition sets forth that the law is a violation of the fifth amendment, in that it arbitrarily and unreasonably deprives the Santa Fe of liberty of contract and property without due process of law.

The country is familiar with the manner in which the Adamson bill was passed. The railroads' petitions show that while they will be put to much additional expense, the employes, as has been contended all along, will also bear a heavy burden. The most vital feature is the relation of wage legislation to those provisions of the federal constitution which apply to the regulation of commerce and liberty of contract and property.

There are several reasons why the courts should not limit the scope of the Adamson law. The first is that the law is a violation of the fifth amendment, in that it arbitrarily and unreasonably deprives the Santa Fe of liberty of contract and property without due process of law.

the commission has thus far failed to correct a situation that develops whenever there is an extraordinary rise of business. Judge Landis' sarcastic allusions to the factors will be appreciated by an impatient country. The judge, like the counsel for the complaining coal companies, is unable to understand the rules of the American Railway Association which provide for the interchange and return of cars.

The coal market is badly disturbed by the car famine. But as Judge Landis pointed out, other industries suffer. There are shippers of grain in Minnesota, of lumber in California, of stone some place else, and of steel and of cotton. All are clamoring for rolling stock and comparatively few shippers are able to get what they want.

ness is now operating on a basis of high wages and high profits. This must be changed. The administration should take the initiative, but in acting it may justly expect the co-operation of labor and capital and harmony of relationship between these two and government, assuming, of course, that government is wisely conducted. Business has other cards. American manufacturers in the past have failed to realize that they must adapt themselves—they must give service—in order to secure for themselves a fair ground and a fair trade. Trade representatives must be trained to handle problems in fields to which they are sent. Banking facilities must be provided and long credits agreed to. Americans must learn that foreign business does not consist in giving nothing and getting all.

When the Lusk estate in Parke county was sold at auction last May, Turkey Run with its streams, canyons, springs and timber, was bought for \$30,200 by the Hooper Veneer company, of Indianapolis. Hooper regret was felt that the state centennial park committee was overbid. It is now understood that the purchasers of Turkey Run, through H. E. Daugherty, are to relinquish their claim for \$40,200. The increase represents part of the value of the timber, and Mr. Daugherty and his associates have shown a sense of loyalty and public duty in this regard.

When the centennial commission approved the park committee, consisting of Richard Lieber, chairman; Leo Rapoport, Dr. F. B. Wynn and Sol Kiser, it was believed that the one hundredth anniversary of statehood would be observed by beginning a state park system. McCormick's creek canyon, near Spencer, was bought for \$3,500. The committee wanted to obtain Turkey Run, as this district was looked upon as the most picturesque in the state. People throughout Indiana contributed to park fund. The geological features of Turkey Run are unique in some respects, but the chief glory is the timber. It is this that makes the land commercially valuable.

The state has obtained control of Turkey Run a little less than 100 years after the pioneer Lusk family settled in Parke county. As Governor Ralston says, the park committee is to be sincerely thanked for its persistent efforts. The committee assumes a financial obligation, but this is not a heavy one. It is in possession of an important railway, one of the most important centers south of Mexico City now being controlled by him. The junction point of the Pan-American and Tehuantepec railroads is in the hands of Deha. The Times correspondent says that the report of the flight across the border of the families of numerous Carranza followers is based for the most part on rumors, but enough is known to prove that the situation in Chihuahua is somewhat serious. It is said that hundreds of Carranza followers have crossed the border into this country. It is reported that within the last few weeks Carranza officials have deposited millions of dollars in American border banks. There is a rapidly increasing shortage of food, and more conditions are growing worse daily, the Carranza currency not being worth much more than the cost of printing it.

Whether the commission has been, or will be able to agree on a plan of control of the Carranza situation, there is a rumor that there may be a new demand for the withdrawal of the Pershing column. On the other hand there is the suggestion that the question of more active co-operation between the American and Mexican forces will be considered. If Chihuahua is as largely lost to Carranza as is supposed there is not much probability that the American army will be withdrawn. Not much was expected from the joint commission, but we may get from it accurate information on what is possible to be accomplished, and even a tentative basis for agreement, and even a tentative basis for agreement, and even a tentative basis for agreement.

DAYTON'S CITY AFFAIRS

In spite of predictions that Dayton plan of city government, known as the commission-manager plan, would soon go the way of all systems not supported by a determination to have clean government and a parky, the city's affairs are in a better state than they were a year ago. Recently it has shown the result of good management. Perhaps the people of Dayton realize that, having set themselves up as pioneers in the reformation of what has been called the "one-man government" in American cities, they are obliged to stand the thing through at any cost. But from the results achieved it is more probable that they are so well satisfied that they will not part with the plan. They have succeeded so well with it that some forty other cities are studying it, and one which would indicate that in the right hands the plan is a success.

A report of conditions since the plan was adopted shows that in three years the infant mortality rate was decreased from 124 a thousand to 82. The death rate in the United States at large is 72.2. The death rate has been reduced from 157 a thousand to 13; the tax rate from 144 to 124, and the city debt has been reduced to \$75,000. In addition service to the people valued at \$95,000 has been provided out of equal expenditures. Before the flood of 1913 demonstrated to the people of Dayton the glaring defects in their municipal management, the city was in a bad way. The old administration had run up a debt of \$100,000, of which much went for such things as street repaving, and so on. There was a water system designed for a town of 30,000 with which it was trying to supply the needs of a city of 125,000. There was no ash or rubbish collection, and only part of the garbage was collected.

The city has been able to pay a net profit of \$100,000 a year. Loan sharks have been driven out of the city. The number of number 80 have been plowed at municipal expense and turned into gardens. A workhouse with a new system of handling habitual drunkards has been established. And the short ballot and numerous other improvements have been adopted with great success.

TOWN PLAYGROUNDS

The giving of land by private citizens for park or playground purposes is a form of philanthropy that seems to be growing in popularity. A few years ago large tracts of land were sometimes bequeathed to cities for parks, but the average small town seldom had such a gift. Recently it has become more generally understood that play places are needed in the towns and villages as well as in congested centers. Garden City, Kas., was recently the recipient of 100 acres of land, including the fair ground and buildings, from George W. Pinnup, on condition that the city make an annual appropriation sufficient to maintain the place as a public playground. A similar gift has been made to Dayton, O., of two acres of land to be used as a place where "tired men and women may rest and enjoy the outdoors," which would indicate that in the right hands the plan is a success.

Miss Johnson Can Help You Cut the Cost of Living

BY WAY of helping any who may really wish to reduce the cost of living the Fletcher Savings & Trust Company has brought to Indianapolis at its expense Miss Helen Louise Johnson, formerly associate editor of Good Housekeeping. She gave last week and will continue through this week to give talks on the organization of the household and the sane adjustment by the family of outgo to income. Such talks, open without charge to the public, will be given as follows:

Tuesday—11 a. m., at L. S. Ayres & Company; 3 p. m. at Teachers' College.

Wednesday—3:30 p. m., at Caleb Mills Hall; 8:30 p. m., at Butler Club.

Thursday—3 p. m., at Christa-mor Settlement House; 8:30 p. m., at Lauter Memorial.

SCOTTISH RITE WILL CONFER 32ND DEGREE

CITY CLASS TO FINISH WORK WEDNESDAY EVENING.

CONVOCATION DEC. 5, 6 AND 7

Indiana convocation of the Ancient Accepted Scottish Rite will confer the thirty-second degree on a city class of about forty at the temple in South Pennsylvania street Wednesday evening, beginning at 7 o'clock. This class began the work of the Rite October 11 and the degrees beginning with the fourth have been conferred on Wednesday evening.

The convocations next Wednesday evening will be in the charge of William J. McKee, commander-in-chief, who will be assisted by the officers of the convocation and a large number of members, as the thirty-second degree, the highest that can be obtained by petition, is attended with elaborate rites and requires a big cast.

Following the conferring of this degree the four bodies of the valley of Indianapolis will begin preparations for the fifty-first semi-annual convocation and reunion, which will be held December 5, 6 and 7.

It is announced in the programs just sent out to the membership that the last date for receiving petitions for the degrees at this convocation will be November 26 and a special meeting will be held Saturday, December 10, at which the petitions presented and referred to committees at the previous meeting.

The indications are that there will be a large class to receive the degrees and more than a thousand members of the Rite from all parts of the state are expected to attend the reunion, including William Geake, of Ft. Wayne, who is an active member of the supreme council and deputy for the district of Indiana. It is probable that Thomas Marshall, also an "active," will attend, with other prominent members.

Reception Committee. In view of the large crowd expected, John T. Sautter, district master of Adoniram Lodge of Perfection, the governing body of the Rite, has named the following reception committee to look after the comfort and entertainment of the visitors:

Christian P. Schmidt, chairman; Harry D. Weller, vice-chairman; Harry B. Moore, secretary; Riley C. Adams, Harry W. Claffey, Gustave A. Haller, Edward E. Stout, Louis G. Bowen, Henry L. Thornton, George Arthur R. Robinson, Richard D. Hughes, Louis G. Boudinham, William E. Gentry, J. A. Pell, Joseph T. Meard, George H. Pendleton, Mahlon E. Bash, Maurice H. Raschig, George R. Kenyon, William Allen, Forrest M. Timmins, Bert A. Boyd.

Nonresident. Blanchard J. Horne, Anderson; Charles G. Malott, Bedford; Alvin E. Smith, Bloomington; Edward W. Smith, Brazil; John P. Goodwin, Brookville; Frederick C. Neal, Connersville; Walter F. Hilder, Crawfordville; Lester E. Cook, Columbus; Edgar W. Shirley, Danville; Calvin E. Carney, Dumas; Gus Froese, Edinburg; Henry Paul, Evansville; John C. Shanklin, Frankfort; John W. Ragdale, Franklin; James B. Benda, Greensburg; George H. Casper, Greenfield; William C. Pule, Greensburg; Fielding L. Wilson, Jeffersonville; Milton Cook, Kokomo; James W. Bennett, Muncie; John P. Thompson, Newcastles; George A. Newsham, John New Albany; John Jones, Noblesville; George A. Phipps, Pendleton; Henry Daniels, Rockville; Rush G. Budd, Rushville; Howard Campbell, Spencer; F. Fowler, Shelbyville; Millard F. Staton, Thornton; John R. Harkness, Terre Haute; Sidney W. Curtis, Tipson; Forrest Higgins, Winchester.

Social Entertainments. Announcement also has been made of the social entertainments to be given by the Rite during the winter. These parties, devoted to dancing and cards, have become popular and are always largely attended. They are exclusively for the members of the Rite and their ladies and out-of-town visitors, who are members of other Scottish Rite bodies and ladies accompanying them.

The parties will be given on the evenings of November 24, January 12 and March 10. The committee in charge of this year includes Horst H. Sargent, the social activities and the territory.

By Experienced Men. In the gymnasium, in addition to the regular class activities, arrangements have been made to give instruction to members in wrestling, fencing, swimming and boxing, the classes being directed by experienced men.

More than forty courses are offered in the night school, with classes meeting from one to three evenings a week, embracing elementary, trade, technical and special subjects.

The Bible work department has adopted many new and interesting Bible study groups, under the name of the "Bible Investigation Club." These meet each Wednesday evening, and provide an excellent means for members to study the Bible.

The social activities, which have been renewed in the lobby, will be continued every Wednesday and Saturday evening, with programs varied to appeal to all members and of exceptional merit.

The dormitory offers to young men a good home, with good influences. In each room there is hot and cold water, and there are showers on each floor. The rooms are comfortably furnished, and the prices are moderate.

Managers and Captains. The membership campaign will be participated in by five leagues of eight teams each, and with nine men, including the captain, in each team. The managers of the leagues and the captains of the teams are as follows: National League—Manager, Eli Schloess; captains, S. H. Miller, Guy A. Boyle, Frank J. Kalb, Dwight S. Ritter, J. E. Marsh, Loftus Jones, George Kiser and William Ehrhartz. American League—Manager, Harris B. Heymann; captains, C. A. Newport, E. L. Ferris, Richard Habbe, F. M. Muddall, O. E. McMeans, Allen Boessel, Ed Tinch and C. H. Becker. Pacific Coast League—Manager, Delbert Ulrick; captains, B. F. Motley, S. E. Walker, William H. Stewart, Vattler Snyder, Chic Jackson, Frank Pendergast, W. E. Babb and C. A. Messmore. International League—Manager, Charles F. Gregg; captains, W. S. Frye, Cecil Brown, Ray Brown, William Krueber, B. F. Gadd, Fred Mueller, George Dessau-delle and Caylor Carney.

Franchise Club Meeting. The Irving Franchise Club will meet Wednesday afternoon at 3 o'clock with Mrs. C. E. Jordan, Mrs. Grace Jordan and Mrs. Myrtle Parker, age forty-seven, of the same address, was seriously injured, and William McCarty, 801 North East street, was bruised when a street car struck a buggy in which they were riding at Birch avenue and Oliver avenue, last night. A fourth occupant of the buggy, Frank E. Allison, 252 Cornell avenue, escaped injury.

Dr. Richard A. Poole, coroner, made an investigation and exonerated the car. He said that the car was driven on the track in front of the car. The car was in the hands of Charles Newberry, motorman, 327 North Delaware street, and Roland Phelps, conductor, 410 Byram avenue.

Threatened With Arrest. Allison at first denied that he was in the buggy but when he was confronted with him with arrest he admitted that he was in the party.

Allison told the police that Mrs. Parker and her husband, George Parker, an employee at a stove foundry, had been having trouble. Several days ago Grace and Ada Parker, daughters of Mrs. Parker, had left their home, he said. Last night, according to Allison, he was thrown into the remaining car of the street car and he was thrown out of the car. Mrs. Parker and McCarty were taken to the hospital.

McCarty Driving. McCarty was driving when the buggy was struck by the car. The buggy was headed southward in Birch avenue and was driven on to the car tracks at a "jog" before her body could be removed. She was thrown under the wheels of the car. It was necessary to jack up the car before her body could be removed. The other occupants of the buggy were thrown out of the car. Mrs. Parker and McCarty were taken to the hospital.

Third Time Within a Month. (Special to The Indianapolis News) NEWCASTLE, Ind., November 12.—Fire destroyed a barn belonging to E. L. Pickering in Cadiz last night. This is the third time the fire has occurred in the village within the last month. Several dwellings and two large business blocks have been destroyed.

DECORUM SHOULD GUIDE WOMEN IN SELECTION OF CLOTHES, SHE SAYS

"In the selection of clothing women should be guided by decorum—a sense of the 'fitness of things,'" said Miss Helen Louise Johnson, in a lecture on "Clothing" at L. S. Ayres & Co.'s store through the courtesy of the Fletcher Savings and Trust Company.

"The factors determining the choice of clothing," she said, "should be fitness to circumstances, fitness to the occasion, fitness to environment and fitness to the wearer."

"We are now teaching fitness to the wearer," continued Miss Johnson, "because women have not learned how and what to buy. They have not learned to distinguish between value, cost and price. The consumer determines what shall be manufactured and produced carefully among themselves to choose judiciously."

Miss Johnson insisted that women are influenced too greatly in their choice by style. The American woman, though bravely defending her independence in most particulars, is the slave of the style creators, and that is the reason, she said, that so few women are really well dressed.

"The 15 per cent. of the total income for clothing," said Miss Johnson, "that is a good working rate. This percentage must be proportioned carefully among the different members of the family. Whether or not the woman of the household is able to keep the amount spent for clothing within this proportion will depend on the way the purchases are directed among the three classes of clothing: the made-to-order, the ready-to-wear, and the made-at-home."

The speaker also classified clothing purchases under three other heads—the undergarments, the outer garments and accessories. Women, Miss Johnson added, devote too large a part of their money to the clothing accessories.

"The purchase of clothing," she said, "should be determined by five things—need of the purchase, use to which it is to be put, durability, suitability and cost." Miss Johnson also made a plea for the adoption of standardized garments for women's business and street wear. There should be enough types of these standardized garments, she explained, so that each woman could select that best suited to her. These suits could, following the acceptance of the standardization, be worn until no longer serviceable without the need of feeling that she was not well dressed. Style would no longer be the determining factor in deciding what women shall wear on the street and in business pursuits.

Miss Johnson will give the final lecture

ERROR IN OPTOMETRY ITEM

James S. Judy, 5342 East Washington Street, Not the Man Fined.

As a result of an inexcusable error in identification, The News, last Saturday, printed an item which read in part as follows:

"James S. Judy, a jeweler, 5342 East Washington street, was fined \$5 and costs yesterday, in the court of Ernest L. Parr, justice of the peace, in Broad Ripple on a charge of violating the state optometry law."

The error seemed to identify the man who was fined as James I. Judy, who lives at that address. But James I. Judy is not a jeweler. He is vice-president of the Crown Chemical Company, and he had nothing whatever to do with the case. The man who was fined and fined by Justice Parr was John F. Judy, a jeweler, 340 West Michigan street, according to Louis Wien, a private detective in the employ of the state board of optometry, who prosecuted the case.

What Women Must Do to Attain the Highest Glory

(Special to The Indianapolis News)

SOUTH BEND, Ind., November 13.—"The greatest person in all the world is a mother," said Mrs. Juliet V. Strauss, of Rockville, known as "The Country Contributor" in literary circles, in a talk before the Mishawaka Woman's Club, Saturday night. She said that in order for woman to attain her highest glory she must accomplish the hard kitchen test, that of adjusting herself to her sphere, and to make herself and the things she is doing beautiful.

Mrs. Strauss impressed the fact that woman must not lose her place in the home in spite of the good work that she does in the community through her club. She said that the men who oppose woman suffrage were unfair.

PEACE SOCIETY CRITICISES POLICY IN NICARAGUA DISPUTE. The Indianapolis News Bureau, 33 W. 11th Bldg.

COURT OF NATIONS IN DANGER

WASHINGTON, Nov. 12.—The American Peace Society asserts that it is the duty of the United States government to enter into an agreement with one of the protesting Central American nations to put the Nicaraguan treaty controversy before the Central American court of justice at Cartago for consideration and adjustment.

Three Made Protest. The Nicaraguan treaty controversy has grown out of the ratification this year of a new treaty by which Nicaragua, in consideration of the payment of \$3,000,000 by this country, has ceded to the United States the right to build an interoceanic canal across Nicaragua and also the right to establish a naval base on the Nicaraguan shores on the Gulf of Fonseca.

Street Car Men Are Satisfied

They are working under a valid and legal contract to which each one has individually attached his signature and which is binding alike upon the employe and upon the company that employs him. That the public may be fully informed of the relations between the street car company and its employes we present the following facts:

CONTRACT

July 6, 1916, the company tendered a contract to its employes for a period of five years, except as to wages it was an extension of the same agreement we have had for the last two years with the majority of the men, and for the most part corresponds with the award of the public service commission. The most important change was the one necessary to keep a normal service of cars on Sunday. The wages were materially increased. The contract was received with favor and signed by 80 per cent. of all employes engaged in car service.

WAGES

Car service employes are paid by the hour, with a minimum guarantee of \$45.00 per month. According to our latest pay roll figures the average yearly wages for all regular car service employes is at the rate of \$980.00 per year, or \$19.00 a week. We have many motormen and conductors receiving from \$90.00 to \$110.00 per month.

SOCIAL JUSTICE

Disciplined employes have an appeal from the superintendent to the president of the company and from the president to the public service commission. Or, if this is not desired, by a board of discipline recently created, to take effect January 1, 1917, an employe may have his case decided by a committee of which three out of five members are car service employes, chosen by lot from the board of discipline elected by popular vote of the employes. Thus we are gradually attempting to put the employes on an honor basis and a system of self-government.

The company furnishes a doctor for employes and all dependent members of their families, fosters a sick benefit association managed by the employes, in deserving cases loans them money without interest, and in other ways interests itself in their welfare without attempting to meddle in their private affairs.

OUR EX-EMPLOYES

Public advertisements have recently charged that certain former employes have been harassed by the company on account of their union affiliations, have been disciplined without cause in attempts to destroy a union maintained by them, that the company broke off negotiations with them without cause and locked them out, and an appeal is made to the public that these men have been working for starvation wages and have faithfully observed the award of the public service commission. A few facts only are necessary to show the misleading character of these statements.

The employes of this company could not have been oppressed and harassed for labor affiliations because for three years past a board of arbitration consisting of three members of the public service commission has been constantly available to them to correct any such conduct. In the last year only one case has been presented to the arbitrators and it was not affected by this contention. The wages have not been insufficient, as we have shown by our figures. They were established by the public service commission after a hearing lasting six weeks.

The records of this company show that from January 1 to September 30, 590 men who were regularly employed could and did earn an average wage of \$19.25 a week. Under the increased scale these men could earn an average wage of \$20.46 a week.

The following shows what Albert Brown, who signed the advertisement in which it is stated the wages do not provide a respectable living, and four others could and did actually earn by working the full time provided by their runs.

Albert Brown, conductor, 10 hrs. 21 min., rate 27 cents . . .	\$19.55
Mat McCarthy, conductor, 11 hrs. 10 min., rate 27 cents . . .	\$21.12
Ralph Belch, conductor, 10 hrs. 54 min., rate 27 cents . . .	\$20.61
William Mayfield, conductor, 11 hrs. 18 min., rate 27 cents . . .	\$21.37
William Taylor, conductor, 10 hrs. 37 min., rate 27 cents . . .	\$20.07

Under the new contract the rate of pay of these men would be increased to 30 cents, and the amount they could actually earn as follows:

Mat McCarthy	\$23.46	Albert Brown	\$21.73
Ralph Belch	\$22.90	William Mayfield	\$23.75
William Taylor	\$22.30		

This company did not refuse to confer with these men who claim they belong to a union. On the contrary it did confer with them and found them insisting on fixing the rights of the whole body of employes while in fact only representing a few. They refused to give a list of the employes they did represent, but demanded that all employes be required to join their organization or be discharged.

In other words, these gentlemen who appeal now for justice in the interest of 20 per cent. of our car service men, demanded that we abrogate a contract with the other 80 per cent. and force them into their union or discharge them.

In this manner they proposed to gain an ascendancy over more than 600 men whom by peaceful solicitation they could not convince that they should join the union.

This demand the company was legally prevented from granting because it considered itself bound by these contracts with 80 per cent. of its men. It regarded the demand as unjust, illegal and un-American, and as a condition to further negotiations insisted that the demand be withdrawn.

In order to give the fullest opportunity for reconsideration, the company extended to all these men another invitation to sign the five-year contract. It posted a bulletin inviting and urging them to do so.

On November 10, 1916, employes of this company who are now complaining that they are "locked out" failed to report at the barns to take out their cars or LEFT THEIR CARS STANDING IN THE STREETS.

Satisfied employes of the company took their runs and brought in their cars. By their failure to accept the working conditions accepted by 80 per cent. of their fellow-workers, these employes voluntarily removed themselves from the employ of the company and their places are now filled by motormen and conductors who regard the new wage scale as desirable and the working agreement as satisfactory.

These men are not justified in their appeal for fairness based on the claim that they have faithfully performed the award of the arbitration board in their favor. That award fixed conditions for three years and provided that disputes be arbitrated and there should be no strike during that period. Yet in just a year they had to be and were restrained by the United States Court from calling a strike, and after a public trial in that court it was decided that they were about to call a strike in violation of that award. Since that time they have been observing the award only because of the injunction of the Federal Court.

THE PUBLIC DEMANDS THAT THE STREET CARS BE OPERATED

More than 80 per cent. of the car service employes of the company have agreed to operate cars in accordance with a contract which they deem satisfactory. Less than 20 per cent. of the car service employes left the company's service because they could not force a closed shop and dominating control upon the 80 per cent. majority. Has injustice been done any one?

REMEMBER THE INJUNCTION

Remember, please, that these same men who are now accusing the company of having attempted to circumvent the award of the public service commission are the same men who were enjoined by the Federal court from interfering with the operation of the cars under a working agreement that was identical with the award.

They are the men whom the Federal court found were about to CALL A STRIKE and whom the Federal court enjoined from interfering with those men who desired to be loyal to the company and their contract.

The award said: "No suspension of work shall take place by strike or otherwise."

These men obeyed the award because they FEARED the FEDERAL COURT. Other employes obeyed because they had agreed to the terms of the working agreement.

ADDITIONAL ARBITRATION OFFERED!

The employes of the company asserted that the arbitration methods in the working agreement were not wholly satisfactory. This company announced a Board of Discipline to hear the grievance of any employe who was aggrieved at a measure of discipline.

This Board is to consist of twenty men selected wholly by the employes. Any aggrieved employe may select three of them to meet with TWO company representatives and hear his case.

The decision of these FIVE men, THREE of whom are to be selected by the employe, shall bind the company in matters of discipline.

A bit more than fair, isn't it?

LEST WE FORGET!

Those former employes of the company who are now declaring that they were LOCKED OUT were requested and URGED, personally and in general, to REMAIN in the employ of the company on the same terms as more than 80 per cent. of their fellow employes remained with the company.

There was nothing in the working agreement with the company that prevented them from joining and belonging to any organization they desired. Their rights were wholly protected under a legal contract. They might have selected whom they please to represent them in negotiations with this company.

But while they loudly proclaimed that this company was seeking to prevent them from exercising their legal right to belong to a Union, they were insisting that the company deprive ALL of its men of their legal right to negotiate and sell their labor as individuals.

THE COMPANY REFUSED!

When less than 20 per cent. of its employes, who were members of the Amalgamated Association demanded that the company coerce more than 80 per cent. of its car service men into joining the Amalgamated Association, the company REFUSED. It declined to consider further a contract that required it to discharge men who did not desire to join a labor union.

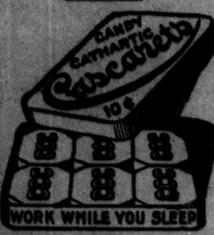

WAGE SCALE INCREASED!

When a committee of employes acting under the provisions of the working agreement asked an increased wage scale to become effective November 8, 1916, the company granted the increase asked and offered the men a bonus equal to the increase to date from July 1, 1916 and run until January 1, 1917 in consideration of the men allowing the new wage scale to date from January 1, 1917 and giving faithful service in the interval.

SUGGESTS TRAFFIC MAPS TO STOP CAR SHORTAGE

READING REPRESENTATIVE TESTIFIES AT LOUISVILLE HEARING.

CORRECT BALANCE DIFFICULT

LOUISVILLE, November 12.—To the various measures advocated by railroad representatives for the prevention of car shortages as now exist in various parts of the country, a suggestion for the issuance of traffic maps by the Interstate Commerce Commission was made today by J. T. Boucher, chief clerk of the car record department of the Philadelphia & Reading railroad.

On Stand Several Hours.
He occupied the stand several hours at the hearings being conducted here by C. C. McChord, of the commission, in connection with an investigation by the Interstate Commerce Commission into the problems surrounding the exchange and return of freight cars by the railroads of the country.

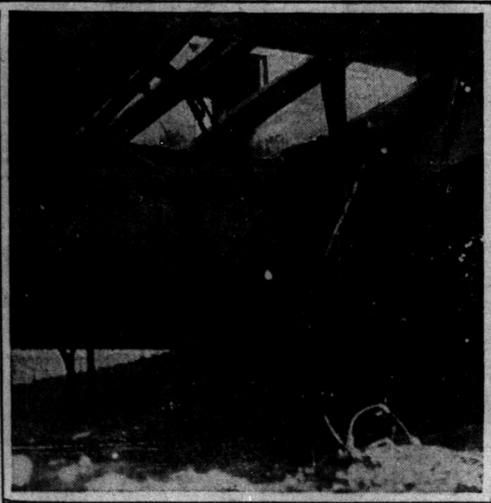

After detailing the various difficulties the Philadelphia & Reading had faced in the present situation and the efforts that had been made to correct conditions, he offered his suggestion.

The question of handling the car supply in such a manner as to maintain the correct car balance on all roads he declared to be a difficult one at any time.

Need to Impress Fact.
"I believe it would be made easier," he said, "if conditions were visualized for the men who have this work in hand. To simply read, or be told there is a shortage of cars in some one section of the country does not make the proper impression."

To Take Police Out of Politics.
(Special to The Indianapolis News)
EVANSVILLE, Ind., November 12.—Sentiment is developing here in favor of taking the police department out of local politics, and there is talk of asking the state legislature to put the force under civil service rules, or having the public safety board named by the Governor as the first move toward removing the force as a means of furthering petty local political ends.

Terre Haute Police Say Several Youths Have Confessed Guilt.
(Special to The Indianapolis News)
TERRE HAUTE, Ind., November 12.—The police believe they have put an end to automobile stealing that has been prevalent here for several weeks by the arrest Saturday night and Sunday of

seven youths, all less than twenty-one years old. Several have confessed their part in the thefts. In the city court today all were bound over to the grand jury.

In one instance a machine was stolen here, taken to Evansville and then the thieves stole a machine there to return to Terre Haute.

GAUSE HEARS GAS SUIT.

Public Service Commission Leaves Defense to Company Affected.
(Special to The Indianapolis News)

RICHMOND, Ind., November 12.—Judge Wood, of the Henry circuit court, presided here today as special judge in the case of the city of Richmond against the Indiana public service commission, a suit to set aside the ruling of the commission increasing natural gas rates in Richmond. Wilfred Jessup, president and attorney of the Richmond Light, Heat and Power Company, was assisted in defending the action by John Beasley, of Terre Haute, representing the United Electric and Gas Company, the New York corporation of which several Indiana electric and gas companies, including the Richmond company, are subsidiaries.

The public service commission had no direct representation, the defense, evidently, being left entirely to the Richmond company. The company petitioned the court to issue an order compelling the city to amend its complaint to make it more specific. The arguments on the motion occupied most of the day. Judge Gause probably will postpone the case because of pressing court business in Henry county, which will require his attention for the next few days.

WISH DIRECTORS CALLED.

Minority Stockholders of N. Y. C. in Ohio Petition Utility Board.

COLUMBUS, O., November 12.—Clarence H. Yenner and James Pollitt, representing minority stockholders of the New York Central railroad, requested the Ohio utility commission today to issue subpoenas for all the directors of the New York Central lines to come here November 17 for the hearing on an application to create a \$12,000,000 equipment trust.

These directors include William K. Vanderbilt, Chauncey M. Depew, William Rockefeller, Alfred H. Smith, Horace E. Andrews and George F. Baker, all of New York. The commission has heretofore declined to subpoena directors living outside the state in similar cases.

\$12,285 DEFICIT REMAINS.

Assessment to Be Made on Subscribers to Centennial Guaranty.

L. C. Huebmann, treasurer of the Indiana pageant committee, has announced that it will be necessary to make an assessment of 35 per cent. on those persons subscribing to the \$50,000 pageant guaranty fund, because of the fact that there is a deficit of \$12,285 after all the expenses of the pageant and centennial have been paid.

The deficit on the pageant was \$7,335 and that of the opera given by the Boston-National grand opera company was \$4,950.

Joseph H. Keller to Speak.

INDIANA NEWS IN BRIEF

MUNCIE.—Alcoholism and exposure are given by Governor J. Frank Dunning as the causes of the death of George Giordani, a Roumanian, whose body was found Saturday in a weed patch.

RICHMOND.—Mr. and Mrs. J. J. Sommerville left Sunday for New York to attend the funeral of Mr. Sommerville, who became an assistant secretary of the Y. M. C. A. at Evansville, Ind.

LAWRENCEBURG.—Mildred E. Millburn, age thirty-three, a tobacco grower, accidentally shot himself Saturday when he was hunting. The lead struck his left hand and wrist and it is probable the hand will have to be amputated.

VINCENNES.—Desmet O'Brien, of Indiana, was arrested here Sunday night charged with robbing an orphan's contributions box in St. Mary's Catholic church in Daviess county.

O'Brien had \$12 in small change when arrested. He told the police the church people had taken up a collection for him. John Cunningham, a trustee of the church, identified O'Brien, and he was sent to the Daviess county jail at Washington.

COLUMBUS.—Mrs. Armanda J. Morgan, age thirty-five, is in a critical condition after attempting to commit suicide by taking poison. Lee Morgan, her husband, a molder, said his wife tried to kill herself because Hughes was arrested for President. Morgan is a Democrat.

The school board here has named the new model home of the domestic science classes the Graham school. The new school was the home of David Graham when he was superintendent of schools here from 1885 to 1888.

SHELBYVILLE.—Sheriff Henry S. Terry and James Whelan, his deputy, conducted an investigation which resulted in the discovery of an alleged "blind tiger" in a store at Rogers town, owned by James Rogers. Several quarts of whisky were confiscated by the officers and Rogers was arrested on a charge of intoxication and was fined. The Shelby county grand jury will investigate.—Judge Alvaro Blair has

The Baby Grand of Distinctive Tone Quality

The Weber piano has won its high place in public favor through its beauty, its magnificence of tone. And in this exquisite small grand, the finest traditions of this famous piano are faithfully maintained.

A Letter From I. J. Paderewski

To the Aeolian Company, New York: Gentlemen— For the first time I did not feel tired of piano playing after the long concert tour of the season. I gave during the season 93 performances, playing the Weber and my fingers were not sore, my arms were not aching, my nerves and muscles were strong and fresh as on the day of my arrival. This is entirely due to the supreme quality of your instrument.

PIKE VILLAGE IS WINNER

MANY FORMER COLLEGE STARS TAKE PART IN CONTEST AT LAFAYETTE.

(Special to The Indianapolis News) LAFAYETTE, Ind., November 12.—Pike Village added another game to its long string of victories yesterday, defeating the Wabash A. A. eleven, of Wabash, Ind., before a crowd of 5,000 spectators at League park, in this city. The score was 7 to 0, the Villagers making their lone touchdown in the first period, when Ray Fenters broke through the line on a cross-buck and ran ten yards for the score. The two teams battled on nearly even terms most of the time. There were many former college stars on both teams. Micky, formerly a famous halfback at Harvard, played with Pike Village, and made some long runs. Pike Village also had Davis, formerly of Indiana; Sheridan, formerly of Purdue, and Kesse, former Notre Dame star. The Fenters brothers, Ray and Bill, played a star game, as did King. Scott's punting was another feature.

PURDUE GETS READY FOR TWO REMAINING CONTESTS

(Special to The Indianapolis News) LAFAYETTE, Ind., November 12.—Purdue got down to hard work today to prepare for the two remaining games of the season, that with Northwestern at Evanston next Saturday, and that with Indiana on Stuart field a week later. Coach O'Donnell is not at all confident of winning either contest. Northwestern's victory over Iowa without the speedy Captain Driscoll in the lineup makes it look bad for Purdue, as the Hawkeyes trimmed Purdue at Iowa City by a decisive score. Nevertheless, the Boiler Makers will journey to Evanston determined to do their best. Captain Harkins will be missing from the lineup and Faucett also. Hume, in all probability, will get a trial at quarterback, as he is inexperienced. He has been playing the position in practice for the last few days.

HABICH TEAM READY.

Indianapolis basketball enthusiasts can sit back and feel satisfied that they are to be well represented in the Independent field this year with the Gus Habich team waiting eagerly for their season to open next Friday night at Wingate, Ind. Possibly never before in this city, or possibly in this state, has there ever been organized together such a collection of youthful stars and enthusiasts. It contains men who have made their marks in college, high school and independent basketball. No doubt there are several men on the team who, if they were playing college basketball, would establish sensational records and there can be no denying the fact that the Habich team is one of the speediest quintets in Indiana or its neighboring states.

FRANKLIN REJOICES OVER GOOD SHOWING OF TEAM

(Special to The Indianapolis News) FRANKLIN, Ind., November 12.—All Franklin is rejoicing over the Baptist victory at the expense of Butler. The Franklin squad demonstrated in running up a 39-to-14 count that the full strength of the team has not been present until the last two games. The score made against Hanover the week previous on the Hanover field was the largest in the history of the team, being scored against the down-state eleven by an Indiana team, and Saturday's contest also points to Franklin as being in form to give any of the secondary schools a real game.

INDIANA DEATHS

MILTON, Ind., November 12.—Cornelius J. Connell, a farmer, living about two miles southwest of here, fell dead of heart disease about noon Saturday. He was fifty-eight years old and is survived by the widow, two daughters and one son. R. J. Connell, all of the family, the funeral services were held at St. Elizabeth's Catholic church at Cambridge City today. Burial was at the Riverside cemetery at that place.

WINCHESTER, Ind., November 12.—Mrs. Amy R. Hutchens, age seventy-one, is dead of her home, southwest of here. One daughter and two sons survive.

COVINGTON, Ind., November 12.—Joseph L. Leary, age fifty-one, was found dead by his wife in a field near his home Sunday morning. Mr. Leary left his home Saturday night, accompanied by his dog, for a con hunt. The dog returned home, and when morning came and Mr. Leary had failed to return his wife became alarmed and started a search. She followed the dog to a nearby field, where the body of the husband was found. The coroner returned verdict that death was due to heart disease. In addition to the widow, one daughter, Mrs. Herman Allen, of Blaincroft, Ill., survives.

ANDERSON, Ind., November 12.—William O. Canaday, age seventy-one, a farmer, is dead of paralysis at his family home near Frankfort. He was a native of Madison county and for several years practiced medicine after having been graduated from a medical college at Cincinnati. The widow and four children survive. John Canaday and Harrison Canaday, both of Anderson, are brothers.

RICHMOND, Ind., November 12.—Oliver Yates, age eighty-three, is dead at his home here. He was a native of New York and had lived in Richmond nearly sixty years. Two children survive. J. W. Shaw, age sixty-seven, formerly a business man of Richmond, died yesterday in Chicago. The body will be brought here for burial in Earlham cemetery. William W. Waitz, age seventy-two, a farmer of Jefferson township, is dead at his home near Richmond.

EVANSVILLE, Ind., November 12.—The funeral of George A. Cunningham, a prominent attorney here, who died last Friday, was held this morning at 10 o'clock at the family home. The services were in charge of the Rev. John Kennedy, pastor of the Walnut street Presbyterian church. Burial was at Oak Hill cemetery. The active pallbearers were Daniel Ormover, Walter Schmitt, A. C. Binn, Marcus Sonntag, Charles Cook and S. W. Cook. The honorary pallbearers were Francis J. Reitz, Moses Ross, Dr. L. V. Brown, Albert Baker, of Indianapolis; Philip W. Frey, Charles B. Enlow, Judge Alexander Gilchrist, Lucian C. Embree, of Princeton; Henry Reis, Graham Dunby and Dr. C. P. Bacon. Mr. Cunningham was prominent in Republican politics. Mrs. Cunningham, age eighty-four, a lifelong resident of Scott township, Vanderburg county, is dead after a short sickness. She was the widow of Thomas Connor, one of the pioneer farmers of Scott township.

Mrs. Burrell Kern of Chicago, Writes Down Her Experiences. LEAVES NO ROOM FOR DOUBT To any one who continually suffers from nervous headaches, due to stomach derangement and chronic constipation, the thought of getting permanent relief is their fondest dream. It is only natural, therefore, that they make every effort to aid themselves and try every medical discovery that promises help.

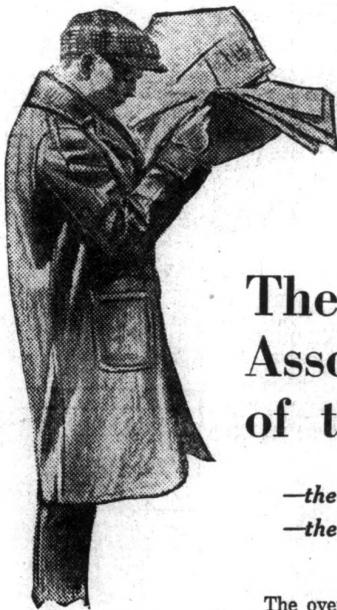

Mrs. Burrell Kern of 2920 Grand Blvd., Chicago, Ill., had suffered in just this way for years, trying in vain every remedy that she thought might bring about her recovery. She suffered as only a woman can suffer from such a condition. Those who have these headaches such as she had know what she must have gone through with and how thankful she must be now to find that she is totally cured of her trouble.

On October 10, 1916, she personally set down the following facts of her case, telling everything plainly in her own words. "I want to thank you for the good your Arlo has done for me. For the past year I have been troubled with constipation and nervous headaches. "I have tried many remedies, which seemed to have little or no effect. I heard of Arlo. I tried a bottle of it, and, to my surprise, it helped when a physician's prescription had failed. I am taking Arlo regularly now and know of nothing I could use in its place if I were deprived of it, and I can scarcely find words adequate to convey to you my gratitude for Arlo's benefits." Wabash Elated Over Good Showing of Little Giants

(Special to The Indianapolis News) CRAWFORDSVILLE, Ind., November 12.—Coach Sheeks, of the Wabash football team has completely redeemed himself. Little Giant supporters, entirely satisfied with the splendid showing of the team at Indianapolis Saturday, when DePauw was defeated, 20 to 13, in one of the best staged contests in Indiana this year, regard the 1916 season as a success. Wabash, by defeating in succession Rose Poly, Hanover, Butler, Earlham and DePauw, has retained her right to the Indiana college conference title. Defeats suffered from Purdue and Notre Dame are not regarded as such serious affairs, now that DePauw has fallen before the prowess of the fighting Scarlet eleven.

INDIANA DEATHS

MILTON, Ind., November 12.—Cornelius J. Connell, a farmer, living about two miles southwest of here, fell dead of heart disease about noon Saturday. He was fifty-eight years old and is survived by the widow, two daughters and one son. R. J. Connell, all of the family, the funeral services were held at St. Elizabeth's Catholic church at Cambridge City today. Burial was at the Riverside cemetery at that place.

WINCHESTER, Ind., November 12.—Mrs. Amy R. Hutchens, age seventy-one, is dead of her home, southwest of here. One daughter and two sons survive.

COVINGTON, Ind., November 12.—Joseph L. Leary, age fifty-one, was found dead by his wife in a field near his home Sunday morning. Mr. Leary left his home Saturday night, accompanied by his dog, for a con hunt. The dog returned home, and when morning came and Mr. Leary had failed to return his wife became alarmed and started a search. She followed the dog to a nearby field, where the body of the husband was found. The coroner returned verdict that death was due to heart disease. In addition to the widow, one daughter, Mrs. Herman Allen, of Blaincroft, Ill., survives.

ANDERSON, Ind., November 12.—William O. Canaday, age seventy-one, a farmer, is dead of paralysis at his family home near Frankfort. He was a native of Madison county and for several years practiced medicine after having been graduated from a medical college at Cincinnati. The widow and four children survive. John Canaday and Harrison Canaday, both of Anderson, are brothers.

RICHMOND, Ind., November 12.—Oliver Yates, age eighty-three, is dead at his home here. He was a native of New York and had lived in Richmond nearly sixty years. Two children survive. J. W. Shaw, age sixty-seven, formerly a business man of Richmond, died yesterday in Chicago. The body will be brought here for burial in Earlham cemetery. William W. Waitz, age seventy-two, a farmer of Jefferson township, is dead at his home near Richmond.

EVANSVILLE, Ind., November 12.—The funeral of George A. Cunningham, a prominent attorney here, who died last Friday, was held this morning at 10 o'clock at the family home. The services were in charge of the Rev. John Kennedy, pastor of the Walnut street Presbyterian church. Burial was at Oak Hill cemetery. The active pallbearers were Daniel Ormover, Walter Schmitt, A. C. Binn, Marcus Sonntag, Charles Cook and S. W. Cook. The honorary pallbearers were Francis J. Reitz, Moses Ross, Dr. L. V. Brown, Albert Baker, of Indianapolis; Philip W. Frey, Charles B. Enlow, Judge Alexander Gilchrist, Lucian C. Embree, of Princeton; Henry Reis, Graham Dunby and Dr. C. P. Bacon. Mr. Cunningham was prominent in Republican politics. Mrs. Cunningham, age eighty-four, a lifelong resident of Scott township, Vanderburg county, is dead after a short sickness. She was the widow of Thomas Connor, one of the pioneer farmers of Scott township.

Mrs. Burrell Kern of Chicago, Writes Down Her Experiences. LEAVES NO ROOM FOR DOUBT To any one who continually suffers from nervous headaches, due to stomach derangement and chronic constipation, the thought of getting permanent relief is their fondest dream. It is only natural, therefore, that they make every effort to aid themselves and try every medical discovery that promises help.

Mrs. Burrell Kern of 2920 Grand Blvd., Chicago, Ill., had suffered in just this way for years, trying in vain every remedy that she thought might bring about her recovery. She suffered as only a woman can suffer from such a condition. Those who have these headaches such as she had know what she must have gone through with and how thankful she must be now to find that she is totally cured of her trouble.

On October 10, 1916, she personally set down the following facts of her case, telling everything plainly in her own words. "I want to thank you for the good your Arlo has done for me. For the past year I have been troubled with constipation and nervous headaches. "I have tried many remedies, which seemed to have little or no effect. I heard of Arlo. I tried a bottle of it, and, to my surprise, it helped when a physician's prescription had failed. I am taking Arlo regularly now and know of nothing I could use in its place if I were deprived of it, and I can scarcely find words adequate to convey to you my gratitude for Arlo's benefits." Meanwhile Prince Hatzfeldt told Graves' story to Count von Bernstorff. The latter notified the state department and asked that Graves be arrested.

Had Letters With Him. In giving the details of the case, department officials say that on entering the office of Prince Hatzfeldt he made it known that he had in his possession the papers which brought about his arrest.

Price Made Money Ready. It is said that Prince Hatzfeldt showed Graves the \$5,000 which it was said had been demanded, and that the latter said he would go to his hotel and get some documents he did not have with him.

Graves Sentenced to Eight Months in Prison for Spying. NEW YORK, November 12.—Dr. Armgaard Karl Graves, as he was then known, first came to public notice in this country when he was convicted in July, 1912, by the Scottish high court of justice at Edinburgh, Scotland, of spying and sentenced to serve eight months in prison.

Graves' Explanation. In reply to questions, Graves made the following statement to newspaper men: "I have nothing so important to say. I may never make a complete statement. I am an American in every sense of the word. I have American ideas. I have declared my intention of becoming a citizen of this country and have taken out my first papers."

There was nothing really official, so far as I know, about the papers. The man had. There were three letters from the same person. Each wound up with the words, 'I am an American.' I was in the form of a diary, apparently written in the form of a record, and I was to obtain certain evidence for dispatching the contents to the United States. I was to obtain certain evidence in them which the British might not have passed.

Paid \$2,400 for Them. "It seems that the letters were entrusted to some one aboard the Oscar II, who, after receiving them, saw an opportunity to use them. Graves admitted that he wanted to make money out of the letters. He said he paid \$2,400 for them and wanted to make \$50,000 out of them."

Officials of the department of justice are confident that they will obtain certain evidence and material witness.

INDIANAPOLIS TRACTION AND TERMINAL COMPANY.

STORES TO CO-OPERATE IN PUBLIC SCHOOL WORK

MAKE AGREEMENT AFFECTING INSTRUCTION IN SALESMANSHIP.

BUILDING TRADES MAY JOIN

An agreement reached among four of the largest department stores in Indianapolis and the board of school commissioners provides for arrangements to be perfected soon for training high school students studying salesmanship, and for further instruction of salesmen and saleswomen in their work.

L. S. Ayres & Co., the Wasson Dry Goods Company, the New York store and the W. H. Block Company each has signed two agreements; one providing for the instruction of clerks employed by these firms, and the other for co-operation between the stores and the schools in employing students who have taken salesmanship courses in the public schools.

It is understood that other stores in Indianapolis propose signing similar agreements, and that several of the building trades also will co-operate with the schools. The agreements signed by the four department stores will be signed by the board of school commissioners tomorrow night.

These stores agree that after a student in salesmanship has completed a two-year course in the public schools, a position will be provided immediately with a minimum wage scale of \$8 a week. While the student is in the course, actual experience in salesmanship will be provided in the stores for at least one and possibly two days each week at a minimum wage scale of \$1 a day.

Agreements Results of Survey.

The agreements are the result of the vocational and educational survey being made in Indianapolis under the supervision of Charles H. Winslow.

"This is the greatest step taken in the survey work, and is only one of many benefits to be derived in Indianapolis and Indiana as the result of this survey," Mr. Winslow said. Other stores and labor organizations will be quick to realize the benefit of such arrangements, and soon will be co-operating with the public schools in training the future holders of vocations.

A course in theory and practice in salesmanship, with part time actual experience in stores, is to be offered in the high schools of the city. The course will include instruction in business English and correspondence, business arithmetic, personal hygiene, civics, color, harmony and design as applied to merchandising. Industrial geography, and the principles and practice of salesmanship.

The course for persons in the employ of these stores will include practically the same studies, adding textiles, clothing and color, and harmony and design as applied to merchandising. This course will be for a period of eight weeks to sixteen weeks and classes will be held from one and a half to two hours.

Instructions for Clerks.

Instruction for clerks will be given in the stores, and each class will be in the charge of a teacher employed in the Indianapolis schools. Fifty-four boys and girls in the high schools of Indianapolis are already in the business English and correspondence classes, with the assurance that as soon as graduated they will receive employment in one of the larger department stores.

An agreement has been signed by the carpenters of the building trades for a special course of study for apprentices. This can always be depended upon to bring back the natural color and luster of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it drenches so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous. This ready-to-use preparation is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.—Advertisement.

INDIANAPOLIS MINISTER WILL GO TO WASHINGTON

WASHINGTON, November 13.—A final decree that the Corn Products Refining Company and allied concerns, together with several individual defendants, had engaged in a combination in restraint of trade in violation of the Sherman law, was filed in the federal court here by Judge Hand today in the government dissolution suit.

The decree provided that within 120 days a plan for the dissolution of the combination be submitted to the court and the federal trade commission.

The decree takes into account possible appeal by the defendants to the circuit court and provides in that case and if the lower court is sustained the plan must be filed within 90 days after the supreme court mandate.

The document also stated that in case of failure of the defendants to comply with the terms of the decree, the court will order the dissolution of the combination. Argument on a proposed plan has recently been heard.

REPUBLICANS TO CELEBRATE

Will Have Luncheon at Severin and Then Go to Rushville.

Republican state officers-elect, members of the Republican state committee, the state executive committee, and the state advisory committee, together with all of the heads of departments at the Republican state headquarters in Indianapolis, will gather at the Hotel Severin, tomorrow noon, and hold a celebration over the election of three Republicans from the Sixth district, the Hon. James E. Watson, of Rushville, for United States senator; Daniel W. Comstock, of Connersville, for congressman; and David A. Myers, of Greensburg, for judge of the supreme court.

Jordan to Represent Indianapolis.

Arthur Jordan has been chosen by the Indianapolis Chamber of Commerce as its representative at a meeting of the national council of the Chamber of Commerce of the United States, which will be held in Washington next Friday and Saturday.

The national organization will take up proposals for legislation to regulate railway traffic and management to serve better the business interests of the nation. A proposed plan to avoid strikes by employees of public utilities will be discussed.

Calls on Great Britain to Come to Relief of French

LONDON, November 13.—The Express features an article in today's issue by a French military writer, Captain Philippe Millet, calling on Great Britain to take over more of the western front and relieve the French. Captain Millet says it is necessary to speak plainly, that the alliance of Great Britain and France is based on a mere exchange of commitments and that all Frenchmen are wondering whether the English realize what is happening in France. He says the French recognize gratefully what Great Britain already has done but feel that the time has come for the British army to relieve the French more efficiently.

The writer cites utterances of French deputies to support his claim and remarks that the British are holding only 150 kilometers of the front, compared to the French 580 kilometers. He adds:

"There is not one village in France where the people do not expect our friends to enable us, after twenty-seven months' hard struggle, to have some rest during the third winter and prepare for an advance next year without having to exhaust ourselves. This is what our people feel. They have put their trust in Great Britain and they all expect the relief of a good bit of the French line to be made soon."

Many Beautiful New Waists are Offered at Five Dollars

Notable among these new blouses are those of Georgette crepe and of lace in combination with crepe de chine. It seems remarkable what dainty garments are now produced at this very reasonable price.

One pleasing model of Georgette crepe comes in such practical autumn shades as brown or green trimmed with taffeta. It has very little ornamentation aside from the large collar.

A good looking waist is of white lace over chiffon; collar and sleeves have a touch of flesh-tinted Georgette.

The waists of crepe de chine are usually white, mauve, Nile green, or flesh tints or of white crepe de chine striped in blue, gold or rose.

These garments are all fresh and new.

—Third floor.

An Evening Gown of 1836

A novel and striking costume is shown in one of our Washington street windows—a gown worn by a New Orleans belle in 1836.

It is made of French Tarlatan and grosgrain silk, of a pale gray color, and carries a train of unusual length. The dress is hand made, and is trimmed with fringe, and tiny bunches of artificial flowers.

The dress is matched by a hat of unusual smallness and grasped in the figure's hand is a fan that was carried by the owner of the dress.

The voluminous, beruffled and bustled skirt is in striking contrast to the fashions now prevailing.

For Warmth Short Knit Petticoats

Very pleasing indeed are the short all-wool petticoats which come in white, pink, blue and black—plain or with borders, price \$2.25.

Short cotton knit petticoats come in gray or black—some of them very prettily bordered, 50c and \$1.00.

Striped gingham petticoats are 50c.

Black satteen bloomers with yoke, in all sizes from 14 to 20 years, \$1.10. —Third floor.

Velvets

Including Velours, Plush, Corduroy and Black Coatings

Customers tell us our velvet stocks are superior to any other hereabout. Certainly the variety justifies this assumption.

BLACK VELOUR COATINGS, 36 inches wide, are \$5.00.

BLACK VELOURS, 54 inches wide, a coating of heavy straight pile, one of the best made, \$9.50 a yard.

SEAL PLUSH, standard goods, 52 inches wide, \$6.00 to \$10.00 a yard.

These rich coatings have a deep pile which remains beautiful under the hardest service.

FRENCH DRESS PLUSH, 42 inches wide, comes in black as well as the prevailing dark, rich street colors, \$6.75 a yard.

DRESS VELVETS, chiffon finish, are available in both street and evening colors in a 43-inch width at \$5.00.

VELVETS FROM LIBERTY OF LONDON, our own importation, in 40-inch width are \$7.50.

TRIMMING VELVETS, which include both paon and chiffon weaves, are at your disposal in practically every street and evening shade. These are 18 and 19 inches wide—priced at \$1.50 and \$2.00.

COSTUME VELVETS, used mostly for street dresses and which come in such colors as Burgundy, navy blue and African brown, are \$2.00 for 36-inch width.

CORDUROYS, a yard wide, come in similar qualities at similar prices. —Second floor.

Filet Lace

Lends Rare Beauty to Many of the Newer Table Linens

No other fancy table linens lend quite so much elegance to the dining table as those with decorations of real filet.

The Ayres showing of these fancy linens is appealing, both in beauty and variety. Every size is available from a 6-inch doily to a 90-inch round tablecloth—at every price from \$1.35 to \$225.00.

Remarkably pretty centerpieces with filet lace decoration are offered at \$8.50, \$15.00, \$22.00 and upward.

Luncheon cloths and colored table covers, similarly decorated, are \$11.00, \$23.00 and upward to \$55.00.

Luncheon sets of rare elegance are priced at \$50.00 \$65.00 and up to \$125.00. These sets consist of twelve 6-inch doilies, twelve 12-inch doilies and a centerpiece 24 inches in diameter—25 pieces in all.

Should you desire to assemble your own set, we have these linens in practically all sizes and with various square, oblong and triangular motifs.

Filet decorated pieces for chair backs may be had for as little as \$2.25 and \$3.50.

Boudoir and baby pillowcases also come with filet lace decoration as well as the more familiar pieces with trimmings of Bohemian and Madeira embroidery.

It is a pleasure to show as well as to sell such handsome linens. —Second floor.

TWO FOOTBALL PLAYERS AND TWO OTHERS HURT

BRAZIL HIGH SCHOOL PUPILS THROWN OUT OF AUTO.

POLE CUT OFF BY THE CAR

(Special to The Indianapolis News)

BRAZIL, Ind., November 12.—Ted Zeller, quarterback; Theodore Andrews, center on the Brazil high school football team; Jack Lenhart and Edward Adams, high school pupils, were injured Saturday in an automobile accident here. The boys were taking part in a parade of several automobiles, advertising a football game here. They attempted to draw out of the parade and go to the front, when an automobile driven from an intersecting street, threatened to crash into them. Ted Zeller, to avoid a crash, drove his machine into a electric light pole, breaking it off at the base. The pole was broken into several pieces. The machine then ran onto a terrace and the occupants were thrown in several directions. Jack Lenhart was the most severely injured, having suffered cuts and a dislocated shoulder. Zeller was slightly injured. Andrews suffered a concussion of the brain and Adams was injured about the head and cut on one ear.

AUTOIST HURT FATALLY.

Three Companions of Paris (Ill.) Man Injured Seriously in Collision.

(Special to The Indianapolis News)

PARIS, Ill., November 12.—W. A. Link, a grocer here, was fatally hurt and three companions were injured Saturday in an automobile collision last night in an automobile road, a mile east of here. Dr. Frank Link suffered fracture of an arm and a collar bone and probably was injured internally. Miss Amy Bell suffered a fractured skull, but will recover, and Chester Darydymple, of Christian, suffered a broken leg and bruises. Glaring headlights at a sharp curve in the road caused the accident. Both machines were running thirty miles an hour. Link died at a hospital here an hour after he was removed from the wreck. He had been married only two weeks.

Two Hurt When Machine Turns Over.

(Special to The Indianapolis News)

ELWOOD, Ind., November 12.—A. C. Pattison was injured severely Saturday he may die and his son, Ray, was hurt severely, when Mr. Pattison's automobile turned over at his home in Elwood, in the road. His daughter also was in the car, but she escaped unhurt.

Other Accidents in Indiana.

TIPTON—Mr. and Mrs. John T. Funke and their daughter Bertha all were injured in an automobile collision Saturday morning. The other car hurried away and his identity was not known.

NASHVILLE—A pencil he was holding in his mouth was pushed down the throat of Kenneth McDonald, son of Clyde McDonald, when a small wagon in which the boy was coasting struck a pole. The boy was hurt very painfully.

SOUTH BEND—Blanche Tuzynski, age four, was instantly killed and her father, Frank Tuzynski, of the city and her mother and her older brother and sister were injured seriously when the auto was struck Sunday night by a Lake Shore train near Rolling Prairie.

MUNCIE—John Mulliner, age thirteen, was run down by a motorcyclist Saturday night, and was hurt severely, but will recover. Mrs. W. A. Harrod, a local business man, struck and killed William Skidmore, of Cincinnati, Saturday, when driving her machine, accompanied by several friends, through the village of Adyson, near Cincinnati. Mrs. Harley had been visiting friends in Lawrenceburg, Ind.

Little Stories of Daily Life

His Reason.

A jury was being procured in the Bartholomew circuit court to listen to the evidence in the case of Clarence Grove against Joseph Horn. The men were driving horses near the city and were in collision, with the result that a shaft penetrated the breast of the Grove horse, and it was killed. Grove filed suit for \$500 damages. Albert W. Phillips, one of the attorneys in the case, was examining the men in the jury box.

"Is there any reason why you could not give the defendant a fair trial?" he asked one of the men.

"Yes, there is," the man answered.

"What is your reason?" the attorney questioned.

"Because I am opposed to capital punishment," came the quick reply.

Out of the Mouths of Babies.

John Edward and his mother had been invited out to dinner. The hostess was fortunate in having a great many things that little folk like—chicken, pie and so on. The meal was progressing merrily. Conversation had lagged for a minute, and John Edward expressed his satisfaction thus:

"Well, mother, we're fortunate in one thing. All the folks we know are good cooks."

Woman Roused From Stupor Asks About Election Result

(Special to The Indianapolis News)

MONTICELLO, Ind., November 13.—Rousing from semi-consciousness caused by sickness, Mrs. Ellen McConnell, age seventy, asked her granddaughter who was elected President. When told of the result she expressed gratification and relapsed into unconsciousness. She died several hours later.

Undertakers called to care for the body of Reuben Eddy, of Reynolds, found that the news of his death had been "greatly exaggerated" by neighbors, who, finding him in a faint, had imagined him dead. Eddy was suffering from a slight paralytic stroke.
