

PRESS SEES DANGERS IN D'ANNUNZIO MOVES

FEARS NATION MAY BE INVOLVED IN COMPLICATIONS. CALLS HALT ON CAMPAIGN

ROME, November 24.—The whole nation deplores the "irresponsible attitude" of Gabriele D'Annunzio, which "threatens to involve Italy in serious international complications," the Messaggero declared yesterday.

Nation "Fired of Adventures." The D'Annunzio phenomenon amounts to a veritable pronouncement to the nation, in the opinion of Corriere della Sera.

Holds Expedition Superfluous. D'Annunzio's Zara expedition was "superfluous," in the opinion of the Tribune. The city was garrisoned with Italian troops and had been assigned to Italy by the pact of London.

Possibility of Crisis. Rumors of the wildest character regarding the possibility of a serious crisis involving not only the cabinet, but also the reigning house of Italy are in circulation as the opening of parliament, set for December 1, approaches.

Plan to Attend Opening. Formerly the Socialists never attended the opening of parliament, absenting themselves so that they might avoid being present when the king delivered his speech from the throne and to escape taking the prescribed oath in the king's presence.

Reception for New Pastor. The Rev. F. E. Davidson, formerly pastor of the Christian church at Sheridan, and who was recently called to the pastorate of the English wood Christian church, 35 Rural street, preached his first sermon at that church Sunday morning. The congregation will hold a reception for him December 2. The Rev. E. B. Moorman, who was pastor of the local church, recently became pastor of the First Christian church at Frankfort.

Chamber of Commerce Dinner. The Chamber of Commerce will give its annual Thanksgiving dinner Wednesday, November 25. It will be served from 12 to 3 p. m. The price is announced as 75 cents a plate. The menu includes mock turtle soup, celery, olives, roast turkey, oyster dressing, cranberry sauce, gaudied yams or mashed potatoes, new string beans, lettuce salad, hot mince pie, pumpkin pie or ice cream, cake and coffee.

HORSE FALLS ON YOUTH, CRUSHING HIM TO DEATH

ARTHUR MILEY DIES BEFORE HELP COULD COME. TRAGEDY NEAR PETERSBURG

(Special to The Indianapolis News) PETERSBURG, Ind., November 24.—Arthur Miley, age nineteen, son of William Miley, living near Rumbles-town, this county, was crushed to death beneath a horse he was riding Sunday on his way home from Petersburg. The horse stumbled and fell, breaking its neck. In the fall the youth was caught beneath the horse.

Suppose Through some miraculous way your eyes were allowed to converse with you for half an hour. You probably would be amazed at their story of the abuse and mistreatment which they have been forced to submit to.

They undoubtedly would take you to task for your failure to care for them properly when in dire need. They would, without question, bring to your realization that it is only through their constant efforts you are able to hold the position in life you do.

Then, give your eyes the consideration due them. When they ask for aid, see that they receive the necessary attention from proper authority. This mark displayed in the Optometrist's office is your safeguard. It assures you of honest, conscientious, scientific service.

NAME IS CHANGED TO THE COMMUNITY CHORUS

INDIANAPOLIS SINGERS TO GIVE THANKSGIVING SERVICE. "MESSIAH" FOR CHRISTMAS

After ten years of continuous work under the name of the People's Chorus, the Indianapolis municipal oratorio chorus has changed its name to the Indianapolis Community Chorus. During its ten years, under the leadership of Edward Bailey Birge, director of music in the Indianapolis public schools, the chorus has produced about fifteen oratorios. It began with one oratorio a year, its first offering being Mendelssohn's "Hymn of Praise," which it will sing next Thursday night as a part of a great union Thanksgiving service at Tomlinson hall.

After a few years it began the practice of singing the "Messiah" at Christmas time and has produced this great oratorio every year. This year it has added a Thanksgiving service to its program, and will produce three oratorios. During its early history the chorus was self-supporting and charged admission to its concerts. At the present time, however, it is supported by the park board and the school board, and its concerts are free.

Arrangements have been completed for the Thanksgiving service, which will include congregational singing and addresses by Indianapolis ministers. The program will be as follows: "Hymn—'Old Hundred'" reading of the Governor's Thanksgiving proclamation by the Rev. Frank A. C. Wick, St. Louis Lutheran church, reading of scriptures by the Rev. Joseph M. Weaver, Christ Protestant Episcopal church, prayer by the Rev. Allan H. Pittman, Central Christian church, address by the Rev. Francis M. Deane, St. John's Catholic church, hymn—"Oh, Beautiful for spacious skies!" remarks introductory to the oratorio by the Rev. Edward H. Kauter, Fourth Presbyterian church, and "The Hymn of Praise," by Felix Bartholdy Mendelssohn, Indianapolis Community Chorus.

APPARATUS IN THE MUD. Firemen Spend About Three Hours "Digging Out" House Burns.

A horse-drawn hose wagon from engine house No. 21, Roosevelt avenue and Olney street, and a motor hook-and-ladder truck from engine house No. 22, Ashland avenue and Twenty-fourth street, mired in the mud in Dearborn street, between Twenty-ninth and Thirtieth streets, last night, and members of the two companies worked for more than three hours before they were able to get the apparatus out.

The hose wagon was being driven north in Dearborn street on the way to a fire at the home of James Woodsee, 3200 about Thirty-second street, and ran into some soft mud over a recently covered sewer, miring the wagon to the wheels and burying the horses to their hips.

Members of the company telephoned to engine house No. 21 for assistance and hook-and-ladder truck No. 15 was sent. The truck, however, mired in the same mud about 100 feet from the hose wagon and was forced to stop. Armed with picks, shovels, ropes and a block and tackle, members of the two companies began digging out the apparatus. They said the sewer recently had been covered, that the earth had caved in in several places, but that no red lights were hung along the street to warn drivers of the danger.

The Woodsee home, which was several blocks from the nearest fire plug, burned to the ground. Firemen said the flames apparently originated from an overheated stove. The loss was estimated at \$700.

WOMEN MAKE PLANS. Political Activity in Wayne County Follows Richmond Meeting.

(Special to The Indianapolis News) RICHMOND, Ind., November 24.—The first meeting of Republican women voters of Wayne county, which was held here Saturday afternoon and which was addressed by Governor Goodrich and other political leaders, is to be followed by immediate organization work in each of the sixty-five precincts in the county. More than 250 women attended the meeting, including precinct committeewomen, who received instructions for the taking up of the poll of women voters.

Men leaders in Republican politics in Wayne county marveled at the enthusiasm displayed by the women at their first get-together session. "It was an eye-opener to the men," said a prominent Richmond man who attended the session. "Just think of it. Every precinct in the county reported a full attendance of precinct workers, no matter what the attraction, but the first time the women try

to have their own political organization, they are so enthusiastic that the men are surprised. It is a reflection of the institution behind it.

Breaking Away From Habit

HABIT, the stern taskmaster, makes many a woman old before her time. Because of habit, we all do hard work that could be done as well and as cheaply by others.

Take washing, for instance. Many housewives have the work done in the home because of habit—the old tradition that it can be done better or more cheaply in that way than by the laundry.

But the facts are not in accord with the old belief.

The facts are that the Indianapolis laundries wash clothes by merely dousing them up and down in soft water and suds made from soap flakes, after which they are repeatedly rinsed in several clear waters. White goods, colored goods, silk goods and wool goods are separated, and each lot washed according to the most gentle methods that scientists can work out.

Perhaps it figures a few cents more than laundry prices—perhaps a few cents less, but there is very little difference either way.

Is home work worth while, when you consider that you spend hours in supervising or helping with the work—hours that might be yours for reading, or walking, or sewing?

Every week more women are deciding that the laundry way is the efficient way, the modern way, and are breaking away from the habit of having the work done at home. Why not try it yourself? Telephone any of the laundries below and the driver will call for your bundle.

URGES EARLY SENATE VOTE FOR RATIFICATION LEAGUE TO ENFORCE PEACE IS SUES STATEMENT. SAYS PEOPLE WISH PACT

NEW YORK, November 24.—Settlement of differences over the peace treaty to permit its ratification as soon as possible after the senate reconvenes is urged in a statement issued yesterday by the League to Enforce Peace at the conclusion of a special meeting of the executive committee.

Former President William H. Taft, president of the league, presided. Among others at the meeting were Edward A. Piene, Henry W. Taft, Herbert S. Houston, Oscar S. Straus and Herbert C. Hoover. The league's statement in part follows:

"The making of peace is no more a party question than was the making of war. The American people, without regard to party, stood behind the war until the day of victory. With like unanimity they now stand behind the treaty.

"Should the small minority who oppose a league of nations in any form defeat ratification? Shall fifteen senators decide where America shall stand in the world crisis?

"Eighty senators have shown by their votes that they favor the great principle of the league of nations. The fate of the treaty rests in their hands. They have the votes. They have the power. Theirs is the responsibility. They must get together.

VIEWED AS POLITICS. Defeat of Treaty in Senate Discussed by Berlin Newspapers.

BERLIN, November 23 (by the Associated Press).—Failure by the United States senate to ratify the treaty between the allied powers and Germany is regarded as the result of partisan politics by Die Zeit.

"We must accustom ourselves to the fact that the peace treaty upon which for us life and future depend, is treated in America largely as a political party matter," says the newspaper.

"Not because the treaty displeases the Republicans, who were more inimical to Germany than the Democrats, nor because they find the conditions too hard for Germany, do they condemn it, but because the Democratic leader signed the treaty and they wish to discredit him and his party in the coming election."

"It is plain now that President Wilson had no right to act as the protagonist of the league of nations nor to make promises to the European peoples for the fulfillment of which he was unable to rely even on his own people."

"Rejection by the United States of the treaty of Versailles would be a tremendous moral victory for the cause of universal peace in the opinion of Herr Schuecking, German pacifist leader and a member of the German peace delegation. Speaking to the Associated Press, Herr Schuecking expressed the belief that delay in ratification 'would give Americans a further opportunity to study the document,' adding that he trusted they would avail themselves of it."

"The treaty in its present form," he continued, "demands revision, not only on the ground of its general infeasibility, but because of the structure of the covenant of the league of nations. Plainly its rejection by the United States would be dictated only by the interests of America. While I would regret the absence of American representatives from the commission on reparations and the lack of American influence on deliberations, I believe the moral victory accomplished by the rejection of the treaty would be almost preferable, both for the benefit of mankind and the restoration of peace."

"The longer the senate debates the treaty, the better chance Americans will have to acquaint themselves with the whole covenant of the league of nations. Plainly its rejection by the United States would be dictated only by the interests of America. While I would regret the absence of American representatives from the commission on reparations and the lack of American influence on deliberations, I believe the moral victory accomplished by the rejection of the treaty would be almost preferable, both for the benefit of mankind and the restoration of peace."

DEATH TOTAL REACHES 28 IN DANCE HALL FIRE

SCORES INJURED IN VILLA PLATTE (LA.) TRAGEDY. DUE TO OIL STOVE BLAST

VILLA PLATTE, La., November 24.—With all persons in the building at the time accounted for the complete list today of those who lost their lives in the dance hall fire here Saturday night was announced at twenty-eight. About 300 persons were guests at a dance on the second floor of the two-story frame building and in addition to the heavy death toll scores were badly burned or seriously hurt in the mad rush to escape through the one narrow exit.

Of the dead fourteen were crushed when the terror-stricken crowd rushed for the stairway leading to the street and which collapsed, cutting off the escape of others.

Many Are Trapped. The remaining fourteen were caught on the second floor and many of their bodies were so badly charred as to make identification difficult. The survivors escaped through windows by jumping to the streets or an adjoining roof.

The fire was said to have started from the explosion of an oil stove on which a twenty-year-old boy was making coffee in the storeroom beneath the dancers. Cool heads prevented a panic in a moving picture theater on the ground floor of the structure.

The flames spread so rapidly that the whole lower floor was afire before the dancers in the big hall above were aware of their danger.

Instantly there was a panic and the whole crowd, men, women and children, made a mad rush for the single exit, the narrow stairway leading down the side of the burning building. This soon was choked and many of those who were trapped escaped through windows to the room of an adjoining building.

Search Streets for Children. Many of the persons in the dance hall had come from the rural districts of Evangeline parish. Fathers and mothers, many of them able to speak only French, from the parish countryside, fanned because of Evangeline's romance, wandered in the streets searching for their sons and daughters. Many of the older people were shopping or at the theaters while their sons and daughters were dancing.

The fire department of Bunkie, La., joined the Villa Platte department and kept the flames to the building. Assistance was rushed from Eunice, La., and other neighboring towns. Red Cross aid has arrived from several points.

Many of the victims were members of the most prominent families here. Among the known injured is Mayor Virginia.

Describe Lloyd George as Being More Friendly Toward Russian Soviet.

PARIS, November 24.—One thousand copies of the newspaper La Feuille, which is published in Geneva and circulation of which is forbidden in France because of its Bolshevik tendencies, were seized by the police yesterday.

The issue of the newspaper, La Feuille de Paris. One of the articles printed in the newspaper was to the effect that there were signs that Premier Lloyd George, of Great Britain, was taking a more conciliatory attitude toward the Russian soviet government.

It said an interallied conference would be held in London soon to study the Russian question and expressed the opinion that peace between the allies and Bolshevik Russia was not far distant.

ADVANCE OF BOLSHEVIKI CAUSES JAPAN TO ACT

MAY MAKE NEW PROPOSAL TO ALLIES ON SIBERIA. AMERICAN NOTE RECEIVED

TOKYO, Thursday, November 20 (By the Associated Press).—The opinion is growing in Japanese army circles that the retreat of Admiral Kolchak and the increasing ascendancy of the Bolsheviki in Siberia are so menacing that Japan can not remain indifferent. The Jiji Shimpo says: Therefore Japan, adds the newspaper, may make a new proposal to the allies regarding the Siberian problem and likewise strengthen the Japanese forces in Siberia.

LABOR UNIONS AND DEPUTIES
BATTLE IN LOUISIANA.
ATTEMPT TO BLOCK ARREST
BOGALUSA, La., November 24.—
Three white men were shot to death
and two wounded in a pitched battle
at Bogalusa Saturday in which a
small band of men attempted to
prevent special police deputies from
arresting a negro labor leader.

CLIMATE AND REDS
The Pacific coast native sons who
for years have given the impression
to bright easterners that the life
of the coast worker consisted chiefly
in basking in the sun and picking
oranges out of his backyard will be
hard put to it to explain the hold
that Bolshevism has obtained in their
sunny Utopia.

LABOR LEADER SLAIN
The labor leader, stepped
into the doorway, and refused to give
up the men and made
an attempt to carry his shotgun to
his shoulder. He was shot dead.

THE NAVY SHORE
Great and just emphasis has been
placed on the part played in the
war by the American navy.

German lines were destroyed by well-
directed fire, and the morale of
German reserve troops was badly shaken.
Thus the navy was not content with
the German navy's refusal to fight,
nor was it satisfied with nullifying
the effect of German submarines and
mines.

The Venture of the Boat.
I piloted one whose (stated) crew
was patched, and stained with dust, and
he smiled on me; I could not guess
whether he was a sailor or a soldier, or
a man of any other kind.

He said, "The boat's my gear,
'Trains all along the fields of light,
Its silent hull and silver keel,
Its white sails and its white keel."

The breath of joy unspeakable,
Waxes to joy its folds startle,
And far beyond earth's misery
Its life and breaths the joy of it. — A. E.

Novelists as well as journalists
know the value of the newspaper cut-
ting, but few perhaps "collect" as
many as Charles Reade. Several hours
each morning were devoted by Reade
to cutting up interesting items from
the newspapers. He collected a vast
quantity of material, which he pasted
into huge scrap books and carefully
indexed. To these scrap books he
referred constantly in his writing. Some-
times the inspiration of his stories
arose, and it was due to such meth-
ods that he could write perhaps the
best description of a man ever written
in any language, though he himself
had never set foot in the southern
continent.—London Chronicle.

A plumb-line does not always point
to the center of the earth. It points
approximately. The plumb-line, if
extended so far, would pierce the
earth's center. The earth is not
perfectly spherical, and the matter of
equal density throughout. But the
earth is irregular, both in shape and
in density. The plumb-line, if con-
tinued, would or would not pass
through the center of gravity rather
than through the center of the earth.
This may be modified by conditions on
or near the surface. Close to a moun-
tain the plumb-line is drawn a little
toward the mountain. The gravita-
tional attraction exerted by the
mountain, in a side-way direction,
pulls the plumb-line toward it. The
moon in its orbit around the earth
affects the perpendicularity as it affects
the tides.

IRISH PROTESTANTS ON WAY TO UNITED STATES

WILL TELL AMERICANS ABOUT THE SINN FEIN PLANS. OPPOSED TO THE PROGRAM

BELFABT, November 24.—William Cotte, member of parliament for South Tyrone, accompanied by a deputation of six prominent clergymen representing various churches in Ireland, has called for America from Liverpool for the purpose of "putting before their churches in America the true position and the dangers which threaten their churches in Ireland."

SCHUMANN-HEINK, ABLY AIDED BY LA FORGE, GIVES MUSIC TREAT

Many Indianapolis persons had the unusual pleasure Sunday afternoon of attending an old-fashioned and beginning a new one when Mrs. Schumann-Heink was heard with Frank LaForge, composer-pianist, at the Mural theater in one of the concerts offered by the Ona E. Talbot Fine Arts Association. It was a happy blending of the two arts, the music and the drama, which brought out an audience typically Indianapolis in its enthusiasm. Every seat in the theater was filled and as many extra chairs as the stage would hold. Long ago Schumann-Heink sang her way into the heart of Indianapolis and there she has remained. Mr. LaForge, until Sunday, was known only to Indianapolis musicians as a composer, but after the manner in which he revealed himself in his playing of several solo compositions as well as the accompaniments for all the songs, five of which were of his own writing, it may be said that Indianapolis will place him among the artists to whom she will delight in paying tribute.

by the adoption of the Sinn Fein program. The party comprises Protestants, the Rev. Wyle Blue and Rev. William Corkey, Methodists, the Rev. F. E. Harris, Episcopalians, the Rev. C. W. Maguire, Episcopalian, the Rev. Louis Crooks. All these clergymen officially represent their respective denominations which number approximately 1,000,000 Irish Protestants. The Methodists of Ireland comprise some home rulers, but all are agreed on opposing the plans for an independent republic. The Presbyterians have been more active than the Methodists in Irish politics and in opposing home rule. Mr. Cotte and the Rev. Mr. Corkey are vigorous Carstonites. The delegates will not confine their attention to the Irish question, but will present the case of the Protestant minority throughout Ireland, which includes a great number of heads of professions and industries. The belief among Protestants that America might be influenced in favor of Professor Edmond DeValera, created the reports of his reception, has caused great apprehension among the Irish Unionists, who therefore have endeavored to present the other side of the case.

The audience to such great enthusiasm that another encore was given, a gay "Dolero" by Arditti. Accomplished Pianist. In his playing of four program numbers, a Chopin nocturne, Beethoven's "Dance," MacDowell's "Etude de Concert" and his own "Romance" and two encore numbers, a Haydn minuet and a "Concert Study," an American manuscript, which has been lost. Mr. LaForge showed himself as a composer of beautiful songs. He justly shared honors with the singer and the happy friendship which seemed to exist between the two artists was delightful. Other concert announcements made on the printed program Sunday, include the Hofmann piano recital next Sunday; a piano recital January 11 by Tschanninoff, Russian composer-pianist, and a piano recital February 1 by Mischa Levitzki.

Schumann-Heink remains her genial smiling self. One of the secrets of her popularity is the fact that she gives of herself as well as of her music. She fairly radiates good nature, friendliness and a kindly humor which makes her wrinkle up her eyes and smile on her listeners and sometimes say amusing things to those near by. She keeps this spirit as she sings a gay, happy song, but in songs of a graver import, her face and manner tell the story as well as the words. For this she carries her great dramatic instinct which makes her live each song as she sings it. And she sings with her. They smile as she smiles and their faces show emotion as she sings of sorrow and tragedy. Never Sang More Beautifully. Never has this diva sung more beautifully than she did Sunday and the beauty of her singing was enhanced by the sympathetic support of Mr. LaForge in his accompaniments which he played without notes, keeping his attention directly on the singer. Mrs. Schumann-Heink opened the program with a group of three classics, an aria from "Rinaldo" by Handel, "My Heart Ever Faithful" by Bach and "Ah! non ti turba il Propheta," which is one of the songs in which this singer expresses herself most dramatically. These brought an encore for which "The Beaming Eyes" was given. A group of five beautiful songs by LaForge were exquisitely sung. These included "Before the Crucifix," "Expectancy," "Retreat," "To a Messenger" and "Panders Requiem." The latter having been written especially for Mrs. Schumann-Heink. Following these, "Danny Boy" was given by request. The last group of songs which ended the program included "Dawn in the Desert" (Hoffman), the artist made a beautiful picture; "Indian Love Song" (Lieurance), in which the singer's tones were especially lovely and which was requested for those seated on the stage; "Have You Seen Him in France" (Ward-Stephens), "The Cry of Rachel" (Salter), an intensely dramatic number which moved several members of the audience to visible emotion; "Taps" (Pasternack) and "When Pershing's Men Go Marching Into Picardy" (Rogers), which roused

PATRICK RYAN DIES AT THE HOME OF HIS SON

CAME TO INDIANAPOLIS FROM IRELAND IN 1880. WAS IN GROCERY BUSINESS

Patrick Ryan, aged eighty-five years, a resident of this city for thirty-nine years, died early today at the home of his son, P. J. Ryan, 2121 North Pennsylvania street. Funeral services will be held at 9:30 a. m. Wednesday, at St. John's church, of which he was a member for nearly forty years. Mr. Ryan was born in County Tipperary, Ireland, in 1824. His father died while he was in school in Thurloe and when he became twenty-one he inherited the estate of his father, which was regarded large in those days. He was a man of considerable influence in the community and always took a leading part in national affairs. He took a prominent part in the Irish uprising of 1847, and headed a body of men that met at the Hill of Kiltreakie, in March of that year. Coming to this country and Indianapolis in 1850, he engaged in the grocery business with his sons, and was active up to a few years ago. He was an admirer of President Wilson and took a great interest in the war. He is survived by six children, of whom James P., M. J. F., J., and Miss Sarah and Annie Ryan live in this city; Mrs. Babe Ebberts lives in Chicago.

ADMITS LONG STRING OF WINDOW SMASHING

WALDRIP CAUGHT WITH JEWELRY AND WEARING APPAREL

OTHERS HELD BY POLICE

Jack Arthur Waldrip, age twenty-seven, 116 West North street, a confessed "window smasher," was caught early Sunday at Alabama street and Wayne avenue, by Sergeant Murphy and police officer Golder. Waldrip, who had obtained a quantity of jewelry and wearing apparel by breaking the glass in the show windows of four downtown stores.

Waldrip, with the jewelry in his pockets and the wearing apparel under his arms, was headed north in Alabama street, when the emergency squad overtook him. He is held at police headquarters on charges of burglary and grand larceny.

Others arrested.

After the capture of Waldrip the police arrested Ida Staub, of the West North street address, on a charge of receiving stolen goods; Waldrip's wife, Anna Waldrip or Neff, 811 North Alabama street, on a charge of bigamy; and Albert Neff, who the Waldrip woman is alleged to have married before obtaining a divorce from Waldrip, on a charge of bigamy.

The police say Waldrip, who is out on parole from the Jeffersonville Reformatory, told them his wife, from whom he has been separated for several months, sent word to him Saturday that if he did not get her a good coat by Sunday afternoon she would report his alleged unlawful activities to the proper authorities. He said he committed the robberies to try to prevent his wife from reporting him.

Signed statement.

In a signed statement to detectives Dunham and Kelly, Waldrip said he broke the glass in the window of the

Style store, 219 East Washington street, and stole a skirt, a waist and a woman's coat. Prompted by his success at this store he went to the Paul H. Krauss store, 25 N. Pennsylvania street, where he obtained ten silk shirts in a similar manner.

Waldrip, 219 Pennsylvania street, he passed in front of the West Clothing Company's store long enough to stick in the glass window and steal an overcoat. He then went to Urtas Southern jewelry store, 35 Massachusetts avenue, where he filled his pockets with jewelry. As said he broke the glass in the windows by using the heel of his shoe.

Gets quantity of jewelry.

He also admitted to the detectives that about four weeks ago he broke the window of the National Furniture Company's store, 355 West Washington street, and obtained a quantity of jewelry. He said the only other robbery he had committed since leaving the reformatory took place last June when he broke the glass in the window of a shoe store in West Washington street, and obtained a quantity of shoes.

Waldrip said he was sentenced to the state reformatory to serve a term for larceny but was paroled on April 12, 1918, to go to work for the Key-Lox Lock Company of this city.

The police said they found some of the jewelry taken from the National Furniture Company's window at his home in the Staub woman's possession.

Of course.

"I don't know."

"No doubt it makes some rich men."

SAFES IN TWO STORES ROBBED BY BURGLARS

TWO HOUSES ENTERED, POLICE ARE NOTIFIED.

HOLDUP MEN ALSO BUSY

Burglars broke into the men's fur store, East Ohio street, Saturday night or early Sunday, ransacked the safe, which had been left unlocked, and escaped with about \$168 in change.

The robbers gained entrance to the place by breaking the glass in a side door. A blood-stained handkerchief, found near the safe, led the police to believe that the one who broke the glass probably suffered a severe cut on his hand and arm.

At the Buschmann Grocery.

Approximately \$400 was taken from a safe at the William Buschmann grocery, Ft. Wayne avenue and Tenth street, Saturday night or early Sunday, according to a report made to the police last night by officials of the company. The police said a rear door had been unlocked from the inside, and all the other doors and windows were locked, indicating that the robber apparently had concealed himself in the store when the place was closed Saturday night.

Burglars entered the home of Arthur Shuka, 2236 Stewart street, by prying open a side window and carried away a revolver and a watch.

Mrs. J. L. Munch, 717 East Ohio street, reported that her home was entered Saturday night and that a small bank containing about \$6 was taken.

Fired at Highwayman.

Edward W. Ennes, proprietor of a drug store at New York and Noble streets, fired two shots at a highwayman who attempted to hold him up in his store Saturday night, causing the robber to flee.

Ennes said the police the man asked to buy a package of face powder and then thrust a revolver in his face.

Uriah Crow, age sixty-eight, 1309 Yandes street, reported to the police that two colored men held him up at Sixteenth and Yandes street, Saturday night, and stole his purse containing \$58. Ray Hill, 218 Spring street, reported that he was held up by four men at Georgia and Cook

streets, Sunday night, and robbed of 10 cents.

Cecil Reynolds, age ten, 321 North Chester street, reported to detectives that as he was walking in the alley between Henry and Bradley streets, Saturday night, a man, wearing a mask over his face, stole \$2 from him.

Community Work is Planned.

A meeting of citizens of West Indianapolis will be held in the Knights of Pythias hall, North Belle View block, Friday evening, to organize for community work. A committee composed of Mrs. C. B. McCreery, Mrs. Edward Connell and Mrs. L. P. Thompson, has charge of the arrangement for this community work.

The organization of West Indianapolis is part of the plan adopted by the War Camp Community Service for the establishment of community organizations throughout the city.

MANY HOOSIER ENTRIES IN INTERNATIONAL SHOW

Hay and Grain Exposition at Chicago Will Open Saturday With Unusual Number of Exhibits.

(Special to The Indianapolis News) LAFAYETTE, Ind., November 24.—

Several hundred Indiana entries have been made in the international hay and grain exposition which will open Saturday at Chicago, according to Professor G. L. Christie, of Purdue University, manager of the show. There are 267 entries in the single car class alone with a goodly sprinkling from Hoosier exhibitors. Eighteen hundred exhibits are entered. A committee of judges, composed

of men from Indiana, Illinois, Ohio, Iowa and Missouri will judge the corn while the committee judging the small grains will come from Minnesota, Wisconsin and Michigan.

TEXAS TOWN LAUGHS; INDIANA TOWN SMILES

COMEDY ACT THAT HAS A REAL MYSTERY.

AN ALIBI AND A SOMBRERO

(Special to The Indianapolis News) PETERSBURG, Ind., November 24.—Joe Teresky, who recently was held in jail here for twenty-four hours, a detective, the local sheriff and a sheriff from Texas figure in a little comedy act which has given Petersburg authorities some of their wisest teeth.

Several weeks ago a detective or friend in this city, and after showing Teresky, who is a coal miner, for several days, caused the latter's arrest, asserting that Teresky was an assumed name, and that the man's real name was Harry Wedell, a Texas banker had been defrauded. His bank book showed deposits made in a bank in an Ohio town where he formerly lived.

The detective telegraphed officers in Texas that he had arrested Wedell, and for them to come after him. After being released, Teresky returned to work in the mine here and the detective disappeared.

Several days ago, a man wearing a wide sombrero hat, with Spanish artillery attached to make a merrily here assumed of his job, arrived in this city, and immediately visited the Court House, where he inquired for Wayne Bryant, the sheriff.

Harry Wedell, an alleged forger, who is said to have swindled banks at Ranger, Eastland and Cisco out of thousands of dollars, and who was recently arrested at Petersburg, Ind., is again at large. When the sheriff, armed with extradition papers from the Governor of Texas and everything

necessary to bring Wedell back, arrived in Petersburg, he found Wedell gone. The officer has wired the sheriff to hold him, under all circumstances, and he was bitterly disappointed at the sheriff's failure to comply with instructions. The officer from Ranger found the Pike county sheriff on his forty-acre farm. "Go, I had him," said the sheriff, "but he was such a nice young fellow I kinder felt sorry for him, and when he told me he wasn't guilty I let him go, but told him to stick around town for a while."

The Texas sheriff made a most spectacular appearance while here, and the citizens of this town, until he explained to them his business.

DENIES CHARGE OF WASTE.

Air Nitrate Company Replies to Representative Graham. NEW YORK, November 24.—A telegram denying an official statement that "more than \$5,000,000 was utterly wasted for overhead administrative expenses and commissions for the air nitrate company" was sent Saturday to Representative William J. Graham, chairman of the congressional investigating subcommittee headed by Frank E. Washington, president of the company.

The Air Nitrate Corporation is entitled to a fee of approximately \$1,000,000 for the air nitrate, for which it has been reimbursed. The government has paid it \$12,317,444 additional. The corporation has disbursed over government funds for materials and services furnished to the government by engineers, subcontractors and vendors.

BOARD VIEWS ROAD.

Shelby Commissioners to Take Action on Complaints on December 1. (Special to The Indianapolis News) SHELBYVILLE, Ind., November 24.—The board of commissioners of Shelby county Saturday viewed the Hyron Fendler road, in Moral township, one of the Shelby county highways referred to by A. J. Donahue, an engineer in the employ of the state board of accounts, in his report to the accounts board, in which the removal of George Oltman, county surveyor, was recommended, never a taxpayer are contending that the road has not been completed according to the plans and specifications. During the day an effort was made by the parties to effect a compromise. The commissioners announced that the case would be continued until December 1.

INCREASE IN AMERICAN WEALTH

WASHINGTON, November 24.—The wide distribution and great increase in American wealth is shown in figures made public Saturday night by Controller of the Currency Williams, showing that the number of depositors in national banks has increased 10,549,822 in the last nine years. Individual deposits have increased approximately \$3,500,000,000.

BONER MUST STAND TRIAL.

Evansville Judge Says U. S. Court Conviction Will Not Interfere. (Special to The Indianapolis News) EVANSVILLE, Ind., November 24.—Although convicted in the federal court at Indianapolis on the charge of violating the liquor law and sentenced by Judge A. B. Anderson to serve six months in the Marion County Jail, Jim Boner will have to stand trial in the Vanderburg county circuit court, according to Philip C. Goodrich, judge of the court.

Pigs and the World War

WASHINGTON, November 24.—Pigs—just pigs—brought on the world war, according to a statement accredited to Count Carl Celler, formerly confidential adviser to the erstwhile Emperor Charles of Vienna. Frederick H. Mead, of Troy, N. Y., a member of the Red Cross convoy taking food supplies to Budapest, reports the count as saying: "Fifteen years before the war Serbia was shipping great numbers of pigs into Hungary, successfully competing with the Hungarian farmers. The Hungarians protested but the border was left open. Finally the Austro-Hungarian government was forced to place an embargo on them."

Up to that time the two governments had more or less of a friendly understanding. Political leaders in Serbia talked upon the pig incident. Austro-Hungarian diplomats took up the question. Misunderstanding arose over it. When it grew too old for political propaganda, other questions were hatched out of it and thus the world war was brought on. Yes, there is no doubt, pigs caused the war."

WILL CONTEST TRIAL DATE

Goodrich Case Hearing in Pike County Court November 28.

(Special to The Indianapolis News) PETERSBURG, Ind., November 24.—The suit of Lucinda Goodrich to set aside the will of her husband, George Goodrich, has been set for trial in the Pike circuit court November 28.

At the time of Goodrich's death it was known that he had left a will and a duplicate of it was in the hands of his attorney. The original will was found eight months after Goodrich's death under a tool chest in an old barn. Apparently an attempt had been made to erase Goodrich's name and the names of the two witnesses had been cut out, but the piece was hanging to the will by a narrow strip of paper.

(Special to The Indianapolis News) MARION, Ind., November 24.—Thomas E. Pickett, prosecuting attorney for Grant county, has issued a subpoena to the county clerk for fifty or more witnesses to be called in connection with the trial of Luther Worl, formerly county treasurer. Worl, who will be tried December 4, is accused of embezzling more than \$22,000 from the county. Included in the list are a number of business men, farmers and several prominent citizens.

The Work of This Bureau is Varied

An out-of-town organization set up an office in Indianapolis for the purpose of loaning money on homes at 3% after certain payments had been made. After investigating, the bureau gave the newspapers enough information to cause them to refuse this company's advertising. Later the bureau caused an investigation to be made, which resulted in this company's ceasing operations temporarily.

An advertiser, according to a customer, recently refused to live up to certain statements made previously in his advertising. The bureau showed him where it was to his advantage to do so. He then did as he had advertised. As a result of the bureau's convention service rendered during the recent convention attended by 15,000 Indiana teachers here in Indianapolis, practically no complaints came in against Indianapolis concerns.

A young man selling doubtful stock and going under an assumed name so he wouldn't be bothered by his dissatisfied customers was convinced by the bureau that he should change his tactics and sell something he should not be ashamed of. On account of his youth and inexperience he was not exposed, but was watched carefully. He is now selling goods honestly for a local concern. The above cases are typical of the service rendered by this bureau.

A Way to Dainty Teeth To Safer, Whiter, Filmless Teeth

All Statements Approved by High Dental Authorities

See How Teeth Glisten When the Film is Gone

The results of Pepsodent show clearly in white, glistening teeth. You can see them everywhere, for a million folks now employ it. You can see them on your own teeth when you remove the film. And that's the purpose of this ten-day test.

Based on Pepsin Look in Ten Days

Pepsodent is based on pepsin, the digestant of albumin. The film is albuminous matter. The purpose of Pepsodent is to dissolve it, then to constantly combat it.

But pepsin must be activated, and the usual agent is an acid harmful to the teeth. So pepsin long seemed impossible.

What science has now done is to invent a harmless activating method. That method is employed in Pepsodent. The result is a tooth paste which will do what nothing else has done. And five years of tests seem to clearly prove that it opens a new dental era.

Pepsodent has been submitted to every form of clinical and laboratory test. Dentists everywhere have watched its effects and now urge its daily use. This week we offer a test to you, and we ask you to accept it.

That is why brushed teeth discolor and decay. Why tartar forms and pyorrhea starts. You may remove the debris, but the real cause of tooth troubles—the clinging film—is largely left to do its damage.

Now dental science has found a way to combat that film, after years of searching. We ask you to accept a ten-day test and see the results for yourself.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. Also of many other troubles, local and internal.

That film is what discolors—not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

That film clings to the teeth. It gets between the teeth, enters crevices and stays. The tooth brush doesn't end it. The ordinary dentifrice cannot dissolve it. So its damage is unceasing.

NEW CONCERN TO TAKE OVER PHONE COMPANIES

L. C. GRIFFITHS TO HEAD OPERATING ORGANIZATION.

FOUR COUNTIES AFFECTED

(Special to The Indianapolis News) SEYMOUR, Ind., November 24.—Telephone systems in this part of the state, controlled by L. C. Griffiths and associates, are to be taken over by a new company, known as the Southern Indiana Telephone and Telegraph Company, as soon as the transfer is approved by the Indiana public service commission. The new company, of which Mr. Griffiths will be president, is to be incorporated for \$100,000. All the details of the transfer have been approved.

The properties owned by the Griffiths organization are those in Jackson, Jennings and Scott counties, a few in Clark county and the system at Hicknell. The largest plants are at Seymour and Hicknell. Other systems are to be taken over by the new corporation, it is said, and when the transfers are complete, 6,900 telephones will come under the control of the company.

All of the properties included in the original transfer will be taken over at a valuation fixed by the Indiana commission. Petitions asking higher rates on each system have been before the commission during the last few months, and Mr. Griffiths said that petitions asking a rehearing would be filed at once. The Seymour rate case is not decided, but a new schedule of rates is expected to be announced this week. The valuation of the local plant at \$54,000, until the engineers and accountants can make a complete inventory of the plant.

The Southern Indiana Telephone and Telegraph Company will have its office in a three-story building here. The business of all the properties will be conducted as a unit, so far as dividends are concerned.

ASKS STRENGTH OF 27,467

Marine Corps Commandant Recommends Doubled Personnel.

WASHINGTON, November 24.—A permanent enlisted strength of 27,467 men for the marine corps, approximately double the pre-war force, is recommended by Major-General Barnett, commandant, in his annual report. Early action of the congress is urged as delay would mean loss of rank for temporary officers who will be retained.

Opportunity to qualify for permanent commissions should be given all present temporary officers eligible for transfer, the report said, adding the recommendation that such commissions be made probationary for one year. Attributing much of the success of the Marine Corps in the war to the system of drawing its commissioned personnel from the

rank, the commandant said that the "highest efficiency" would be served by adhering to this policy which attracts the highest class of recruits. General Barnett recommended that the present two, three and four-year enlistment terms be made permanent. Great difficulty is being experienced in replacing the temporary enlisted personnel of the aviation section of the corps, now completely demobilized.

Auto Over Cliff; Four Killed.

SAN FRANCISCO, November 24.—Mr. and Mrs. Charles M. Bolshaw, of San Francisco, and Mr. and Mrs. J. D. Sherwood, of Spokane, Wash., were killed Sunday when an automobile in which they were riding rolled over a high cliff at Half Moon Bay, thirty miles south of here. Bolshaw and Sherwood were graduated from Harvard in the class of 1912. In 1914 Bolshaw opposed Hiram W. Johnson for the Republican nomination for Governor.

WANDERED OVER COUNTRY

Edward C. Kuhner Was Unable to Recall His Identity.

(Special to The Indianapolis News) MUNCIE, Ind., November 24.—Edward C. Kuhner, a Muncie business man, who disappeared from his home October 9, and for whom a country-wide search has been kept up since, is ill of exposure in an Anderson hospital. His wife, son, daughter and brother have gone to Anderson to be with him. The mystery of his disappearance was cleared Saturday evening when relatives received word that Mr. Kuhner became ill in a rooming house at Anderson. He was on his way home at the time.

ance, most of the time unable to recall his identity. Part of the time he was in Florida. Whenever he became fully conscious of his identity he would make an effort to reach his home.

Mr. Kuhner was connected with the Kuhner Packing Company, of which his brother, Gottlieb C. Kuhner, is the president. While at work at the packing plant last summer he was struck on the head by a heavy beam. He confided to relatives before his disappearance that he feared he would be sent to the hospital for the insane.

Probably Not.

WORLD WAR HERO DEAD.

Fred Marlow, of Decatur County, Fatally Injured in Arizona.

(Special to The Indianapolis News) GREENSBURG, Ind., November 24.—Fred Marlow, age twenty-two, son

of Mr. and Mrs. Frank Marlow, living six miles north of here, died Saturday in a hospital at Phoenix, Ariz., of injuries suffered in a powder explosion near there November 10, according to word received here. The body is being brought here for funeral and burial.

Marlow was a veteran of the world war, serving in the marine corps, and was the only Decatur county serviceman to receive the Distinguished Service cross. Single-handed, he captured eighty Germans and nine machine guns. He was gassed during the war and went to Arizona two

months ago for the benefit of his health, an ailment developing from the effects of the gas attack. He was in the employ of the Arizona state highway commission at the time he was injured working on a road. Besides the parents, he is survived by three sisters and four brothers.

Save 30% to 40% of furnace fuel

by this simple attachment to your pipe or breeching

We Absolutely Guarantee 25%

75% to 80% of the heat from your coal escapes up the chimney, in the form of unconsumed gases. The science of heat engineering has now perfected a method of returning a large proportion of these gases to the fire-box for complete combustion. This heat-saving device is installed in an enlarged jacket to replace one section of the smoke pipe or breeching.

The burning of these saved gases gives more heat than you would get if you burned 30% to 40% more coal. By burning the saved gas, instead of coal, you save 30% to 40% of fuel expense. Besides, you reduce ashes almost one-half—and save the labor of handling the usual ashes and the extra coal.

BURN-ALL Fuel Saver

is guaranteed, absolutely and unconditionally, to save a minimum of 25% of fuel—soft or hard coal—in hot air furnaces, hot water or low pressure steam heating systems—from the smallest cottages to the largest apartment, hotel or office buildings. It is not adapted to high pressure steam heating systems.

Make inquiry immediately

Just ask us to prove how you can save 30% to 40% of your coal bill. We have got the proof. And we are so certain that, if you still have any doubts, we will put a BURN-ALL Fuel Saver on your furnace pipe and give you a FREE test.

Do not confuse BURN-ALL Fuel Saver with other devices. BURN-ALL is not an experiment. For five years it has been in use in many of the country's largest buildings and finest homes. Never a failure.

The cost is small, compared with the saving that is guaranteed you.

We are Privileged to Announce for Tuesday's Selling
Another Sale of Harry Collins' Showroom Models *Fifty Beautiful Gowns to Sell at One Price—* **\$115**

In the judgment of the buyer, these are the most fascinating gowns, the most scintillating, the most expressive of his artistic genius that have yet come to us from this gifted American designer.

The day frocks for street wear of tricotine and duvetyne and one or two even of velvet (which, of course, can be worn for informal afternoons too), are much more in charm than their materials would suggest. Fur-trimmed, or with lovely insets of satins and lace, or delicate little cuffs and a lace and organdie hint of a collar are all but a part of the frocks' chic, since superb lines and the play of self-material count for so much in the ensemble of beauty.

There's no describing the afternoon and evening gowns—as one might say upon being properly and promptly awed in admiration of the enchantingly wrought creations of that class. Brilliance and daringness of color match the same qualities in material-blending and style variations.

One sees a chiffon velvet in the most delicate tinting of seashell magnificently draped to a metallic lace bodice. And again one is charmed by an artistic little affair consisting of a taupe crepe meteor skirt, and an oriental shade of red silk overblouse, wrought in an allover pattern of odd embroidery. Short sleeves accompany this and one immediately realizes that they are appropriate.

Of other evening and afternoon gowns, handsome materials play an

important part, chiffons, velvets, brocades, nets and rich, changeable satins, being used lavishly. Furs, also, are a feature of their decoration—beaver, caracul, squirrel and flying squirrel.

A Tailleur or So and a Wrap

are inconsequential in number, but they will mean a world in fine dressing to the woman who secures them. In the former tricotines and velours are shown, in the latter deep blue velvet, with a collar and huge cuffs in Pierrot effect, each layer of the velvet being bound in squirrel,—bewildering?

Thanksgiving Day

Away back in 1621 the Pilgrim fathers celebrated the first Thanksgiving day in recognition of the many blessings with which they had been favored.

One hundred sixty-eight years later George Washington issued his proclamation for a national day of Thanksgiving. Next Thursday, 130 years later, America as a nation will again observe this day as one of Thanksgiving and feasting.

BODY AT SUMMITVILLE REVEALS FOURTH ERROR

IDENTIFIED AS THAT OF MICHIGAN SOLDIER.

TWO REBURIED IN INDIANA

(Special to The Indianapolis News)

ANDERSON, Ind., November 24.—Another error in the burial of bodies of soldiers in Indiana, Michigan and Wisconsin since 112 bodies were returned from Russia, where the men had been killed while in United States service, was revealed Sunday at Summitville when a body supposed to be that of Lieutenant E. R. Collins, son of Dr. W. J. Collins, of Racine, Wis., was identified as the body of Lloyd Connor, a private, son of George Connor, of Hillman, a small town in the northeast part of Michigan.

While the body of Connor was being positively identified, the body of Frank E. Sapp, inadvertently buried at Carlisle, Ind., was reburied at Summitville, and the body of Charles Otis Dial, sent by error to Racine, Wis., was reburied at Carlisle. The body of Lieutenant Collins is believed to have been sent by mistake to Hillman.

Investigation Under Way

The errors have resulted in an investigation being started by the war department. Captain Lineberger, who had been tracing bodies confused in the central states, arrived at Summitville and further identified the body of Lloyd Connor. E. O. Morris, undertaker, of Summitville, said that Captain Lineberger told him the confusion of names, tags and numbers on coffins containing the bodies originated on the Archangel front in Russia, according to the preliminary investigation and that there had been no mistakes in forwarding bodies from New York by the addresses as received from Archangel. He did not know how many errors had been discovered.

When the body of Connor was examined, it was believed for a time it was that of Lieutenant Collins. Later, when it was determined it was that of Connor, Captain Lineberger was dispatched to Summitville. In the meantime, George Connor had wired from Hillman that the body of a soldier received there was not the body of his son Lloyd, and the information he gave confirmed the identification of the body sketched at Summitville. Saturday, two days after an impressive funeral service intended for Frank Sapp.

Second Disappointment

Dr. W. F. Collins, of Racine, Wis., was further distressed by word from Summitville that the body of his son was not there, but that it might be at Hillman, Mich. He had requested that the body, if that of his son, be promptly forwarded to Racine. The disappointment was the second in a week for the relatives of Lieutenant Collins. They were first to discover the recent error when the body of Charles Otis Dial, of Carlisle, Ind., arrived at Racine, and they started an inquiry, followed by a complaint to the war department.

The body of Frank Sapp was reburied with a private service and his parents, Mr. and Mrs. Joseph Sapp, returned to Rodney, Mich., where they now live.

PRINTERS IN NEW YORK ACCEPT UNION MANDATE

VOTE AT MEETING TO END EIGHT WEEKS "VACATION"

BIG MAJORITY IN FAVOR

NEW YORK, November 24.—Book and job compositors bowed today to a mandate from the executive committee of the International Typographical Union and ended the eight weeks "vacation" which has contributed largely to the general printing slump in this city. About 2,500 out of a total of 3,000 who attended a meeting of the local union last night voted in favor of acceptance of the mandate.

Leon H. Cruse, president of "Big Six," announced after the meeting. The strike is nearing the end of the second month and has paralyzed the printing industry in this city.

Arbitration Demanded

A fine or revocation of the union's charter was the ultimatum contained in the mandate, in which the council expressed the conviction that continued refusal of the "vacationist members" to return to work would result in open shop and nonunion conditions.

The mandate also ordered the local to instruct its officers to arbitrate the question of when the forty-four hour week should be inaugurated. Lively scenes attended the reading of the mandate. Hises and catcalls threatened to prevent the details

being heard and oratory continued for almost three hours before the vote was taken.

Leaders See No Alternative

Conservative leaders informed the strikers that they had no alternative but to accept. Representatives of the insurgent faction pointed out that foreign laborers had obtained a forty-four-hour week, while they were obliged to work forty-eight hours. Some counselled remaining on "vacation" until the shorter hours were granted regardless of consequences.

Assurances have been given by the employing printers that all will be taken back without discrimination and it is hoped that the great majority will return to work.

John W. Hays, secretary-treasurer

of the international, said that the council will remain here to speed arbitration of the issues.

PLAYS AND PLAYERS

AT THE THEATERS TODAY

English—"Richard III." At 8:15 P. M. "Somebody's Sweetheart." At 8:15 P. M. "Lyric-Vaudeville." At 8:15 P. M. "Lyric-Vaudeville." Continuous.

Notes of the Stage

Robert Mantell enters on his Thanksgiving week's engagement at English's this evening as the cardinal in Bulwer Lytton's "Richard III," the romantic drama of love and political intrigue which has had a place in all of the great tragic repertoires from the days of the original stage cardinal.

Macready. "Richard III," the only non-Shakespearean play of the week, will be repeated at the Thanksgiving matinee.

The Shrimps have taken over the Murat tonight for the opening performance of "Somebody's Sweetheart," the Arthur Hammerstein musical piece. For the rest of the week, including matinees Wednesday, Thursday and Saturday performances are open to the public. The piece comes well recommended from long engagements in New York and Chicago. William Kent and Louise Allen are the principal players.

Marie Belge, the Belgian prima donna, is still playing with "Fiddlers Three," coming to English's next Monday and Tuesday for a return engagement.

"Berle," recently produced by the Indianapolis Little Theater, is to be presented in London by the Pioneer Players, an organization of which Ellen Terry is president.

Headline attractions on the Lyric's special Thanksgiving week bill are: "T. Deight Pupp's" latest song and dance revue, "Cheer Up," and the Naval Base Quartet, four Jackies who sing and play.

Sonora

A 20th Century Achievement

We live in an age that moves. Feats are accomplished within our sight and hearing every day that would once have brought forth the exclamation "impossible."

Who, for instance, in years past would have believed possible a medium of sound reproduction so perfect and wonderful as is the

SONORA

That the most delicate inflections of the human voice, the exquisitely fine tone shadings of the violin, the faint sigh of the most subtly played orchestral instrument could be absolutely reproduced and with the peculiarly real, live quality of the Sonora—a few short years ago would have been considered out of the realm of possibilities.

Now, all this is an accepted fact and the Sonora is known as the highest class talking machine in the world. At the Panama-Pacific Exposition this phonograph was awarded highest score for tone quality.

DECISION AS TO DEAD RESTS WITH FRANCE

GOVERNMENT ARGUMENTS ADVANCED AS TO AMERICANS.

SMALL COMPARATIVE TOTAL

The Indianapolis News Bureau, 33 Wyatt Bldg. WASHINGTON, November 24.—The next of kin of Indiana soldiers buried in France will probably have to wait some time for final information as to whether the bodies of the soldiers buried there can be brought home.

American Arguments Advanced. The state department has directed the American ambassador at Paris to bring the following arguments to the attention of the French government and to make the strongest representations possible in order to reach an understanding with that government which will permit the United States to undertake as speedily as possible the removal of the bodies of American soldiers whose removal is desired by next of kin.

The great distance between France and America and the expense involved together make it impracticable for the large majority of relatives to visit graves as is easily possible for those who live in the other allied countries.

On or Near Battlefields. A large proportion of American dead are buried on or near battlefields and arrangements can probably be made to avoid transportation over

any considerable portion of France, thus avoiding any great interference with traffic or a depression in morale, which seems to be the principal reason for the French government's opposition.

It is pointed out that the return of American dead from other countries would create toward France an unfavorable impression because of the present refusal of the French government. The war department, influenced by the agreement with the French government referred to above, sent out inquiries to all next of kin to ascertain whether return was desired. It would not be embarrassing for the war department if it were compelled to inform relatives that France refuses to permit the return of bodies.

The war department has been trying to ascertain what per cent of the next of kin would desire to have bodies brought home in the event the French government should make an exception in the case of this country. Its information is not very satisfactory as yet. The department is convinced, however, that a considerable per cent of the next of kin prefers to let the bodies of the heroes remain over there. But the government is anxious to accommodate those fathers and mothers or other next of kin who desire to have the bodies brought back.

WILL NOT BREAK CONTRACTS

Officers of New Pressmen's Union Deny Reports of Cancellation.

The United Association of Newspaper Web Printing Pressmen and Juniors of North America, which held its first convention at St. Louis, Mo., last week, will not ask local pressmen unions to cancel their contracts with publishers, according to statements made to H. N. Kellogg, labor commissioner of the American Newspaper Publishers' Association, by Frank J. Fife, of Pittsburg, president of the union, and John T. Taylor, of Detroit, vice-president, who conferred with Mr. Kellogg Saturday.

A dispatch from St. Louis while the convention was in progress said the new organization would ask all local unions to cancel existing contracts and make new contracts in connection with the new organization. Mr. Kellogg said he gave the representatives of the new union to understand that all contracts must be observed, and that the two officers said the dispatch from St. Louis was not authorized, and was disavowed by them.

VISIT TO KENNINGTON'S GRAVE

Mr. and Mrs. Ralph Kennington have received a letter from Congressman Merrill Moores, written from Paris, in which he tells of a visit to the grave of their son, Lieutenant Robert Kennington, who was killed in the second battle of the Marne, August 4, 1918. This is the first direct word Mr. and Mrs. Kennington have received of the present location of their son's grave, and it is very gratifying, they say, to know that Congressman Moores has been there. Lieutenant Kennington is buried in the American cemetery about one and one-half miles from Pere-en-Tardenois, Mr. Moores writes, situated on a hillside looking toward Chateau Thierry. He says of the cemetery: "It is plainly and distinctly designated and contains more than 2,700 graves of American soldiers. Over it stands a tall flag staff with an American banner, and a company of American soldiers, commanded by Captain Alexander, is in charge, encamped in tents behind the cemetery. Each grave is marked by a plain white wooden cross, having attached the tokens worn by the soldier, for his identification. We found many French peasants and German prisoners of war at work beautifying the cemetery, the peasants being paid twelve francs a day by our government and

the German prisoners seventy-five centimes a day by the French government. W. H. Parkman, a former sergeant from Illinois and a fine fellow, is the superintendent. All the crosses have been painted heavily with white paint and the names are now being repainted on the crosses. New turf has been brought and laborers are beginning to reseed the graves. "We had no difficulty in finding Robert's grave. We placed a wreath on the cross and took some pictures that will be developed on our return. Mr. Moores inclosed a tuft of grass picked at the foot of the grave. Lieutenant Kennington was first buried on LePrez farm, then moved to this concentration cemetery, North Temple Avenue. Death, according to Dr. Paul F. Robinson, coroner, was due to an attack of heart disease. Dr. Smith, who was born in In-

dianapolis, was engaged in the practice of medicine for forty-seven years, all except six of which were spent in Indianapolis. He was in Florida for a few years and in the northern part of Indiana a short while, relatives said. He retired from active practice about four years ago. Dr. Smith's father was Butler Kennedy Smith, one of the pioneer residents of Indianapolis, and during his life one of the most widely known evangelists in the state. He leaves three brothers, the Rev. Walter Scott Smith of Irvington; J. Kelly Smith, of Canada, and Butler Kennedy Smith, of Indianapolis. Besides the brothers, he is survived by the widow and four children, Butler Smith, of Minneapolis; Walter H. Smith, of Los Angeles; Mrs. Joel M. Howard, and Raymond N. Smith, of Indianapolis. The funeral services will be held Wednesday afternoon at the Englewood Christian church.

DR. ALEXANDER O. SMITH DIES SUDDENLY AT HOME

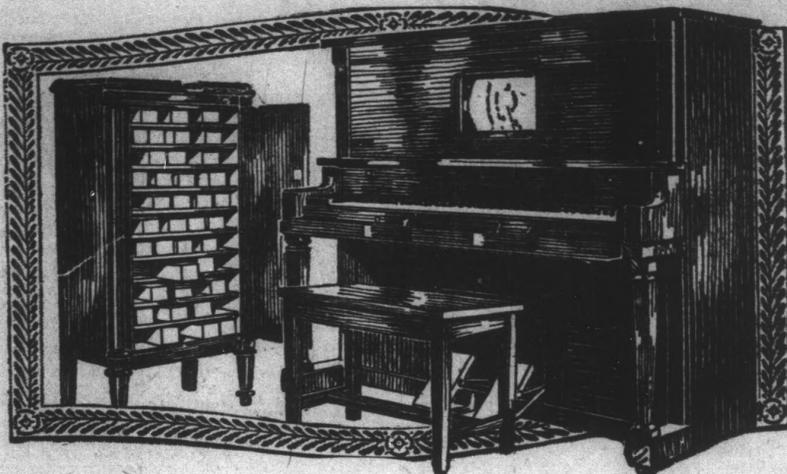

Pioneer Physician Believed Oldest Member of the Marion County Medical Association. Dr. Alexander C. Smith, age seventy, one of the pioneer physicians of Indianapolis and said to have been the oldest member of the Marion County Medical Association, died suddenly Saturday night when sitting in a rocking chair at the home of his son, Raymond N. Smith, 5 North Temple Avenue. Death, according to Dr. Paul F. Robinson, coroner, was due to an attack of heart disease. Dr. Smith, who was born in In-

dianapolis, was engaged in the practice of medicine for forty-seven years, all except six of which were spent in Indianapolis. He was in Florida for a few years and in the northern part of Indiana a short while, relatives said. He retired from active practice about four years ago. I. W. W. STICKER FOUND.

Pasted on Walls of Wholesale Flour House in Georgia Street. A small I. W. W. sticker, bearing the words, "Join the One Big Union," was found pasted on the walls of the C. Feger Company, wholesale flour dealers, at 234 West Georgia street, Sunday. The sticker bore a likeness of a worker with a sledge in his hand, with factories, a steamship, etc., in the background, and a rising sun, on which were three stars and the letters "I. W. W." The initials, "S. A. M." were printed in a corner of the poster.

MINES PROPOSAL BEFORE RAILWAY BROTHERHOODS
500 GENERAL CHAIRMEN MEET AT CLEVELAND

CLEVELAND, O., November 24.—Five hundred general chairmen of the four railroad brotherhoods met here today to consider the overtime proposal submitted by Walker D. Hines, director-general of railroads...

OVERTIME PLAN OFFERED
Grand Chief Warren S. Stone, of the Brotherhood of Locomotive Engineers, president of the other organizations represented are the trainmen, conductors and firemen.

Time and One-half Overtime. The chairman were called together by their chiefs to consider Director-General Hines's offer of time and one-half for overtime in slow freight service, and a standard rule for crews held away from home terminals beyond a given period.

Acceptance is Expected. The director-general would grant time and one-half for overtime in freight service, making less than twelve and one-half miles an hour, provided arbitrary allowances now given in many of the schedules are eliminated.

From an authoritative source it is learned that the four chiefs of the brotherhoods approve the offer of Mr. Hines, and it is believed that the overtime plan for all crews held away from home terminals.

Krueger, one of Richmond's leading physicians, indicted by the grand jury on a charge of involuntary manslaughter, will begin in the Wayne circuit court next Monday.

HIGHER FARE GRANTED. Commission Also Approves Nair Issue by Beach Grove Line Receiver.

Authorization of a 7-cent fare instead of a 5-cent fare on the Beach Grove line between South-eastern Park and Indianapolis and of rates to finance the equipping of the line with three thirty-one-man cars, was granted in an order issued by the public service commission today.

NAMED IN KIDNAPPING CHARGE

GRAYDON HUBBARD. HAROLD HUBBARD. (Special to The Indianapolis News) BROOKVILLE, Ind., November 24.—Harold and Grayson Hubbard, ages eight and twelve, sons of M. P. and Mayme L. Hubbard, were the objects of a nation-wide search recently following their alleged kidnapping by their mother. They were found in California. Mr. Hubbard, who obtained a divorce from Mrs. Hubbard, was permitted to have the care and custody of his sons. Soon after the court ruling they disappeared. Solt for \$200,000 was then brought by their father against Mrs. Hubbard.

SAY STATUS OF TROOPS IN COBLENZ UNCHANGED

U. S. PEACE DELEGATES ASSERT RELATIONSHIPS STAND. COUNCIL NOTE TO GERMANS

PARIS, November 24.—The withdrawal of the American troops from Coblenz, in occupied Germany, is not regarded in American peace conference circles as necessary in consequence of the failure of the United States senate to ratify the German peace treaty. It is contended that the United States still is one of the allied and associated powers, and that the postponement of final action on the treaty does not change its relation to either the associated powers or to Germany.

SENATOR WATSON BACK; GIVES VIEWS ON TREATY

Senator James E. Watson arrived in Indianapolis today and is a guest at the Columbia Club for the remainder of the week. When asked what he had to say about the peace treaty situation, Senator Watson said: "What is done in regard to the treaty depends entirely on the attitude of President Wilson. The president can not get the peace treaty through as it stands. He must accept reservations which will preserve American independence and the integrity of the sovereignty of the United States from being placed under European control."

TO NAME STATE CHAIRMAN

Meeting Time for Democratic Committee Under Discussion. Frederick VanNuy, Democratic state chairman, was consulting the district chairmen today by long distance telephone for the purpose of terminating a convenient time for calling a meeting of the state central committee, which will consider the matter of choosing a state chairman to succeed Mr. VanNuy, who will leave the chairmanship to become United States district attorney.

EVERETT FUGITT IS FATALLY HURT BY TRAIN. BOY IS STRUCK BY AUTO

Jesse McCreehy, age sixty-three, who operates a transfer agency at 412 North Liberty street, died Saturday night at the City Hospital as a result of injuries suffered on November 14, when his wagon was struck by a train at the Liberty street crossing of the Union railway tracks.

Auto Driver is Arrested.

John Gellert, age twenty-four, 342 Shelby street, was arrested late Saturday afternoon by Sergeant Houston and squad after an automobile he was driving had struck and injured Robert E. Lee, age six, 2528 North Alabama street, at Wabash and New Jersey streets. He is charged with assault and battery and violating the motor vehicle laws.

Boy and Girl Injured.

Dorothy Huetter, 4886 North Illinois street; Owen George, 6120 Ashland avenue, and Mark Gant, 1209 East Forty-sixth street, each about sixteen years old, were injured Sunday afternoon when a closed automobile in which they were riding was struck by a Central avenue car at Forty-ninth street and Washington boulevard. The automobile was demolished.

Two Men Are Accused.

One of the other cars was driven by Willard Spring, 4508 Broadway, and the other by J. S. Yunker, 3045 North Pennsylvania street. Spring was arrested on a charge of operating a motor vehicle when under the influence of liquor, and Frank Chance, age twenty-six, 1834 North Delaware street, who was riding with him, was slated on the charge of drunkenness. The arrests were made by patrolmen.

SUSPENSION OF CITY EMPLOYE AFTER ARREST

CARL WILLIAMS AND 17 OTHERS TAKEN AT HIS HOME. SEVERAL OTHER RAIDS MADE

The board of public works has suspended Carl Williams, 140 West Southern avenue, an employee of the city at the municipal garage from duty without pay, pending further investigation. Williams was arrested Sunday night when he was charged with an alleged craps game at his home.

MIDDLE WEST PLANTS FEEL SHORTAGE PINCH

CHICAGO, November 24.—Industrial plants all over the middle west continued to close down today, fuel supplies to public utilities were curtailed further and regional coal committees advised individuals to save coal as the nation-wide strike of bituminous miners reached its twenty-fourth day.

FOUR MINE FIELDS ARE IDLE

The only large producing center reporting an improvement during the last twenty-four hours was West Virginia where the output in the non-union fields of the southern part of the state was said by the operators to be normal.

Idle in Four Big Fields.

In the great bituminous fields of Pennsylvania, Ohio, Indiana and Illinois, the miners apparently were determined to remain idle until a settlement of the controversy over wages and hours was reached by the conference at Washington of operators and officials of the United Mine Workers of America.

APPOINTMENT NOTICE RECEIVED BY ORBISON

Charles J. Orbison, of Indianapolis, received official notice today of his appointment by Daniel C. Roper, United States commissioner of internal revenue, as the federal prohibition director for the state of Indiana.

NEW DUTIES ARE OUTLINED

Mr. Orbison, William L. Elder, internal revenue collector for this district, and the federal prohibition agent, will have his headquarters at Chicago, will choose three deputies to work under Mr. Orbison. These deputies will travel over the state most of the time.

INSTRUCTIONS FROM WASHINGTON.

Full instructions for carrying on the work were received from Washington today by Mr. Orbison. The following duties are specified: "The building of a healthy public sentiment, and the organization for usefulness in this work of every available agency such as religious, social, fraternal and civic bodies; the stimulation of all law enforcing agencies of the state and the several localities; the administration of the law, such as the manufacture and sale of denatured alcohol, and the assessment of penalties, taxes, etc."

Surveillance Over Manufacture.

The duties will include surveillance over the manufacture and sale of all articles containing alcohol; denatured alcohol after it has left the central denaturing plant or distillery; the business of persons who prescribe and of druggists who sell liquor; salaried persons engaged in the treatment of persons suffering from alcoholism; the import or sell wine for sacramental purposes of the state; liquor of any kind is possessed or stored, and of the business of the manufacturers of beverages wherever in the process of manufacture one-half of 1 per cent. or more by volume of alcohol is developed.

BANK RECOVERS \$4,000, LEFT IN SAFE WRECKAGE

PORTLAND, Ind., November 24.—Four thousand dollars in Liberty bonds, part of the loot taken from a safe in the Farmers and Merchants Bank in Bryant by robbers early Saturday, has been found. The securities were left in the wreckage caused by the years ago in the bank building, and were not registered. Other Liberty bonds, worth \$5,000, which are missing, were registered.

ball far above any they have displayed this season. Outweighed and outperformed, the Cruson team swept their eastern opponents off their feet in the first half, and never gave up until the final minute of play.

But it is to Risley that belongs the major share of the victory over Syracuse. Twice he kicked goals from placement when Syracuse refused to budge, and he fought his opponent, Hoople, to a standstill.

Syracuse has no ally to offer for the surprising defeat. Indiana fans say that Orange team put up one of the greatest fights in the face of defeat that has been seen on an Indiana gridiron.

The Bloomington Chamber of Commerce and the Rotary Club will give a banquet in honor of the squad. Coach Steinhilber will present each man who participated in the game with a miniature gold football. The faculty is going to throw in an extra jersey.

JEFFERSONVILLE SUGAR

PRICE INQUIRY ORDERED. GROCER CHARGED 24 CENTS A POUND, IS REPORT.

JUGGLING CASE REPORTED. Stanley Wyckoff, federal fair price commissioner for Indiana, has instructed John S. McDonald, of New Albany.

Mr. McDonald was instructed to investigate the report that sugar has been sold in Jeffersonville at 24 cents a pound.

Mr. Wyckoff said he received a report that an Indianapolis retailer sold sugar to another retailer at the retail price, who then had to add an additional margin of profit when he sold to consumers.

Mr. Wyckoff said he will instruct all county fair price commissioners to handle charges of profiteering in the same manner.

Speeds the work by saving foot-steps—

The Library Bureau card record desk is a combination desk and card file. The operator works seated. Within arm's reach are 16,000 to 24,000 cards.

Consider what this means: Minutes profitably spent in working instead of wasted in walking—no lost motion—no interrupting of other departments—the day's work more pleasurable because less tiring—a time-proved friend of Efficiency.

Business executives appreciate the value of the L. B. Card record desk. It helps to solve the problem:—"How shall I keep my records up-to-the-minute in spite of increased detail?"

You can use the L. B. Card record desk for any kind of card record:—name lists, orders, quotations, stock records, ledgers, etc.

Come in and let us show you how it works. Write for booklets 7359 and 7338

Constantin Refining Company. 7% First Mortgage Sinking Fund Gold Notes. Tax Refundable in Pennsylvania.

Dated September 1, 1919. Denomination \$1,000. Principal and semi-annual interest March 1 and September 1.

Callable at 101 and accrued interest at any interest paying period on and after one year from date on 60 days' notice. Notes may be registered as principal.

From letter of E. Constantin, president of the company, and other official information furnished us, we summarize as follows:

BUSINESS: Established in Tulsa in 1912 by E. Constantin, with only a nominal capital from which there has been earned its present surplus of over \$5,000,000.

MANAGEMENT: The Company has always had an exceptionally able and efficient management, as is demonstrated by its large net earnings and its high standing in the trade.

PURPOSE: The proceeds of these notes are being used to pay indebtedness incurred in the construction of the new refinery at DeWol and to double its present capacity.

SECURITY: The present note issue constitutes the only funded debt of the Company and is secured by a FIRST MORTGAGE under which is pledged all of its property.

SINKING FUND: The Trust Debt, securing the present note issue, provides for a monthly sinking fund of one-sixth of the next maturing installment of interest and one-twelfth of the next maturing installment of principal of these notes.

EARNINGS: Net earnings for the three years, 1916, 1917 and 1918, after payment of Federal Income Taxes and after liberal deduction for depreciation showed a yearly average of \$709,522.99, or over three times the annual interest charge on this issue of notes.

ALL legal matters pertaining to this issue have been taken under direction of Messrs. Davies, Auerbach & Cornell, Attorneys, of New York, and Messrs. Breckenridge, Bostick & Daniel, of Tulsa; an appraisal of the refineries, pipe lines, tank cars and other fixed assets has just been made by the Keystone Appraisal Co. of Philadelphia.

We recommend these notes as a safe and desirable investment. PRICE 100 AND INTEREST. The above information, while not guaranteed, is obtained from sources which we believe to be reliable.

John Burroughs' Nature Notes

Can You Answer These Questions? 1. Is the fox being exterminated? 2. What sort of sound does the buzzard make?

3. Can a hen in winter go without water? 4. Do dogs see details? 5. How can a lizard prevent a snake from eating it?

Answers to Previous Questions. 1. The red and gray squirrels are more or less active all winter.

2. The buzzard makes a sound like a rattling of stones, or a clattering of bones.

3. A hen can go without water for a few days, but she will not do so for long.

4. Dogs do not see details as we do. They see in terms of light and dark.

5. A lizard can prevent a snake from eating it by playing dead.

WAR FOR PEACE-TIME
ARMY OF 500,000 MEN
CORRECTS INTERPRETATION
PLACED ON ANNUAL REPORT.
LESSONS FROM WORLD WAR

WASHINGTON, November 24.—The opinion of the army general staff and the administration is that a peace-time army of 500,000 men is the minimum necessary to care for the national interest, General March, chief of staff, announced today, correcting an interpretation of his annual report, published Sunday, which placed the minimum at 240,000.

General March emphasized that he never had changed his estimate of 500,000 as the minimum for the maintenance of the military power of the United States.

In his report General March recommended one field army of five corps, skeletonized to 50 per cent of its strength, which would consist of 25,000 men to a corps, such a calculation would show about 125,000 men, skeletonized to 25 per cent of strength, would make 250,000 men.

General March founded his judgment on lessons of the world war, that proved conclusively, he said, that ability to be self-sustaining for an indefinite period, provided the army was adequately prepared, was the nation's greatest asset.

So far as purely naval operations are concerned, he added, the United States has nothing to fear from "any conceivable combination" of naval powers; but must be prepared to prevent seizure of bases by an enemy controlling the sea and intent on landing troops.

The report defended the present general staff system with authority centralized in the chief of staff, of its efficiency could be found in the fact that the United States had not more than 2,000,000 men and vast supplies overseas thus becoming a positive factor in the conduct of military operations.

"I am convinced," General March said, "that without a properly organized authority to formulate and execute the army program, it will be impossible to carry on in every other war of its history, be it possible for the activities of the various agencies, services and bureaus of the war department to be controlled and directed to the attainment of the common end."

Boys' real Crompton corduroy SUITS

\$8.45

Sizes 8 to 16 years

THIS IS THE STATEMENT:

So far as we know this is a record low price for the country for good suits of real Crompton's corduroy. A careful perusal of advertisements from leading stores in the largest cities fails to reveal any such values.

Crompton's is known as the all-weather corduroy, cravenetted finish making it wind and waterproof.

Men's SILK SHIRTS

at \$10.00

Such as only a store with a national renown for silk shirts could possibly present at the price.

When it comes to silk shirts we are in a class alone. There are more silk shirts here, finer ones and better in value than in any store we know.

There is not even a stock in New York city comparable with ours in any essential respect.

Shirts of heavy, lustrous, pure silk crepe de chine, satin-stripe broadcloth and fine silk taffeta.

At this price are hundreds of shirts—every one carefully selected, each one representing the peak of value and sightliness—broad stripes, neat stripes, broken stripes and plain whites. The price, \$10.00.

Hand embroidered silk monograms at a very nominal cost. Sleeve alterations gratis.

MAN CAN NOT ESCAPE GOD, SAYS DR. MORGAN

SPEAKER LAYS UNREST TO LOSS OF KNOWLEDGE.
HUMAN LIFE IS DEFINED

That man has his choice of living under the restraint of the bit and bridle, or in the understanding of God, was the declaration of Dr. G. Campbell Morgan, in his address at the Men's Big Meeting held under the auspices of the Y. M. C. A. at English's theater Sunday afternoon. A count showed 1,312 men in attendance.

Dr. Morgan said that a choice is unavoidable in that man can not escape God. He said that Lucifer, in Milton's "Paradise Lost," who sought to be monarch of his realm, but a servant in heaven, did not evade the dominion of God. God's authority extends to every corner of the world and in hell itself.

Definite Work for Man.
"God uses his bit and bridle because He has some definite work for man to do in His holy universe," said the speaker. "How much better would it be if we could be governed by understanding and not forced, like the horse or the mule, to do His will."

Trouble With the World.
"The principal trouble with the world today, the cause of much of the anarchy and unrest is that the world has lost its knowledge of God. We can know God through Christ. If we know God through Christ, we can come to a real understanding," said Dr. Morgan.

Do Not Understand Ourselves.
"We may live for a long time, thinking that we know ourselves perfectly, and then some day, at about the age of forty, find that temptation appeals to us in a form that we had never before expected," said the speaker.

Club for Coolidge.
Massachusetts G. O. P. Urges Governor as Presidential Candidate.
BOSTON, November 24.—Revolutions favoring the nomination of Governor Calvin Coolidge for President by the Republican party next year, adopted by the executive committee of the Republican Club of Massachusetts on Friday, were made public last night.

Dr. Allan McL. Hamilton Dead.
GREAT BARRINGTON, Mass., November 24.—Dr. Allan McLane Hamilton, of New York, widely known alienist and specialist on nervous diseases, died suddenly at his summer home here yesterday. Dr. Hamilton, who was born in Brooklyn in 1842, was a graduate of Alexander Hamilton, He testified for the government as an expert in the trial of Guiteau, assassin of President Garfield.

Dr. P. L. Frick Speaker.
The first of a series of talks which will be given by Indianapolis ministers before the Soldiers' Service Club at Ft. Benjamin Harrison, was made by Dr. Philip L. Frick, pastor of the Meridian Street M. E. church, Sunday afternoon. Dr. Frick's subject was "Reasons for Personal and National Thanksgiving." Franklin Taylor, director of music at the Central Avenue M. E. church, sang. He was accompanied by Mrs. Alonzo Walker.

Little Stories of Daily Life

All Blah, Anyway.
Two Indianapolis girls, who are very close chums, always share confidences about their respective admirers. Now Alice has one, who is much given to fits of temper, during which he always bids her an eternal farewell and gives her back all her little gifts, but the next day, or at the most a few days later, he again visits her and makes peace overtures.

The Other Girl
The other girl has long listened sympathetically to him whenever she happened to be along during a quarrel. But the other evening she listened to one which really amused her. And when the young man dramatically tore up a poem he had written to Alice she almost laughed. The next morning she did really laugh when she retraced her steps of the night before and found just what she had expected, blank bits of paper.

The Children
After the children had gone the teachers in the building often threw away their dignity and acted natural. The other afternoon even the principal showed her feeling of relief from the day's strain and came downstairs two steps at a time. And in the lower hall stood a ten-year-old girl watching her undignified performance.
