

John Burroughs' Nature Notes

Can You Answer These Questions? 1. What is the appearance of the white-crowned sparrow? 2. What makes the fox try to out-wit the hound? 3. What peculiar things in nature may happen?

Answers to Previous Questions. 1. In the meadow I see a lark—This bird is not properly a lark, but a starling, say the ornithologists, though it is larklike in its habits, being a walker and entirely a ground bird. Its color also allies it to the true lark. I believe there is no bird in the English or European fields that answers to this hardy pedestrian of our meadows. He is a true American and his note one of our characteristic April sounds.

2. How will wild apple trees grow in spite of cows cropping them?—Wild apple trees in the pasture can triumph over the cattle that year after year browse them down. The cropped and bruised tree, not being allowed to shoot upward, spreads more and more laterally, thus punishing its enemies farther and farther away, till, after many years, a shoot starts up from the top and in one season attains a height beyond the reach of the cattle, and the victory is won.

3. What makes a hermit crab select a certain shell?—The hermit crab goes from shell to shell on the beach, seeking one to its liking. Sometimes two crabs fall to fighting over a shell that each wants. Can we believe that the hermit crab thinks and reasons? It seizes the suitable shell instinctively, and not by individual act of judgment. Instinct is not always wrong, though it makes fewer mistakes than reason does.

Debs Calls Haft on Plan to Obtain Prison Release

WASHINGTON, August 2.—Eugene V. Debs, Socialist candidate for President, has put his foot down on the movement started by friends to obtain his release from federal prison. Writing from the Atlanta penitentiary Debs declared that so long as his comrades "are held criminals and convicts" his place was there. The letter, sent to Mrs. Lucy Robins, secretary of the central labor bodies conference of New York, and made public here, said: "Please say to the comrades in New York that while I appreciate fully all that has been done in my behalf, I object emphatically to any further appeal being made for me only to President Wilson. I wish no special consideration and I wish to fare as better than my comrades. As long as they are held criminals and convicts my place is here. My comrades will, therefore, understand that they can serve me best by bringing their insistence to bear in behalf of all."

Korean League to Be Disbanded. TOKIO, August 2.—The recently organized Korean League has been ordered disbanded, according to a Seoul dispatch to the Asahi-Shimbun. The message adds that five Korean leaders of the organization have been arrested, charged with inciting the people to a movement for independence.

Killed by Passenger Train. (Special to The Indianapolis News) LAPONTE, Ind., August 2.—Raymond Harmon, age thirty, of this city, was killed west of here, late Saturday afternoon, when he was struck by a New York Central passenger train. A note found in his hat said: "It is but misery to live. My brain can't work."

The Suspect. (Louisville Courier-Journal) "No, she doesn't love me. Yet I took her for a girl of sense." "A girl doesn't use her sense to fall in love with."

One Child in Every Four Has Defective Vision. This statement, based upon the most thorough possible investigation, in charge of competent men, should secure close attention from every parent; because it is well known that one child in four DOES NOT wear glasses. The significance of this fact is that thousands of children are laboring through their young days under a serious handicap. It means that they are struggling against big odds in their school work. Worst of all, it means that without scientific aid they are rapidly traveling toward mature life to be pitted against the world for their own livelihood permanently disabled as regards efficient vision. Many cases of poor vision in childhood can be overcome with the wearing of properly fitted glasses. The eyes only need that help which proper lenses afford to eradicate their own weakness. But without the help the weakness can but continue to grow. If you have any reason to suspect that your child's eyes are not functioning properly you should consult an optometrist. If they frequently complain of headache, or are invariably inclined to take incorrect positions when reading or at tasks it is a pretty fair indication that their eyes are not exactly right. They perhaps will not be able to locate their troubles but an examination will reveal it. Any member of the profession who displays this emblem in his window or office is a competent person to have examine your child's eyes.

Talks with "The Man Who works" Although usually a most amiable man, a certain young man was feeling grouchy at all the world as he neared his home in Indianapolis not very long ago. Singularly enough, it was this very little cottage home that was the cause of his irritation; for that afternoon he had heard two of his well-to-do neighbors refer to its somewhat weatherbeaten appearance as a detriment to their prosperous neighborhood. He realized fully that it did need paint badly, that a coat or two of bright color would improve its looks, and increase its value, as well; but there were good reasons why his home had not been painted that summer. His ill-humor soon gave way to a feeling of love and pride, however, as he thought of his wife, now in the country recovering from a recent operation. That was where the money had gone, which he had intended to use in painting his house; but there was no regret in his heart. Next morning, on his way to work, he met another of his critical neighbors. "Look here," said this man to him; "do you see any reason why you shouldn't paint that home of yours before it gets to looking any worse?" "There's plenty of reason," snapped he, with rising indignation. "I did intend to paint it, but now it's impossible, for I had to use the money for a more important purpose." "I know all about that," was the pleasant reply. "I brought the subject up, because I want to tell you where you can find money that you can use to your advantage, if you care to do so. We have an organization in this city, called Trustees System, which makes a business of easy loans to good men like yourself. "I'll advise you to go down to their office and tell them what you want to use the money for. They will be glad to let you have the money you need at a surprisingly low rate of interest. You can repay the loan in monthly installments out of your salary, and the partial payments will draw savings interest at 3%, as you make them promptly." "I'm sorry I didn't know about Trustees System before this," said the young man. "I can see where my house soon ceases to be an eyesore to our neighborhood."

BANDITS SHOOT WHEN FOILED IN THEIR WORK

HOLDUP MEN ESCAPE IN AUTO MOBILES.

GOOD SAMARITAN A VICTIM

Auto bandits held up and robbed one man Saturday night and exchanged shots with another. One man believed to have been involved in one of the attempted robberies, is held in the City Prison, pending investigation. Several other robberies were reported during the week-end.

One Man Under Arrest.

A short time after the attempted robbery, Sergeant Chitwood and squad arrested a man, giving the name of Charles Napier and address as Eleventh and Meridian streets, whose description, the police say, tallies with that of one of the bandits.

FRIGHT CAUSE OF DEATH.

Boy Collapses After Lightning Strikes Tree—Grave Digger Burned.

MUNCIE, Ind., August 2.—It is now believed that Forest Faulkner, age sixteen, who died Saturday afternoon when lightning struck a tree under which he and a companion, Frederick Crow, age fifteen, had sought shelter, was frightened to death. No marks were on the body. Crow, who was rendered unconscious by the bolt, said that when he regained consciousness Faulkner was bending over him and said: "I told you it would get you. Then Faulkner collapsed and Crow summoned aid. Faulkner died soon afterward.

Madison County Heavy Losses.

(Special to The Indianapolis News) ANDERSON, Ind., August 2.—Much property damage was caused by a storm in Madison county Saturday afternoon. A heavy rain was accompanied by strong wind, which blew a large amount of corn to the ground. Orchards also suffered heavily, and straw stacks were scattered about.

Woman Severely Shocked.

(Special to The Indianapolis News) HARTFORD CITY, Ind., August 2.—Mrs. Clint Cheney, age thirty, Saturday afternoon was shocked severely by lightning which struck the Evvin block here. She was unconscious for several minutes, but is recovering. She was not hurt. A corner of the building was torn away.

Lightning Kills Two Horses.

(Special to The Indianapolis News) COLUMBUS, Ind., August 2.—Two horses, valued at \$500, were killed by lightning Saturday afternoon on the farm of Rufus Phillips, fifteen miles west of this city, during an electrical storm. The barn was slightly damaged by the lightning.

SMITH TO BE DESIGNATED.

New York Governor, Choice for Democratic Conventions.

SARATOGA SPRINGS, N. Y., August 2.

Governor Alfred E. Smith will be designated as a candidate for reelection by the unofficial Democratic state convention which will be called to order here Tuesday for at least a two days' session. There has been no opposition within the party to the Governor's nomination.

EVIL CONDITIONS CONFRONTING WORLD DISCUSSED BY THE POPE

ROME, August 2.—Evil conditions confronting the world today are outlined in a circular letter issued to the church by Pope Benedict. The purpose of this letter is to proclaim the anniversary of the fifteenth anniversary of the decree by which St. Joseph was named patron of the universal church, and in it the pontiff urges the Catholic world to celebrate a solemn function in honor of the saint.

SENTENCE OF E. A. GROSS STAYED BY PRESIDENT

GARY MAN, ALLEGED VIOLATOR OF REED LAW, AT LIBERTY.

ORDERED TO JAIL BY COURT

(Special to The Indianapolis News) HAMMOND, Ind., August 2.—Fighting with every means possible to escape the humiliation of going to jail, Edward A. Gross, formerly a justice of the peace at Gary and at one time constable at Indiana Harbor, who was arrested two years ago on a charge of violating the Reed amendment, still is at liberty.

Operated Saloon at Gary.

Gross, who has amassed considerable wealth through his work as justice of the peace and the proceeds of a saloon said to have been openly conducted in Gary after prohibition became effective in Indiana, was arrested July 26, 1918, charged with the violation of the Reed amendment forbidding transportation of liquor into dry territory.

Took Appeal to U. S. Circuit Court.

He immediately took an appeal to the United States circuit court of appeals and the higher court recently affirmed the decision of Judge Anderson.

RETIRED MINISTER DIES.

The Rev. Francis A. Robinson Was a Veteran of the Civil War. (Special to The Indianapolis News) MUNCIE, Ind., August 2.—The Rev. Francis Asbury Robinson, age seventy-seven, a retired Methodist minister, died Sunday night at his home here. He was born in Ft. Wayne and had lived at Bensseler, where for several years he was principal of the schools. He enlisted in Company E, 137th Indiana Infantry in the civil war and later won a commission. Mrs. Everett Nichols, of Muncie, is a daughter.

DATES FOR TURKISH TREATY

Signatures Will Be Affixed at Sevres Thursday.

PARIS, August 2.—The treaty of peace between the allies and Turkey will be signed Thursday at Sevres according to newspapers here. Premiers Millerand and Giolitti will hold a meeting in Savoy this week and it is expected that various points in dispute between Italy and Greece relative to Asia Minor will be adjusted soon.

To Take Over Kentucky Prison.

OSWEGO, N. Y., August 2.—William H. Moyer, formerly warden at Sing Sing prison, has been appointed warden of the Kentucky state prison at Frankfort. Officials of Sing Sing prison have announced Mr. Moyer was warden of Sing Sing from December, 1916, to April, 1919. He will assume his new duties this week.

Heat Relatives of Mrs. Lila Carey.

WASHINGTON, August 2.—Officials at Walter Reed Military Hospital have started a search for relatives of Mrs. Lila May Carey, who died at the hospital yesterday. She was the widow of Dr. Octave Carey, surgeon of the Greeley arctic expedition, who died in the arctic region in 1884.

Paroled.

(Baltimore American) "He is the bluntest man in speechmaking. And yet he makes the sharpest points."

Marquis of Queensberry Is Dead in South Africa

JOHANNESBURG, Union of South Africa, August 2.—Percy Sheilo Douglas, ninth marquis of Queensberry, is dead here.

The ninth marquis of Queensberry was born October 13, 1865, succeeding to the title on the death of his father in 1900. He was formerly midshipman in the British navy and later was lieutenant in the third battalion of the king's own Scottish borderers.

He was twice married and is survived by two sons and one daughter. His eldest son, Francis Archibald Kelhead Douglas, Viscount Drumlanrig, will succeed to the title. The new marquis was born January 17, 1896, and fought during the world war as a member of the famous Black Watch, being wounded in action in 1917.

UPROAR IN REICHTAG.

Von Gallwitz Speaks for Compulsory Service Bill—Called Murderer. BERLIN, August 2.—General von Gallwitz caused an uproar in the Reichstag, Saturday, by a speech against the bill to abolish compulsory military service. He spoke of the old German army, declaring those who had fallen on the field of honor were envied because they had not lived to see "the fatherland disgraced by such a bill."

George Ledebour, leader of the Independent Socialists, shouted: "You are one of the mass of murderers who have the lives of millions on your conscience." Another Socialist exclaimed: "The curse of future generations be on your head."

Shamokin, was killed and Ray S. Sutt, mechanic, India, was seriously injured when their airplane crashed to the ground near Marietta, this county, Sunday afternoon. Captain Newmuller was attached to the Mid-dletown (Pa.) aviation grounds.

Chicago Man Drowns at Gary.

(Special to The Indianapolis News) GARY, Ind., August 2.—H. H. Larson, age thirty-six, 2103 Keystone avenue, Chicago, was drowned at Miller beach yesterday afternoon while bathing. The body was recovered after a search of two hours. Mrs. Larson and son saw Mr. Larson drown.

POLE PEACE DELEGATES REACH CONFERENCE CITY

RIGID DEMANDS SAID TO HAVE BEEN PUT UP BY SOVIET.

REDS CONTINUE ADVANCE

PARIS, August 2.—Polish plenipotentiaries appointed to negotiate an armistice agreement with representatives of the Russian Bolshevik government have arrived at Baranovitchi, where the armistice conference will be held, according to advices received here from Warsaw.

DOUBT ARMISTICE RESULTS.

WARSAW DIPLOMATIC CIRCLES COMMENT ON SOVIET PEACE MOVE.

WARSAW, August 2.—Doubt was expressed in diplomatic circles here as to whether an agreement for an armistice would come out of the negotiations between the Polish and Soviet plenipotentiaries at Baranovitchi.

WOMEN'S BATTALION RETURNS.

WARSAW was brought into closer contact with the front by the arrival, in a shattered condition, of a women's battalion, which fought in the defense of Vilna.

ADVISE NATIONALS TO LEAVE.

The American British and French legations at Warsaw, according to a dispatch to London, have advised all their nationals other than officials, to leave the city, which is said to

have had a depressing effect on the Poles.

Sergeant William Cook, of Fay, Okla., who remained with an American typhus expedition train and was captured by the Bolsheviks at Minsk two weeks ago, is now reported to be safe at Kovno. He is returning to Warsaw through Bulle states.

A Berlin dispatch says that the Russian soviet government has invited Djemal Pasha, former Turkish leader in Syria, to command the Muslim divisions of the soviet forces.

BREST-LITOVSK IS CAPTURED.

The fortress of Brest-Litovsk, the stronghold 116 miles east of Warsaw, on the boundary of Poland proper, is reported to have been captured by the Russians.

NEW YORK, August 2.—Compelled by the Bolshevik advance to leave her crops unharvested and with her

transportation system disrupted, Poland is on the threshold of a national food shortage as winter approaches.

REDS CONTINUE TO ADVANCE.

Official Statement Outlines War on Polish Front.

LONDON, August 2.—Hot fighting along the River Narw, in the region northeast of Warsaw, is reported in Sunday's official soviet communiqué received by wireless from Moscow today.

PARIS VIEW STILL OPTIMISTIC.

PARIS, August 2.—The military experts here were still inclined today to view the situation in Poland optimistically. The reports they received indicated that the soviet cavalry had not advanced farther than yesterday's advices indicated, being still about seventy-five miles from Warsaw.

Rattle Noise May Have Its Uses

The staccato of the machine gun is music to the soldier. The watchman's rattle calls for help against bombs and burglars. Even the terrific din of the boiler factory may have its compensations.

But rattle noise in business! A noisy typewriter! An office boy cracking a bag of peanuts! No wonder so many executives are forced to rest up in Florida!

Burial Dresses of Quality

Until they visit our showrooms, most people do not realize that burial dresses must differ in many ways from those intended for the living. They can not be so vivid or pronounced in design. They must be adapted for a recumbent position.

We have specialized for many years in the making of burial garments of the higher quality. At our showrooms there is on display a collection of dresses of eminent fitness in which there are happily combined the qualities of modern style and suitability for the purpose intended.

Your funeral director will gladly accompany you to our showrooms. National Casket Co. Pratt St. and Capitol Ave. Indianapolis, Ind. We Sell Only to Funeral Directors

34 MEN ARE ARRESTED ON GAMBLING CHARGES

DICE AND MONEY CONFISCATED IN RAIDS.

ALLEGED "TIGERS" FOUND

Thirty-four alleged gamblers were arrested in police raids Saturday night and Sunday. Seven of the number were rounded up in a raid on a craps game in a rooming house operated by Scott Ivanhoff, 546 West Washington street by Sergeant Russell and squad. Ivanhoff was charged with being the keeper and the others were charged with gaming and visiting a gambling house.

The same squad arrested Frederick Dan and two other men in a raid on alleged poker game in a rooming house, 256 South Illinois street. A deck of cards and 30 cents in change were confiscated.

John Weeks, owner of a dry beer place at 1213 North East street, was slated for keeping a gambling house and nine other men for gaming. Sergeant Warren and squad, who confiscated five decks of cards at an alleged poker game at Mack's cafe, 14th and Main streets, were charged with being the keeper and the others were charged with gaming and visiting a gambling house.

A raid on a craps game in a barn loft at the rear of the home of Robert McWhall, colored, 2323 North Arsenal avenue, by Sergeant Winkler's squad caused a stampede. About twelve men, escaped, but five were arrested. Material was slated for keeping a gambling house and the others for gaming. The police found a pair of dice and \$100. Two other men were arrested on gaming charges in a raid on an open-air craps game at White river and Beauty avenue.

A set of dice and 25 cents were confiscated by Sergeant George Winkler and Louis Johnson and squad in a raid on an alleged craps game at the home of O. C. Chowing, 625 1/2 Mass. avenue, Room 12. Chowing was arrested on charges of keeping a gambling house and gaming and eight others were slated for gaming.

"Blind Tiger" Raid. When the second morals squad, led by Sergeant George Winkler, visited the home of Maria Wyatt, colored, 1222 1/2 North Senate avenue, they found a pint and a half of gin on ice and five quarts of raisin whiskey. The Wyatt woman was slated for operating a "blind tiger."

After Sergeant George Winkler and squad found fifteen gallons of "white mule" in a cellar at the home of Mrs. Mrs. Kelley, 124 North Illinois street, Saturday, they arrested her on a "blind tiger" charge. She is alleged to have destroyed one set of liquor when the officers entered her home.

Alleged Resorts. Eva Swanson, colored, 557 East Court street, and Katie Barnett, colored, 652 East Court street, were arrested Saturday by Sergeant Volder and Patrolman Fleming on charges of keeping resorts. Two other men and one woman were arrested on statutory charges. Winkler and squad arrested Laura Helms, 104 Richwine street, and one man and one woman on similar charges. The Helms woman also was slated for keeping a resort.

PRESENTS HIS RESIGNATION Snyder to Devote Full Time to Highway Transport Association.

Tom Snyder, secretary of the wholesale trade division of the Chamber of Commerce and business manager of the Heart O' Trade, the official publication of the chamber, has resigned to devote his full time to the affairs of the Highway Transport Association, of which he is secretary. Mr. Snyder's resignation becomes effective at once.

Mr. Snyder has been identified with the Chamber of Commerce for two years. He became a member of the staff at the time the Indianapolis Transfer Association established its relationship with the Chamber of Commerce. Mr. Snyder was secretary of the transfer motor line between Indianapolis and Anderson, Indiana, and Monrovia and Indianapolis and Richmond. The association plans, Mr. Snyder said, to establish new routes.

John B. Reynolds, general secretary of the Chamber of Commerce, said that no arrangements have been made to fill the vacancy made by Mr. Snyder's resignation. The Chamber of Commerce, Mr. Reynolds said, is thoroughly in sympathy with the highway transport movement and will continue to co-operate with the Highway Transport Association.

WILL BE GUEST OF AUNT.

Vachel Lindsay, Widely Known Poet, Coming to This City Wednesday. Vachel Lindsay, of Springfield, Ill., a widely known poet, will come to Indianapolis Wednesday afternoon to be the guest for several days of Mr. and Mrs. Loretta O. Hamilton, 3011 North Alabama street. Mr. Lindsay, who is a nephew of Mrs. Hamilton, will stop here on the way to England, where he will make a lecture tour. He is the author of several volumes of verse, the latest of which is "The Golden Whales of California." Other volumes are "General Booth Enters Heaven"; "The Congo, and Other Poems"; "The Chinese Nightingale." He has published two volumes of prose. Another collection of verse, "The Golden Book of Springfield," is now almost ready for the press.

Automobile Truck in Struck by Fast Passenger Train near Frankfort. (Special to The Indianapolis News.) FRANKFORT, Ind., August 2.—William Engleton, age thirty-five, was killed Saturday night when the automobile truck he was driving was struck by a fast north-bound Pennsylvania passenger train at the crossing in Sedalia, ten miles north of here. He was thrown fifty feet.

The gasoline tank of the automobile exploded when the truck had been carried some distance down the track. Engleton was a farm laborer employed by Cecil Milner, near Sedalia.

Auto Turns Over; Five Hurt. (Special to The Indianapolis News.) VINCENTS, Ind., August 2.—Olover McCarthy was seriously injured yesterday and two other men and two young women were hurt when an automobile in which they were riding turned over several times on the Terre Haute road north of this city. The car, owned and driven by Ray Lewis, was struck by Kittie Bauer and Mattie Brunson, of this city, and H. C. Hutcheson. The three men live at Lawrenceville, Ill., west of here.

Six Hurt in Collision. (Special to The Indianapolis News.) HARTFORD CITY, Ind., August 2.—The Rev. C. G. McCreekin, pastor of the United Brethren church, at Geneva, Ind., his wife and two children and Mrs. Alva Vorhees and daughter, also of Geneva, were injured Saturday evening when their automobile was in collision with a truck northeast of the city. Yonayda McCreekin, age four, and Dora Ann Vorhees, age five, suffered severe cuts about the head when they were thrown through the windshield.

Man and Wife Injured. (Special to The Indianapolis News.) ELWOOD, Ind., August 2.—John Matthews and wife were on their way to attend a church meeting at Alexandria, Sunday, when their automobile skidded and turned over on a hill near Creston. Mrs. Matthews suffered a broken arm and was badly bruised and her husband was injured internally.

A Superstition. (Washington Star.) "Do you don't believe there is such a thing as a ghost?" "Not nowadays," replied Mr. Dustin Stax. "What is your idea of genius?" "A man who could think of some way to help the railroad business without raising rates."

Mr. and Mrs. Ben Hammerman have gone for a trip to several points in the east.

Mr. and Mrs. F. Fontaine have returned home after spending a month in New York.

NEW TURK CABINET FORMED

Damad Ferid Pasha's Selections Said to Favor British.

(By the Associated Press.) CONSTANTINOPLE, August 2.—Damad Ferid Pasha, the grand vizier, has announced the formation of a new cabinet composed largely of members friendly to British interests, according to political observers who are well acquainted with the affiliations of the new men. Damad will be minister of foreign affairs and acting minister of war in this ministry, of which he is the only member brought over from the old cabinet, the objections of which to the terms of the peace treaty forced its dissolution.

The Turkish newspapers announce that the day the treaty is signed will be observed by the Turks generally as a day of mourning. The shops and cafes will be closed as one of the signs of protest. It has not been possible, however, for definite arrangements to be made for the signing of the pact.

Sir William Grenfell Max-Muller, newly appointed British minister to Turkey, is expected at Constantinople shortly. Because of the greatly lessened importance of Turkey, with her smaller area and population and because of her being placed under international control, Great Britain is sending a minister and not an ambassador. The other European powers are expected to follow suit. There is much speculation as to whom the United States will send as a diplomatic representative. Not having declared war on Turkey the United States is free to resume diplomatic relations before the peace treaty is ratified by Turkey.

It is not regarded as likely that the American naval strength will be reduced under the conditions which will be brought about by the signing of the peace treaty.

DEFINITE ACTION LATER.

Movement to Build Memorial for Mrs. Sewall is Delayed.

Definite action on establishing a permanent memorial to Mrs. May Wright Sewall, who died recently, will be delayed until early fall because of the absence from the city of a number of Mrs. Sewall's friends. Mrs. T. C. Day, who was appointed by a meeting of representatives of women's organizations last week to select a memorial committee, will announce the members of the committee soon.

our annual August Sale of Furs Fur Coats, Wraps, Novelties for the Fall and Winter season of 1920-1921

This event affords you the opportunity of effecting decided savings on furs of known quality and reliability, in the new 1920-21 fur modes. We believe that prices which now prevail in our great August fur sale are much lower than they will be at any time later. Make your selection now.

This establishment has purchased thousands of dollars' worth of elegant furs, all conforming to the high Selig standard, at very remarkable discounts. Bought from the manufacturers at a time in the dull months when they were willing to sacrifice a part of their profit for ready cash.

Raw pelts also have been purchased at reductions of nearly 50 per cent. below the market price of last February. Furs have been made from these peltries and are now on sale at prices which we may not be able to duplicate later on.

In all fairness and frankness, we advise you to buy your winter furs now—during our great August sale of furs. Sale now in progress, 3rd floor.

New Cretonnes and Drapery Fabrics

Especially Featuring Two Unique Designs

The fall season's first showing and sale of new cretonnes and drapery fabrics, featuring original and unique designs in Chivalry cretonnes. On display are two patterns, exceptionally fine in design and color. One is the tournament, depicting the most characteristic events of medieval times, where were gathered at the court lords and ladies in gala attire.

In the fabric is pictured the combat of Sir Tristan and Sir Marhaus, who are shown in armor and on prancing steeds with spears interlocked. The banners flying. In another section Lady Belle Isoult is giving a wreath of victory to Sir Tristan. The coloring is most charming in combinations of gunmetal, old blue, old gold and henna. Price, \$1.25 yard.

You'll Be Delighted With These

Another pattern with King Arthur in the forest, showing the beauty of all hunting scenes, in taupe, old gold and old red colorings. Very fine all-over patterned cretonne; the price is only \$1.10.

"Bambette" is another new pattern, old blue, old red and gold on a black background, interlaced pattern showing strong Spanish influence, very suitable for hangings or furniture coverings; price \$1.00.

A new silk combination in a soft, light weight overdrapery material in old gold and blue, figured and plain, at \$2.25 and \$2.50 a yard.

As an extra special, about 600 yards of cretonne on black, blue and light colored grounds, beautiful floral effects, 36 inches wide, at 50c a yard.

About 1,600 yards of scrim in white, cream and ecru, at 25c a yard.

Figured and large dotted swiss at 60c and 65c a yard.

Nets in white, cream and ecru at 70c to \$2.25 a yard.

ANSWER TO LOVE NOTE IS BULLET IN HIS HEAD

GEORGE TEVIS'S BODY FOUND IN ROOMING HOUSE.

WOMAN ALSO SHOOT'S SELF

George Tevis, age thirty-two, committed suicide Sunday afternoon in a rooming house at 207 East North street, by shooting himself through the left temple with a revolver. He was dead when Ida Webcock, one of the roomers, found him.

Tevis, who had been rooming at the house about three weeks, left a note, indicating that he had become despondent over a love affair. The note, which was addressed to Mary, in care of the Webcock woman, read as follows:

"I loved you better than I did anything else. This is my answer to your note. It was all my fault. I do not blame you."

Sitting at Table.

Dr. Paul F. Robinson, coroner, who is investigating the case, said the Webcock woman told him Tevis was sitting at a table in the dining room when he fired the shot. The woman said she first thought the sound of the revolver shot was the backfiring of an automobile and paid no attention to it until several minutes later when she smelled powder.

Mrs. Jessie White, age eighteen, 610 South Missouri street, shot herself in the left shoulder late Saturday afternoon in an attempt to end her life. She was found alone following the shooting by Mary Keefe, 412 South Missouri street, who was attracted to the house when she heard the woman moaning.

Probably Not Serious.

Mrs. White told the police that she and her husband, Clinton White, had quarreled a short time before she shot herself and that she decided to "end it all." Physicians at the City Hospital, where she was taken, said her condition is not believed to be serious.

Hitchcock League Debate At Winona Lake August 9

WASHINGTON, August 2.—Senator Hitchcock, of Nebraska, who was the administration leader in the senate treaty fight, has been elected by Governor Cox to represent the Democratic party in a joint debate on the league of nations at Winona lake, Indiana, August 9.

The Republican national committee will select a debater in opposition, it was said today at Senator Hitchcock's office.

Senator Hitchcock will speak later at Dixon, Ill., and Big Merton, Ind., on the same issue.

lation of the Lever act in taking excessive profits on coal in carload lots would be made within the next few days. Fifteen coal operators and others were arrested here Saturday and will receive preliminary hearings this week. The fifteen served with warrants gave bond of \$2,000 and it was announced that a meeting would be held soon to decide on common counsel to represent all. Those arrested after indictment on from two to five counts each represent the more important cases, federal authorities said, while the arrests yet to be made will be on charges of minor violations.

In the case of one of the operators arrested Saturday the government charged the defendant with producing coal at a cost of \$2.50 a ton and selling it at prices from \$7 to \$12.50 a ton. The alleged margin of profit in the other cases varied.

FIGHT "OPEN SHOP" PLAN.

Chicago Labor Body Opposes United States Chamber of Commerce.

CHICAGO, August 2.—The Chicago Federation of Labor has authorized its president, John Fitzpatrick, to appoint a committee of fifteen for the announced purpose of "actively going to battle with the United States Chamber of Commerce on the 'closed shop proposition' and to devise means of preventing open shops."

Mr. Fitzpatrick said he considered the policy of the United States Chamber of Commerce one of "forcing the employer to employ American labor, and that his organization intended to do everything possible to obstruct that policy."

Exact methods of battle will be arranged by the committee, he said, declaring that the first action "would bring the fight out into the open."

TREATY DIVISION GIVES DEPARTMENT GREAT TASK

Officials Believe Completion of Work Impossible Within Ninety-Day Limit Under Law.

(By the Associated Press)

WASHINGTON, August 2.—The task of studying the more than a score of commercial treaties which must be amended or canceled under the recently enacted Jones shipping act has been found so formidable by the state department that the belief was expressed by department officials yesterday that it would be impossible to complete the work by September 2, the expiration of the ninety-day period permitted by the act.

In addition to ascertaining the extent to which existing treaties must be amended in order to reclaim for the congress the right to enact legislation imposing discriminating duties and changes in favor of American shipping, the state department will find it necessary to enter into more or less extensive correspondence with the foreign governments affected by develop their views and learn whether they are willing to make the changes desired. This will be a time-consuming task, as much of the negotiating must be done by mail, involving many weeks for each change of notes. Therefore it is probable that recognition must be had to the plan of dating back any action that the government must take when it appears that the action cannot be taken within the legal period of ninety days after the signing of the shipping act.

The attempt will be made to obtain amendments of the existing commercial treaties in the spirit of the shipping act rather than resort to denunciation of whole treaties, for in that way it will be possible to avoid the automatic application of the 5 per cent differential duties in favor of American shipping contained in the Underwood tariff act, which it has been found would otherwise apply. But there is grave doubt among officials as to the acceptance of such a procedure by some of the more important foreign governments which may prefer to adopt retaliatory measures rather than submit to the imposition of discriminatory

duties on their products imported into America. Thus far, while there have been many inquiries from embassies and legations in Washington as to the disposition of the state department there have been no formal exchanges and consequently no official threats of retaliation.

The foreign press, however, has abounded with protests against the shipping act, while foreign chambers of commerce and other commercial agencies, such as steamship companies, have not hesitated to express publicly their disapproval of the act and declare their intention of meeting any attempt at discrimination against their commerce and shipping lines with retaliatory measures.

Japanese steamship companies have been prominent in their protests and have threatened to divert their Pacific steamers from Western Ameri-

can to Canadian ports, or to carry their freight through the Panama canal to Atlantic ports near the places of consumption of their freight, thus meeting the threat to impose heavy compensating charges on rail transportation on Japanese goods under the amended interstate commerce act.

These threats also have had the effect to attract attention in Canada, where the railroads are asking why they should be punished for something that the Japanese companies or the Japanese government have done, thus foreshadowing later protests from the British government.

Sinn Fein O'Doherty Released.

DUBLIN, August 2.—A London-derry message reports the unconditional release of Joseph O'Doherty, Sinn Fein member of parliament. To prevent his trial the Sinn Feiners recently burned the Buncrana Court house in County Donegal. O'Doherty was arrested on the charge of soliciting subscriptions for the "Irish republican parliament."

ANDERSON, Ind., August 2.—The annual camp meeting of the Indiana Association of Spiritualists at Chesfield camp, near here, was attended

by more than 2,000 persons Sunday. E. W. Sprague, of Detroit, Mich., and C. W. Stewart, of Cleveland, O., were the principal speakers. Mrs. Stewart and Mrs. Mable Riffe, of Anderson, were the message demonstrators. No program was arranged for today. The camp meeting will close August 23.

FIGHT TOUR IS MAPPED.

Test Trip of Big Plane to Precede 22,287-Mile Aerial Derby.

NEW YORK, August 2.—A route has been mapped for the first aerial derby around the world—for which no date has been announced—by a special joint commission of the Aero Club of

America and the Aerial League of America, which recently returned from a tour of the world.

A test flight, preceding the derby, will start in London, moving east to Tokyo and thence to Seattle and New York. It was announced, but the date of the test flight was not given. This flight will be made in an airplane with a capacity for ten passengers, to ascertain the exact flying conditions of the proposed route, it was said.

The tentative route of the around-the-world derby follows:

New York to Seattle, to Yokohama, to Shanghai, to Bangkok, Siam; to Karachi, India; to Calcutta and Delhi, to Baghdad, to Rome, to the Irish coast; to London, Newfoundland and New York. The total distance is 22,287 miles.

SHIP CARRYING MANNIX MAY GO TO LIVERPOOL

CELTIC ORDERED NOT TO STOP AT QUEENSTOWN, IRELAND.

BALTIC MAY BE ON LIST

QUEENSTOWN, Ireland, August 2.—The White Star liner Celtic, due here Sunday night with 800 passengers for this city, has been ordered to proceed directly to Liverpool. It is surmised the Baltic, on which Archbishop Mannix of Australia sailed from New York Saturday, will be directed to take a similar course. The Press Association says neither White Star nor Cunard liners will call at Queenstown to disembark passengers until further notice.

Wonder as to Next Procedure.

DUBLIN, August 2.—Should Archbishop Mannix of Australia, be forced to proceed directly to Liverpool the question arises here as to how the government can prevent his coming to Ireland. Until a few months ago a permit was required to land in Ireland, but this regulation was abolished. It is suggested that it might be revived as has been the rule regarding government search of passengers' baggage.

Large numbers of bishops and priests from Australia are visiting Ireland, and intimations have been given that they will form a body to guard for Archbishop Mannix, if he is permitted to land. The bishop of Sydney, Australia, who has been visiting Ireland, yesterday preached a sermon, sympathizing with the Sinn Féin.

Caronia Goes to Liverpool.

BELFAST, August 2.—The Cunard line steamer, Caronia, carrying some Irish passengers, arrived at Liverpool on the voyage from New York, instead of going first to Queenstown, as has been the custom. Ordering of the Celtic and Caronia is pointed out, will inflict heavy financial loss on the port, where the hotel and other supplies for thousands of passengers expected to land from the steamers. Agents of the company said their instructions so far only relate to the Celtic and Caronia.

PONZI RUN CONTINUES.

Long Line Waits to Withdraw Money, and Hopes for Big Reward.

BOSTON, August 2.—The Securities Exchange Company, headed by Charles Ponzi, whose alleged operations in foreign exchange are being investigated by Daniel J. Gallagher, United States district attorney, and J. Weston Allen, attorney-general, of Massachusetts, continued today the payment of notes to investors who presented their claims. The line of claimants awaiting attention was a long one, extending from Pi alley through City Hall avenue to Court square and fully equalling that of the early days of last week when at the request of investigating officials, Ponzi stopped accepting money from depositors. Ponzi's prompt return of money to those who asked for it had the effect toward the end of last week of greatly diminishing the number of claimants, but there was evidence today of a sudden renewal of the desire to cash the notes he had issued.

While his clerks were meeting these demands, returning the principal to those whose ninety-day notes had not matured, and keeping it was said, to the promise to pay 50 per cent. interest on matured notes, Ponzi issued a statement in denial of a published article by William H. McMaster, his former publicity agent, in which McMaster expressed the belief that Ponzi was hopelessly insolvent and was paying out money to some depositors at the expense of others.

"I have twice as much money as will be needed," said Ponzi, "to meet any obligations that may be presented to me," and added that McMaster never was in a position to learn his employer's financial standing or methods of operating his business.

Many of those who waited for their money were carrying copies of the paper in which McMaster's article appeared. The crowd included a number of women, some of whom said they had left their employment for a few hours for the purpose of procuring the money they had invested.

SAYS MYSTERY ELEMENT IN DEATH OF LOFTIS IS GONE

Chicago Police Chief Declares Diamond Merchant Was Killed by Accidental Fall

CHICAGO, Aug. 2.—Police Chief Garrity today declared the mystery

element in the death Friday night of Samuel T. A. Loftis, millionaire diamond dealer, had disappeared and that the authorities were satisfied he was killed by an accidental fall.

Miss Ruth Woods, cashier of the Edgewater Beach Hotel, who was with Loftis when he died and had been held as a witness, will be released as soon as the coroner's inquest is completed, Garrity said. Roy M. Shayne, who came to the Loftis apartments in response to a telephone call from the girl, already has been released.

Garrity said the police were convinced that Loftis, while intoxicated, fell and struck the back of his head on the floor, causing a cerebral hemorrhage.

It was first reported that Miss Woods took jewelry valued at \$48,000 from Loftis' apartments after his death. Instead, Garrity said, she took only a watch and ring valued at \$2,500.

These, she insists, were given her

by Loftis. In view of the jeweler's eccentric character, this was deemed plausible by the police. Herman Weiler, taxi-chauffeur, who drove Miss Woods from the Loftis home to her mother's home, and who is alleged to have robbed her of \$30 while she was stupefied by fright and liquor, has been charged with larceny.

NEGROES MEET IN NEW YORK

To Elect World Leader and "Provisional President of Africa."

NEW YORK, August 2.—The Universal Negro Improvement Association opened its first convention here yesterday with the announced purpose of electing a "world leader and a negro leader of the 12,000,000 people of the United States and a provisional

president of Africa." A constitution and a "bill of rights in the name of the negro" also will be adopted, according to Marcus Garvey, president-general of the association.

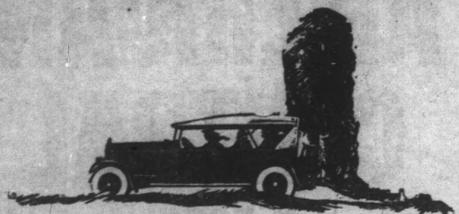

The convention is scheduled to continue until August 31 with representatives of negroes in all parts of the world in attendance. The program yesterday included a religious service and a parade through the negro district of Harlem. A public meeting was scheduled for tonight at Madison Square Garden.

Old Timers and Youngsters Tee Off in State Championship Play on Links of Kokomo County Club—Thirty-four Indianapolis Players in Field of 106.

BY THOMAS A. HENNING, Staff Correspondent and Indianapolis News

KOKOMO, Ind., Aug. 2.—Now is the time for some young Hoosier to crash right through and land the Indiana state golf championship title. The time is ripe, the conditions are right and may the fates be right.

Indiana needs a hard hitting, heady, fighting team, shouldered, straight carriage boy, under twenty years of age, for a golden championship. It is a hard job, but the good old state is looking through with a Hoosier Perry Adair or home grown Dick Jones Jr. to carry on Indiana's battle for going supremacy.

This honor position was taken, too, in a field of 108 golfers, the largest number of players who ever entered an Indiana tournament. Just how badly Indiana youngsters of championship caliber are wanted, needed and prayed for may be understood when it is realized that officials who placed young Patton and Sparks in first position were such old timers as G. A. Young, of Lafayette, president of the state association; Jess J. Mosley, of Riverside, the most venerable of Hoosier golfers.

Old nature has even turned delectable and though it is August the morning was as fresh as spring when the two youngsters led the field away from No. 1 tee with sweeping, graceful, powerful drives and were off with great accuracy for the first of the four qualifying rounds.

But in the clamor for the new and the novel and the ardent appeal for new champions that is today, shovels, the old timers are here and the young buck will have to play some good golf to get the nod and fight harder than ever before to get into the final which is out for the 1920 championship.

Low cards for the first nine holes were: Dick Patton, Kokomo, 48; Baxter Sparks, Terre Haute, 48; R. M. Lee, Muncie, 50; D. C. Powell, Indianapolis, 51; J. D. McLaughlin, Kokomo, 51; J. D. McLaughlin, Kokomo, 51; J. D. McLaughlin, Kokomo, 51.

Tales of the Spanish Main

When Black Pedro hacked it out with Captain Kidd

When Captain Kidd deserted the English in 1696 to rove and range the Spanish Main he was always ready to measure swords with any who disputed his captaincy.

Under a blazing tropical sun, says an historian, Captain Kidd fought "Black Pedro" all one morning on the golden sands of Porto Rico, until with a last staggering thrust he drove his sword between the pretender's ribs.

Today, although some still dream of finding there part of Kidd's buried treasure, it is a fact that the value of only a single year's crop of the precious Porto Rican leaf that gives you the PORTINA cigar is greater by a score of times than all the wealth Kidd ever stole.

Demand has done it—a national rational demand for a full-flavored full-bodied cigar that a man can buy by the handful or by the box without worrying about the cost.

PORTINA is the pick of this treasure island's golden pickings. Hand-rolled by expert cigarmakers into delightfully rich, mellow-flavored rolls, of shapes and sizes and prices that will suit any and every taste or pocket.

Advertisement for PORTINA cigars, featuring the brand name in large letters and a list of prices: 2 for 25¢, 5 for 50¢. Includes the name PARKER-INDIANA DISTRIBUTING CO., Distributors, 42 South Pennsylvania Street, Main 252, Indianapolis, Ind., Auto. 21-252.

RAPID PROGRESS IS MADE WITH THRASHING

FARMERS HANDICAPPED BY CAR SHORTAGE.

OTHER CROP CONDITIONS

Winter wheat thrashing progressed rapidly last week, according to the weekly crop report of George C. Bryant, field agent of the Co-operative Crop Reporting Service. His report follows:

All farm work progressed very favorably during the last week. Some sections are very much in need of rain.

Corn has a wonderful stalk growth and is fairly well tasseled out, but it is about three weeks late. Some sections are quite droughty and unless rain comes very soon serious damage will result. The last three days have been very favorable.

Winter wheat thrashing progressed very rapidly during the last week. Yields range from four to forty bushels; both are rare, however. The car shortage is serious and many farmers are suffering heavy losses because elevators and mills can not accept their wheat.

A very spotted condition exists in spring wheat. The yield will fall below average.

Outs cutting is nearly completed and some has been thrashed in the southern part of the state; yields vary greatly. In the north part, the crop will do an average with some fields making exceptionally heavy yields.

Barley about the same as oats. Rye in the north part of the state is making some very heavy yields, but in the central and southern part it is not doing so well. It probably will go a little better than average.

Early potatoes are coming on the market. They did not turn out as well as expected. Late crops look much better, although there is some insect damage and loss from blight and wilt.

Timothy and clover hay are all harvested, and generally under very favorable conditions. The second cutting of alfalfa also is completed with good results. Seed crops will be very good and pastures are excellent in most places for this season of the year.

Burley and cigar type tobaccos are very good, but in the dark district it is not doing so well. The health of all live stock is good. The reduction in feeding operations is very noticeable, especially in cattle.

Prospects for apples and pears are only fair. Peaches are a very large crop and the quality is excellent.

BUYS INTEREST IN PAPERS

Eugene Pulliam Takes Over Franklin and Greenwood Publications.

(Special to The Indianapolis News)

FRANKLIN, Ind., August 2.—Eugene Pulliam has brought the interest of W. W. Alkern and Raymond H. Sellers, in the Franklin Evening Star, the Franklin Republican, and the Greenwood Era. For the last three years Mr. Pulliam has been editor of the Star. The business will be incorporated with a stock of \$50,000, under the name of the Star Publishing Company.

Raymond Thomas, of Cincinnati, formerly with the Crescent Paper Company, of Indianapolis, but for the last few years connected with Proctor & Gamble, of Cincinnati, will be the business manager of the new company. Mr. Alkern, who retired, founded the paper thirty-five years ago. Mr. Pulliam is a graduate of DePauw University, and before coming to Franklin, was connected with the Kansas City Star.

HULKS OF FIVE FORMER GERMAN WARSHIPS ARRIVE IN N. Y. HARBOR

NEW YORK, August 2.—Hulks of five former German warships, allocated to the United States for experimentation and to be destroyed within one year, have arrived in New York harbor. They will be anchored for two weeks in the Hudson river and will be open for public inspection. Four of the war craft took an active part in the battle of Jutland, only one, the dreadnought Ostris-

land, was able to cross the ocean from Brest, France, under her own power. The others, including the cruiser Frankfort and three destroyers, were towed. They were brought over under the command of Captain Julius P. Hellweg, U. S. N.

After remaining in the Hudson for two weeks, the Frankfort and the three destroyers will be taken to Newport News, Va., and the Ostrisland probably will be taken for a tour of the Atlantic and Pacific ports.

PRISONERS ATTACK JAILER Unsuccessful in Attempt to Get Out of Knox County Institution. (Special to The Indianapolis News) VINNENES, Ind., August 2.—Prisoners at the Knox County Jail were unsuccessful in an attempt to escape yesterday. One of the prisoners struck Harvey Lankford, jailer, on the head with a heavy piece of steel, while Lankford was distributing

food. Harry C. Adams, sheriff, heard the struggle and Lankford's cries for help and went to his assistance. He found Lankford fighting five men. Lankford suffered a severe scalp wound, a broken nose and other injuries. The attack, it is said, was led by George Schuman, one of three sailors arrested at Nashville, Tenn., last week on a charge of having stolen an auto belonging to Ewing R. Emison, of this city. The sailors deserted from the Great Lakes naval training station, the authorities say.

Labor Parade Called Off. BOSTON, August 2.—Because a large number of unions had refused to participate in a parade Labor day unless the Boston Central Labor Union should withdraw its invitation to Governor Coolidge to review the marchers, the Central body voted unanimously yesterday to rescind its previous decision to have a parade.

Members of the parade committee reported that there was a strong sentiment among many unions against passing in review before the

Governor and against being escorted by policemen who took the places of the members of the Policemen's Union who went on strike last September.

FOR A MINIMUM WORK AGE

Children's Committee Completes Study of Employment Fitness.

WASHINGTON, August 2.—Recommendation that a minimum age of sixteen years be set for the entrance of children into industry is made by the permanent committee on standard of physical fitness for children entering employment in a report made public here. The committee has conducted an investigation under the children's bureau of the department of labor and was headed by Dr. George P. Barth, of the Milwaukee city health department.

No child, according to the committee's recommendations, should be permitted to work until he has had a complete physical examination and has been declared physically fit for

the particular occupation which he is about to take up. Re-examination for working children are regarded necessary when changing occupations vary.

THE NEW SERIES HAYNES SUBURBAN

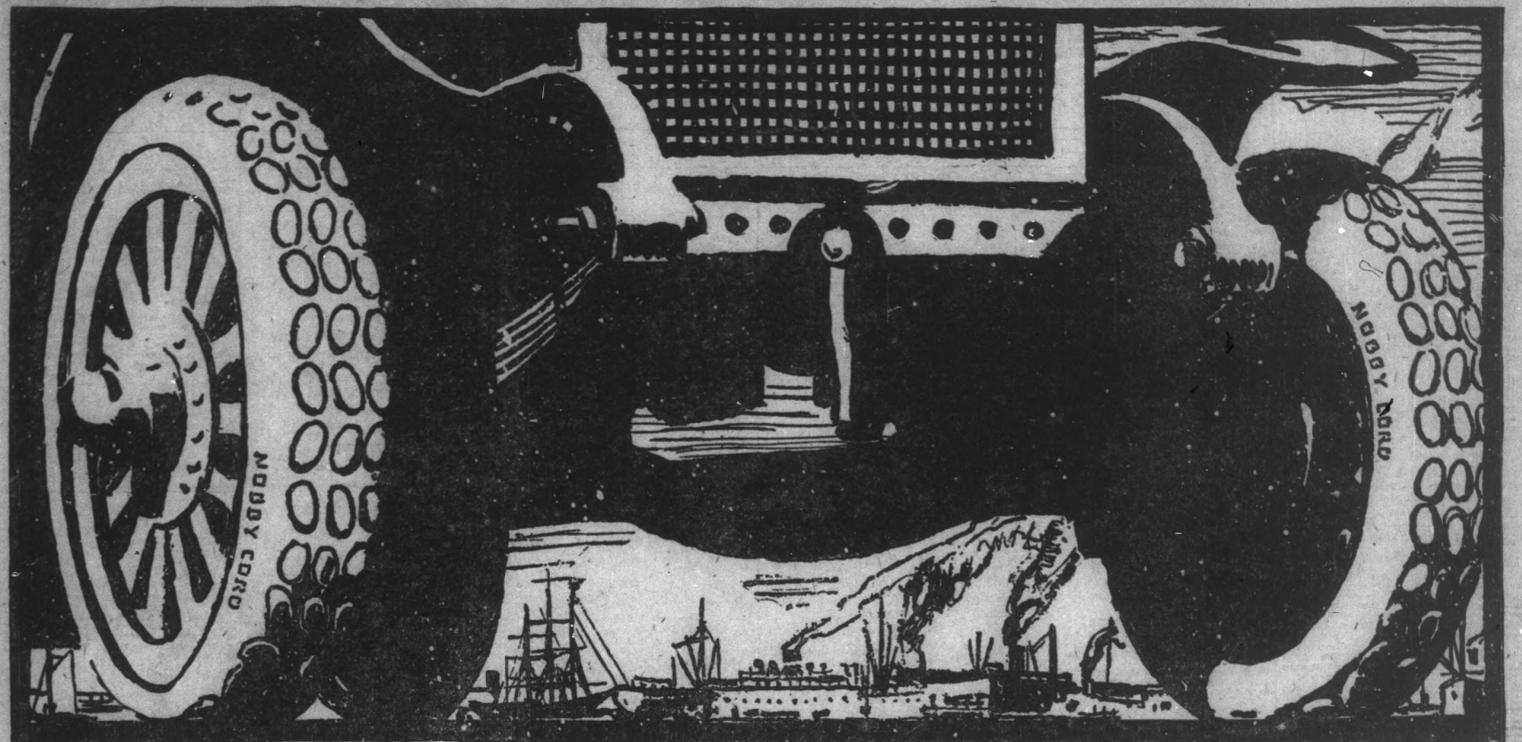

APPRECIATION of the most advanced modern taste in closed cars is expressed in the new series seven-passenger Haynes Suburban, the ultra-luxurious, dual type closed car, which affords the distinctiveness of a chauffeur-driven equipage when desired, as well as the congenial family atmosphere of an owner-driven car.

This is accomplished by the lowering of the plate glass partition, making the entire interior a single compartment. The driver's seat and forward division are trimmed in genuine leather; the rear compartment, with its wide, lounge-like seat and roomy auxiliary chairs, is upholstered in fine woolen cloth.

Considered from every angle the new series seven-passenger Haynes Suburban is a choice exposition of the highest development of the coach-builder's art.

WHEN an automobile owner's tire goes back on him he more or less cheerfully charges it off as a personal loss and tries to do better next time.

It is different with the motor truck owner.

Every tire must do exactly what is expected of it or be charged against his business.

Experimenting with tires is not the job of the truck owner.

The United States Rubber Company spent two years in developing the idea of putting a heavy truck on air before it brought out the first pneumatic truck tires.

Even at that time it was not satisfied.

Even at that time it saw that you could not take an ordinary passenger car tire, enlarge it and make it do what truck owners expect of their tires.

It went back again to first principles—to the foundation—to the bead of the tire.

It created a new type of bead construction, positively anchoring the cords. It put in the right number of breaker strips, stronger side walls, a heavier tread.

The result was a pneumatic truck tire—not an enlarged passenger car tire. Created to fill a need—not padded and bolstered up to fill a market already created.

There are still some sizes of U. S. Nobby Cord Tires you cannot buy. The market is there, waiting for them.

But they will not be released until this company is satisfied that they will do what truck owners expect of them.

The United States Rubber Company has never asked truck owners to pay for its tire experiments.

The car owner who seeks United States standards in tubes is well paid in more mileage for his tires. U. S. Red Tubes. U. S. Grey Tubes.

ELECTIONS IN MEXICO CARRIED OUT QUIETLY

GOVERNMENT PARTY BELIEVED VICTORIOUS. REPORTS NOT COMPLETED

MEXICO CITY, August 2.—Only minor disorders marked the congressional elections throughout Mexico yesterday. Detailed reports of the result were not available, but there were indications that the Liberal Constitutionalists are government party was victorious.

An urgent request for the postponement of the presidential elections for at least three months has been made by Provisional Cactus governor of Lower California, according to a dispatch received by the newspaper. The dispatch says Governor Cactus asserted that elections held prematurely would be regarded by the people as a means for imposing a single presidential candidate on the country. He is said to have taken the stand that the recent tragic death of President Carranza was an additional reason for postponing the selection of a new president.

Warning From Cactus.
Cactus also had telegraphed a warning to the provisional president that he will not be responsible for any occurrences which result if troops are sent against him. He says international difficulties will impend if such action is taken because of the many foreigners in Lower California.

Reports that the Mexican government had ordered \$50,000 rifles from Germany are denied by Miguel Iglesias Robles, private secretary to the provisional president who says this country can not afford to buy them. If Cactus had succeeded in his attempt to fight against the government he will be regarded as a traitor according to a statement issued at the office of Provisional President de la Huerta. In the meantime, however, Governor Cactus continues to report no news to the war department.

Wu Yu Kan, president of the Chinese Fraternal Union, has written to T. K. Fong, Chinese charge at Mexico City, urging him to ask the Mexican foreign office and the Chinese legation at Washington for protection for the Lower California Chinese, who are said to be "menaced by Cactus's rebellious plans."

President de la Huerta has told newspapermen that he does not regard the Lower California situation as a military problem.

CANTU REPORTED DEFIANT.
Secretary of State says breach can not be healed.

MEXICALI, Lower California, August 2.—The breach between the Mexican de facto central government is now constituted, and the government of the northern district of Lower California can not be closed, Jose M. Aguilera, secretary of state for Governor Esteban Cantu, said yesterday. Secretary Aguilera made the statement in connection with a denial of a report that Governor Cantu had sent another message to Alvaro de la Huerta, provisional president, in an effort to prevent the reported plan to occupy the district by federal forces.

"Governor Cantu is confident of ultimate success," said Secretary Aguilera. A number of former officials of the Carranza regime, who recently visited here, left for various parts of Mexico. They made no announcements of their destinations or future plans. They included General Lucero

Has 2,000 Picked Men to Be Used Against Cantu.

LOS ANGELES, Cal., August 2.—General Alvaro Obregon, chief of the military forces of Mexico, has established headquarters at Mazatlan, seaport on the west coast of Mexico, and personally will direct the movement of 2,000 picked troops of the expeditionary forces gathering to be sent against the troops of Governor Esteban Cantu, according to word brought here by passengers arriving from Mazatlan.

Russians Forced to Assist.
SAN DIEGO, Cal., August 2.—Members of a Russian colony at Guadalupe, on the highway between Tijuana and Ensenada, Lower California, have been impressed into the service of the army of Governor Cantu to assist in the transportation of rifle and machine gun ammunition from Mazatlan to Ensenada, where troops of the Mexican de facto government are expected to land in a movement against Cantu, according to reports brought here by passengers on a motorship from Ensenada.

Issuance of Permits Stopped.
CALIXICO, Cal., August 2.—Issuance of one-day permits to strangers to cross the Mexican boundary into Mazatlan, Lower California, was stopped here, Saturday, by immigration officials, who said they feared tourists might make "indiscreet remarks which would lead to embarrassing situations."

The border officials said, however, that no restrictions have been put on persons holding long-time passports or border permits.

EL PASO, Tex., August 2.—Japanese are enlisting by hundreds in the army of Esteban Cantu in Lower California, according to Henry M. Hill, consul-general from the Republic of Panama to San Salvador, who was in El Paso on his way to Washington.

Mr. Hill added that the majority of citizens of Lower California are not in sympathy with Cantu. All Central America, said Mr. Hill, is in sympathy with De La Huerta and his efforts to bring peace in Mexico.

Passenger Train Fired On.
MEXICO CITY, August 2.—Twenty passengers are reported to have been wounded when a passenger train was fired on by unidentified persons between Atapexco and LaGoleta, state of Michoacan, Saturday, according to a dispatch from the governor of Michoacan, Porfirio Garcia de Leon, candidate for the governorship of Michoacan, was on board the train.

U. S. Promises Protection.
CALEXICO, Cal., August 2.—Asylum in the United States in case their lives are endangered by hostilities has been promised all foreigners in

Lower California by W. A. Braisler, American immigration inspector here. Nationals of all countries, and even Americans who fled to Lower California to escape the draft will have a place of refuge, Braisler told a party of Mexicans (Lower California) Japanese, who visited him.

More than 7,000 Chinese, 5,000 Japanese and several hundred natives of other countries live in the northern district of Lower California.

Two More Rebels Surrender.
MEXICO CITY, August 2.—General Manuel Larraga and Leon Martinez, rebel leaders, have surrendered unconditionally, according to advices from General Alfonso de la Huerta, chief of operations in the state of San Luis Potosi, made public in a government press bulletin here.

The Secret of Their Favor Is Their Sealed-in Flavor

Determined to make Dyer's Pork and Beans so good that none could excel, we planned to imprison every escarpable flavor—and did it.

The Dyer process now entirely eliminates the evaporation or loss of flavor. The freshly-picked beans are sealed in the cans before final cooking, which assures 100% of the flavor going into the food. There is no loss of goodness—no waste of the pure essence and flavor. They are skillfully done in purest tomato sauce with a rasher of tender pork.

The Dyer process means that every essence of the flavor—every particle of the fragrant aroma and every advantage of a freshly cooked food is brought to your table without the loss of a single essential. All sealed-in.

It results in a food of exceptional merit, a choice, wholesome table need, rich in body-building proteins. Good for children—good for the grown-ups and usable in a dozen ways.

Try Dyer's Pork and Beans next time. We urge it in the confident belief that they excel. Your grocer has them.

Milk in Medicine Bottles

If Milk were scarce its great value as food for young and old would be more readily recognized. For if milk could only be obtained by doctors' prescriptions—you would gladly go to the drug store and pay a dollar a pint.

But, thank goodness, milk isn't scarce—it's plentiful, pure and good. But sad to relate, it isn't used liberally enough despite its comparative cheapness when compared to foods of less nutritive value.

The health and growth of children, the power to resist disease and the maintenance of bodily strength in adults depends not on the amount of food taken into the body, but nourishment derived from the food eaten. Milk is easily digested—there is no waste, and every drop goes toward making perfect health and maximum growth.

Families who use milk liberally and at every meal have rosy cheeked, bright, energetic children, and the adults are able to maintain their weight and health without consuming great quantities of indigestible food. Best of all, their meals cost less.

Prove it by ordering a quart of milk a day for each member of YOUR family. Then watch the consequent improvement in health and the actual decrease of living expenses. Milk takes the place of higher priced foods which are not so nutritious. Be sure you order Polk's Best.

INCREASE IN BANK DEPOSITS

Bank deposits in Indiana in the six months ending June 30, increased \$17,294,183.42, and banks during the same period increased in number from 792 to 862, according to a report made Saturday by Charles W. Camp, chief bank clerk of the auditor of state's department. The average cash reserve for the same period decreased 1.2 per cent. over the six months previous, the report showed. The average cash reserve for the six months' period of 1920 was 17.9 per cent.

The abstract of the condition of banks and trust companies for the state was as follows:

Table with columns for RESOURCES and LIABILITIES, comparing Dec 31, 1919 and Dec 31, 1920. Includes sub-totals for Consolidated and Individual banks.

The increase in deposits was not up to normal, but was very good considering the amount of money being drawn out of banks by farmers to market crops, Mr. Camp said.

SLOWING UP OF PRODUCTION IN IRON AND STEEL INDUSTRY

Week's Developments Unfavorable—Fuel Shortage Aids in Many Districts—No Demand from Automobile Trade.

NEW YORK, August 2.—Developments during the last week of the iron and steel industry have been far from satisfactory. The transportation slump has resulted in a general slowing up of production at the mills in the Pittsburgh and Chicago districts. Fuel shortage has been acute in certain districts because of the drive for extra heavy loadings of coal for the summer season.

From a market point of view the chief feature of the week has been the falling off in demand from automobile and motor truck makers. There has been more buying from the railroad car (regular work has resulted in a demand which has brought scrap prices to higher levels in the local district.

The steel, Pittsburgh, is now quoted at \$29.00 a box of 100 pounds. Triple mills in the Pittsburgh district have been forced to close on account of the unsatisfactory situation. Exportal material is more active, but in the new ordering there is less volume for steel for industrial enterprises.

Railroads are making inquiry for bridge work. Pig iron prices are tending higher on account of short supply for spot shipment. It is now certain that considerable tonnage of contract for 1920 delivery will have to be moved over to next year. No. 2 Philadelphia iron is quoted at \$49.15 a ton. No. 2 furnace Chicago, has moved up to \$46.50. There is little export business reported.

Copper is dull, but the price is steady at 17 cents a pound. Scarcity of lead has resulted in lead conditions here. Trading is restricted, and several hands report their inability to locate any large stocks for near-by positions.

Zinc is developing an easier tendency on the absence of export inquiry. The price has been quiet, but a slightly easier tone noted during the latter part of the week. Antimony in steady demand, at unchanged prices.

DOWN ON THE FARM

MUNCIE—Grain dealers here say the quality of the wheat crop is far above the average and that the quantity is fully up to the five-year average before the war. The crop also is large and is believed to be above average both in quantity and quality. The first cutting yielded over and over better than in years and the crops both early and late will be heavy and of good quality. Feeds, from which have been a failure in this vicinity for several years, are expected to yield heavily. While the grain dealers thus far have been able to ship out the limited quantity of wheat that has come to their elevators, they fear it may be necessary to shut down some elevators immediately if cars are not sent here at once.

SHELBYVILLE—Clarence Stubbs, west of here, has reported the highest yield of alfalfa clover in the county, fifty bushels of seed from 10 1/2 acres. The seed was sold at \$20 a bushel.

BRITISH GET CONTROL OF BIG FILIPINO COMPANIES

MANILA, Philippine Islands, August 2.—British interests have gained control of the three largest coconut oil companies in the Philippine islands, which have been consolidated into the Philippine Refining Corporation, with a capital of \$10,000,000.

Among the directors of the new concern are Dean C. Worcester, Carl W. Hamilton, Emilio Aguinaldo and Orville C. Sanborn. The concern takes over the Philippine Refining Corporation, the Rizal Refining Company and the Philippine Refining Company. Lever Brothers are reported to be the largest users of coconut oil in the world.

MASON EXPECTS IRISH TO SUPPORT HARDING TO SUPPORT HARDING PREDICTS GREATEST G. O. P. VICTORY SINCE GRANT'S NOMINEE BUSY ON SPEECH

MARION, O., August 2.—A prediction that Irish sympathizers will support Harding and Coolidge was made by Representative William E. Mason, of Illinois, one of the leaders of the fight in the congress for Irish recognition. In a statement made public from Harding headquarters today after he had conferred with the nominee...

Works on Wednesday Speech. Senator Harding began work today on his second front-porch speech, which he will deliver Wednesday to a delegation of Republicans from Wayne county, Ohio. It will be one of two such speeches he will make here during the week, the other being arranged for Thursday before the class school administration from Ohio State University.

Reply to White. A claim of complete Republican unity behind Senator Harding on the league of nations issue was made in an official statement issued today by Harding headquarters here.

Chairman White of the Democratic national committee, the statement said, "has undertaken to answer some questions recently addressed to him by error Cox. His statement is chiefly a complaint that both Senator Hiram Johnson and former President Taft have expressed approval of Senator Harding's position."

In reply the Republican statement says that "it is easy to understand such evidence at the Republican unity in displeasing to Mr. White," and adds that "Republicans of all sections and groups are solidly in favor of Senator Harding's attitude."

Senator Harding held a string of conferences today and worked between times on the Wednesday front porch speech.

Jewett on Conference List. Among those on his appointment list were Professor Irving Fisher, of Yale, Mayor Charles W. Jewett, of Indianapolis, and Representative Frederick C. Hicks, of New York. Mr. Hicks, who has just completed a trip through the west, told the candidate that although there was some disappointment there over Senator Johnson's defeat for the nomination in Chicago, the people now were "satisfied" and that the Harding candidacy was growing rapidly in strength.

Senator Harding held a string of conferences today and worked between times on the Wednesday front porch speech.

Keeps League to Fore. That the Republican nominee will not "permit the Democrats to evade the league of nations issue" was reiterated yesterday in a statement by Senator McCormick, of Illinois, who came to Marion to confer with Senator Harding. The Illinois senator, who is attached to national headquarters, said the solemn referendum which Mr. Wilson has sought "would be carried out."

The Democratic attitude he characterized as "sneaking" in view of recent utterances by European statesmen.

In an official statement published in London papers now received here, Senator McCormick's statement contained, the British prime minister says that obviously the covenant must be revised in order to secure American adhesion to any league, and that it will be revised for the better. Lord Grey proposes the President in consultation with the senate shall be invited to rewrite the entire plan for a concert among the nations and wars against accepting again as representative of the American people the narrow view of a party leader.

In the plain truth that in France and England respectful public opinion bitterly deplored the misrepresentation of America by Dr. Wilson.

SPEAKERS TO COVER NATION. New Goes to Marion to Confer With Senator Harding.

CHICAGO, August 2.—Senator Harry S. New, chief of the speakers' bureau of the republican party, left here today for Marion, O. where he will confer with Senator Warren G. Harding regarding arrangements for opening a nation-wide speaking campaign.

Announcement was made at Republican national headquarters here that thousands of speakers, already have been enrolled, including hundreds of women. It was believed the campaign will be in full swing early next month.

New will confer here Thursday with Congressional James H. Good regarding speaking arrangements for the middle west.

Southerners To Call on Harding. FT. WORTH, Tex., August 2.—Arrangements for the first delegation from the south to call on Senator Warren G. Harding, Republican nominee for President, have been announced at the headquarters of the Southern Protective Tariff Association here. The visit will be made early in the fall. Governmental policies of the nominee of products of the south will be sought.

Borah to Aid Harding. CHICAGO, August 2.—Senator William E. Borah, of Idaho, active in the pro-nomination campaign for Hiram Johnson, will take an active part in the campaign for Senator Warren G. Harding, and probably will make several speaking tours in the interest of the Republican nominee, it was announced at Republican headquarters here.

Throws Four Pennies to Child and Takes Her Dog. Tag Indianapolis with the latest edition of "the meanest man."

Yesterday afternoon Mary Jane, three-year-old daughter of Mr. and Mrs. Howard Shank, was walking with her pet bulldog Johnny, in Maple Road boulevard. The two were playing along together when an automobile drew up at the curb. A man jumped out of the car, threw four pennies to the little girl, put the dog in the automobile and drove away.

Mary Jane hurried home and proudly displayed the four pennies. Mr. Shank, Mary Jane and some friends got in an automobile and scoured the city for the kidnapper of Johnny.

Today's newspapers carry advertisements offering a reward for the return of the little girl's pet.

W. O. JENKINS TO FILE SUIT Former American Consular Agent to Ask Damages.

MEXICO CITY, August 2.—William O. Jenkins, former United States consular agent at Puebla, Mexico, will start a damage suit for his recent imprisonment, according to a Puebla dispatch today to El Universal. The identity of the defendants is not disclosed. Jenkins was a sales agent for copies of alleged false testimony and other documents.

The trial against Jenkins for alleged false declarations will be speeded up, according to the attorney. Jenkins was held in a cell in Puebla late in June said that testimony was being heard before the third criminal court there.

ARMY 95,000 SHORT. Report Shows Maximum Strength of 227,000 Not Reached.

WASHINGTON, August 2.—The regular army is approximately 95,000 short of the maximum strength of 227,000 permitted under the army reorganization bill, which became effective July 1. On July 29 the strength of the forces was 137,137 enlisted men and 15,244 officers, as against the authorized strength of 220,000 enlisted men, including the Philippine scouts, and 17,633 officers.

HELD FOR HUSBAND'S DEATH. New Haven (Conn.) Woman Said to Have Admitted Using Poison.

NEW YORK, August 2.—Coroner Mix of New Haven, Conn., arrived here today further to question Mrs. Alexandra Sokolowsky, who was arrested last night charged with the murder of her husband, a prominent labor leader, at their New Haven home June 28. He said a statement would be issued later in connection with the confession the police say she made soon after her arrest.

The alleged confession said that Mrs. Sokolowsky poured acid on her husband's face as he slept, with the intention of disfiguring him, after she found a letter written to him by another woman. Sokolowsky is believed to have swallowed some of the acid, causing death. Coroner Mix expects to complete arrangements for the prisoner's speedy extradition.

Mrs. Sokolowsky was arraigned today on a charge of being a fugitive from justice and was committed to the Tombs prison for thirty days pending arrival of extradition papers.

ELEVATORS ARE FULL. Grain in Madison County Bought Before Slump in Price.

(Special to The Indianapolis News) ANDERSON, Ind., August 2.—Several elevators in Madison county are full of wheat and unable to accept more until they can obtain cars for shipment of grain. The grain was bought before the slump in prices, last week.

August Sale of Furs

An occasion that stands apart by reason of the splendor and refinement of its merchandise—its plenteous assortments, the investment opportunity it presents to patrons.

There is more to our August fur sale than saving, although it is supreme in the point of values.

It's the distinguished character of the furs—the beauty and choiceness of pelts—the exemplary workmanship—the blending of pelts—the cut and charm of line—that give this sale first place among contemporary events.

The superiority of values has for its basis our large scale operations in the markets consummated at exactly the right moment when pelt prices reached low levels, and before the fur strike stopped production.

The selling that attends this occasion—doubling former high records—supports our assertion that this event is supreme in the superiority of the furs, the assortments and the excellence of values.

The saving ranges from 10% to 25%, based on future markings.

BIG DAY AT BATTLE GROUND. Boyville Has Its Opening—Wedding Ceremony a New Feature.

(Special to The Indianapolis News) LAFAYETTE, Ind., August 2.—Boyville had its opening today at the Battle Ground camp meeting. One hundred and fifty boys in attendance, with the Rev. J. F. Clearwater, of New Richmond, as their leader. The attendance at the camp meeting was materially increased by Sunday's special service. Dr. W. R. Wedderspoon, of Chicago, spoke. He made a strong plea for a life of service and presented David as an example of what constituted a real wealth in human life.

Frank Dougherty, of Terre Haute, presided at the love feast and Dr. Rebecca Parrish, of Mansfield, also spoke. There was a good attendance at the first conference in the home missionary cottage by the missionary societies of the Northwest Indiana Methodist Episcopal conference. Mrs. C. T. Jewett, of Terre Haute, was elected president of a camp meeting ground auxiliary. Dr. J. W. Leseman preached twice Sunday.

The first wedding ceremony ever performed at a session of the camp meeting took place Sunday, when the Rev. A. F. Northrup, of Ellettsville, married Herman M. Seidel and Miss Juliette Heckelsburg, two of his parishioners at the Terre Haute cottage.

Disinfection Cuts Down the Sick-List

Big sick-lists are unprofitable to the man who pays salaries. That's why organizations aiming at high efficiency take every available means to protect the health of employees.

Frequent disinfection is one of the first steps in health protection. Proper disinfection kills disease germs and thus prevents sickness from spreading throughout the establishment.

Lysol Disinfectant

Cuspidors, toilet-rooms, sinks, drains, floors, window-sills, dark corners—all are favorite birthplaces for disease germs.

Sprinkle a solution of Lysol Disinfectant frequently in all such places. Insist that Lysol Disinfectant be added to all scrubbing water, too.

Used regularly, Lysol Disinfectant kills germ life or prevents its creation.

A 50c bottle makes five gallons of powerful disinfectant; a 25c bottle makes two gallons.

Remember, there is but one genuine Lysol Disinfectant—made, bottled, signed, and sealed by Lehn & Fink, Inc.

INDIANA POLITICAL NOTES

MUNCIE, Ind., August 2.—Harry Long, of Muncie, Eighth district Republican chairman, has named Mrs. James M. Laramore, of Anderson, to be chairman of the women of the Eighth district. Mrs. Laramore is expected to call a meeting of her district committee at once and begin a vigorous campaign. Special efforts will be made to enlist the interest of women who now oppose suffrage, it is said.

EVANSVILLE, Ind., August 2.—Yanderburg county will not be restricted for the November election, according to a Star-Hopkins, chairman of the Republican county central committee of Vanderburg county. The law provides that not more than 1,500 voters shall vote in any precinct. Mr. Hopkins does not believe the number in any precinct in the election this fall will reach this figure.

VALPARAISO, Ind., August 2.—Porter county women are perhaps the best organized in a political way in the state. This condition is due to the untiring efforts of Mrs. Frank B. Chatter, women's Republican county chairman. Every township in the county has an organization and meetings are held each week to discuss politics. Six meetings are to be held in this city this week. Mrs. Julia Lowenthal, of Chicago, and Dr. O. E. Nesbit, of Gary, are the speakers at the first meeting.

RICKENELL, Ind., August 2.—Representatives of the Knox County Farmer-Labor party in session here Saturday nominated John W. Buck as candidate for representative; John J. Rice a candidate for county treasurer; and Tom Roney as candidate for sheriff.

FT. WAYNE, Ind., August 2.—A county (county) was nominated at a meeting of the Farmer-Labor party here Saturday.

LAWRENCEBURG, Ind., August 2.—Local Republicans are to organize a Harding-Goodrich Club and will open headquarters within a few days.

"Wearever" aluminum combination cookers

A cooker that does double duty. Just two hundred to sell at this figure, \$3.48

Aluminum cookers, like picture—\$3.48

The cooker consists of two containers, each 4-quart size, which, when combined, makes a double cooker, and, separate, serve as kettle, colander and steamer.

This cooker means a great saving of fuel and heat, as one burner will cook meat and vegetables at the same time. The housewife may cook a pot roast in the lower pan while rice or potatoes are steaming in the upper, thus getting double use of the fuel. The cooker can also be used to prepare two foods which require different degrees of speed in cooking. Special..... \$3.48

Annual advance sale of women's and misses' FINE PLUSH COATS

An annual event that brings values even beyond the belief of people thoroughly acquainted with merchandise conditions.

Savings are 10% to 30% on later season prices—we guarantee this. Sale prices \$24.75 to \$100

In making preparations for this event many weeks ago, we enlisted the services of one of the foremost manufacturers of plush coats in the country. We placed our orders at the most opportune time, when wholesale prices were far lower than at present.

In addition to this, we happened upon a concern which transacts its business by catalogues and folders—it had on hand a few of a kind plush coats which we obtained at practically our own named price, enabling us to present to our patrons values that are almost incredible.

Every coat is of beautifully soft silk plush, in the most fashionable models. Such clever copies of high-priced fur coats that it is difficult to distinguish them from their originals.

Villa to Spend Money for Education for Mexicans

MEXICO CITY, August 2.—Paying off followers of Francisco Villa, who will receive a year's pay when mustered out, will cost the Mexican nation more than 1,000,000 pesos, according to an interview with a treasury official published here today.

Villa has written Provisional President de la Huerta outlining his plans to establish schools and requesting books, pencils, chalk and other supplies. He declares he will spend any money sent him for educational purposes.

SAY CAMPAIGNS WILL BE BASED ON ECONOMY PLAN

Senatorial Members of Investigating Committee Set Out Causes for Thrift.

CHICAGO, August 2.—Presidential campaigns this year are going to be run on a thrift basis, in the opinion of several members of the senate committee which has been investigating pre-convention expenditures of the various candidates who sought nomination by one or the other of the major parties, Senators Kenyon (Rep., Ill.), Reed (Dem., Mo.) and Spencer (Rep., Mo.) all declare that the campaigns this year will be conducted with more care and consideration for the financial end than ever before.

The chairman of the committee, J. Kenyon, said the pre-convention disclosures made through the committee and the fact that it was instructed by the congress also to investigate presidential campaigns, will make the political managers careful of their expenditures and no disbursement which might cause unfavorable comment, even from opponents, will be made.

"I don't mean to say that any one is afraid of the committee," said Senator Kenyon, "but the politicians realize that their expenditures are going to be scrutinized carefully and consequently they are going to cut out many of the usual items."

"Big business doesn't like to be publicly mixed in politics and many of the customary large subscriptions will be cut down," he added.

Senator Spencer also expressed belief that there would be more thrift in the campaigns, but declared it would never go so far "as to eliminate the usual campaign expenses."

"There is no question, however, that the campaigns this year are going to be handled on a very careful financial basis," he said.

Killed in Melon Patch

COLUMBUS, O., August 2.—Private George A. Mellich, of Conestoga, Pa., stationed at Camp Behning here, was shot and killed yesterday while making a raid on the watermelon patch of H. F. Sims, a farmer, according to county officers, who placed Sims in jail. The soldier's body had forty-eight wounds from the load of a shotgun that was used. A military board of inquiry was ordered to investigate the killing.

TO DEMAND POSTAL COURT

Chicago Clerks Act to Prevent Summary Dismissal of Ten Men.

CHICAGO, August 2.—A delegation representing the Chicago Postal Clerks' Union will go to Washington this week to confer with President Wilson, Samuel Gompers, president of the American Federation of Labor, and national union officials in an effort to bring about a court of appeals to act on what the clerks term "unfair treatment and too much department authority."

The decision to send the delegation came as a result of charges being sent from Washington against ten local clerks, who directed a publicity campaign to obtain "higher pay and better working conditions for postal clerks." The ten men are charged with "unbecoming conduct" and the entire force of 4,000 clerks in Chicago has threatened to resign if these men are discharged. Officials of the Clerks' Union say the men will have no opportunity for a hearing and that the charges are the same thing as dismissal.

It is to advocate a court of hearing for such cases that the delegation will go to Washington. The officials said their report will be placed before a mass meeting of postal clerks next Sunday.

Club Women Select Cleveland.

ST. PAUL, August 2.—Cleveland, O. won the 1921 convention of the National Federation of Business and Professional Women's Clubs, it was decided Saturday by the federation executive committee, which met to wind up convention affairs at the offices of the national federation, with Miss Lena M. Phillips as executive secretary, will remain for another year in New York city, the committee voted.

Little Stories of Daily Life

Rewriting History.
The term "underground railway" means just what it says, according to one Indiana teacher. This teacher recently gave the following answer on an examination:

"The underground railway was a road built under the ground from the south into Canada. The poor slaves would follow this road and it would take them into Canada and here they were free and the southern owners could not get hold of them any more. There were places made along to get their food on their way to keep them from starving to death on the way."

Bill Yelled.

Bill Freeman, of Broadway, is six or seven years old. His parents, leaving home for a short time, notified friendly neighbors that Bill would be their guest for an hour or so. Then they sent him off with instructions to push the button on the neighbor's door. Bill pushed the button several times and got no response. Then he noticed the letters Y-A-L-L-E on the door lock. He began to yell. Asked why he was making so much noise, he said he saw the sign on the door to yell.
