International Supervision Of Liberia Is League's Program

U. S. READY TO APPROVE PLAN SAYS STIMSON

Feels Co-operation Futile without Authority from African Government

WASHINGTON, Sept. 30. Expressing himself to the effect that co-operation with international supervision of the administration of the Republic of Liberia would be futile without "an adequate grant of authority" by the African government, Secretary Stimson declared Wednesday that the United States was "ready to approve any practical plan" for that purpose.

"The view of this government in respect to Liberia," Stimson said, "is simply that officials sent there in behalf of the League of Nations shall have sufficient assurance of support and authority from both Liberia and the league to make it worth while sending them."

Charges Program Vetoed

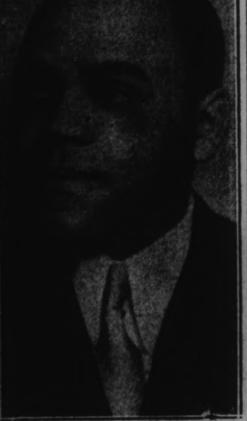

The government's position was set forth by the secretary of state in a telegram last night. Walter White, secretary of the National Association for the Advancement of Colored People, and W. E. B. DuBois, editor of the Crisis, both of New York City.

White and DuBois contended in a telegram to Stimson yesterday that the state department attitude "amounts to a veto" of the league plan for nine foreign officials and league advisor to supervise after an international commission reported conditions of slavery and forced labor existed there.

The recital will be held under auspices of the Young Women's Christian association as expected to draw a large attendance because of the singer's wide popularity at home and abroad.

Everything is in readiness for the Garner recital, Y. W. promoters said. The program is scheduled to start at 8:15 o'clock.

SOUTHERN SLAVERY An Editorial

A veritable system of Negro slavery prevails among workers on the government's flood control projects.

Hundreds of half starved members of the race are being paid an average wage of 10 cents an hour for a twelve hour day and a seven-day week. This brazen travesty on justice and fair play is holding sway in control camps along the Mississippi river. Money appropriated by the federal government of the United States is being used to support a system akin to downright serfdom. Aand Negro workers economically unable to choose between right and wrong, are compelled to accept the disgracefully small pittance or suffer the consequence. That consequence is starvation and misery. The bosses know that; hence the bold audacity with which they impose their stereotyped system of tranny upon dependent elements of the American citizenry.

A national association report on the situation included the statement that "whippings are alleged to occur daily."

"At one camp," said the report, two men were whipped for refusing to work at night after working all day. Brutality was reported in about half the camps visited."

Surely the government should not tolerate any such barbarous treatment of American citizens, especially on works the funds for which are supplied by Uncle Sam. Equally timely is the suggestion that some weighty influences should be brought to bear with a view of protecting judiciously defenseless citizens from the all too popular rawhide lashing to which members of the group are subjected in various isolated sections of the south.

Starvation wage, denial of their constitutional suffrage, consequent continued denial of common justice and universal persecution and every conceivable type of human injustice remain the lot of Colored Americans after more than seventy-five years of freedom. Surely the government of the United States is capable of concerning itself with such serious phases of its citizens problems. If so, then why now?

If there ever was a time when the protective guardianship of our government was needed, that time is now; government interference or intervention is necessary to put a stop to the rank system of peonage now being practiced upon members of our group with money supplied by the government for legitimate undertakings. Let Uncle Sam step in now and stop this hellish impudence; protect its citizens from exploitation by greedy gluttonous profiteers, NOW.

Hold Services for Mrs. Sarah Hart

Auto Accident Injuries Fatal to Widow of Former Musician

Private funeral services for Mrs. Sarah Hart, 83, who died in the Community hospital Thursday last week from injuries suffered in an automobile accident were held in the home of her daughter, Mrs. Hazel Hendricks, 1121 North West street Friday evening.

The accident happened four weeks ago while Mrs. Hart was taking a motor trip with her daughter, Mrs. Hendricks. To avoid a collision with another car near Princeton, the Hendricks automobile went into a ditch.

Mrs. Hart was the widow of Henry Hart, former director of the widely known Hart's orchestra. Mr. Hart died seventeen years ago. At the time of the accident Mrs. Hart, who moved to Chicago four years ago, was visiting her daughter.

Survivors besides Mrs. Hendricks, principal of school 37, are four other daughters, Mrs. Smith Hawkins and Mrs. William H. Jones, Chicago; Mrs. Brown McDavid, Hot Springs, Ark.; and Miss Myrtle Hart, New York; six grand children and one great-grandchild. Burial was in Evansville, Saturday. The John A. Patton, undertaker, had charge of the remains.

N. A. A. C. P. TO HOLD FOUR DAY STATE SESSION

Walter White, National, Will Open Meeting in Anderson

By JAMES W. GEATER
State Publicity Officer

The Indiana State conference of the National Association for the Advancement of Colored People will hold a three-day session at the Allen Chapel, African Methodist Episcopal church, Anderson, Indiana, October 13th to 16th inclusive. Mrs. P. Katherine Bailey of Marion, State president, will preside. Mrs. Lena Ramey, is first vice-president.

Five major objectives were launched by the State group this year and some real accomplishments noted. Immediately after the Marion meeting the Indiana N. A. A. C. P., lent its strength to the resolution adopted by the Fort Wayne Civic League recommending to the State Legislature and adequate Anti-Lynch bill. This bill became a law and a vigorous fight has been carried on to prevent taking the teeth out of the law by subsequent legislation.

An intensive war on Jim Crowism has been launched and has received state-wide support. A resume of this work and constructive criticisms will find a prominent place on the program of the state meeting.

An annual Ball will be the pre-convention feature of this state meeting. The beautiful and spacious Para-

NIGHT SCHOOL CLOSING DRAWS CITIZENS FIRE

Monday Luncheon Club Warns Board Against Proposed Action

That it would be suicide to close Indianapolis night schools at such a crucial period as the present one was the gist of a protest filed by a Monday Luncheon Club committee with the school board at its budget hearing September 15, against the proposed closing of the night schools.

Other Organizations Join

The committee, which was appointed by Sedastian Meriwether, president of the Luncheon club, was joined by several civic organizations. The committee also suggested that sufficient saving to conduct the night schools could be effected in other items in the budget, that perhaps greater concentration of centers could be worked out, or that night school teachers could be employed at less money per night. The general hearing on the budget was continued until September 26 at noon.

Organizations represented in the protest were the National Association for the Advancement of Colored People, Interdenominational Ministers Alliance, Fall Creek Civic League, Monday Luncheon Club, Northwest Civic League, Indianapolis Business League and the Senate Avenue branch of the Y.M.C.A.

mount Ball room located in downtown Anderson has been procured for this event. Dr. Harvey N. Middleton is chairman of this novel feature and plans are going forward to entertain 1,500 people at the ball.

He is scheduled to deliver the principal address at the Mass meeting Sunday afternoon. Mrs. Lena Ramey with her committee is arranging the Friday night meeting, which will combine the local reception and the Youth's conference.

The state officers are:—Mrs. F. K. Entley, president, Marion; Mrs. Lena Ramey, first vice-president, Anderson; H. J. McKinney, second vice-president, French Lick; Mrs. Willie McNeill, secretary, South Bend; E. E. Willardson, treasurer, Kokomo. REV. WESBROOK LAID IN LAST RESTING PLACE

Many in Attendance at Burial in Axtell Cemetery

AXTELL, Tex., Sept. 30.—The Rev. B. J. F. Westbrook for eighteen years pastor of the Second Baptist Church in Indianapolis, who died suddenly Tuesday morning of last week in his Houston capital home following a long illness, was consigned to his last resting place in native soil here Monday, with a large number of surviving surviving relatives and former friends in attendance.

The body was shipped from Indianapolis to Waco, in his native state of Texas, following services for the late Rev. Westbrook in the church he built in the Indiana capital city, Friday of last week.

Accompanying the body on the trip south were the widow, Mrs. Eula Westbrook, a sister, and a nephew of deceased and Mrs. Hattie Vaux, a former member of the Indianapolis police force.

Burial was preceded by last rites services for the former churchman and mater preacher in Waco, Sunday.

Word of the death of the Rev. Westbrook was received here last week by hundreds of former acquaintances and admirers in a spirit of great regret. Church goers in these parts had learned to recognize in the Rev. Westbrook an effective expounder of the gospel.

BOY MURDERER SUSPECT IS ACQUITTED

Similar Charge against Mother Dismissed in Jasper Court

RENSSELAER, Ind., Sept. 30.—Jewell Thompson, sixteen-year-old Gary youth, charged with hacking his father, Benjamin Thompson, to death with a hatchet last May, was acquitted by a jury in Jasper Circuit court, here, Tuesday.

A similar charge against the boy's mother, Mrs. Alice Thompson, was dismissed after the prosecutor had moved to dismiss her case following the verdict of the jury, which was out five hours.

The Thompson youth, although admitting signing a confession bearing his signature said he did so under pressure of physical torture resulting from "Third degree" methods imposed by police.

The youth denied he was in any way responsible for the death of "my father."

Gary police said they had evidence which showed that Mrs. Thompson and her twelve year old son, Jewell, beat the father to death with a hammer and then dragged his body to a spot where it was found the day following the murder.

Gary police authorities said the murder was perpetrated to obtain \$1,000 insurance, which the husband and father carried.

The father carried and son were indicted by the Jasper County Grand Jury. The case was brought to Rensselaer, on a charge of larceny.

Leroy Gibson, Tiger Fox's Cub and Ginger Gordon in Semi-Final

TERRE HAUTE, Ind., Sept. 28. (Special)—Ray Wallace, Indianapolis, state light-heavyweight champion, will face a dangerous foe here Monday night when he takes on Al Stillman, St. Louis battler at the Shrine arena.

Has Beaten "Kingfish" Among the higher ups who have lost to the Missouri boy are King Livinsky, Tuffy Griffiths, Big Roy Peterson, Chuck Burns, Joe Lohman, Rosy Rosales, and others.

Wallace was awarded a draw with Sammy (Kid) Slaughter last winter at the Army in Indianapolis and since then has defeated Andy Kelleit, local red head, for the state title. Both boys are hard punchers.

To Decide Score The semi-final will bring together two boys whose rise in fight circles has been phenomenal. No one in the audience will be surprised to see these boys make it hard on the main go boys. They may steal the show. Leroy Gibson who scored a decisive 3-round knockout over Harold Ferris two weeks ago, will tackle Ginger Gordon, Vincennes junior light-weight over the eighth round route.

TERRE HAUTE, Ind., Sept. 29.—(Special)—Bud Taylor, ex-Bantamweight Champion of the world who retired from active participation in throwing the leather mitts last year, has won himself another Championship in another line of endeavor, and still relative to the grand old game of give and take.

"Budgo", has been the demon boxing impresario of Terre Haute since Boxing was legalized in Indiana and became affiliated with the National Boxing Association, and in this time Taylor has steadily promoted such stellar boxing attractions as to gain the full confidence of his fans, and through consistently outdrawing all other Boxing Promoters throughout the State, and became of paying the largest Boxing Tax into the State treasury, he is considered the best Boxing Promoter in the State of Indiana, both artistically and financially.

Promoter Taylor has not yet had a "Flop" show, as is a present day saying, and to see one of Taylor's Fight Shows is to fully realize the secret of his great success in Boxing promotions.

ening its pivotal agent, the christian church. If the christian religion is what it is said to be, the church, we think is the last place in which hypocrits should seek to stir up the sort of stink allegedly emanating from the Protestant Episcopal church in New York. We shall watch with natural concern the outcome of this new wrangle in a church where caucasians are protesting against Negroes worshipping in the same building and drinking the holy communion from the same cups as their white communicants.

The New York church case is just another one of those church problems that most invariably serve to enbolden the babble of the world's present over supply of doubting Thomases. To us it seems strange, and even unbelievable, that real christians, colored or white, should object to kneeling at the same pew and worshipping the one Lord in the same church with their white brothers, all created by the same Supreme Being.

Whatever the outcome is undeniable that the fight now being waged by white Episcopalians against colored citizens of the same faith is unchristianlike and therefore wrong in the sight of God. At best the church worship segregation movement is as presumptuous as it is wholly absurd, un-called for, and taken in this case just a little too far. The fault of it all is not to be laid to christianity; rather we should attribute it to man's impurity, insincerity, and other human shortcomings.

HOME IMPROVEMENT

America has justly been called a home-loving nation. The home, like the church and school, has been recognized as one of the most fundamental of our human institutions. And being a human institution it is affected by the changing conditions. Because of this fact we need a national home improvement association. That is the one national organization that has untold possibilities for the Negro.

From a tabulation of 1930 census on home owning and renting we find that the Negro owns less than twenty-five per cent of the homes in which he lives. We cannot hope to keep up our progress as a race unless we can increase our home ownership.

Our homes must be convenient and comfortable, however modest they may be, they must be places of beauty. Our homes must provide daily training in wise planning, co-operation and be of service to others. Since our homes have not attained that status, the need for a national organization having for its sole purpose the securing of more homes and the raising of the standards in home life and beautification, is evident.

The first object should be the purchasing of a home and this national organization should have a department to render a building and loan service.

There should be a department giving special attention to buildings and grounds, where home planning, beautifying of lawns, yards and gardens along with remodeling and improvement of buildings could be stressed.

There should be a legal advice service to arising in the various cities and states. Refinancing, loans, wills, contracts, etc., all untangle and iron out the many problems have their problems for the home owner. This service alone would prove a big factor in home improvement.

Since home owners are reliable consumers, this national organization should include a service similar to a house-views league or consumers league with the view of co-operative buying clubs for all supplies of the home this department could well give attention to including fuel, paint, etc. And a section of domestic art and science with the view of rendering untold service through home visitors to advise in sewing, embroidering, quilting, balance rations, cooking, etc. You would be surprised at the number of home makers today who cannot prepare and cook a decent meal. With gas and electrical appliances for the home, it is necessary to have special advice and even instructions to prepare and cook a real honest-to-goodness meal. Much improvement is possible in this line.

Then there is the important department of education, the library, the papers, the books, the magazines in the home. There is medical service, recreation and welfare, guidance and placement, all have their share in home improvement.

To go over this rather comprehensive outline for a home improvement organization we can readily see the woeful lack of homes and the real crying need for a national home improvement association.

HOW WE GROW

"The basis of all growth is desire". He who desires nothing at all stagnates and goes backward, while he who has been desired pushes forward through difficulties to bring about the thing he wishes. CRUISING AROUND

By LEE JAY MARTIN

I have heard the songs hundreds of times, by hundreds of good singers, but it was the first time I ever saw them. "Heaven Bound" lifted the plain ordinary songfest to a sparkling, shining and inspirational pageant, more religious than a sermon. It reminded me of the "Wayfarer" presented in Columbus, O. during the Methodist Centenary. Mrs. Jean Paul Hines, of Albany, Ga., Miss Mattie Stovall, formerly of Athens, Ga., staggers of this elaborate affair, should be entered in the Music Hall of Fame and toasted to the nth degree by the citizenry of the city—why?

The heavenly beauty of the five hundred voiced choir, regaled in white and gold, dispelled any fear that you may have had, before you entered, that you would not be well entertained. The "Wondering Boy", portrayed by Cornell Talley, was the most popular feature of the pageant. This was followed closely by Viola Stevens' portrayal of the "Hypocrite", singing and shouting her way to hell. Jerry Daniels, playing the "Rich man", showed plainly, how valueless material things are, as compared with the higher things of life. He could not buy his way into Heaven. Le Vora Blanks had a perfect "jag" on, as the "Wayward Girl", while Geelee Corley, almost in Heaven, where even the streets are paved with gold, accepted some of Satan's gilded coin, and could not get in. Of course anybody can be a devil, but it takes Messers B. H. Johnson, Chas. Patterson and Peter Mitchell, to be GOOD devils.

Mrs. Susie Dickens, local idol, sang her way into Heaven more than once, to the delight of the audience. She, herself, became so enthused, that the song, "Just got to Heaven, and I can't sit Down", would have been very appropriate. If I am correctly informed, 15 thousand persons, up to and including last Saturday evening, saw "Heaven Bound". Using my own tabulations, these fifteen thousands paid \$4,500.00 as admission fees. If five thousands use their own cars, they spent at least \$350.00. If two thousands use taxis, they paid a total fare of \$50.00. Seven thousands paid \$810.00 street car fares, making a direct expenditure of \$6,160.00 for this, non-eternal, un-wearable and non-sheltering non-essential.

Thus if only one half of this amount came from the group, we would be still deeply indebted to Mrs. Jean Paul Hines, for showing us that, we can raise money, even in these strenuous times; and for the greater service of getting twenty churches of various denominations, to come together on one single program for their own benefit and community welfare. That is why we take off our hats to Mrs. Jean Paul Hines, for coming from the southland and showing us stupid northern folk, that we can get together on something worthwhile.

According to the daily papers, in spite of the wonderful publicity of Harry Jackson, the rabbit-hop, the attempted resurrection of the once famous Gold and Glory auto race at the State Fair Grounds, last Saturday, was a perfect failure. I have very high regards for the promoters of the race, and I do not rely too strong on what daily papers say about our affairs, but it is my sincere belief that the promoters were a little hasty in trying to stage such a large affair in such a short time. Then, too, the Fourth of July is, as I see it, the best day for such a race.

We hope the race promoters will continue their efforts, and give us a good race next Fourth of July. Offer substantial, but reasonable prizes; have a complete and definite understanding with the drivers. The Gold and Glory auto race can, and should be made an annual event.

PRaise FOR POLICEMEN AND FIREMEN

The Editor of The Indianapolis Recorder. Very seldom anything favorable is said of our Negro police and firemen in fact until just recently the Negro policeman has been looked upon at his best as an unnecessary nuisance.

But thanks to goodness the Negro is beginning to realize the worth of Negro police, and firemen. They are realizing more and more each day that these public servants not only have the community interest and its welfare at heart but they feel keenly the interests of every Negro man, woman and child.

Further the Negro is finding out that these men whom they have looked upon with disgust are not cold blooded brutes in every instance, but in many cases represent the highest citizenry of our group. Many instances of proof may be pointed out but one time mention, these men exercised themselves at the funeral of the late Rev. B.J.F. Westbrook.

Arriving on the scene early in the morning these men worked potentially vigorously and courteously until the funeral ended, not even stopping one minute with the exception of relays for lunch. So at this time may I say, "I doff my hat to officers Norvell Bennett, Jack Hadley, James Vincent, Thomas Hopson, Irvin Hardy, and Lieutenant Roy Howard Fred Moten and are second to none in any line of service in the city of Indianapolis." —By VERNON L. ANDERSON

Bedtime Story

THE TARTS (Continued)

"I didn't know that Kings wore glasses," Alice said. "They shouldn't have to, but this one is careless about reading when it is getting dark, and now when his glasses fly off the Queen has to find them and put them on his nose for him. It is very sad." "Will they, cut your head off?" Alice asked anxiously. "No, answered the doughnut lady, wiping away the tears. "The Queen will forget about it until she hears me crying again. She is very forgetful. All she can remember is getting the tarts and say 'off with their head!'" "My goodness," said Alice. "You haven't very much," said a voice so close to her ear that Alice jumped. Turning, she saw the grinning face of the Chesicle Cat tating out in the aid. "Very much what?" she stammered. "Goodness," answered the Cat, as he faded slowly until only the grin could be seen. By the time it was gone the Queen had placed the grizzles on the King's nose, but he immediately sneezed them off again.

All this time the Knave was cramming tarts into his mouth as fast as he could. When the Queen took up the pan again it was empty, and the Knave was wiping the crumbs from his mouth. "Off with his head!" shouted the Queen. The King sneezed. The Knave ran as fast as he could out of the room. "He's running right after eating!" shouted the Queen. "That's very bad! That's very bad! Off with his head! Off with his head!"

She became so excited that she began to fly apart, and the King too was tumbling off the throne in a thousand pieces. The walls of the room began to shake as if they too would soon fall. "Never lose your temper," said a voice, and Alice knew it was the Cat. "You might go all to pieces." She didn't turn to look at him, for at that very moment she felt a hard bump.

She found herself on the floor by her chair in her own room at home. She was big again, and everything looked just as usual. Perhaps the Knave had carried her back there. Perhaps she had fallen asleep and had fallen from her chair while dreaming. Which do you think? At any rate she never forgot about the doughnut lady and the "chickens, and Nurse was delighted when she ate her meals without complaining about the food. In fact, she said she didn't want too many rich things such as doughnuts, "exclaims and the like.

The Solid South and the Solid Negro

By KELLY MILLER

The vote of the solid South and of the solid Negro constitutes the base of American politics. The solid North is not much less beneficial. Political progress depends upon the liberal West which saves the nation from political stagnation. The South and the Negro are in double reaction upon each other. The solid Negro justifies the solid South, and the solid South perpetuates the solid Negro. But the morning light is breaking in all directions. In 1932 North Carolina went Republican and Massachusetts Democratic. With the possible exception party can forecast next November with any degree of certainty. In the last election, by fair estimate, one third of the Negro vote broke loose from its traditional moorings. It promises to do better in 1932.

The chief political concern of the race, as a whole, is to regain its full and unincumbered franchise rights in the seven or eight Southern states where it has been seriously curtailed. Can this be accomplished by solid alignment with the Republican Party? Sixty years of trial and failure answers this question in the negative. To bring about this result two noble experiments are worthy of trial. (1) Let every Negro in the partially disfranchised states qualify under existing restrictions and vote for local measures and men which offer the best in the regular Democratic and Justice in the courts, and also who are best calculated to foster harmonious working relations between the races. These for the most part will be Democrats. The example of Dr. Moton and the advice of Dr. DuBois and Congressman DePriest concur in advising this method. Indeed the recent victories of the N. A. C. P. are intended to enable the Negro to vote in the Democratic primaries where alone his vote will be effective. The rival claim of the regular Democrats and the lily white Republicans in the South for the black vote will be an interesting contest. Who cares which wins? (2) Let the Negro in the thirty eight states where his vote is unchallenged split between the two main parties according to personal, local and racial advantage as each may judge for himself. The effect of this method is already seen by the friendship which both parties show towards race welfare whenever any measure comes up in Congress. On the Dyer anti-lynching bill, the Parker confirmation and the appropriations for Howard University, and the Montgomery nomination, party lines were broken down; the race was defended by Republicans and Democrats alike who received substantial Negro political support.

In the absence of strong predilection for or prejudice against an under-privileged group, it is in general good policy for such a group to line up for the most part with the majority party in a given community. The majority party has the power to bring things to pass and will be disposed, other things equal, to favor those who favor it. New York and Boston are as characteristically democratic as Philadelphia and Chicago are Republican. The Negroes in New York

THE RECORDER

Whenever the portals of memory swings wide And I have the Recorder, again, at my side A sweetness, a delightfulness it seems Suffices my heart and awakens my dreams I recall with joy the friendship I knew Through sunshine or when the gray clouds hid the blue. The many problems that vainly stress life It's love and it's hatred It's peace and it's strife And oh, how I wish that somebody you may know The events, the happenings you bring make it grow. —CAROLYN WARD.

Tells Why Negro Should Vote Socialist Ticket

By NORMAN THOMAS (For ANP)

CHICAGO, Ill., Sept. 30.—Gladly do I take advantage of the opportunity to make a statement as to why Negroes should vote the socialist ticket.

They should do it because of overwhelming Negroes belong to the working class. Only in very small numbers are Negroes members of an owning class which lives without toil.

Committed to Platform Specifically the Socialist Party is committed by its platform to the enforcement of constitutional guarantees of equality for the Negro and to the enactment and enforcement of drastic anti-lynching laws.

written into its platform is at best an invitation to segregation of Negro workers in one country or state and white workers in another.

ABEL BROS. & WINFREY LAUNCHES INTO 24TH YEAR OF SERVICE

For Almost a Quarter Century, the Firm Has Been One of the Leading Funeral Establishments of the Community

Long years of training, dependability, close attention to details, modern equipment, the instinct of doing things well, all marks of the Abel Bros. & Winfrey service have won for this old established firm, a large degree of community pride. The firm is composed of Henry H. Abel, Robert E. Abel and Shirley H. Winfrey, each prominent in social and civic circles of the community.

Contact Man

SHIRLEY H. WINFREY
Although actively engaged in an executive capacity with the firm of Abel Bros. & Winfrey, undertakers, of which he is an integral part, Shirley H. Winfrey finds time to be of untold service to members of his group due to his connection as contact man with the U. S. Veterans bureau.

As a result of this connection, many dependent relatives and ex-service men are drawing merited compensation from the U. S. government. Winfrey points with pride to the fact that he has done much work outside his regular government channel obtaining hospitalization for members of his group. And for this service he has received no compensation. So efficient has been his work that the word is being passed along "If Winfrey if you have business to be transacted relative to ex-service men."

Officials at the U. S. Veterans bureau hospital praise Winfrey's work highly. Winfrey, himself an ex-service man, saw active service with the 372nd Infantry, A. E. F., and with the Medical Corps in France as regimental sergeant and in charge of first aid station.

Winfrey's partnership in the Abel Bros. & Winfrey undertakers firm has been over a duration of fifteen years. He is service officer for American Legion Post No. 107. In addition to his many duties which require much of his time Winfrey has also won a warm spot in the hearts of baseball lovers due to his presidency of the Social league, a semi-pro organization.

Funeral Scenes Of The Rev. B. J. F. Wesbrook, September 23rd

Funeral services for the Rev. B. J. F. Wesbrook, for eighteen years a leading local minister of the gospel, were held Friday morning amid much anticipated pathos, and a program participated in by a audience that overflowed far into Michigan street after packing the Second Baptist church to its utmost capacity.

As Procession Left Church

After the lengthy and impressive services, the above shows the procession as it left the church. Note prominent church dignitaries.

By GABRIEL STANLEY

Hundreds of automobiles of every description and seemingly from every section of Indiana, and many from other states lined the curbs for blocks around during the services.

Eulogized in Oratory

Nestled as it were amid a beautiful garden scene of flowers, the corpse rested at the altar, while former ministerial colleagues, associate workers, friends, admirers of the past high deeds and accomplishments of deceased literally bathed his memory in oratory, eulogy, song and high commendation throughout.

Likened unto a prince of pulpiters, the Rev. Mr. Wesbrook was frequently referred to by the numerous special speakers on the service program as having been a consistent inspiration to his hundreds of faithful followers.

FLOWER GIRLS

A portion of the flower girls. Note the "Dove of Peace" on one of the beautiful floral wreaths. All were dressed in white.

Floral Tributes

An impressive feature was the aggregation of flower girls, in spotless white, all former members of the group among which the deceased gospel messenger, church builder and citizen will be missed for a long, long time. Mingling in the surging crowds, were representatives of the city fire and police departments.

Second Baptist church was never in all its history called upon to accommodate such a tremendously large audience as was on hand to pay last tribute to the man that built that edifice.

Music Soul Lifting

And it suffices to say that the choir, pride of the church, that has sustained an assertedly near irreparable loss in the passing of the Rev. Mr. Wesbrook, as if inspired by the Holy Spirit, rendered a musical program in connection with the services that will long be remembered for its soul lifting effect.

An evidence of the high esteem in which the Rev. Mr. Wesbrook was held by his large number of followers was revealed in the unusually long duration of the

services which lasted from 10 o'clock in the morning until 4 in the afternoon. Telegrams and letters of condolence

were read by the Rev. Bunn at the services which concluded a number of special solos and quartet selections.

Organizations

Remarks were made by the Rev. W. F. Lovelace, vice-president of the state convention; the Rev. S. S. Reed, moderator, district association; The Rev. J. T. L. Highbaugh, representing the Ministerial Alliance; the Rev. H. L. Herod, Attorney F. B. Ransom, Citizens and Business Men, and a number of visiting ministers.

The funeral sermon was preached by the Rev. S. S. Jones, pastor of Friendship Baptist church, Chicago. The Rev. H. T. Borders of Newark, N. J., had charge of the program which was arranged by him.

View Life Form

And it was truly a pathetic scene witnessed by the writer as the many hundreds of participants filed past the flower bedecked casket to take a look at the life form of a religious leader, whose face they will behold no more upon the face of this earth.

Remains Borne from Church

View Remains

Observers were unanimous in the opinion that fully an hour and a half was devoted to the phase of the services involving review of the body. And it was remarkable that throughout the long procession there were not many tearless eyes in the mammoth audience, which packed every available bit of space in the gallery as well.

An atmosphere of noticeable reverence pervaded the big overflow crowds as in deathlike silence men, women and children bowed their heads in sorrow while pall bearers in unsteady steps wended their way through a long lane of humanity with the casket, back to the waiting hearse.

The procession then moved slowly out to West street, north to Indiana avenue, and west on Indiana avenue to the Abel Brothers and Winfrey undertaking parlor where the body lay in state until Saturday morning when the widow accompanied by a sister, a nephew and Mrs. Mattie Vaulx entrained with remains for Waco, Texas, thence for Axtel, Tex., where interment was effected Monday.
