### Kokomo Man Reassigned in City Schools

KOKOMO — Appointment of H. L. Terry as principal of the Douglass School, succeeding Rev. H. A. Perry who has been principal for 22 years, was announced Wednesday by Superintendent O. M. Swihart for the board of school trustees.

Interviewed by long-distance telephone, Superintendent Swihart told The Recorder:

"The reassignment was made because we felt that Mr. Terry had the qualities we wanted in the position."

Rev. Perry, a well-known AME churchman and leader of the Carver Community Center here, was assigned to a teaching position in the school.

Terry has been employed as a teacher at the school since 1928 and for many years has had charge of athletics there. He received both the bachelor's and master's degrees in education at Ball State Teachers College, where he attained a high scholastic rating. He taught at Carthage, Grandview and Marion before coming to Kokomo.

### NAACP Drive Nets 1,200 New Members Here

By CHARLES S. PRESTON  
"Mopping-up operations" in the NAACP membership drive were extended to Tuesday, April 19, this week as the deadline passed with approximately 1,200 Naptowners enrolled in the organization's ranks.

In ceremonies held April 1 at the local office, 510 N. West st., the first prize for signing up members was awarded to Ernest Dix. The well-known labor leader at that date had turned in an even 100 memberships.

The prize, a silver loving-cup, was donated by the Midwestern Business Association and presented to Dix by R. T. Avington, president of the business group.

Mrs. Jeannette Greene was declared winner of the second prize, an electric clock donated by the Eastside Better Business League.

It was planned that Mrs. Mary P. McGuire, president of the league, would award to prize to Mrs. Greene at the NAACP membership meeting on Friday, April 8, at the office.

Although about 50 enthusiastic drive workers panned the office at last week's meeting, and turned in large blocks of memberships, NAACP leaders did not hide their disappointment at the relatively small total for the month. Last year's membership was about 2,600, and a goal of 5,000 had been set

Instead of taking her to police headquarters they took her into Clayton Alley where at the point of a gun each policeman criminally assaulted her. She charges the first policeman forced her to perform an act of perversion. The other engaged in the natural sexual relation, followed by the first policeman in normal sex relation.

Following the relations which amounted to rape they took her back to the spot where they had picked her up and put her out of

## Ga. Men Beaten, Slashed, Robbed Killed, Report

MACON, Ga.—"River Rats," according to Sheriff E. Julian Peacock of Bibb County, slashed with knives, beat, and shot to death two Negro men, Jim Mitchell, age 65, and Ivy Lee Parker, age 19, last week. The bodies of the two men were found in the Ocmulgee River swamp lakes after a 24-hour search.

The sheriff's office had received a report that the two men had been driven at gun-point, and with their hands tied behind them, into the jungle-like swamps by two white men. Two suspects in the slaying, John McKinney and Louis

## Truman Urged to Protest Bombing of Bishop's Home

NEW YORK (NNPA)—Bishop D. Ward Nichols, presiding bishop of the First Episcopal District of the AME Church last week asked President Truman to raise his voice in protest against the recent bombing in Alabama of a home owned by Bishop S. L. Greene of Birmingham.

In making the request, Bishop Nichols cited the fact that the President had publicly denounced the "undemocratic" trial of Cardinal Mindszenty and other clergymen behind the Iron Curtain.

The text of the telegram sent by Bishop Nichols follows:

"I call your attention to a further disgrace to America in the bombing of the home of Bishop S. L. Greene, one of the Bishops of the African Methodist Episcopal Church at Birmingham, Ala., on March 24.

"Bishop Greene was one of the Bishops privileged to visit you on the occasion of our recent meeting in Washington when we pledged our faith and support behind your civil rights program.

"As you were instrumental in public condemnation of Cardinal Mindszenty's undemocratic trial and imprisonment of numerous Protestant clergymen abroad, we request you to add your voice in protest against this outrage to an American citizen in the land of his birth, solely because of his color.

"Such civil wrongs as this will only further damage the prestige of America in the eyes of the world and add to the ranks of the Communists here in our native land."

## Woman Returned From Ala. Goes on Trial for Murder

B-U-L-L-E-T-I-N  
Miss Elizabeth Thomson suddenly ended her first-degree murder trial Thursday by switching to a plea of guilty and was immediately sentenced to life imprisonment by Special Judge Wilbur H. Grant.

Elizabeth Thomson, age 26, who allegedly stabbed to death Clara Brady in 1947 and fled to Alabama where local police picked her up in December, last year, went on trial for both first- and second-degree murder in Criminal Court II Monday of this week. Wilbur Grant, former state representative and GOP leader was sitting as special judge.

Miss Thomson, 1920½ Yandes street, is accused of fatally stabbing Mrs. Brady, age 30, 1953 Hovey street, June 17, 1947, as the two women allegedly argued in front of an Eastside tavern. The argument reportedly stemmed from accusations of Mrs. Brady that Miss Thomson "ran around with other women's husbands."

After the killing Miss Thomson fled to Nashville, Tenn., and later went to Bessemer, Ala., just outside of Birmingham. She was discovered there and local police went there during the week of Christmas, 1948, and brought her back.

In her statement to the officers, Miss Thomson said she stabbed Mrs. Brady "in self-defense." She said the other woman attempted to strike her with a brick.

The trial started Monday but it wasn't until Wednesday of this week that a jury was finally chosen.

Dubose have been arrested. Sheriff Peacock describes them, who live in the filthiest tar-paper shack down on the edge of the river, I have ever seen."

According to the sheriff's office the deaths of the two men are attributed to the motive of robbery. It is reported that \$200 was found

## NAACP Drive

white children will be enrolled in the NAACP's new Hard Sledding Reported. The raising of membership fees from \$1 to \$2 has made it harder to get that "cash on the line," workers agreed. However, an even greater factor is believed to be the slow start of this year's campaign. For this reason the leaders are confident that given another 10-day period, the public will respond heartily.

The irony of the situation is that the local NAACP's greatest victory — passage of the Anti-Segregated School Law — took place just prior to the membership drive and interfered with the first half of it. Some of the best workers were so exhausted by lobbying activities that they were unable to throw themselves into the drive as they would have otherwise. For this reason the general public must bear a greater share of the burden, leaders said.

## Eastside Citizens Cite Need For A Better Community Center

Hill's Community Center, 18th street and Columbia avenue, is rundown and lacks the facilities to bear the recreational needs of the youngsters of that community, but it is interesting to note that two able and popular instructors are employed there.

As the Recorder this week prepared to push the fight for a new east side recreation center it is reported that civic-minded eastsiders plan to form an organization to promote the drive.

Observers charge that if the physical condition of the building and its recreational facilities were up to the standard of the personnel, the center, in general, would be above par. One resident living within a block of the center commented "It's a shame those qualified young people don't have at their disposal the facilities with which to do the job we know they can."

Miss Evelyn Walker, a talented Lincoln University (Missouri) graduate has been in the local recreation setup almost 2 years. She has spent all this time at the eastside center. She has seen many children take the wrong road, because their need for wholesome recreation was not satisfied.

While an honor student at the Missouri school, Miss Walker majored in physical education and took courses in child psychology. She graduated and immediately acquired a position on the school's faculty in the Physical Education Department. She taught there three years before coming back to her home town and assuming the role of supervisor at the eastside center.

Miss Walker has organized numerous girls' clubs in the center and girls' activities are on the increase. The mothers of the neighborhood expressed their approval of their girls going to the center, and it was generally opinioned that Miss Walker's example and guidance is ideal.

Patrolman Watkins, with five years on the police force behind of the eastside community get-together, has worked with PAL Clubs of the city more than three years. He began his PAL Club career at Lockefield Gardens where he supervised recreation and kept the

## CAHS STUDENTS MOVE IN ON TEACHERS ON STUDENTS DAY

The teachers at Crispus Attucks High School were allowed the day off, Tuesday of this week and the students took over. It was Student Day, and what a day! The students took over everything.

This special day, when the tutors move over and let the tutored take over, is an annually-held affair and is probably the most important day in the school careers of those students fortunate enough to be elected to hold the reins. It is especially a treat and a valuable experience for the officers of the Student Council, who take over the posts vacated by the administrative faculty.

William Clark, popular president of the Council, and varsity athlete, took to the throne of "King." Dr. Russell A. Lane, principal, Elinor Grissom, vice president, played the role of Julian Coleman, vice principal, while the secretary and assistant secretary, Joan Turner and Delmas Harris, filled in as Deans. Miss Vivian Terry and Alexander Moore, usually are the "Big Cheese" in those departments.

Students also assumed the positions of the various departmental heads and directors. Every cog in the smooth-rolling wheel of the Attucks staff was replaced and the replacements, obviously not skilled in their respective capacities, were apparently "up to it."

In the classrooms, the same as everywhere else, the teachers took the back seat, from where they observed the manner in which the students would like to have themselves taught. The temporary teachers listened to oral recitations, in some instances required written work, and graded the students accordingly. They were at liberty to pass out the following day's assignments.

The Student Day program is a youthful one, being only 16 years

scene of the slaying. Mitchell had \$200 on his person on the day of the slaying the sheriff's office reported.

Reports are that two white men were seen marching two Negro men along a railroad track leading to the swamps, with their hands tied behind them, and at gun-point on the day the two men were supposed to have been murdered.

Last Wednesday on dragging a little dirty lake near the shack of the suspects, deputies of the sheriff found the body of Mitchell. He had been shot in the head and slashed across the head, throat and abdomen. Parker's body was found in a nearby lake in shallow water. He had been shot in the head and knifed in the back. The sheriff links the suspects in the slaying of the two men with other unsolved slayings in the lake-dotted river swamps during the last two years.

However, something new has been added this year. After the teachers were elected in the latter part of March, it was necessary for them to "go to school" before taking over. They were subjected to one day of training. The administrative staff was sworn in and introduced to the student body during an auditorium program.

Elinor Storey was chairman of the committee that planned the program. Members of her committee were Irene Lipscomb, Ann Grogger, Muriel Wilson, Edward Bailey, Bessie McGill, Donzella Douglass, Aubrelia Sims, Marshall Bluit and Mary Knott.—J. C.

Since Miss Walker and Mr. Watkins were added to the center's staff, attendance has increased. Together with Douglass Center, Hill's served 57,216 youngsters in 1948. In comparison to the 39,430 served in 1947 this is an increase of 17,786.

In view of the steadily increasing attendance and the dire need for adequate recreation facilities and a new building, The Recorder is asking that all the civic leaders get together and "help us get the center."

For 1949, there next fall, when the new Anti-Segregated School Law goes into effect.

"There will be no gerrymandering of the school districts. They will be drawn fairly, and so I assume that some white children will attend Douglass, while colored children will attend various schools that are now all-white. There is of course no segregation in junior or senior high schools here," the superintendent said.

A rumor had circulated last week that a white principal might be installed in place of Rev. Perry. However, the new principal is also a Negro.

Appointments of new principals in two other schools were announced at the same time as the Perry-Terry shift.

## Social Scene

By RICHARD C. HENDERSON

One Richard C. Henderson is object of much fire due to the recent selection of a popular young couple by an equally popular young magazine as our fair city's "social leaders." Reason for the fire is obviously that magazine's statement that newspapermen had been contacted in the various cities. Possibly newspapermen were contacted in Indianapolis, but not this particular pretender to journalism.

Elsewhere on these pages you will see the announcement of the marriage of Miss BLANCHE COURTNEY RONEY, daughter of Mr. and Mrs. PRESTON H. RONEY, to DAVID W. BROWN, Jr., son of Mrs. BEATRICE BROWN, Tuskegee Institute, and DAVID W. BROWN, Sr., New York City.

The couple were feted to the usual round of social events at the wedding, among them a bridal dinner given by Mesdames STELLA B. WALKER, EUNICE RICHARDSON, AGNES BRUCE, and MAYBELLE KING.

Guests included, in addition to the bride and groom, Mesdames BLANCHE D. RONEY, mother of the bride; BEATRICE BROWN, mother of the groom; and S. O. JOHNSON, Lakin, W. Va.; the Misses LILLIAN RONEY, BETTY JANE LOWERY, BETTY JEAN DAVIS, and FURNIS MAYES, and Messrs. PRESTON H. RONEY, JR. and RAYMOND LEAGUE.

Mrs. HARRIETTE RONEY SNORDEN, sister of the bride, entertained at a lovely linen shower. Guests were Mesdames E. D. MOTEN, ANNETTA LAWSON, BEATRICE BROWN, ZELLA WARD, MARY ROBERTS, S. O. JOHNSON, EUNICE RICHARDSON, MAYBE BATTIES, J. F. JOHNSON, MARJORIE RICHARDSON and the WLRD-TRAOINNN ARDSON, and CORINE RICHARDSON and the Misses FURNIS MAYES and BETTY JEAN DAVIS.

With June so close at hand, undoubtedly many weddings are being quietly planned. Possibly one RCH will be able to join those lucky young men who have chosen their ladies, then won them. With Palm Sunday coming up in a day or so, I trust that all you dear readers are preparing to make your annual visit to St. Monica's guild luncheon tea. The 24th annual tea will be held Sunday in St. Philip's Episcopal church, and promises to live up to the well-established record of the Palm Sunday teas as being among the most outstanding events of each season. Don't let the fact that one RCH is supposed to play a couple of organ selections scare you away—it should be very excellent entertainment in spite of that.

## Voice of Eastside

By MARY P. McGUIRE

According to the records, April 1-8 was National Laugh week. Well, my dear readers, Mrs. Annie Lee Davis gave me a good laugh when she asked me to give some history of the Amicitia club, which was organized by me twenty years ago at the YWCA. . . How time flies!

However, I was proud of the opportunity to name its beginners from Nov. 5, 1929, when it was under the leadership of one of its best executive industrial secretaries, Miss Irene Harris. Among those helping organize the Amicitia industrial club of the YWCA were Mrs. Corine Moore Gaines, Lucille Murphy Lewis, Viola Mills, Juanita Clifton, and several others whom my age will not allow me to remember.

Three, Mesdames Neal Jackson and Anna Chambers and Miss Bertha Mae Mason, have gone to rest.

The club celebrated a "nationality banquet" with Mrs. Virginia McGavoc as president and Mrs. Lubertha Williams assisting in the banquet. The history was given by Mrs. Annie Lee Davis.

Begin today, and smile at everyone you meet, and see how much better you feel. Keep a smile! Laugh often, and live long.

One of the most admirable and outstanding women of our community, Mrs. Cordelia Watson, was a lovely master of ceremonies for the Sisters of Charity last Sunday afternoon at Mt. Paran Baptist church, when Dr. J. O. Clark delivered the address. Mrs. Hester Cousin assisted in the offering.

Hundreds of people attended this very fine meeting. Music was furnished by the New Bethel Baptist church senior choir, with Verne Overton directing and Mrs. Idella Hutchins at the piano.

Cary D. Jacobs, the prominent eastside attorney, gave an inspirational talk to members of the Eastside Better Business and Civic League last Monday night. Mr. and Mrs. T. Brown and James Woodson were among other speakers. Mrs. Ethel Merker, 1810 Bellefontaine st., will be hostess to the league on the first Monday night in May.

Next Monday night will mark the beginning of committee meetings for the grand farewell formal dinner of the New Bethel Booster's business and professional people of Indianapolis. This committee will meet in the home of Mrs. Rosetta Bailey, 1633 North Arsenal ave., under sponsorship of the editor, your columnist.

The formal dinner is set for Monday night, May 23. Many people recall the formal Valentine dinners which were sponsored for nine successful years. This dinner promises to be the largest ever witnessed. All persons who have ever worked on these committees are especially requested to be present. Bert Means is business manager.

Attention! All who have ever desired a free chest X-ray are urged to be present at the Phyllis Wheatley branch YWCA Apr. 26-29 from 2 to 4 and from 6 to 9. All persons over 15 years of age are eligible. Take the children who have had positive reaction to the patch test or who are known to have been exposed to people with active tuberculosis. No dis-

Mrs. Margaret Weaver is convalescing at her home, 518 West 26th st., and desires friends to call.

**YOUTH SPEAKER:** Rev. H. Beecher Hicks, Columbus, O., will be guest speaker for "Youth Emphasis Week" at Mt. Zion Baptist church, Apr. 11-15, sponsored by the Youth Council and Young People's Choral group of the church. Highlights for the week will be special music by the choral group, oratorical contest Thursday, musical contest on Tuesday, and banquet Friday.

Rev. Hicks will be available for counsel each evening, and there will be recreation planned each night from 7 to 8. Panel discussions will be important parts of Rev. Hicks' talks on Monday, Wednesday, and Friday.

Holder of several college degrees, ev. Hicks attended Lake Charles high school, Lake Charles, La.; Leland college, University of Pennsylvania, and Oberlin Graduate School of Theology. He is outstanding in national religious circles, and is a member of Omega Psi Phi fraternity.

Mrs. Vernoca Ferguson is director of the choral groups, Arthur D. Taylor is sponsor of the Youth Council, and Rev. R. T. Andrews is pastor of the church.

Greetings come this week from Mrs. Ada L. Thompson, now in Phoenix, Ariz., attending a convention held under auspices of the National YWCA. She reports a grand session.

Wallace Wolfock and the splendid quarters of the MCA are still doing things and going places. They sang last Sunday morning in Anderson.

**NEGRO HEALTH WEEK PROCLAIMED AT MUNCIE:** Shown above Mayor Lester E. Holloway (seated) signed a proclamation this week proclaiming Negro Health Week which is jointly sponsored on a national scale by the Public Health Service Department of the Federal Security Agency. The proclamation was drawn up by the Rev. Ford Gibson, pastor of Shaffer Chapel AME Church of the city of Muncie. In the picture above, the Rev. Ford Gibson, Mayor Holloway and Mrs. Willa L. Hunt, general chairman of the local health week committee.

**Mayor of Muncie  
Hopes for Sewers  
In Whitely Area**

MUNCIE — A hope that badly needed sewer facilities will be constructed soon in the Whitely section of Muncie was voiced by Mayor Lester E. Holloway at a meeting held at Shaffer Chapel AME Church, in observance of National Negro Health Week.

"Whitely is one of the sections of the city without adequate sanitary sewer facilities," the Mayor said. "I still have hopes that the council will see the light and allow us to proceed. As a matter of fact, one-third of the city is unserved by a proper sewage system."

Mayor Holloway, who was in-

duced by Rev. Ford Gibson, pastor of Shaffer Chapel, urged his listeners to "contact your councilman and demand action."

The sewer issue has become a bone of contention between the Mayor and a faction of the City Council. After appropriating \$10,000 for a survey of the situation, the council balked at appropriating the funds needed for the work. About \$2,000,000 is said to be involved.

**Cite Anderson Complaint**

The Mayor said he had received a letter from Mayor G. Lester McDonald of Anderson, pointing out that Anderson is going to have to take water from White River, which first flows through Muncie.

"He wanted to know what we here were doing toward cleaning up pollution of the stream," Mayor Holloway said.

The Mayor added he "would not be at all surprised" to learn that the State Board of Health had referred the matter to the Indiana

Attorney-General for prosecution.

Mrs. Grace Goatley was in charge of the meetings. Short talks were made by Mrs. Lucille Williams, president of the Whitely Council, and Mrs. Willa L. Hunt, chairman of the Health Week observance.

Mrs. Leo Williams gave a history of Health Week, and Mrs. Helen Washington reported on the life of Booker T. Washington. Mrs. Gertrude Gibson presented Mrs. Holloway with a bouquet of roses. Musical numbers were provided by Mrs. Anna Chinn and the Wondering Four Gospel Singers.

ONE OF A SERIES OF SKETCHES ABOUT YOUR WATER SUPPLY

**HOW  
Your Water Supply  
IS PURIFIED**

Water from White River and Fall Creek contains particles of mud, silt, and other impurities. Preliminary disinfection and the precipitation of the mud and silt is accomplished in the sedimentation basins by carefully controlled chemical treatment.

After sedimentation and preliminary disinfection, the water enters the filters. Filters consist of specially graded sand and gravel. Filtration removes bacteria and completes the clarification of the water.

Complete disinfection is accomplished by the proper use of chlorine. Our water is chlorinated as it enters the sedimentation basins and again after filtration. Chlorine and safety are synonymous in water treatment.

## "A Strange Ghost Rides Down Van Buren Way"

SCOTT, Ark. (ANP)—Every five years for 50 years, Mrs. Arthur L. Alexander, while owner of a comfortable plantation home here, has experienced something to affect the normal course of her life—all because she saw a strange woman resting her arms on the back of a chair one night in 1839. The "strange" woman was described as a "light-complected Negro about 60."

Mrs. Alexander said she does not believe in ghosts, but is unable to explain why "such major events occur every fifth year."

Five years after she saw the woman her brother-in-law died. Her child died during the 10th year; the Alexanders suffered financial losses during the 15th; a son died during the 20th; financial difficulties struck again in the 25th; the home was flooded during the 30th; her husband died in the 40th; the home burned twice in the 45th and on the 50th year, she went to the Mayo clinic for an operation.

Her tale of the "strange woman" was that she stood before a dressing table in an unused bedroom two weeks after they moved

into the house. Looking through the mirror, she saw the reflection of the woman, who had a handkerchief tied over her head with a bow in front. When Mrs. Alexander turned to speak to the woman, she did not see anyone. A search of the premises still brought to light no other person.

She told the cook about it, and several days later learned that a former plantation master was the father of a baby born to a Negro slave. The man, instead of taking care of his son, kicked the infant and its mother out. The mother swore she would put a curse on the place.

Mrs. Alexander said that for many years she detected the odor of an unidentified perfume in the house. To counteract the odor, she would place one or more bottles of other perfumes in every room.

One person was said to have noticed the atmosphere. He was the celebrated author Jack London, who stopped at the house one day in 1911 and left a message saying "There is a peculiar atmosphere pervading the entire place and someday I'm coming back."

## OHIO MINISTER SPEAKS FOR NAACP MEET AT MISHAWAKA

MISHAWAKA—"All Americans, both white and black, must have a new thought concerning race relations with the fatherhood of God and the brotherhood of man as basic," Rev. Jefferson P. Rogers of Cleveland told a mass meeting sponsored by the South Bend-Mishawaka branch NAACP here Sunday.

Rev. Rogers addressed about 200 persons in the meeting at First Methodist Church. He is associate secretary for race relations of the Commission on Christian Social Action and Board of National Missions, Evangelical and Reformed Church in Cleveland.

Prof. Alfred L. Scanlon, of the University of Notre Dame law college, declared:

"More Negroes vote, work, live and are accepted as equals by their brother Americans than ever before. Fortunately, the strong men of both races keep coming on. The time may not be too far away when their combined efforts will have achieved the great ideal of the equality of human dignity in America."

The program was a part of the 40th anniversary celebration of the national NAACP.

J. Chester Allen, South Bend attorney, spoke on behalf of the branch. Acting President F. Douglas Coker presided. The Cannon Baptist Gospel Chorus provided music.

## "Crippled Rent Control" Bill Passed by Congress

### Jimcrow Tilt In Ala. Lost By Sen. Taylor

BIRMINGHAM, Ala. (ANP)—Sen. Glen Taylor (D. Idaho), Henry A. Wallace's running mate on the Progressive party ticket last year, lost his appeal from a disorderly conduct conviction before a jury here last week. Taylor was convicted of the charge in police court last May 4, after having been arrested for attempting to enter a door reserved for Negroes at a meeting of the Southern Negro Youth Conference.

He was fined \$50 and sentenced to 180 days in jail in police court. The selfsame penalties were handed down in Circuit Judge G. L. Bailes' court last week.

State witnesses testified that Taylor attempted to force his way past a policeman at the "Negroes only" entrance. City laws require separate entrances for both races. In his testimony, Taylor said he was pulled from the church porch and a policeman struck him. Three witnesses had testified the Senator told police "you s. o. b.'s can't do this to me."

Taylor said he could neither confirm or deny the quotation, as he stumbled over a wire at the time.

He had contended his arrest at the church on May 1 arose from the city's segregation laws, but Judge Bailes refused to allow testimony on that issue.

By ALICE DUNNIGAN

WASHINGTON (ANP)—The maimed and crippled rent control bill finally hobbled through the regular legislative channels last week beating the expiration deadline by a period of about 24 hours.

The bill which the President termed "effective" met a cool reception in Negro circles.

Speaking from a regular tenant's viewpoint, an ordinary renter who desired to remain anonymous referred to the rent control bill, approved by the President, as just another "dagger stuck in the economic back of Negroes."

"The provision which places rent control or decontrol in the hands of the states," he continued, "will permit the landlords to continue their long time practice of charging Negroes from one to 10 times as much as whites for run-down housing in Negro ghettos throughout the country."

"While this practice existed to a great extent before the war, some efforts were made to ease the situation under rent control. The landlords who have made millions of dollars on Negroes are now given the green light," declared this citizen.

In signing the bill into law, the President was apparently very well pleased with the compromise rent control bill, calling it "a crushing defeat for the real estate lobby."

Mrs. Genevieve Valentine, a prominent real estate dealer of this city and the only Negro woman in the U. S. who claims membership in the National Real Estate board, refused to express any opinion on the new law or to make any comment on the President's statement regarding the organization.

Leslie Perry, administrative director and legislative representative of the NAACP was apparently disgusted with the new bill when he declared that "the coalition of Republicans and Southern Democrats have once again shown their strength by whitening down rent control legislation to the serious injury of all tenants, particularly Negro tenants. The only thing that the Negro voter can do on rent control legislation at this stage of the game is to develop an 'elephant-like' memory for the 1950 election."

While President Truman approved the so-called "hot rule" clause in the bill, which permits states, cities, towns and villages with the approval of state governments, to decontrol, Negroes agree that this is the part of the bill which affects them most.

Under this provision, Negroes who live in cities where restrictive covenants are still in practice, would suffer unold hardship if a situation should arise, where sufficient housing was provided in white areas making it unnecessary to continue rent control, and on the other hand the housing situation is so inadequate in Negro areas that rent control is a necessity. In such case it will not be possible to decontrol certain areas and continue controls on others.

Mr. Duffin is appearing in this capacity for the third consecutive year.

Simultaneously with the food show, a special meeting is being held at Tuskegee institute of officials in the National Restaurant Association and the American Hotel association. The purpose of this meeting is to discuss with "Tuskegee's administrators means of improving both the Commercial Dietetics course at the institute and the opportunities for graduates in member institutions of both organizations.

This annual meeting for home economists, dieticians, chefs, waiters, food purchasing agents, and other professional workers in the food field or related areas is part of Tuskegee's three-fold program in Commercial Dietetics, which also includes publication of the monthly magazine, "Service."

## TANGI'S POOR SHOWING ON WAR FRONT BLAMED ON ARMY BIAS

ST. LOUIS (ANP)—The army's policy of segregation was blamed here last week for the "poor showing of Negro troops on active duty in overseas areas during the recent war. Grant Reynolds, New York state commissioner of correction, laid the responsibility for the "poor showing" against the army in a public hearing at city hall. The public meeting was sponsored by a local commission of inquiry into the wartime treatment of Negro G.I's.

Reynolds told the audience of about 150 persons, most of them Negroes, that soldiers of the 92nd Division "made a poor showing in Italy because they were defeated in spirit during their training in Arizona. Reynolds is also co-organizer of the National Committee Against Jim Crow in Military Service and Training.

He said the commanding general of the Arizona training post publicly stated that his task "was to teach 18,000 Negro troops how to eat green vegetables." He said this official encouraged the operation of a vice row because "he believed it would improve the behavior of Negro soldiers."

He told of his efforts to free Ne-

groes kept in a stockade without protection from the elements after they had been apprehended while AWOL.

"The army even carried segregation to Harvard University," he said, "where we Negro chaplain students were forced to live six in a room in the space allotted to us."

He pointed out, "regretably" that "Negro chaplains in general did not have enough guts to stand up for their charges when they were mistreated." He said, however, that "Negro officers were more courageous."

Another witness, Theodore Sanders, said Negro troops faced a "color line" in Burma "which white American troops introduced before our arrival." He told of inferior food and transportation accommodations both here and abroad, and the difficulty of advancement in rank.

Richard Clark, former army medical technician, said that English people at first considered Negro troops "the best behaved and humblest of the Americans," but "learned the color line from white Americans like me."

## East Chicago Man Named To Lake County Welfare Board

### National Bar Week Will Be Noted April 10

WASHINGTON, D. C.—Thurman L. Dodson, president of the National Bar Association and well-known Washington, D. C. attorney, announced this week that elaborate plans have been formulated by the publicity director for the association to make National Bar Week in 1949 a week of observance of the partial fulfillment of the contribution Negro lawyers have made and are making toward racial advancement.

Local bar groups in Washington, Philadelphia, Chicago, Detroit, Indianapolis, Louisville, and Los Angeles are arranging public mass meetings for Sunday, April 10, and April 17, to focus attention of the public on the part Negro lawyers have played during the past year in the crusade for full Civil Rights.

In some of the cities where there are a large number of Negro attorneys, plans have been made for them to appear in churches on Sunday, April 10, to talk about work that the individual Negro lawyer and the group collectively as represented by the National Bar has done which may be termed "labors for love of their people."

It is expected that at least in 15 cities throughout the country mass meetings will be held either on Sunday, April 10, or Sunday, April 17, according to the plans made by the local group.

GAHY — State Representative James S. Hunter of East Chicago was sworn in last week as a member of the Lake County Board of Public Welfare.

Hunter was appointed by Juvenile Judge Anthony Filipiak to fill the unexpired term of Attorney James E. Wright, Republican, who resigned. The Democratic representative is expected to be re-appointed for a four-year term in June, when the present term expires.

Although Representative Hunter in a sense will be "holding two jobs," he will not be required to resign as a legislator because welfare board membership is not regarded as a salaried position. Members of the board receive \$5 a meeting, but not more than \$10 a month.

A veteran of five successive terms in the state legislature and chairman of the Democratic caucus during the recent session, Hunter has long been interested in public welfare problems and has sponsored welfare legislation. He is employed as a welder at the American Transportation Corporation plant. He is a member of USW local 1133 and is vice-president of the CIO Lake County Industrial Council. He is a member of the county Democratic central committee.

Born in Bowling Green, Ky., 47 years ago, Hunter was educated in Catholic parochial schools and took special training at the Siple Institute for Baking. He was in the grocery and baking business before coming to Lake County 20 years ago. He is married and has one son, who is a student at Roosevelt College, Chicago.

Rep. Hunter is also a member of the NAACP and the Anselm Forum.

## BILL IN CONGRESS BANS HATE PROPAGANDA IN COMMERCE

WASHINGTON, D. C. (NNPA)—Representative William A. Barrett, Democrat, of Pennsylvania, introduced in the House last week a bill to make it a federal offense to transmit anti-Semitic and anti-Negro propaganda in interstate and foreign commerce.

The bill would amend existing federal civil rights statutes by adding a new chapter covering the transportation of defamatory matter.

Under its provisions, Congress would find as a fact that anti-Semitism and bigotry "are potent weapons in the hands of the enemies of this country and of its institutions who have been and are using the United States mails and channels of interstate and foreign commerce to spread the doctrine of anti-Semitism and anti-Negro propaganda, thereby tending to destroy the unity of this Nation, creating discord among our people, disrupting the normal channels of trade and commerce, and interfering with and dislocating the economic life of the country."

The bill also would declare public policy to be against the spread

of anti-Semitism and anti-Negro propaganda through use of the mails and the channels of interstate and foreign commerce.

Import into the United States or its territories, or send through the mails or in interstate commerce, any book, pamphlet, picture, letter, writing, print or other publication which exposes Jews and Negroes as a nation, people, or any substantial portion of them, to hatred, contempt, ridicule, obloquy, or which causes or tends to cause them to be shunned or avoided, or which has a tendency to injure them in their occupation, employment, or other economic activities.

Receipt of such matter from the mails or through interstate commerce, with intent to sell, distribute, circulate, or exhibit it, also would be forbidden.

Violation of the provisions of the bill would subject the offender, upon conviction, to a fine of not more than \$5,000 or imprisonment at hard labor for not more than five years, or both.

### Food Show At Tuskegee April 8 and 9

TUSKEGEE INSTITUTE (ANP)—Tuskegee institute's fourth Annual Food Show and Nutrition Institute, scheduled for April 8 and 9, will bring to the campus for an extended workshop and conference a large number of purchasing agents from representative southern colleges.

The workshop will be under the direction of Douglas Boyle, manager of the Robert E. Lee hotel in Winston-Salem, N. C., and well known among hotel men for his wide experience in mass purchasing for institutional use.

Also scheduled on the food show program for this year is a discussion of food sanitation under the leadership of H. E. Parker, leading expert in this field and officer in the City-County Health department of Winston-Salem. Oliver J. Duffin of the Atlantic Coast line will head the demonstration-lecture program presented by chefs and headwaiters from dining car departments of the nation's railroads. Mr. Duffin is appearing in this capacity for the third consecutive year.

## Gary School Head Testifies On Shortage of School Funds

GARY—Principal H. Theo Tatum and several Roosevelt school teachers were summoned before the Lake County Grand Jury last week as investigation was begun of an alleged \$7,000 shortage of funds at the school.

Superintendent Charles D. Lutz said the matter involved a clerk in the principal's office. He said alleged shortages of more than \$7,000 in book rentals were disclosed by an audit of the state board of accounts last fall. The audit was received by local school authorities recently.

The book rental records had been falsified over a period of years, it was asserted. The clerk involved denied the charges.

So. Bend Woman Graduates in WAC Leaders' Course

CAMP LEE, Va. (ANP)—Twelve Negro trainees of the Women's Army Corps, training center at Camp Lee were graduated from the training center's leadership course last month.

The six-week course is given to selected personnel to develop their leadership potential by instruction and performance in the duties of non-commissioned officers. During this period, four weeks are spent in classrooms and two weeks are devoted to on-the-job training as assistants to non-commissioned officers in the training companies.

Included in the graduating group are Pvt. Juanita Thomas, South Bend, Ind.; Delores V. Brown of Bedford Hills, N. Y.; Elizabeth A. Crosby, Cleveland, Ohio; Martha D. Harper, Flint, Mich.; Connie M. Richards, Atlanta; Dell Shirley, Atlanta; Lilly M. Williams, New Orleans; Elizabeth L. Woods, St. Louis; Emma L. Cash, Pottsville, Pa.; Kathleen Payne, Miami, Fla.; Mary Teague, Trenton, N. J.; and Janet C. Tyler, Philadelphia.

### Dr. Frank P. Graham, Noted N. C. Educator Sworn in by Senate

WASHINGTON (ANP)—Dr. Frank P. Graham, president of the University of North Carolina, was sworn in as Junior Senator from the State of North Carolina last week, the oath being administered by Vice-President Alben Barkley.

Senator Graham, one of the outstanding liberals in the South, a man who has kept the University of North Carolina on the side of tolerance and intellectual honesty and has been a friend to practically every Negro cause, will become a notable addition to the highest lawmaking body in the country.

More than 500 North Carolinians journeyed here to see Senator Graham sworn in. Among them were several colored people, including T. A. Hamme of Alamance County,

### PROPOSED CITY FEPC OPPOSED AT ANDERSON

ANDERSON—Directors of the Anderson Junior Chamber of Commerce last week unanimously adopted a resolution opposing the Fair Employment Practices ordinance introduced in city council by Stanley Baginski.

The resolution was sent to the council and city clerk.

The FEPC ordinance is supported by labor and religious groups. It has been the target of vitriolic articles and an editorial in the Indianapolis Star.

### Gary Club Women Sponsor "Better Community" Meet

GARY—More than 200 persons attended the forum on "Better Community Development" at Campbell Friends' House recently, under sponsorship of the City Federation of Colored Women's Clubs.

Taking part in the discussion were Miss Dorothy Neirengarten, assistant director of the Lake County Public Welfare board; James Carr, of the Social Security administration; and Walter Mackerrl, member of the state Fair Employment Practices Commission, Joseph Chapman, executive secretary of the Gary Urban League, served as moderator.

The speakers voiced the conclusion that better housing and playgrounds, and more job opportunities, would be means of developing a better community life.

Mrs. Elizabeth Banks, a member of the Grace Wilson Evans club, was crowned queen by the state president, Mrs. Millie Hoffman of Lafayette. Special guests included Mrs. Foster Turner, president of the Lake County Federation of Women's Clubs, and her mother, Mrs. Samuel Hill.

Women from the Young Matrons' Service Guild served as ushers.

Miss Lou Ella King was program chairman, and Mrs. Ocia P. Cowart is president.

DON'T FAIL TO HEAR THE WINNERS at the Sunset Easter Monday Nite.

A NEW HILL'S CENTER IN '49

The series of articles now running in The Recorder will demonstrate, we believe, the need for a New Hill's Community Center immediately.

We shall have more to say about this when the series of articles is completed.

"THE INDIANA 'NEW DEAL' AND THE PATRONAGE TROUGH"

Negro people of the community were numbered, or if at all numbered in the top brackets of supporters of the Democratic party in the community and the state, in all the days since the unexpected landslide or victory in the state, are reported as being highly disgruntled over the division of the spoils.

Some observers have noted or claimed that on any level and in states like New York, Ohio, Pennsylvania, Illinois, Michigan and elsewhere, the patronage trough affords more for Negro people under a Democrat administration than under a Republican administration.

In recent months informed persons indifferent to the fanfare of politics have challenged others on the political front of the community to find places for themselves in a "New Deal" state government equal to the pay of foundry workers making ninety or one hundred per week.

Fairly well informed observers charge that fewer than 200 Negro persons are now holding jobs under the Marion County or Indiana state government administrations, both Democratic. They also venture that such jobs as might be obtained are generally turned down on the basis of pay, for jobs in industry that may be obtained any day in the year.

Y. W. C. A. MEMBERSHIP DRIVE

Leaders and members of the various teams participating in the annual spring membership drive of the Phyllis Wheatley Y. W. C. A. beginning April 1 and extending through May 1 got off to a flying start, leaders of the drive reported over the week-end.

Our opinion is that people of our community in this instance have indicated their understanding, to some extent, of the constructive or commendable role played by the institution in the lives of young women and girls of our community.

Such programs or plans will follow the responses or general co-operative action of those to be served. And in this connection the branch executive director, Mrs. Paul A. Batties, able young woman and widely known in her field of endeavor has observed, we have sought to assimilate and uphold our traditional philosophy (YWCA) with regard to attempting to promote the essence of "true charity" which does not lie so much in the material gifts or changes we might wreak, but emphasizes the strength that comes through "sharing" in an atmosphere promoting growth for all who participate.

"KNOCK DOWN ANY DOOR"

In the current "drive against bootlegging and gambling," police tactics have reached the point where the citizens have a right and duty to protest, we believe.

The question raised here, in the police tactics of forcing entrance even to private homes without a warrant, is far more important than the apprehension of alleged "bootleggers" and gambling operators. After all, considering all the liquor that is sold and all the gambling that goes on in America, the most you can say is that the "illegal" operators are on the wrong side of the street.

Illegal entry into an American home or private club, however, should to our way of thinking rank as a serious offense. It is a crime against the liberties of the American people.

The doctrine that police officers may break the law because they believe they are pursuing law-breakers, is pernicious and destructive of public morality. Let us have an end to this petty persecution and bullying of citizens who lack the financial strength to defend themselves.

OH, WHAT'S THE USE!

Our daily jobs get tiresome for all of us occasionally. The housewife gets discouraged over the eternal round of meals and dishes; her husband gets fed up with going to work day after day.

"STILL OUR MOST DANGEROUS ENEMY"

Voice of the People

MAN IS THE BOSS OF THIS WORLD

To The Editor The Recorder Dear Sir:

And God said, Let us make man in our image, after our likeness; and let them have dominion over the fish of the sea, and over the fowl of the air, and over the cattle, and over all the earth, and over every creeping thing that creepeth upon the earth."

Then man was the boss of the earth. He had everything at his command. Then man did what God told him not to do. Then God started man out to do for himself, but God did not give man anything to work with. Then man had to think of something to work with. Then God did not give or build man a house to live in.

Man had to hide himself in caves and under cliffs of the mountains but man was not satisfied with his residence, so he builds himself a bush arbor. He dwells in the arbor for years among the spiders and every other thing most that was poison, such as flies and bugs and so on. But, now look today how man lives.

Man lives in fine houses. Man is the only being living that makes a coat to cover his back. Man is the only thing that changes the styles of things. Man is the only inventor God made, because God said, "Let us make man in our own image; after our likeness." MAN IS THE BOSS OF THIS WORLD

To The Editor The Recorder Dear Sir:

And God said, Let us make man in our image, after our likeness; and let them have dominion over the fish of the sea, and over the fowl of the air, and over the cattle, and over all the earth, and over every creeping thing that creepeth upon the earth."

Then man was the boss of the earth. He had everything at his command. Then man did what God told him not to do. Then God started man out to do for himself, but God did not give man anything to work with. Then man had to think of something to work with. Then God did not give or build man a house to live in.

Man had to hide himself in caves and under cliffs of the mountains but man was not satisfied with his residence, so he builds himself a bush arbor. He dwells in the arbor for years among the spiders and every other thing most that was poison, such as flies and bugs and so on. But, now look today how man lives.

Man lives in fine houses. Man is the only being living that makes a coat to cover his back. Man is the only thing that changes the styles of things. Man is the only inventor God made, because God said, "Let us make man in our own image; after our likeness." GROWING UNEMPLOYMENT SHOWS NEED FOR FEPC

Ewan Clague, director of the Federal Security agency, makes the modest estimate that nearly four million people will be jobless by the end of the year. Priors will go down substantially in consumer industries and costs, perhaps, in such basic industries as steel, automobiles, mining, transportation, will also decline.

This outlook for production in American industry is a strong argument for FEPC legislation. When employment remained high following the ending of war production, there really was no strong pressure for FEPC. People like A. R. Randolph of the Brotherhood of Sleeping Car Porters tried unsuccessfully to get a law through Congress, but nobody felt the actual need for such legislation to the extent that the need is felt today.

But today, Negroes and other minority groups are really being squeezed by the expanding recession in business. They are being laid off and in most instances are not being called back to work. Instead employers are finding today that many white workers are willing to accept the less desirable jobs at wages far below those which they demanded and got last summer.

The willingness of the white worker to accept lower wages is driving wages offered Negroes down to even lower levels. This tendency is most noticeable in connection with domestic service, work around filling stations and garages and work in restaurants and hotels. For the present the tendency will not make much of a dent in national statistics on wages and take-home pay in U. S. industry as a whole, but to the groups of Negroes, and older workers who feel the pinch, the effect is no less real.

In short, the burden of unemployment is being thrown unfair on the shoulders of the Negro worker for no other reason than that he is the least protected worker in American industry, though not the least efficient. It is the result of prejudice and warped thinking by citizens who need the guidance of a federal fair employment practices law.

The people who want discrimination in employment continued realize that a federal law would put public policy and public morality on the side of the Negro worker and all other victims of unfair employment practices. Even though it might happen that no employer or union official would ever be punished for discrimination, it would still be a great achievement to have public policy behind those who would go counter to the general practice of discrimination.

In The Nation's Capital

By LOUIS LAUTIER For the NPPA News Service

Since it appears that civil rights legislation is not to be abandoned in the 81st Congress, despite adoption of the new rule in the Senate requiring sixty-four votes to shut off debate, the so-called civil rights program needs to be restated.

Actually there are three civil rights programs complimenting each other. One is the recommendation of President Truman's Civil Rights Committee, which is the broadest of the three. Mr. Truman's legislative recommendations sent to the Congress in a special message on February 2, 1948, constitutes the second. The third program consists of the civil rights planks written into the Democratic platform at the party convention in Philadelphia last summer. This is the narrowest.

The confusion about these civil rights programs revolves around the question of whether their adoption is intended to abolish race segregation and whether the Congress, in considering civil rights legislation, should go beyond the pledges of the Democratic platform.

During the filibuster Senator Paul Douglas, Democrat, of Illinois, argued vehemently that Senators from the South were "seeing ghosts." He declared that "We are not proposing to abolish segregation in the South."

Whether he used the personal pronoun "we" to include Northern Democrats or to avoid the egotistic sound of a repeated "I" is not known from the context of his remarks, but he emphasized to Senator Richard B. Russell, of Georgia, that abolition of segregation was not a part of the program of the Democratic party as it was adopted in Philadelphia.

There is no question about the intent of the President's Civil Rights Committee. It recommended in unambiguous language "the elimination of segregation based on race, color, creed, or national origin, from American life." This recommendation, however, was not unanimous. A minority of the committee favored the elimination of segregation as an ultimate goal but opposed the imposition of a sanction which would condition all Federal grants-in-aid for any purpose on the absence of race discrimination and segregation.

The 10-point civil rights program recommended by Mr. Truman contained no recommendation concerning the abolition of segregation, except that his recommendation concerning the prohibition of "discrimination" in interstate travel may be fairly construed as meaning the abolition of segregation in such travel. It may be fairly assumed, however, that the President's recommendations were not intended to exclude from the consideration of the Congress other recommendations of his civil rights committee which were not embodied in his report.

Abolition of race segregation in the Army was the one point on which Senator Russell, a member of the Senate Armed Services Committee, pressed Senator Douglas hardest. The Democratic platform called upon Congress to guarantee "the right to equal treatment in the service and defense of our nation."

Senator Douglas interpreted this plank to mean merely that "colored troops should be given a chance to shed their blood as combat soldiers instead of being relegated to supply and engineering units."

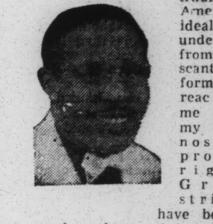

Senator Russell remarked that if the Democratic platform was interpreted by others as the freshman Senator from Illinois construed it, "I should feel much better about the future." Happily, however, other Senators are not construing this plank as Senator Douglas construed it. Senator Herbert Humphrey, Democrat, of Minnesota, who perhaps was more responsible than any other man for the adoption of the liberal civil rights planks at the Philadelphia convention, says he construed it as intending the abolition of segregation in the armed services.

In making an appraisal of his monumental work, "The American Dilemma", Dr. Karl Gunnar Myrdal says in a recent article of the Crisis Magazine:

"One main conclusion of my study of the Negro problem was this: that not since reconstruction have there been more reasons to anticipate fundamental changes in American race relations, changes which will involve a development toward the American ideals. I understand from the scanty information reaching me that my prognosis is proving right. Great strides have been made and several fronts have pushed forward since I left the scene."

We who are on the scene and directly affected by the changes, are more consciously aware of the changes than the noted Swedish scholar, but even as we fight for complete integration into the warp and woof of American life and even as we watch the line crumbling here and there, we are troubled by the presence of certain problems corollary to the desired integration.

Of the problems facing us in the near future none is of greater import than that of a leadership trained to assume its place in a modern, progressive and free society. That poses the problem of the finding and proper education of the individuals who are to shoulder the burden of this leadership.

We are now possessed of the means of discovering potential leaders in the various fields of human endeavor and there are universities and colleges in which the requisite training may be secured. The problem becomes simplified to this: that many of those best able to acquire the necessary training are unable to avail themselves of it because of the rising costs of education and their own financial inability to meet these costs.

WHAT TO DO NEXT

It has been said of Napoleon that his genius consisted largely in knowing what to do next. It mattered not how straightforward his circumstances nor how bitterly the enemies were pressing upon his valiant cohorts, he was never at a loss as to what was the next move. His resourcefulness was unlimited according to his biographers.

There is a valuable lesson suggested to the Negro in his struggle for his rights. It cannot be doubted that for the immediate present our hopes for civil rights legislation have temporarily been blighted. The coalition between deceitful Northerners and determined Southerners has succeeded beyond the fondest hopes of the Dixiecrats. The cause of international righteousness has been brought for a staggering loss; but it is just as well for us to understand that the temporary set-back does not mean ultimate defeat for the cause of civil rights as they pertain to American Negroes.

Civil rights legislation will prevail in this country sooner or later. This nation must save the Negro or itself be lost and this is the moral sword of Damocles that is forever suspended above the neck of this country. This nation could not exist half slave and half free in the times of Lincoln and it cannot today. The immediate problem before the Negro today is what shall we do next? What is our next move; for the next move is ours.

In spite of our rash generalizations from time to time and in spite of our impatience with the slowness of racial advance, the truth remains the cause cannot advance faster than an enlightened public opinion, however much we may gainsay those who make bold to say so. We may decry interracial goodwill all we want, and we may disparage interracial efforts and gestures however feeble, the stubborn fact remains that after such a congressional setback as we have recently witnessed, our only hope is in a growing enlightenment that stems both from the Negroes' own effort and from that of the whites

The problem becomes simplified to this: that many of those best able to acquire the necessary training are unable to avail themselves of it because of the rising costs of education and their own financial inability to meet these costs.

There was a time before the income tax killed off private philanthropy that individuals of promise could secure grants to further their education and many Negro colleges could keep their costs low so that almost anyone de-

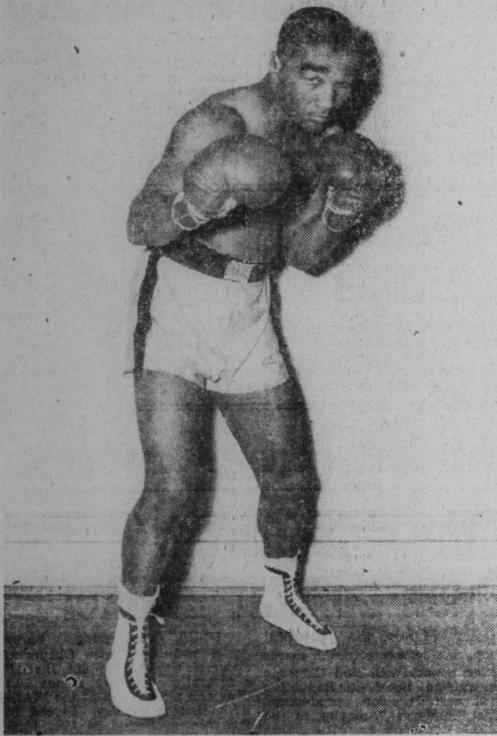

who wish them well. One of the happiest signs of current events is the growing inclination of Negroes to acknowledge what many erstwhile spurned and that is the genuine goodwill of many of the whites of the South. There was a time — and it seems past thanks be — that even to intimate the potency of interracial goodwill would call down upon one's head the wrath of the rashly intellectual who claimed that "some other way" had been found whereby the Negro minority could overpower the white majority and force it to evacuate its last stand against the onrushing tide of time and events. The cause of such premises can hardly be comprehended when we contemplate the debacle what is Congress in its remissness in dealing with the civil rights issues.

The growth of public sentiment in behalf of civil rights may be all too slow; and the advocacy of further dependence upon this growth may seem at times illogical and fatuous, but in the clutch we must fall back upon this selfsame growth of humane sentiment whereby the Negro can within his limits fight for his own redemption. Nor is it cowardly to bide our time so long as we keep our eye on the prize of full-fledged citizenship.

One of the most salutary aspects of the recent congressional debacle has been the coalition between Democrats and Republicans. The incurable Negro Republicans cannot gainsay us who went all-out for Truman. They certainly cannot hurt into our teeth, "We told you so." For Republicans no less than Democrats are particeps criminis and there is no reason to believe things would have been different under a Republican administration.

What then shall we do next? The answer is too simple for repetition. Each Negro must by his staunch Christian character and industry and common sense win more white converts to our cause in the South and North. It is being done and it can further be done. It must be done! Character is the only thing that can unlock the doors of full-fledged citizenship in this country. Let's continue to instill uprightness, honesty, and coming behavior. The Christian Spirit, patriotism and race loyalty and faith in ourselves, our fellowmen and our teachers. God! These are next to be if we keep up the fight!

## Chi Giants Win 2 Tilts at Houston, Texas

HOUSTON, Tex. (ANP) — The Chicago American Giants, improved over last year, opened their exhibition schedule with two wins over the Houston Eagles. Despite bad weather during early days of training, Coley Welch's squad seems to be rounding into good condition.

From the 23-man squad, Manager Welch has picked this probable list of starters:

Marlin Carter at third, Jesse Douglas at second, Lyman Bos-tock at first, and Clyde McNeal at shortstop, in the infield:

Jimmie Zapp in left, Lloyd (Ducky) Davenport in center, and Johnny Lloyd in right, in the out-field.

Paul Hardy or Willie Patterson behind the bat, and a corps of starting pitchers. Twirlers on the squad include lefthander Alvin Gibson, Frank (Big Train) Cor-swell, Lefty Harry Rhodes, Samuel Barber, Taylor Smith, southpaw Great McKinnis, and two Chicago rookies, Alvin Spearman and O'hella Strong.

Others in camp include back-stop George Riley, infielder Jesse Williams and Hurtis Hendricks, outfielder James Easterling, and pitchers Alfred Thomas, James Sutherland, and Henry Rateree. Pitchers Gentry Jessup and Clarence Locke will be in camp soon.

Among his records the "Alabama Kid" won a ten-round decision last summer over the South American heavyweight champion Arturo Godoy who boxed Joe Louis 15 rounds for the world's heavyweight championship.

Promoter McKinney has also signed the local middleweight, Harry Dunn, who has already marked up two victories since turning professional. He will trade punches with Bill Harrington of Columbus, Ohio. The bout is scheduled for five rounds.

## Clowns Add Member to Squad's Comedy Team

JACKSONVILLE, Fla.—"Spec" Be-Bop, pint-sized diamond comedian is the latest addition to the fun-making department of the famed Indianapolis Clowns of the Eastern division Negro American League.

The fun-show features the performances of King Tut and Juggling Joe Taylor, ably assisted by the long-armed first baseman, Reece "Goose" Tatum, who now will combine with the diminutive Be-Bop to give the Clowns and the fans a side-show unequalled in the team's history.

Be-Bop arrived at the Clowns' training camp this past week and proved such a funny individual that the players just sat around the field screaming their approval of the new arrival who measures only 3½ feet in height.

The irrepressible and irresistible Clowns appear greater than ever this season both in their playing and comedy departments. They should prove bigger, better and funnier than ever except for the manner they will bow over opposing teams this year.

Standout performers such as

Henry "Speed" Merchant, Sher-wood Brewer, Jesse "Bill" Williams, Ray Neil, Manager Buster Haywood, Len Pigg, Charlie Wilson, Lester Witherspoon, Verdes Drake, Andy Porter, Jim Cohen, Harry Butts, Manuel Godinez, Winslow Means, Jim Cathey, Percy Forrest and others, including trainers, the comedians and traveling business manager "Bunny" Downs, are already in camp and going through extensive workouts. The "Golden Goose" Tatum is expected to join the club this week, and Sammy Hairston is the only listed holdout.

The Indianapolis Clowns meet the Southern League All-Stars at Newport News, Va., next Sunday, April 10; and at Portsmouth, Va., on Monday night, April 11. They proceed to Rocky Mount, N. C. and Winston Salem, N. C. for the 12th and 13th nites; and Elberton, Ga., on the 14th before opening their week's series with the 1948 NAL champion Birmingham Black Barons on the 15th at Macon, Ga.; 16th at Lanett, Ala., and their scheduled Easter Sunday double-header at Atlanta, Ga. on the 17th.

## FORMER SOUTH BEND HI CAGE ACE WINS LAURELS IN CALIF.

SOUTH BEND — Ernie Bond, South Bend Central's star basketball center of a year ago, is attending Compton Junior College near Los Angeles and was recently named to the All-Southern California Junior College quintet, it was learned last week.

Bond made a plane trip here for a visit following the National Junior College tournament at Hutchinson, Kans. The Compton team finished third in the tournament.

The former Central ace and stellar high-jumper will enroll next year at UCLA, where Johnny Wooden, former Purdue All-American guard, is coach. Bond is studying at Compton in order to become scholastically eligible for enrollment at UCLA.

known to radio fans as "Rochester" Billy, according to Ernie, is an extraordinary track and field prospect, pole-vaulting, hurdling, broad-jumping and sprinting being among his accomplishments.

"Bond, a Negro boy, and one of the most talented and popular basketball players ever to attend Central, is one of 10 children, only three of whom are boys. Melvin (Buddy), also a former Central star, now is with the army in France, where an action picture of him playing basketball recently made the rotogravure section of a leading newspaper.

"Austin, age 8, now attends Linden School and probably will play basketball for Central some day."

## South Bend High School Cage Star Gets Sports Award

## White Sox "Still Seeking, Looking For Sepia Player"

CHICAGO (ANP)—The front office boys of the Chicago White Sox are still looking for a "good Negro player," just as they have been for the past five years.

Larry Doby, Satchel Paige, Jackie Robinson, Roy Campanella, Sammy Jethroe, Artie Wilson, Luke Easter, Dan Bankhead, Orestes Minoso, the overwhelming number of Negroes signed by major league teams, have all performed at some time in White Sox park. But the Sox are "still looking."

While still looking the Sox never saw these men as being good enough to even play on one of their farm teams. To get to the point, last week, Frank Lane, White Sox general manager, told a Negro reporter that "we were looking everywhere for players," but he didn't mention how his eagle eyes overlooked a certain first baseman by the name of Pendleton, who performed practically every week in Comiskey Park with the Chicago American Giants. But the Dodgers didn't overlook 'em, and Frank Lane's eyes are much stronger than old man Rickey's.

## Barons Pilot Picks Squad of Players To Start '49 Season

BIRMINGHAM, Ala. (ANP) — Manager Piper Davis of the Black Barons, 1948 champions of the Negro American League, last week picked his squad to start the season from a group of 32 veterans and rookies.

The squad and positions the men will play are as follows:

Bell, catchers: Joseph Scott, John Britton, Wiley Griggs, Piper Davis, Luther Branham, Josea Buer-gos, infielders; Edward Steele, Norman Robinson, Mitchell June, and Frank Nesbitt, outfielders, and Alonza Perry, William H. Powell, Jimmy Lee Newberry, Sam Williams, William Gresson, Willie C. Scourgs, William Houser, Richard Watts, Kelly Seary, and Nathaniel Booker, pitchers.

Others of the Barons clan are Roosevelt Atkins, trainer; Charlie Rudd, bus driver, and Nathaniel Pepper Bassett and Herman Pollard, road secretary.

## Playing Your Latest Song Hits On Popular Savoy Records

SPIKE POINTER, male vocalist, and Granville Owens, drummer, are waging a hot fight for honors in The Recorder's First Annual "Dream Band" poll, which closes Saturday, April 9. Remember, you have only until Saturday to cast your VOTES. All mailed votes post-marked Saturday, will be accepted.

New York nitelifers are hailing the sensational organ artist, Larry Johnson, whom they're claiming as the late Fats Waller's successor. Appearing nightly at Harlem's Shalimar Cafe, Johnson's foot and hand work is untouchable and hundreds of his fans are spellbound by his flawless technique. He boasts a repertoire of over 1,500 songs ranging from the classics to jazz and bebop. Shalimar's proprietor, Luther Randolph, tore up his four weeks' contract when Larry opened there last year and wrote a new one that called for Johnson appearing there as long as he wanted. It's a common phrase around New York now that "on trip to the big city is complete without hearing Johnson at the organ."

Out of the shadows there has arisen a new musical sensation in the form of sax tooting Paul Williams who brings his band to the Sunset Terrace on Sunday nite, April 10.

In the short time Paul has been featured on Savoy Records, he has become one of the more important of the newer bandleaders. Born in Lewisburg, Tenn., thirty years ago, Paul Williams' earliest ambition was to spend the rest of his life in professional athletics. His was in Detroit that Paul's first

break came. He met the owner of a record shop named Joe Battles who delighted in the saxophonist's original instrumentations.

It was Teddy Reig, musical director of Savoy Records, and Joe Battles, owner of a Detroit music shop, who convinced Paul Williams that he was for his own band. Since that time the boy has made good and is presently an outstanding attraction.

Advance tickets are now on sale in your neighborhood. For reserve tables call the Sunset Cafe.

### "Anna Lucasta" Opens at Apollo

NEW YORK (ANP)—The historic Apollo theater of Harlem will drop movies and vaudeville for a week, beginning Friday, April 8, to present the stage play, "Anna Lucasta."

Speaking of this move, the first time stage plays have been presented at the Apollo for more than 10 years. Manager Jack Schiffman said:

"This move is a big jump, but we here at the Apollo are interested in bringing the community the best possible in entertainment, and we believe that Harlem will support a drama of this type. If it is successful, then we will present other important dramas from time to time."

The famous play will be presented twice daily at "reduced

prices," at 2:30 and 8:30 p. m. This will mark home-coming for "Anna Lucasta" which was first introduced to the theater public in the basement of the West 135th Street library by the American Negro Theater group.

From the basement theater the play went to Broadway where it played for three great box office years, then to Chicago and the road for two years, and in London where it is now and has been at His Majesty's theater for 1 1/2 years.

Members of the Apollo cast have appeared in the play before. This group will then tour the South and Midwest where the play has not yet appeared.

The cast will include Ruby Dee as Anna; Claire Jay as Blanche; Ossia Davis as Rudolph; Lance Taylor as Frank; Lawrence Criner as Joe; Betty Haynes as Stella; Roy Allen as Stanley; Yvonne Marden as Katie; Lula King as Teresa; the mother; Ken Freeman as Lester; and Monte Hawley as Noah, the bartender.

GEORGE GIBSON, the dancing waiter and formerly with "The Drunkard," a Hollywood stage show, will personally appear on The Recorder's "Dream Band" contest stage show and dance bill at the Sunset Terrace Easter Monday nite. Advance tickets are now on sale.

### Vinson Nixes Barbers' Plea

NEW YORK—Eddie (Mr. Clean-head) Vinson, through his New York representatives, has turned down the request of a national barbers' organization to serve as subject for a nationwide advertising campaign emphasizing clipped hair.

cause he contended that his shaven head has come to be a personal "trademark" and shouldn't be associated with any product. If this was done people might come to associate his bald pate with something other than his music and peculiar type of artistry. "That would never do" observed Ed.

days (1928) when the late Jeff Blunt's "Lenox Avenue club" was the principal rival of the Uptown Cotton club. The night spots are only yards apart from each other.

Alberta, the darling of two continents, is a song-stylist and sales-lady who has been rated by top critics of the Negro and white press as the epitome of an evening's entertainment. She reminded me so much of my THELMA CARPENTER in the respect that both are true artists. Neither has ever had to resort to the "tricks

of the trade," gentle devices tuned to bring applause when the real goods was not there. Not too popular with fellow-club members and some writers are such lasses, I can tell you without malice aforethought.

### TELEVISION SPOT

When you write me in my nationally read "Questions and Answers" column which brings some 2,000 letters yearly to the desk, tell me if you saw (not heard) Alberta in her animated performance with the "Three Flames," Channel 4, on March 30. Show business can well be proud of types like Alberta. Devoted to her mother, a homemaker, extremely sociable, she is not and never has been the "clowning" exhibitionist. Somehow, some of us lose face and become unpopular when we refuse to lead lives that call for excessive drinking and "getting your kicks" along the Primrose trail—it's a fact, Matilda dear.

## Dancing Waiter at Sunset Monday Nite, April 18

George Gibson, the dancing waiter with the spinning tray, and formerly with "The Drunkard," Hollywood vaudeville show, which played here last year, will appear on The Recorder "Dream Band" contest winners' program at the Sunset Easter Monday nite, April 18. Young Gibson won cons of praise from critics all over the country

by Lewis Galantiere and directed by Sheldon Hoskins of the Penthouse Dance and Drama theatre, located in the heart of "Tan Harlem," was well received by those of us who realize such ventures must be fully-supported if great actors and actresses are to be a part of the overall American theater plan.

while appearing with the show as a howling success.

Rated as the world's greatest dancing waiter, Mr. Gibson has played at some of the country's leading nite spots, including: the Heat Wave in New York; Jack Tar Hotel & Baths in Hot Springs, Y. P. W. Club in Columbus, his home town; L. V. L. Club in Indianapolis and others too numerous to mention.

Mr. Gibson will present his new number styled "Blackout" which uses radium, you don't see him, you only see a shadow. The act is a riot and should prove entertaining to Naptown amusement lovers.

Don't fail to see him at the big show April 18 at the Sunset.

Winners in the Recorder's 1st Annual "Dream Band" poll will appear as guest artists at the big dance and stage show booked at the Sunset Terrace Monday nite, April 18. The affair promises to be one of the most outstanding affairs ever held in the city. Advance tickets are now on sale in your neighborhood. Deadline for votes is Saturday midnight.

Arrangement has been made to have the WINNERS of the Recorder poll to appear on the first All-Colored Quiz Show starring The Ravens, Dinah Washington, The Hudson's orchestra and Bill Powell, quiz master at the Armory Saturday nite, April 23. Here's your chance to help these entertainers by casting your ballots today, and giving these performers an opportunity to appear with these nationally known celebrities.

VOTES are still coming in from out-of-town. 100 votes came in from Owensboro for Gene Pope; 10 votes came in from Muncie for Flash Lawrence. 30 votes came in from Evansville for Bill Christian, and 60 votes came in from Connersville, for Bill Christian.

And 4 VOTES came in from the boys at General (City) Hospital, ward M2 for Johnson Collins.

Remember, you still have until Saturday midnight to VOTE for your favorite in this city-wide "Dream Band" Poll.
