**NEGRO COPS IN CANINE CORPS:** Police Chief Robert E. Reilly awards diplomas to the first two Negro police officers initiated into the 14 man-dog teams of the Police Department's canine corps. It marked the ending of a rigid training program for the officers and dogs which began early this year at Ft. Benjamin Harrison. The officers are (top) William Rowe and Jack Yager. Inspector Daniel T. Veza, an early supporter of the man-dog teams, said there are plenty of volunteers for the next training school expected to be started this year. One dog car will be assigned to each of the city's six divisions and other teams will patrol on foot in the high crime areas, especially those with an alarming percentage of street crimes, Reilly said. ## Southern 'Talkathon' Succeeds In Killing Literacy Test Bill

WASHINGTON—A bill aimed at barring discrimination against Negro voters in the South through state literacy tests suffered another setback this week when the Senate refused for a second time to curb a Southern talkathon against the legislation.

The bill, designed by President Kennedy, would make a sixth-grade education proof of literacy for voting in federal elections.

Southern Democrats have been arguing that the Senate bill was just a literacy test bill. They said it went far beyond that issue by affecting the states' rights to "set educational requirements."

THE VOTE WAS 52 to 42 against ending the Southern talkathon, 21 votes short of the required two-thirds.

Nearly two-thirds of the Senate "did not want" to kill the literacy bill. Only 33 Senators voted to table it, while 64 voted against tabling, which would have killed the measure.

BUT AS LONG as the filibusters are subjected to gentle opposition, the Senate cannot vote on the bill. Forty-three Senators voted to shut off debate, but 53 voted against this. And to curb debate requires a two-thirds majority.

Seven Democrats who voted against curbing also voted against killing the bill.

Fourteen Republicans voted against limiting debate, and also voted against killing the bill.

If these 21 Senators had voted consistently, debate apparently would have been limited and the

## Democrats Name Gary Woman Dist. Vice-Chairman

GARY — Mrs. Curtis Strong Tuesday became the first Negro woman named to a district Democratic post in Lake County, it was learned.

She was named vice chairman of the 1st District by John Krupa, new Lake County Democratic Chairman. Krupa named North Township Assessor John Pers as 1st District Democratic Chairman to succeed East Chicago Mayor Walter M. Jeorse.

Earlier, it was expected Krupa would name Miss Victoria Caesar, a Gary city deputy clerk, as 1st District vice chairman.

Mrs. Strong is secretary of the financial secretary of United Steelworkers Local 1014; chairman of the board of directors of the New Midtown Democratic Club Auxiliary; vice president of the Gary branch NAACP, and a member of the Central Democratic Woman's Organization.

Krupa said the appointments were calculated to strengthen the "new image" of the Lake County Democratic organization.

**Citizens' Float Beauties Named; Funds Still Needed As Date Nears**

The six beauties to ride the Citizens' Float in the "500" Festival Parade May 28 were chosen during the finals of elimination last Saturday.

Selected were Odeana Johnson, 2025 Highland Place; Flora Kathryn DeFranz 6240 Grandview Drive; Luella L. Cox, 28 S. Sheridan Avenue; Marilyn Morris, 1141 West 31st Street; Phyllis South, 1635 Kenruth Drive; and Janet Floyd, 627 Locke, Apt. 324.

THE WINNERS were scheduled to have a meeting with Mrs. Elizabeth Williams on Thursday night for selection of color and design of the gowns they will wear on the float. They were to attend a meeting with all other float personnel on Friday night in the World War Memorial.

Judges in the competition which originally included 35 girls from all sections of the city were: George J. Thompson, business manager of the Indianapolis Recorder; Starling W. James, president of the Federation of Associated Clubs; Mrs. Audrey Howard, and James C. Cummings, Jr., manager of Barrington Apartment Development.

Other finalists were: Joyce Livingston, 936 N. California; Betty Jean Smith, 2251 N. Kenwood Avenue; Judith Elaine Talley, 4019 Byram Avenue; Elinor Jean Myers, 2314 N. Arsenal Avenue, and Victoria Porter, 2227 West 14th Street.

Mr. Cummings in making the announcement of the winners this week, stated, "All the finalists were truly beautiful girls who exuded personality, poise, and charm."

"Any one of the twelve could justifiably, and without reservation, be placed in competition with any appearing in the '500' Festival Parade. We are indeed proud that all of the 35 entrants were outstanding and are sorry that our float was not designed to carry them all."

THE PARADE THEME is "Music, Today and Yesterday." The Citizens' Float, a sophisticated classic in blue, will be called "Rhapsody in Blue." The six girls will sit on the front while a revolving platform, featuring a grand piano and pianist, will highlight the rear section.

Money to pay for the float (\$1,500) and the entry fee (\$200) has been raised. However, funds still needed for the financing of the gowns for the girls and the payment of incidental expenses connected with the promotion.

Persons and organizations interested in the complete success of this venture are urged to send contributions to the Citizens' Float Committee, 2309 N. Capitol Avenue.

Contributions over the past week were:

Pat L. Williams	\$2.00
George P. Stewart	2.00
Dr. Robert C. Collins	20.00
Elizabeth Missionary	5.00

## Bias Charges Made Against Road Builders

A report from the office of Indiana Civil Rights Commission Director Harold Hatcher indicates that of the 137 highway contractors filing reports in compliance with the governor's executive order for non-discrimination 89 of them still were without Negro employees.

Hatcher said that Ted Wilson, Rights Commission investigator, is scheduled next week to investigate cases of non-compliance in the Gary and Ft. Wayne areas.

OF THE 137 private contractors with state highway or bridge contracts 36 still have not filed the report which was due April 15.

He said 2,053 persons were employed by the 137 contractors filing reports and of that number 102 were Negroes, a percentage of five and one-half.

Hatcher explained the plan put into operation by his agency called for compliance reports from contractors every 90 days. The Commission agreed it would be premature to judge the amount or lack of compliance on the basis of the first reports and decided to wait until July 15, the next reporting period.

Hatcher also said the State Department of Public Works has inserted the non-discrimination clause into the last 40 building contracts awarded by

## 1st One-Way North Rider Job Hunting After Firm Quits

NEW YORK (ANP)—Louis Boyd, who was shipped North with his wife and eight children with one-way bus tickets paid for by New Orleans segregationists, is job-hunting again.

Boyd said last week that he was leaving his \$100-a-week handyman job with Medical Developments, Inc., Fort Lee, N.J., manufacturers of a transistor thermometer.

But that wasn't the way Boyd wanted it. The decision was largely academic, since the firm was a week behind in salary payments to its 50 employees, has announced suspension of operations—and at latest reports was without its president.

HARVEY J. BRUDNER, 30, the physicist who gave Boyd his job, was committed last week to the District of Columbia hospital for observation.

On the day he was committed, authorities said, Brudner jumped into the car of a park policeman in Washington and demanded to see President Kennedy in the White House.

According to secret service agent Robert Bouck, Brudner told White House guards: "I am the most informed scientist in the United States. I can save the world."

The hospital reported Brudner's condition as "satisfactory."

Bouck said Brudner was arrested in Miami Beach March 11 after attempting to see President Kennedy, but was released the same day.

It has been reported that Brudner's employees have not been paid regularly because of his firm's financial difficulties.

Boyd missed work for at least three successive days last week. The Urban League of Essex county, which got him the job with Brudner, said Boyd had had trouble finding his way from his Fort Lee plant across the Hudson river to New York City to the hotel.

WHERE THE BOYDS live has been kept secret. They moved from their first place of residence because of an anonymous threat that it would be bombed.

Boyd and his wife and eight children were the first Negroes to accept the New Orleans Citizens council's offer of bus tickets and \$5 to leave the Louisiana city and go North.

## Mayor Reminded Of Euliss' Raid On Alpha Meet

A police lieutenant's past came back to haunt him this week, as the NAACP objected to his inclusion in a reported list of candidates for uniformed inspector.

Rev. Andrew J. Brown, Indianapolis NAACP president, wrote to Mayor Charles H. Boswell reminding him that Lieut. Forrest Euliss carried out an alleged "illegal invasion" on an Alpha Phi Alpha fraternity gathering on May 3, 1958.

Rev. Andrew J. Brown, Indianapolis NAACP president, wrote to Mayor Charles H. Boswell reminding him that Lieut. Forrest Euliss carried out an alleged "illegal invasion" of an Alpha Phi Alpha fraternity gathering on May 3, 1958.

A daily newspaper two weeks ago reported Lieutenant Euliss was one of "five top candidates" under consideration to fill the inspector vacancy. Others were named as Lieut. John P. Foran, Capt. Orville K. Gleich, Lieut. Spurgeon D. Davenport and Capt. Anthony Watkins.

Watkins and Davenport are Negro officers.

THE MOVE WAS the latest in a rapid-fire series by the NAACP designed to curb police brutality, and to bring about more thorough integration of the Indianapolis Police Department.

## Facing Burglary Charges; Ex-Con's Bond Set At 100-Gs

Lawrence Goodloe, 34, 317 Blake St., an ex-convict was placed under \$100,000 bond in Criminal Court I by Judge Richard M. Salb on Tuesday of this week. Goodloe was confronted with two charges of burglary and an additional charge of being a habitual criminal. He will be held for the grand jury.

The Criminal Court action came after Goodloe was dismissed in a hearing on a preliminary charge of burglary before Judge John C. Christ, Municipal 5. He faced charges of burglary in connection with a safecracking attempt last week at the office of the Indiana Heart Assn., 615 N. Alabama St.

Last December Goodloe was charged with burglary after a housekeeper routed a man she surprised tampering with a safe in Holy Cross Catholic Church, 125 N. Oriental St. He is now held under a total of \$145,000 bonds.

## Public Park Pools To Open Saturday, June 16

Saturday, June 16 is the date set for the opening of city swimming and wading pools and playgrounds, Park Department officials said this week.

Equipment is now installed at all 24 public playgrounds and is available for use, Recreation Superintendent Robert Goodrich said. June 16 is the date park department personnel will go on duty supervising the playground activities.

The seven city swimming pools and 24 wading pools will not be available before then, however, he said.

The opening date is the day after city public schools are dismissed for the summer.

The Park Department's tennis instruction and Junior Baseball programs also are scheduled to open June 16. "We foresee no delays in starting any of our summer programs this year," Park Director A. J. Thatcher said.

## Police Say Same Method Caused Other Deaths

Homicide detectives were attempting to determine Thursday afternoon if a 27-year-old Eastside woman, found dead in her home Wednesday afternoon as the result of a "bungled" abortion attempt, died by her own hand or was the victim of a "floating abortion mill."

Marion County Deputy Coroner Dennis J. Nicholas said the illegal operation was similar in method to one that has caused the deaths of several women in recent months.

Dr. Nicholas said the method was extremely dangerous, even if performed by a trained physician.

The body of the victim, Mrs. Marian Miller, 3146 Broadway, whose husband is stationed with the U.S. Army in Korea, was found shortly before 4 p.m. in the bedroom of the home she shared with a brother and sister.

She was on the bed, fully clothed, except that her panties had been removed and a 15-inch length of rubber catheter tube was lying nearby, police said.

An autopsy performed at General Hospital revealed the woman had died of an air embolism (air bubbles) in the blood stream.

The technique which caused the victim's death requires inserting a tube into the uterus, puncturing the sac containing the fetus and forcing air into the uterus. The air causes contractions and subsequent miscarriage, it was learned. Death is caused, within a matter of seconds, when air is released into the uterine sinuses and into the blood stream.

Mrs. Miller, who was four months pregnant, was last seen alive around noon by her brother, John Hornberger. "She was sewing and apparently in good health," Hornberger told Det. Sgt. Patrick Urberta, who is conducting the investigation.

Sgt. Urberta said neighbors had been questioned in an effort to learn whether or not another party had performed the illegal operation on Mrs. Miller, but that none of them saw anyone leave the house.

Adding that the investigation was far from complete, Sgt. Urberta said that he was checking out several leads.

## NEGRO DIES IN TEXAS ELECTRIC CHAIR FOR WOUNDING WHITE MAN

HUNTSVILLE, Tex.—Claiming his execution was unfair and clutching an old, worn Bible in his left hand, a 20-year-old Dallas Negro died in the electric chair here Wednesday for a holdup in which he seriously wounded a grocer.

Herbert Bradley, who admitted the holdup and said he squandered \$500 to \$600 loot on "wine, women and song," said he did not receive a fair trial because the prosecutor kept referring to the Negro race when he was questioning prospective jurors. He said the prison was filled with men serving 5-25 year terms for armed robbery.

## Westside Liquor Store Operator Robbed of \$5,000

A Westside liquor store owner was robbed of \$5,000 Tuesday after being ambushed at his north-side home as he arrived with receipts from two stores.

Edward Mitchell, 32, 6149 Dearborn, told Sheriff's deputies that three Negro men, wearing stocking masks and gloves, came up to his car as he pulled into the driveway of his home at about 11:30 p.m.

HE SAID ONE of the men, armed with a gun, came to the driver's side of the car and forced him to move over and crouch on the floor. The second man, holding a knife, got in the rear seat and leaned forward, holding the knife to his neck, Mitchell said.

They drove to the 5300 block of East 75th, followed by the third man in another car.

The men took about \$125 in cash from his pockets and a \$1,600 diamond ring from one of his fingers, Mitchell related.

When the car's dome light came on as the man in the rear got out, he found a small money bag in the car and took it too. It contained about \$5,000 in cash and about \$500 in checks, Mitchell said later.

The driver pushed Mitchell out the right door onto the ground and drove away, followed by the other men in their car.

MITCHELL WENT to a nearby house to report the robbery. His car was found abandoned in the middle of 75th just east of Indiana 37A.

Mitchell said the money in the bag was receipts from the West 10th Street Liquor Store, 2245 W. 10th, which he owns, and the Avenue Liquor Store, 778 Indiana, which his mother owns.

He said he didn't have time during the day to take the money to a bank, so he brought it home with him after closing his own store.

REV. R. T. ANDREWS, SR.

## Mt. Zion Observes Anniversary Of Rev. and Mrs. R. T. Andrews

The officials and congregation of Mt. Zion Baptist Church, 35th St. and Graceland Ave. observing the 23rd anniversary of his pastorate will pay a tribute to Rev. and Mrs. R. T. Andrews, Sr. Sunday, May 20 at 3:30 p.m. REV. ANDREWS began his pastorate at Mt. Zion, in the former church home at Twelfth and Missouri St. on Jan. 1, 1939. He came to the city to accept the pastorate from Fort Worth, Tex. Through the years he has enjoyed the acclaim of church-goers of all denominations and people generally of the community.

ONE OF HIS goals in the community was realized on Oct. 22, 1961 when the congregation of Mt. Zion moved into the modernly appointed, attractive newly-built church home at 35th and Graceland. The resplendent new edifice was erected at a cost of more than \$600,000.

OTHER THAN the demands of his church and large congregation, Rev. Andrews is president of the General Indiana Baptist State Convention, president of the Indiana Pastors Conference and a member of the board of trustees of the American Baptist Theological Seminary. ## NAACP Raps Cop

Continued from Page 1  
Mayor—copies of which went also to Dr. David Silver, chairman of the Safety Board, and Police Chief Robert E. Reilly—recalled: "Front-page stories in The Indianapolis Recorder of May 10, 1958, and June 7, 1958, carried the still-remembered story of the illegal invasion by Lieut. Forrest Euliss (then assigned to the vice squad) of the home of Leon Bradford (then residing at 760 N. Pershing), while Mr. Bradford was acting as host to the members of his fraternity, Alpha Phi Alpha."

IDENTIFYING MR. BRADFORD as "one of our city's outstanding school teachers," Rev. Brown observed that the Alphas' membership includes four prominent public officials and Negro Democratic leaders, whom he listed as Rev. James L. Cummings, member of the Zoning Board; Dr. Ralph Hanley, member of the Marion County Health and Hospital Corporation; Grant W. Hawkins, former member of the School Board, and Judge Mercer M. Mance, Superior Court 5.

"Here was an instance," the NAACP letter continued, "where the violations of citizens' rights by an Indianapolis policeman, Lieut. Forrest Euliss, were so flagrant—and some of those whose rights were violated were so prominent—that a public apology was offered by the City Fathers on June 3, 1958."

Rev. Brown concluded that if Lieutenant Euliss is "really being considered as a prime candidate for further promotion," local Negroes might conclude "there is in fact a reward for the illegal invasion of their homes."

Contractors who fail to comply with Governor Welsh's executive order face loss of present contracts and will not be eligible for new state contracts, Hatcher explained.

## Program Honoring 1954 Supreme Court Decision Set at Bethel

A program of speaking and music, observing the 8th anniversary of the Supreme Court's decision outlawing segregated schools, will be presented by the American Negro Emancipation Centennial Authority on Sunday afternoon at Bethel AME Church.

Rev. J. Solomon Benn III, pastor of Allen Chapel AME Church, will be principal speaker on the program which will begin at 3 p.m. The Bethel church is at 414 W. Vermont.

The Supreme Court on May 17, 1954, ordered school segregation abolished throughout the U.S. "with all deliberate speed." The Centennial Authority is a national organization, with state and local divisions, which is preparing a mammoth celebration of the 100th anniversary of the Emancipation Proclamation.

SUNDAY'S PROGRAM will be liberally interspersed with musical selections, sponsors announced. The Mt. Paran Baptist Youth Choir will be directed by David Walker. There will also be singing by the Bethel AME Senior Choir, the Mt. Vernon Baptist Youth Adult Choir and the Mt. Paran Baptist Young Adult Choir. Miss Sarah Jones of Mt. Paran will play the piano.

The purpose and program of the Emancipation Centennial will be explained by Harland Randolph, who is communications director of the Board for Fundamental Education. Mr. Randolph is staff director of the Centennial here.

REV. J. SOLOMON BENN, III

Other speakers will include Alexander Moore, principal of Attucks High School; Atty. Howard C. Hooper, referee of Juvenile Court, who will read the Supreme Court's decision; Dennis Dowdell, Assistant Commissioner, State Department of Correction; Rev. Thomas Wright, associate minister of Northside New Era Baptist Church; Atty. Willard B. Ransom, Rev. C. T. H. Watkins and D. W. D. Hector, who is executive director of the Indiana division of the Authority.

Rev. William H. Clark will be master of ceremonies.

## TIME FOR TALK

By

WILLIAM "Skinny" ALEXANDER

Talk about party harmony. Well it was displayed at the Demo rally for County Chairman which Mayor Charles Boswell won going away. The final count was:

Boswell	Haggerty
84	37
84	66
71	66
90	38
38	37
75	35
49	38
	71
619	69

If this is not a good score then someone has made a boo-boo—and I was there.

With everything over but the shouting prosecutor nominee Judson Haggerty told this column he would definitely go along with the program, whereas Andy Jacobs was just a little bit reluctant to say he would give Boswell his full support.

Most Demos think he'll take a change of heart before the June delegates' convention. The big question from others is, "Will he?" My guess is he'll try to hold the party together in harmony until after the fall elections.

The Republican race was not as colorful as the Demos', and party leader H. Dale Brown was held at bay for the two-hour-long session by County Chairman E. Allen Hunter, although he strolled the floor and greeted all.

FROM THE STATE OFFICE BUILDING: 'Tis a now history that John A. Pappas is the new building superintendent of the State Office Building. He replaces Vernis Holliday who was terminated about two months ago. Pappas seems to have moved in very nicely and should do a reputable job in that position.

Members of the State House were not very pleased with comments made by Mayor Charles Boswell against Governor Matthew Welsh. I guess this was the reason Revenue Commissioner James Cliff Courtney and former Judge Joseph Howard did not have anything to shake hands about when Mayor Boswell was elected County Chairman. There were only passing glances made by both.

I was told that a certain man has informed Ted Wilson of his desperate try to get a job at the Naval Ordnance Plant. Wilson is an investigator for the Indiana Civil Rights Commission.

THINGS OVERHEARD: Mayor Boswell told reporter Ted Knap he would beat him in golf any given time and Knap assured me he would take the mayor up

on it and let me know the results as did the mayor.

FROM POLICE HEADQUARTERS: A couple of rookie policemen have been assigned to the vice squad namely, former Golden Gloves boxer Kirth N. Vance and William McCoy. It would have been a lot better if men of equal rank had been put in those spots.

It still seems to be a fact that Lt. Spurgeon Davenport and Captain Orville Gleich have the inside track for the vacated spot of inspector... either man can do a tremendous job.

SPEAKING OF PEOPLE: It is with regret that Earl Moses, the first Negro to crash the Pulliam newspapers, is going to leave and join one of the biggest papers in Chicago—the Chicago Sun-Times. Earl, who has done a tremendous job as Courthouse reporter and State House man, will be missed by all his friends at the daily paper. We all hope you the very best of luck, Earl, and hope you continue the fine and unbiased work.

The International Sportsmen Club will present a Pre-300 Cocktail and Dance come May 27. It will be an atrair worth attending. It features the Howard Graham Combo and will be held at the Sunset Terrace from 5 p.m. till 1 a.m. so I will be looking forward to seeing you. Thanks, Frank Carter for telling me about this switegant affair.

MAN ABOUT TOWN: Ron Woods, the Recorder columnist, and Nellie Wells, a beauty from Kentucky, are topic No. 1 in Nap-town's romantic circles. Rumors are out that they will wed soon. Anyone trying to break up this romance will be despised by lovers everywhere.

How could anyone be so cruel as to even attempt a thing like that, Ron?

UNTIL THE NEXT TIME!

## Miss Eloise Moreland Fits Well in Role As Associate YWCA Adult Director

By PAT L. WILLIAMS

Everybody likes a success story—especially a success story built on a set goal, determination, devotion and know how. And this is the admirable story of Miss Eloise Moreland of 3147 Perkins Court, associate adult program director at the Pennsylvania Street Young Women's Christian Association.

Coming here from the Springfield, Ohio, YWCA in September of 1961 Miss Moreland was assigned to her present task through the placement program of the National YWCA Board. She will hold the position for five years before a possible transfer.

As it stands, Miss Moreland is the only Negro professional staff member employed by the Pennsylvania Street YWCA although others are hired in secretarial work and maintenance.

"To me," said the modest associate director, "the YWCA is an international movement of women and girls. The goals are the same regardless of the setting or challenges of the city."

Declining to speak of herself, Miss Moreland insisted the interview, rather than be a personal one, center around the YWCA work which she truly seems to treasure.

She has travelled extensively having been to Europe increasing her public relations personality and experience, and on numerous occasions has represented the YWCA at conferences!

Her association and interest in community groups, particularly YWCA work, came early in life when he was a teenager and held membership in the Girl Reserves, an affiliate of the YWCA. Although she has worked for various agencies she thought the YWCA would be the best career—her way of life—since she "likes people."

As associate program director, Miss Moreland's work includes rebuilding and decentralizing programs with Negro and Caucasian YWCA groups throughout the community. In the near future the "Y" will do a cooperative project with another agency.

Since the YWCA does not have a standard curriculum, according to Miss Moreland, it affords one the opportunity to express her creative abilities. A typical program would depend on the community

"TO ME, THE YWCA is an international movement of women and girls. The goals are the same regardless of the setting or challenges of the city," said Miss Eloise Moreland, devout and energetic associate adult program director of the Pennsylvania Street YWCA. Miss Moreland has held the position for eight months having come here from a Springfield, Ohio, YWCA. She enjoys her work since she "likes people." (Recorder photo by Houston Dickie).

setting and what one makes use of.

Miss Moreland was constructive in organizing a YWCA Mothers' Club in Barrington, and besides this group she works with four clubs already established before she came to the community. She shares her responsibility in the area of group work with Mrs. Holt Mingle, adult program director at the YWCA.

"In the field of social work, there are so many more places available than there are trained people. It isn't marginal. I very definitely would encourage young people to go into social work," Miss Moreland said with a slight plea in her voice.

She continued: "So many are not meeting their potential that the ones who are trained must carry on for the failures also. There are so many jobs you wish you could have but by the time you can secure them you don't have time."

She urges girls interested in social work to contact her for counseling. She describes the field as a "challenging area providing more opportunity to illustrate one's creative ability."

Miss Moreland's association with the YWCA was not made directly after college. Her alma mater, Ohio State U., secured a position for her in a large New York firm where she also became the first Negro hired.

Her travels have taken her to all of Western Europe, except Czechoslovakia, Bulgaria and Russia; the Holy Land and almost all the states in the U.S.,

# Local Chapter of NCNW Strives To Forward Goals of National Group

Since 1947 when the Indianapolis Council of the National Council of Negro Women was organized with Mrs. O. A. Johnson, a dynamic leader, as first president and still a great source of inspiration, it has attempted to serve this community in a meaningful way, keeping in mind the purpose for which Mrs. Mary McLeod Bethune founded the National Council in 1935. To these men and women the Council is deeply grateful.

This year's response was overwhelming and therefore recognition is in order for the hard working Council members under the capable leadership of Mesdames Edward Weathers, general chairman and Otis Ralph Bryant, co-chairman, Mrs. Mary R. **STARTED ON CARNATION - STAYED ON CARNATION**

the milk with extra Vitamin D for sound teeth and strong bones!

"Bobby grows out of his clothes so fast I can hardly keep him in jeans," says their mother. "But Francis is growing right into them."

Their father, Dr. Robert Higginbotham, is physician for the Midland, Pennsylvania High School. His private practice takes him many miles through neighboring country. Mrs. Higginbotham left her art-teaching career several years ago. But she is still an artist in the kitchen—with an eye to nutrition. "I get extra Vitamin D into this family by using Carnation as the milk in puddings and pies and cocoa—and on cereals!"

Carnation is the healthy family milk—with extra Vitamin D to help build sound teeth and bones. No wonder this milk in the red-and-white can is the world's favorite evaporated milk, by far.

"I get the creamiest cream pies—just by using Carnation," Mrs. Higginbotham declares. (See recipe below.) Even when you add an equal amount of water, Carnation is richer than sweet, whole milk—for smoother results in all your cooking!

recipe:  
**CARNATION'S EXTRA-CREAMY CHOCOLATE CREAM PIE (Makes one 8-inch pie)**

1 package chocolate pudding-and-pie filling mix  
1 cup undiluted CARNATION EVAPORATED MILK  
1 cup water  
1 baked 8-inch pie shell

Combine the pudding and pie filling mix with Carnation Evaporated Milk and water in saucepan. Cook according to label directions on mix. Pour into 8-inch crust. Cool. Top with toasted coconut or sliced bananas.

Healthy country boys "growing up overnight." Bobby and Francis Higginbotham, aged 7 and 4, were both Carnation babies—and they're both Carnation boys! Mother is an artist, Daddy is a doctor.

# Voice of the Eastside

By MARY P. McGUIRE

In last week's column I urged my readers to remember persons who have been like a mother to them. Right then I recalled one who has played a mother's role to hundreds, Mrs. Rose Thompson.

Mrs. Thompson was the constructive force in organizing one of the first Campfire Girl Troops in the city. She is a former principal at School 56 and teacher at School 17.

Mrs. Thompson started a drive for yard beautification, working on this project with the Eastside Better Business and Civic League. Serving as principal of School 23 she carried on a similar program which resulted in the first National Freedom Foundation Award in the Indiana for "community betterment."

Mrs. Thompson and the late Mrs. Lillian Hall, librarian at School 26, kept the ole scribe well-informed on yard park activities. I know of no other person who has travelled to Europe, Bermuda, the Caribbean and South America.

Upon retirement she took a seven-month tour around the world, with interest in the people rather than places. Presently she is teaching adult education at Peoples Temple Christian Church having completed a Laubach Literary course at Indiana University.

Mrs. Thompson is a member of the Laubach Literary Council of the National Council of Negro Women, Council of Administrative Women, League of Women Voters, executive committee of Yard Parks, FAC board of direc-

tors, Central Indiana Council of the Camp Fire Girls, Inc., Flanner House Guild, Board of the United Fund League and the Presbyterian Church.

The hubby and I started out early Mother's Day having breakfast at the Masonic Hall as guests of Mrs. Mozella Miller at the "Mad Hatters Breakfast." It featured a fine fashion review given by the Pi Omicron Sorority.

Mrs. Laura Hughes, proprietor of Poro Beauty and Barber School, narrated. Among those seated at the scribe's table were Mesdames Estelle Relford, Mahalla Moore, Ellen Graham, Alma Brisco, Marion Bonds, E. R. White, Velma White, James R. H. Epperson and Master Jimmy Moore, who modeled with the younger set. Marcus C. Stewart Sr., editor of The Indianapolis Recorder, looked in on the well-attended affair and was acknowledged by Mrs. Hughes.

For the first time in many moons, your ole scribe got to church Sunday before the choir marched in. Mrs. LaVerne Powell recognized the oldest, youngest and mother with the most children. Dr. F. Benjamin Davis preached an inspiring sermon to the large audience at New Bethel Baptist Church.

Sunday afternoon we attended a grand feast in the home of Mr. and Mrs. James Horton, 2718 Columbia. Members of St. Mark Baptist Church and friends feted Mrs. Horton at a big surprise dinner observing her birthday.

Among those attending were Messrs. and Mmes. Leroy Quarles, James Ackles, Anna Ingram, Alvin Ralph Ingram, J. Caudle, A. Bernard, Ollie Ackles, Ada White and Mrs. Ruby Caudle.

Rev. Charles King, pastor of Liberty Baptist Church, Evansville, was guest speaker recently at Corinthian Baptist Church. Rev. Stephen Wells is pastor.

Mrs. Naomi Clay, a teacher at School 26, was presented a beautiful lamp by parents of her 7th grade children whom she took on a tour to New York City. The presentation was made in the home of Mrs. Cora Wilson, 1921 Columbia, grandmother of Miss Barbara Buckhalter, one of the students who went to New York.

Sunday, May 20, Dr. F. Benjamin Davis and congregation of New Bethel Baptist Church will

participate in services at St. Matthew Baptist Church where Rev. Matthew Downey is pastor. Rev. Downey is a member at New Bethel.

Sunday morning a young minister, Rev. Robert L. Saunders, Anderson minister, will speak at New Bethel Baptist Church, where he holds membership.

Coming Sunday, May 27. Reserve this date. Watch this space.

Miss Wright's ambition is to attend Antioch and upon graduation teach abroad in Africa or Latin America. An honor roll student, she has a major in Spanish. She represented her church at the National Baptist B.T.U.

Her hobbies include sewing and skating. She is an ROTC sponsor, president of the Junior Class, and Booster Club and is a member of College Avenue Baptist Church.

She took first place in the city and second in the state music contest. Upon graduation she plans to attend either Indiana University or Indiana Central College. Miss Poindexter will also represent Antioch at Girls' State June 30-July 1.

Miss Sharon Miller is a local model who enjoys dancing and sewing. She is a Shortridge student and is presently employed as secretary at FAC. She plans to attend Indiana Central College in September.

Miss Inez Cox, another Shortridge student, also models and enjoys sewing. Her major is art and she plans to attend a beauty or modeling school.

Miss Jonie Mae Oliver is a gospel soloist whose hobbies are singing and cooking. She directs the Oliver Youth Choir.

Miss Sallie Hester, another contestant, is a gospel singer and graduate of Attucks. Miss Manana Caudle is likewise a singer and plans to attend Ball State Teachers College and major in music.

Second place winner will receive a \$1,000 scholarship, third, \$500; fourth, \$300, fifth, \$200 and the next nine participants in order will receive a college assistance award of \$50 each.

## Talent, Scholarship Pageant To Feature Variety Of Talents

Beauties vying in the Persian Temple 46 annual talent and scholarship show gathered Thursday evening, May 10, in the Satellite Room of the Fall Creek Parkway YMCA for an informal social gathering and get together.

Winner of the \$1,500 scholarship will be selected at the show Saturday, May 19, promptly at 8 p.m. at the YMCA where contestants will exhibit their talent and intellectual ability. The general public is invited to attend.

LYNDA BLUNT, the Indiana Central College coed, has had a good share of successes as a singer, but few to compare with the one she had the other night.

Chums report she made a smash hit with her delightful singing and showmanship at the Geneva Stunts at I.C.C. . . . She was more delightful than ever . . . Lynda was the only Negro featured on the program . . . Some of her white audience spoke highly of her talents . . . as doing credit to her race, herself, her college, and the world of music . . . # Israel Renders Technical Aid To African Nations, Consul Says

Sholomo Argov, Israel Consul in New York, addressing the joint annual meeting of the Jewish Welfare Federation here, told of the large technical assistance programs Israel has undertaken to help the newly-independent countries of Africa.

The former Israeli Consul General in Nigeria and Ghana, during the press conference at the Jewish Community Relations Council, said that over 1,000 Israeli technicians are now working in Africa training the Africans in everything from carpentry to medicine.

The tall Israeli said in Nigeria and Ghana joint companies have been formed to develop the local resources and there, majority shares in the companies are held by Nigerians and Ghanans. One of the companies, The Black Star Line of Ghana, is the first African owned and operated shipping line which started with one ship, jointly operated, and now has a fleet of ships.

"Because of the amazing progress of the company," he said, "Ghana has purchased all the shares from Israel and operates independently." Mr. Argov commented that in the next few years even the Israeli technicians still used for training purposes will not be needed.

In addition to its "Israeli Peace Corps," the Jewish state also educates Africans and Asians in a wide variety of programs. Mr. Argov stated: "This year over 1,000 students from Africa and Asia are studying in universities and institutes in Israel. Proportionately, more study in Israel than in any country in the world. At these schools, the young African students learn special agricultural and industrial techniques. "Such a school is run by the Histadrut, Israel's Labor or-

# Job Training For The Nation's Unemployed

Starting in July in keeping with provisions of the Manpower Development and Training Act of 1962, a major proposal to combat unemployment over the nation will be initiated.

The law, or its provisions are committed to doing something for the many thousands of workers over the nation who are unemployed, or who will be displaced by inroads of automation and technological advancement throughout the nation's industry and commerce.

Minority group workers, are a part of our hard core unemployment problem, but it remains to be seen how they may fare in long-term developments of the program. Nevertheless, the massive retraining program is scheduled to equip a million jobless workers with new skills.

Becoming effective July 1, the new three-year program will cost an estimated \$435 million. Congressman E. J. Holland (Dem.-Pa.), U.S. House sponsor of the measure, ventures that applicants for training can probably begin signing up for tests and counseling around June 1. State Employment offices will handle the applications for training—both on-the-job and vocational programs.

According to administration sources, or official figures, upward of 110,000 applicants will be helped the first year, 160,000 the second year and 300,000 the third year. The U.S. Secretary of Labor will oversee the selection of trainees. Seymour L. Wolfbein, the Labor Department's manpower chief, has been named to head the program. No unnecessary or obsolete skills will be authorized under the program.

Among other provisions the Act provides. A three-year program of occupational training, with priority given to unemployed persons, includes those in farm families which net less than \$1,200 per year. Training also will be offered to employed persons in order to update and upgrade their skills.

Training for unemployed persons is financed by 100 per cent federal support for the first two years. Otherwise the program is financed 50-50 by cities and states matching federal government funds.

Full or complete information on provisions of the Act may be obtained from the U.S. Department of Labor, Washington, D.C.

Training will be primarily carried out through the various existing state vocational agencies; if public institutions are not available, the state vocational agencies shall make arrangements with private training institutions.

The Act provides a special program for the counseling and training of at least 25,000 youth (16 through 21 years of age). Unemployed youth must be referred to training programs specially designed to fit them for jobs.

Concluding, one of the Congressional supporters of the measure, among other observations, stated:

"If Congress fails to act... and the people come to fear automation, we can expect an increase in the make-work policies and in hostility to progress.

"If, on the other hand, we insure that the benefits of automation will be distributed among all the people, the way of the future will be the way of progress and growth..."

# Make Registration Easier For Voters

A high ranking leader of organized labor, in a recent speech, viewed with alarm the fact that only one out of every three persons of voting age voted in the 1960 Presidential election. His speech generally concerned or stressed the need for easier methods or arrangements for registration of voters.

He charged that it is easier for a citizen to get a fishing license or buy a gun than it is to register to vote. In this connection he stated, "In the average big city, the only place where you can register the year around is the city hall or board of election (court house). Such offices are usually open only from 9 a.m. to 4 p.m. and thousands of working people may not find it convenient to visit one of these places, or put off and neglect this matter of duty."

Election officials without any cost to the public ought to have deputy registrars in every fire station, every police station, every public library, every high school or similar locations and this sort of thing would make it easier for people to register, he asserted.

He stressed that the drive of organized labor to register voters is non-partisan, and not to induce them to vote for any particular candidate. The non-partisan campaigns on registration are planned solely to induce people to register and vote.

On the latter point he declared, "We believe that the democratic process, that democracy itself is a good reason for voting. We think that you cannot maintain a strong democratic society unless the voter participates. We don't like the Iron Curtain policy of having no free elections and we think you can't really guarantee free elections unless the people exercise their franchise..."

Widely, leaders of civic, labor and other groups are stressing the fitness of voting in the (1962) off-year election. They note that in the year of presidential elections, the voters have a tendency to identify themselves with a candidate for President, or governor. But this is not so with candidates for Congress—even though they make our federal laws.

This year over a wide area of the land the people have stakes in many consequential or again controversial state and national issues. Such issues on the community or state levels involve educational facilities, housing, health facilities, care for the aged, unemployment problems, industrial development and other generally related programs or problems.

The people generally have stakes in the same issues and extensive ramifications of their parallels as these are now under consideration or must be considered by the Congress. On the national level the U.S. House holds the key to what will happen on all of these issues. Therefore, more than one voter out of every three should be logically concerned about registering and voting in the November election—or the election, and the actions of Congressmen following their election.

HOW LONG WILL THIS BE AMERICA'S WORLD IMAGE, MR. PRESIDENT?

## SUNDAY SCHOOL LESSON

# Oh, Judgment Is Coming

REV. J. T. HIGHBAUGH, Editor

(LARGER LESSON: II Peter 3:3-13. TIME: 66 A.D. PLACE: Babylon. MOTTO TEXT: I Timothy 1:12.) Oh, Judgment Is Coming is the essence of our lesson this week. Let us divide its consideration as follows:

I. The Great Day To Come. II. A Waning Hope And Moral Decay. III. God's Power To Manifest Himself. IV. The Survival Of The Fittest. V. Victory Is The Lord's.

THE GREAT DAY TO COME. No one can read the Old or New Testament without this forward look toward a coming judgment. Those of the Old Testament as far back as I Chron. 16:14 and Psalm 50 tell of a coming day of judgment. Also in Matt. 24 and 25, Jesus Himself foretold of His return in judgment.

It seems to have a threefold relation. First, to the church it seems that the Lord will descend in midair to raise the saints who are in their graves and to change to the meeting of Him in midair.

Second, to Israel it seems to fulfill the promise of the Davidic Covenant of establishing Israel in the Land of Canaan of Israel to Christ. Third, to Gentile world system it promises the present Gentile world organization.

Included in this great world catastrophe is the promise of fire and brimstone. Now why should we think this incredible of God in the light of His long suffering and patience and also in the light of impending fear of civilization, destroying itself with its megaton bombs.

One often wonders if scientists are not testifying to the long established truth of God's word.

A WANING HOPE AND MORAL DECAY. This section of our lesson is somewhat of a culmination of the hope of the Lord's return with many people. Those who looked for His return around about

Pentecost lived in an ecstasy of spirit which kept them exceedingly expectant of His return.

In the beginning of the church age they keenly expected His return immediately. In Thessalonica, many of them failed to work expectant of the Lord's return. With the tendency growing even inside the church to scoff at the teaching of His coming, isn't this verse a frontal attack on the belief of the second coming?

Where is the promise of His coming? Don't all things continue as they were from the beginning of creation? Thoughts like these seemed to give rise to the writing of I Timothy, II Peter and the Book of Jude.

GOD IS ABLE TO MANIFEST HIMSELF. This lesson rewards us of these fun makers of the Word of God and the Christians. They have forgotten that the world was made by God Himself. They forget willingly that the world of Noah's day was destroyed by water; that though saving Israel, He destroyed the unbelievers, even the angels who followed Satan. And that Sodom and Gomorrah were reserved to eternal fire because they would not believe.

From this great preacher took to assure his readers that God did not rate time by our human calendar and we were not able to fairly judge when God should destroy His world anyhow or when the Son should return. This was all His

business and He did not want any to be lost.

THE SURVIVAL OF THE FITTEST. Therefore, the grand old man proceeds to tell these first century Christians how to ready themselves for His coming. He assures them that no one knows the real time and He shall come as a thief in the night. And again refers to this present earth facing a cataclysmic burning.

He assures them that survival could be assured us by what spiritual and moral values we held at His coming. He advises that we keep expectant of His coming and keep in love with God and man. He advises us to keep our hearts tender to the wicked, pulling them out of the fire even until the last day.

THE VICTORY IS THE LORD'S. Some may believe the Holy Ghost is getting us ready for that great day. He wants us to feel that He is able to keep us from falling or stumbling. We cannot keep ourselves. Without God we can do nothing. He, only, can present us faultless before His glory for He alone is God and there is no other.

### ADVICE TO 'DO-IT-YOURSELF' ADDICTS:

Indianapolis Fire Chief Arnold Phillips has this Spring Clean-Up time advice to "Do-It-Yourself" addicts: Repairing or extending the electric wiring in your home is strictly a job for a professional. Misuse of electricity is one of the three top causes of home fires. An amateur electrician runs a great risk of burning his house down.

# Oops! -- We've Been Robbed

By Andrew W. Ramsey

The primary elections just concluded served as a fairly good barometer of the contempt with which Negroes in Indianapolis and Marion County are held. Out of the dozens of offices to be filled in the November elections the party bosses generously allowed three Negroes to be nominated.

Negroes, who constitute 20 percent of the population of Indianapolis and 14 percent of that of Marion County, are given token representation among the elected officials of the County and district.

ANDREW W. RAMSEY

By a sort of gentlemen's agreement—although no gentlemen are involved—Negroes are given the blessings of the two parties to run for one judgeship and one of the 16 legislative seats apportioned to Marion County. And that is much more than they are granted in the city itself. Also by gentlemen's agreements Negroes are barred from official staking for membership on the City Council.

Of course both parties pass out a lot of jobs to Negroes. They can serve as janitors in the Court House and City Hall and they can get jobs as garbage and trash collectors and common laborers, thanks to the party in power. A few white collar jobs and jobs with titles and almost living wages are passed out on a token basis to a few professional politicians.

They are given the crumbs with a tongue-in-the-cheek promise of eventually getting one of the top jobs if the party keeps winning and the time becomes ripe enough. Then there are a few non-paying jobs which carry some status that are parceled to a

few faithful. A list of the jobs controlled by the political parties in Marion County and a list of the Negroes holding county and city jobs would reveal the extent to which we are being robbed by the bodies politic hereabout. A study of the statistics from the 1960 U.S. Decennial Census would further emphasize that beginning with government and ending with private employment Negroes in Indianapolis and Marion County are robbed of millions of dollars annually. For an instance, the average white family in Indianapolis in 1960 had an income of just over \$8,900 while the average Negro family in that same period received in pay \$4,300.

Negroes spend tens of thousands of dollars weekly in each of the four largest department stores and yet the few Negroes who work for these stores are mainly in menial jobs. In three of the stores, Negroes have a few upgraded positions but here, too, tokenism is the rule rather than the exception.

IN ONE STORE there is a policy which discourages Negroes from seeking sales jobs. Those who are given such jobs are assigned to selling hard-to-move items and their incomes are not nearly so great as they were as menials. One girl was promoted to a sales position in rugs and dismissed because she did not sell enough. Other stock girls seeing what happens to those promoted pray that lightning will not strike them. This store and the one of the big four which refuses to upgrade Negroes are owned by members of a long oppressed minority.

What is true of the department stores is equally true of the chain drug stores, supermarkets and other retail and wholesale outlets. It must be said that the supermarkets are somewhat fairer to Negroes than the other commercial firms; they rob us to a less extent.

THEATRES and other plac-

es of public accommodation, which formerly refused Negro patronage now take our money and refuse us jobs outright or give us a broom. Banks and insurance firms usually ignore us when it comes to employment without regard to the money which they get from us.

Industry and labor unions also play a significant part in the systematic robbery which is perpetrated upon Negroes daily in this community.

From government to industry to business, to religion there seems a tacit conspiracy to keep Indianapolis and Marion County Negroes as community pariahs—local untouchables.

But from this vantage point there seems to be nothing that the Negro can expect voluntarily from the white community out of the goodness of the heart of members of the dominant group.

This group yields up only what it must. The politician understands votes and an organized group of voters can command his respect. The businessman understands money and trade. To withhold patronage from any establishment long enough and in sufficient amount will cause the management to listen. If a sufficient number of Negroes would withdraw their deposits from advance their cause politically, economically and civically if they would but so organize.

THE NEGROES OF INDIANAPOLIS and Marion County have the means at their disposal to advance their cause politically, economically and civically if they would but so organize.

We have not had the blessings of sit-ins, picketing and boycotts in the Hoosier capital, not because such were not needed, but because no one has gone to the trouble to organize such activities.

Negroes did not ask for second class citizenship but if they ever get full citizenship it will be because they rise up in indignation and become men and women.

## BETWEEN THE LINES

# Juggling Statistics

By DEAN GORDON B. HANCOCK

Fifty years ago the college graduate heard little or nothing about statistics, while today it is threatening to run away with the field of mathematical sciences.

Today nothing is "proved" that is not proved by statistics. Or as one has said facetiously, anything can be proved by statistics. One of the fields where the statisticians tread it seems with careless feet is in the field of race relations.

Some Negrophobes is always arraying statistics after a fashion that shows the Negro to be inferior and the white man a superior. Strangely enough the same statistics which "prove" that the white man is superior can be manipulated to prove that he is not superior.

GORDON HANCOCK

It all depends upon who is manipulating the statistical figures.

The most recent "Race and Reason," the latest in a series of publications designed to "prove" once and all that the white man is superior, is loaded with statistics of one kind or another. The average reader does not take time to examine and question what is "statistically" stated as a fact. What we need through here is a wider interest by Negroes in "statistical" proofs. We must not abdicate this field for the whites with specious designs.

The real point of this release is to exhort Negroes not to be overawed by the numerous "statistical" "proofs" that the white man is superior. It must always be remembered that while men are manipulating the statistics and it is up to Negroes to manipulate these same figures after such fashion as to make the Negro's virtues stand out even as the white man's statistics make his vices to stand out.

With our faculties bursting at the seams with men and women of high degrees, it should be relatively easy to find those capable of manipulating statistics in such way as to throw light on the virtues of Negroes. The burden of manipulating statistics to give a true picture of Negro life is on the Negroes themselves and not the white man.

There is little need for the Negro to quake and tremble before the "statistical" findings casually flung around in ways that are detrimental to

the Negro race. Statistics do not have the final word. We must always give attention to what the statistician wants to prove and eleven times out of ten he will prove just that.

A few years ago with the large incidence of high blood pressure throughout the nation, studies were made and statistics deduced to show that high blood pressure was a matter of hardening of the arteries which in turn was a matter of a cholesterol deposit in the arteries.

Statistically, cholesterol became the great culprit; so it has come about that even in general physical examination, the blood is tested for its cholesterol content. Statistics had "proved" the correlation between cholesterol and high blood pressure.

And the fight goes on between the statisticians using the same body of statistics. This is written in the hope that Negroes will not get too excited over the numerous attempts to establish statistically that the Negro is inferior.

ONLY A FEW days ago an authority on the subject from Great Britain disputed the whole assumption that there is any correlation between high blood pressure and cholesterol. He used statistics to "prove" his point.

There is just now a race on among the physicians of today to prove statistically how wrong were the physicians of yester-year. What statistics proved was true yesterday statistics are proving untrue today and so it goes.

# Voice Of The People People Must Prepare For Blow To Come, Minister Says

To The Editor: When President Eisenhower got ready to turn over the gavel to his successor, Mr. Kennedy, he delivered a farewell address thanking the people for their help. He closed his prayer, which I quote:

"We pray that peoples of all races all nations, may have their human needs satisfied, and that in the goodness of time, all peoples will come to live in a peace guaranteed by the binding force of mutual respect and love."

Not long after that, President Kennedy gave an acceptance speech and made the following pledge:

"To those peoples in the huts and villages of half the globe struggling to break the bonds of misery, we pledge our best efforts to help them help themselves, for whatever period is required—not because we seek their votes, but because it is right."

Now the world is almost bankrupt. There are two billion people who live in countries where dire poverty and deprivation prevail.

The world population of three billion is expected to double before the end of this century. This means we must prepare to live in a world with seven billion neighbors during our lifetime. If we survive, this will affect the demand for land resources, opportunities, forms of organization and man's rela-

tionship to man. For the past two years I have been writing in The Recorder and telling my people to get ready and prepare themselves because a blow is coming. Our leaders here in this city stuffed their ears and refused to hear or even warn the people.

Preparedness is the watchword of the age. For us, as a race, to remain, as we have been in the past, divided, parochializing, insularizing and nationalizing, our activities as subjects and citizens of the many alien races and governments which we live under, is but to hold ourselves for that catastrophe that is bound to come—that of racial extermination at the hands of the stronger race—the race that will survive.

Do you not see what is going on in Germany? Russia wants an outlet and they are determined to hold on to Germany until they get all of Berlin and West Germany.

When a man is a slave he has no liberty of action, no freedom of will. He is bound and controlled by the will and acts of others. This is the condition of the Negro today.

# Tan Schoolboy Team Runs 'Fantastic' Mile Relay

## Jump Rivals Beat 31-Year-Old Mark

By CHARLES S. PRESTON

They're getting better all the time—and competition's the key.

This law of the cinder sport was illustrated both positively and negatively last week at the Tech Sectional of the IHSAA's annual thinny-clad eliminations.

The truth stands to be demonstrated again when the field gets tougher at the Regional to be held Friday afternoon, May 18, on the same site. Other Regionals will take place at Gary, Ft. Wayne and Linton.

Proof positive of the value of competition came when McKenzie Brown, Tech's great broad-jumper, sailed 22-7 1/2 to wipe out a record that had stood for 31 years.

The previous mark of 22-4 1/2 was set by Hollis of Warren Central in 1931. My, there have been a lot of jumps taken since that year at the pit where Lon Watford presided!

Brown was stimulated to his record-breaking by his all-out rivalry with two other tan leapers, both from Shortridge. Larry Hall also surpassed the old mark with 22-6 1/2 for 2nd place, and Obie McKenzie took 3rd.

Including Ledale Johnson of Wood (who won the event at the Washington Sectional), this is the first year we've had four broad jumpers in Indianapolis over 22 feet," observed Shortridge Coach Roy Ahernson.

"In fact," he added, "during last month's City Meet, the combined distance of Shortridge's three best jumpers was 63-11 1/4—and that's jumpin'!"

THE MEET AS A whole was also a thrilling "horse-race" that went right down to the half-mile relay. North Central won with 30 points, edging Shortridge with 27 1/2, Tech 25 1/2 and Secunia 22. On the negative side, a lot of speed went out of the 1962 picture when both Terry Wiseman of Shortridge and Denny Walters of North Central pulled up lame in sprint heats.

However, this too tended to prove our theory since the aces were eliminated not in the finals, but the preliminaries. Terry himself puts it this way:

"Mr. Ahernson and other coaches around the state have drawn up charts which show that most pulled muscles occur in practice meets or in trials where not too much is at stake.

"Usually, the runner has taken insufficient warming-up for these 'unimportant' races. Mr. Ahernson has a theory that in these cases, there's

## CLOWNS COMING FOR TAN BASEBALL TILT

The Indianapolis Clowns will play the New York Stars in a Negro baseball game at Victory Field on Friday night, June 22, it was announced this week.

The barnstorming Clowns will bring with them their famous Fun-show. Syd Pollock of Hollywood, Fla., is general manager of the Clowns. Oliver Harrison is local promoter of the game.

## Wood Wins Its 1st Sectional

Roy Thurman swept the dashes and anchored the 1st-place tying (that's right) half-mile relay team to lead Wood to its first Sectional track victory, last week at Washington.

The Chuck speedster won the 100 in 10.2 and the 200 in 22.5. He took the baton after George Johnson, Porter Tappas and Ledale Johnson to win one section of the 800 relay in 1:34.4—identical time with that posted by Howe in grabbing the other section.

Ledale Johnson won the broad jump for the Chucks at 21-4 1/2 jump at 5-11. Melvin Johnson was while James Smith took the high 2nd in the latter event.

Herschel Jones of Wood was 3rd in both the century and furlong sprints.

HOWE PLACED SECOND in the meet and Manual, paced by Leon Carter, was third.

Carter won the half-mile in the fast time of 1:59.5 and anchored the victorious mile relay team with Chuck Dennison, Bill Jones and Roger Wathen in front of him. Wathen also picked up 2nd-place ribbons in the quarter-mile and the broad jump.

Bill Hattix of Washington won the shot put with a 51-3 and finished 4th in the 100-yard dash.

Plainfield's Charles Russell took 2nd in the mile.

## 'Golf Match of Century' to Pit Top Notables

CHICAGO—A golf match pitting Joe Louis and Althea Gibson against Jackie Robinson and Ann Gregory is a possibility at the Pipe-O-Peace court here on Sunday, July 1.

Although the exact lineup isn't known, the "Big Match of the Century" is being arranged by the Choizette Women's Golf Club of Chicago. It will be held at the end of their Pipe-O-Peace Open Tournament here June 30-July 1.

The Dodgers also had five: Tommy Davis and Willie Davis in the outfield; John Roseboro behind the plate; Maury Williams at short, and Junior Gilliam at second.

THE SAN FRANCISCO Giants boast the greatest number of Negro players of any team in the majors. They usually open with five Negroes: three outfielders—Willie Mays, Felipe Alou and Mattye Alou (or Manuel Mota); Jose Pagan at short, and Orlando Cepeda on first.

The number is six when Juan Marichal is on the mound. When Willie McCovey is used for pinch-hitting duties, he sometimes makes

BALTIMORE (ANP)—Manny Jimenez, hard-hitting Kansas City rookie who appears to be taking over the role of Orestes Minofo as the target of opposing pitchers, last week was sidelined with a shin injury after being hit by a ball pitched by Milt Pappas of the Baltimore Orioles.

The injury was not serious, but it was pointed out Jimenez was hit at the same spot when his leg was broken in 1959.

At the time of his injury here Jimenez was batting .391, the top average in the majors. He had been hit by hurlers four times since May 1.

ASKED IF HE THOUGHT opposing pitchers were throwing at him deliberately, Manny said simply: "I don't know."

Athletics manager Hank Bauer said Jimenez' trouble is he lifts his right foot and then plants it while batting. "When you do that it's awful hard to get out of the way of the ball," Bauer explained.

When Manny was with Vancouver last year, he was hit 17 times. One pitch broke his wrist.

## HAROLD WIDENS GRIP ON TITLE

PHILADELPHIA (ANP)—Light-heavyweight champion Harold Johnson gave the younger and less experienced Doug Jones a thorough lesson in the art of fist-cuffs here Saturday to win a grip on the title formerly held by Archie Moore.

The champion, from Philadelphia, gained recognition by New York, Massachusetts and the European Boxing Union by winning the 15-round nationally televised bout at the Arena.

Moore now is recognized as champion only in his home state, California. Jones, 25, tried desperately to put pressure on the 33-year-old Johnson and to score a knockout. However, Johnson outjabbed and outscored him with combinations all the way.

AND THEN SHE TOOK UP GOLF: Althea Gibson (right), who retired three years ago as women's professional tennis champion with no more worlds to conquer, is making headlines in amateur golf these days. Above she exchanges tips with

Willie Brown after the 9th annual North-South Tournament at the Miami Springs, Fla., course recently. Althea won the women's amateur championship and Brown the pro title. (Miami-Metro News Bureau photo)

# Giants Sometimes Have 7 Tan Players in Lineup

By L.I. "BROCK" BROCKENBURY

LOS ANGELES (ANP)—There are so many Negroes in the major leagues these days it's difficult to keep up with them. There was no question in the early days of Jackie Robinson, Roy Campanella, Larry Doby, Hank Thompson and Monte Irvin. Now when people read a player's name in a Negro newspaper, they exclaim: "I didn't know he was colored!"

The appearance of the Chicago Cubs here recently reminded me of the great progress in baseball since Jackie Robinson drove his spikes through the color barrier in 1947. The Cubs in this series started with five Negroes: Andre Rodgers at short; Ernie Banks at 1st; and an all-tan outfield of Billy Williams, Lou Brock and George Altman.

The Dodgers also had five: Tommy Davis and Willie Davis in the outfield; John Roseboro behind the plate; Maury Williams at short, and Junior Gilliam at second.

THE SAN FRANCISCO Giants boast the greatest number of Negro players of any team in the majors. They usually open with five Negroes: three outfielders—Willie Mays, Felipe Alou and Mattye Alou (or Manuel Mota); Jose Pagan at short, and Orlando Cepeda on first.

### Cox New Top Golf Champion; 2 Flight Playoffs Sunday

By MISS B.W. On Sunday at the Douglass Golf Course, two members of the Hi-Lo Golf Club will compete in a playoff for the President's Flight championship.

John Covington and "Bubble" McGuire are the pair who will vie for the title. Their playoff was set up April 29, when 46-Hi-Lo members opened the season with a tournament at Sarah Shank Course.

Winning the top crown on that occasion was Robert Cox, who shot a par 72 to take the Championship Flight. He dethroned the defending champion from last year, Webster "Red" Williams, who took an 80.

Also on Sunday at Douglass, five members will be matching shots for the title in the Vice-President's Flight. They are Lawson Buckner, Rollo Quarles, Ed Loyd, Bing Miller and Davis.

## St. Rita's Boxing Tourney in July

St. Rita's 3rd annual invitational boxing tournament has been postponed until July 14-28, it was announced this week by A. C. "Al" Allen, president of the Indiana Fathers & Sons Club which will sponsor the event.

The tourney will be held in St. Rita's gym, 1800 N. Arsenal. Allen said the PAL Clubs, Christamore House and other fistic clubs will be invited to participate. No expenses of boxers will be allowed.

"A SERIES OF 50 boxing shows a year at St. Rita's will be inaugurated with this tournament," Allen added. "A door prize will be given at each show, and admission will be on a membership basis."

JOE LOUIS, who recently made his debut as matchmaker for his United World Enterprises, is now trying to line up two fights for Cassius Clay.

Another big match Joe wants to promote is Carlos Ortiz vs. Ralph Dupas for the lightweight championship.

## Tolleston's 3:18.4 Tops Regional Qualifiers

GARY — Paced by all-tan Tolleston's fantastically fast mile relay team, Gary athletes posted 8 of the 13 best Sectional performances in the state here last week, as records toppled like tennpins.

The Tolleston relayists negotiated the mile in a fabulous 3:18.4—five solid seconds faster than the existing State Meet record of 3:23.4, and only 3.2 seconds above the national record.

The quartet carrying the mail were Willie Lewis, Willie Lloyd, Robert Holden and Howard Harris.

They were pushed by Gary Roosevelt's foursome (William Smith, Walter Little, James Harris and Larry Hood) who finished only 8 feet behind and themselves were clocked in a record-shattering 3:20.1.

The time was no fluke nor is the Gilroy Field track a mite short, as some fans elsewhere in Indiana have been speculating. Only six days earlier, the Tolleston Travelers had posted a 3:18.7 in a meet at Elkhart.

OTHER GARY CONTENDERS turning in state bests were: Half-Mile Relay — Roosevelt Gilbert King, Richard McGregory, James Thomas, Clay Leek) in an Indiana season's best of 1:31.

220 — Richard Dilling, Gary Mann, in a Sectional record 21.4. 440 — Howard Harris, Tolleston, all-Indiana Sectional record of 48.8.

880 — James Harris, Roosevelt, lowering his own Sectional record to 1:58.1.

Mile — Art Angotti, Mann, Sectional record of 4:29.

Low Hurdles — Clay Leek, Roosevelt, in a record 19.5.

High Hurdles — Jim Grudzinski, Hobart, in a record-equaling 14.7.

ROOSEVELT WON THE meet for its 17th Sectional crown, but not in the Panthers' customary walkaway. The increasing number of tan athletes at such schools as

Tolleston apparently has spread the field. Roosevelt amassed 46 points to 36 for Tolleston.

The defending state champion Panthers qualified 11 individuals and both relay teams for next week's Regional round. Their contingent will be exceeded only by Fort Wayne North (13 and both relays) and matched by Evansville Reitz (11 and both).

Clay Leek, brother of Coach Don Leek, paced the Panthers by winning the low hurdles and placing 2nd in the high hurdles, as well as anchoring the half-mile relay. A welcome Panther surprise was Hewitt Theus' 2nd-place finish on Leek's heels in the lows.

## Rivers Turns In Fastest Century

HAMMOND — Bernie Rivers of East Chicago Washington ran the fastest 100-yard dash in the state here last week as he broke the Sectional record with a 9.9.

The slender Senator, who was a forward for the basketball state runners-up, also broke the 220 record with a 21.9. For good measure he ran on the winning half-mile relay crew with Phillip Raspberry, Will Johnson and Maurice Hunt.

**Fans Bombard Injured Minofo With Flowers**

ST. LOUIS (ANP)—Fans and friends of outfielder Orestes Minofo have bombarded him with flowers and telegrams sent to Jewish Hospital, where the Cuban flash is recuperating from a skull fracture suffered while playing with the St. Louis Cardinals against the Los Angeles Dodgers. Minofo was injured when he crashed into the fence in chasing a fly ball hit by pinch-hitter Duke Snider. Despite the collision, Minofo almost held on to the ball, which ultimately was trapped under his body. Snider got a triple on the unfortunate play.

At last report "Minnie"—a rough-tough, all-out type of ball player who led the American League in being hit by pitches for 10 years—was reported in an improved condition, although still on the serious list.

He was visited Saturday by his wife and his manager, Johnny Keane. The pilot said it appeared Minofo would be out of the Cardinal lineup for about a month.

DR. STAN LONDON, a team physician, said Minofo "was unconscious for about three minutes after the accident."

The former Chicago White Sox and Cleveland sparkplug built up an army of followers by his hustle, team play and ruggedness. Even after the skull fracture, when he was being taken from the playing field on a stretcher, he didn't want to leave the game.

## Lottie the Body Featured in Cast Matinee Sat.

The whole town is talking about petite Timi Yuro, songsational star of Arthur Bragg's new Idlewild Revue, which is currently captivating audiences at the plush Pink Poodle in Downtown Naptown. Miss Yuro, Lottie the Body and entire show will be on hand for the big Saturday matinee from 4 till 7.

The Indiana Hair Designers with delegates from all over the state packed the playspot Tuesday night to the rafters and everybody had a delightful time sippin' coolin' drinks while enjoying a wonderful show which ran the gamut from comedy to acrobatics, plus good singing and superb dancing.

The new Idlewild Revue lived up to its widely-acclaimed reputation. It offered everything that could be expected in a cast of 40 people including 16 chorus beauties.

It is hard to single out any particular act, because all of the acts were good. Lottie the Body, nationally-known exotic dancer, always a crowd pleaser here, added new body movements to her new dance that actually had the audience in stitches. Proving again what a fine entertainer she really is. Vivian Foster, the scintillatin' vocalist, did it up real fine on "Bill Bailey" and other blues numbers. A real clever singer that should go places. Toi Taylor had them on edge with her jungle dance over live flames, but nary a piece of her handsome body got scorched during the dance.

Petite Timi Yuro did it up real fine with her rendition of "I'm So Hurt" which was a killer diller and her "Come Rain or Come Shine" was something else. The tiny songstress did it up real brown with "I Apologize," etc.

Let's not forget, we pause here to mention the fact that the Pink Poodle is air-conditioned for your enjoyable pleasure, and the management should take several bows for the way they handled the enormous crowd last Tuesday night.

All in all, it's a good show and one you should not miss!

## The People I Meet

By BARON HARRIS

WASHINGTON, D.C.—Here we are writing our copy on the day before closing here in the nation's capital. We're appearing at the Howard theatre with the great DUKE ELLINGTON'S band and revue and oddly enough we're closing the show and to us that is a signal honor. Of course the show includes all of Duke's great band men but the variety acts include the great OLIVETTE MILLER who is an outstanding harpist and long time friend BUNNY BRIGGS who is regarded by many as one of the greatest tap dancers in the world. He has appeared with the Duke before on the stage of the Apollo theatre in New York. On opening day I was surprised to learn that my good friend, Milton Grayson, is Duke's vocalist and has been for two years. We were buddies when we both were members of the famed DE PAUR'S INFANTRY CHORUS. He's really singing too. Duke's band is a real 'gas'. The Duke is suave, impeccable and just as sophisticated as ever. However, offstage he is a real down to earth individual. When we first opened this theatre we were bugged by a colossal domestic problem but Duke straightened us out, as only he could. Ever since then we've been cooking with gas. Our representative told us that our success or failure depended on this engagement alone as he was not able to catch our act at the Apollo. Everyone connected with Duke here seems to be well pleased with my work and its originality. I have been scoring well with 'The Pool Shooting Monkey' but my other material has never been heard by Naptowners.

Getting back to BUNNY BRIGGS, Naptowners have never seen a dancer like him. He opens with a song which makes you think that he should make his living singing. Then he goes into a routine that has never been equaled by any dancer. We know that's saying a lot but we know exactly what we're saying. It's no wonder that the DUKE chose him to appear on this, his Easter show. BUNNY BRIGGS is a gentleman onstage and off and dresses immaculately. He's well spoken and unassuming, and to him, his mother comes first because he's not a married man but from where

we sit it looks like he's about to be hooked. More about who has their hooks in him later. OLIVETTE MILLER, the harpist, is as beautiful as ever and very much a lady. We've been friends for a long time. She will be remembered by midwesterners as the one who staged and produced that very great show called 'HIGHLIGHTS' which had its premier showing at fabulous 'ROBERT'S SHOW CLUB' in Chicago. That's a show that we wanted to be a part of but the breaks were against us at that time. Appearing with the great DUKE ELLINGTON has allowed us to realize one of our fondest dreams. To us he is the mostest of the bestest and there are no words in our vocabulary that would describe what we think of him. Last Sunday he was presented a plaque on stage by THE DUKE ELLINGTON JAZZ SOCIETY (Washington chapter) for meritorious work as a composer, bandleader and 'what have you'. He received it very graciously, as only he could, and his face seemed to glow just a bit.

We are still in residence at the Theresa Hotel in New York as we must have a New York mailing address.

**SPECIAL TO MISS CORRINA PARKER:** We hope that, by now, you have received the many RAY CHARLES photographs that we personally mailed to you. Mr. Charles has a 'right hand man' who answers to the name of 'Duke'. He promised me faithfully that he would have the membership cards made up and send them to you. Don't be discouraged if they don't come right away as he is a very busy man.

Well, it's that time again. It's a long way from here to California and it looks like we'll be away for awhile but believe us when we tell you that we miss Sunset Boulevard which is our best way out in Hollywood, U.S.—the city of make believe.

## Jerry Lewis in 'The Errand Boy' Sun. Thru Wed. at Walker Theater

If you like comedy loaded with slapstick and clowning, the kind conducive to belly-laughs in huge doses, then by all means hasten to the Walker Theater where Jerry Lewis' latest Paramount comedy—"The Errand Boy" opened yesterday.

This is without doubt one of Lewis' zaniest screen offerings. The story affords many natural hilarious situations all of which Jerry takes advantage of as only he can, so you can expect a mad, merry time with the accent on laughs all the way.

"The Errand Boy" deals with a major studio chief who believes that much of the profits are being squandered by the employees. To find the guilty persons he engages Jerry, a well-meaning idiot paper-hanger at the studio, to act as his undercover spy. To make spying easy, Lewis is assigned as a messenger boy, running errands to the various studio departments. In rapid succession he disrupts a film rehearsal, the stenographic, wardrobe and makeup departments, a sound recording session and before long the studio is in total chaos. The result, a screen classic in comedy that spoofs movie town's traditions and its people.

A catchy new song, titled "That's The Way" was composed for one of the big musical sequences in the film. British song-and-dance star, Pat Dahl sings the number in a speakeasy sequence. This lovely blonde is destined for Hollywood stardom because she not only gives a fine song-and-dance performance but is also a capable actress as well.

JERRY LEWIS as "The Errand Boy" is the top attraction at the Walker Theater Sunday thru Wednesday. The flick co-stars Brian Donlevy, Howard McNear, Dick Wilson and others.

POLICE PROMOTIONS—Some of our friends are telling us that somebody pulled a boner in naming a certain cop to the vice squad. One person reported seeing this officer give a ticket to a taxi driver, when he pulled up at Doyle's restaurant for a fare early Sunday morning. There was a fire in the 500 block on the Avenue and the driver had to come around to the Senate Ave. side for his fare, a young lady who was waiting in the doorway of the restaurant. Seems as if the officer did not want the cab to stop for just a minute. Some of our officers better wake up and get hep—and remember they need all the friends they can get if they expect to go places. So true!

Look for an oldtime jamboree soon at the Sunset with musicians from way back . . . Count Fisher was in for a visit two wks. back. And we also forgot to mention that the Rev. Leo Lesser was in town for a short visit.

IN THE MAIL BAG—A nice scribble came in from Cyril Childs, who's spending her summer vacation in New York on Long Island.

A guy came in to tell us that his friend beat him for his girl. He should get hep—they're beatin' 'em now for their wives! Selah.

## Calls Blind Singer — Another 'Sugar Child'

DETROIT (ANP)—Not since Sugar Child Robinson created a sensation at the White House when he hollered at President Truman, "How am I doing, Mr. President?" has this Motor City witnessed a sensational performance like that of blind, 11-year-old "Little" Stevie Wonder. In addition to being a singer, he plays piano, organ, drums, harmonica and bongo drums.

Brought to the attention of Berry Gordy, head of Tamla and Motown records, he was immediately inked to a contract and waxed his first tune, "I Call It Pretty Music." A familiar street corner sight playing his harmonica, a friend called Gordy, who stopped at the street he lived on and was impressed at his ability. Sugar Greetings New Star

Now a college student studying medicine, Sugar Child met Stevie a few weeks ago and performed a duet with him at Tamla's studios that was a mild sensation. He put his stamp of approval on the sightless genius and promised to watch his career with interest.

Gordy, who has been associated with the careers of such topflight performers as Jackie Wilson, Mary Johnson, the Miracles and Marvelettes quartets, is going all out to make Stevie's career a successful one. He plans a nationwide disc-jockey promotion tour for him, plus setting up a trust fund for him. Those who've heard him compare him to Ray Charles in vocal styling.

Gospel Queen Mahalia Jackson Must Shed Weight, Doctors Rule

CHICAGO (ANP)—Mahalia Jackson, famed Gospel singer, has been ordered by her doctors here to shed upwards of 50 pounds as a health precaution, the Associated Negro Press learned this week.

The Indianapolis Recorder, May 19, 1962—13

The heavy-set Negro singer, who rose to fame singing Negro spirituals and other religious hymns, evidently was gaining weight too fast, despite a rigid schedule. Miss Jackson has already dropped 15 pounds. She is under strict orders from her doctor.

Church Events . . . . . of the City

By WILLA THOMAS This weekend we extend congratulations to the Church Federation for its 50 years of Christian service to the churches in Indianapolis and Marion County.

The Federation staff and officers have worked to advance the cause of Christ. Through its division of Christian education, welfare and evangelism, many have been educated in the field of Christian education, while others have been helped through the social service division.

The group has extended mercy and relief to suffering humanity. For 50 years it has stood in this city as a guiding light.

Under its dedicated leader, Dr. Laurence T. Hosie, the beautiful new home, known as Interchurch Center, 1622 N. Meridian, has been constructed.

We have spent many wonderful days of planning to help others in many training areas. The Federation workers are to be commended. We pray God's blessings upon each who serves Him there. May you continue to serve God and others.

This Friday at North Methodist Church 500 delegates will attend the annual dinner-business meeting at 6:30 p.m. and 5:30 p.m. respectively.

Lester Iron, president, will be in charge. Along with this celebration, ministers of the city who have been in the ministry for 50 years or more will be special guests.

My father, Rev. S. S. Thomas, was among those invited to attend but because of being ill, he will be unable to be there. I hope to attend.

Sunday was a beautiful Mother's Day and I hope all mothers had a wonderful day. Mrs. Letha Ervin, the returned missionary from Mongolia, West Africa, who spent 27 years there working for God, was presented a beautiful basket of flowers.

They were given to her by a daughter, Mrs. Richard Brooks, Sunday at First Baptist Church, North Indianapolis, where she is a member.

A token of appreciation was presented.

Carrie Lee Allen Last rites for Mrs. Carrie Lee Allen, who died May 8 in General Hospital, were held May 12 in Jacobs Brothers Westside Chapel, with burial in Saffell Cemetery in Shelbyville, Ky.

Born in Shelbyville, Ky., Mrs. Allen, 53, 510 Douglas, had lived here 23 years. She was a member of Tabernacle Baptist Church. Survivors include her husband, George Allen.

Favorite groups and in memory of his wife who was president of the Indianapolis Council of the United Council of Church Women, Robert B. Purkiss presented a check to the Guiding Light Christian Service to help with the work.

Mark D. Batties is president of the group which takes services to the sick and shut-in through tape recordings.

Rev. C. Henry Bell, minister of Mt. Paran Baptist Church, is chairman of the transportation committee for the Indiana Baptist delegation to the National convention June 13-17. He announces the following schedule: June 11, leave Indianapolis by Penn. R.R. No. 3, 12:25 p.m. (C.S.T.) Arrive at St. Louis, 3:45 p.m. (E.S.T.) Leave St. Louis on Pacific No. 1 at 5:30 p.m. (C.S.T.) June 11. Arrive in Houston June 12 at 11:40 a.m. (C.S.T.) Fare is \$81.13 round trip and \$56.87. Clergy and Roomette is \$34.10. For more information write Rev. Bell, 370 W. 12th, or call WA. 6-4793 or ME. 4-2846. All train seats are reserved.

Local persons wishing to join the Illinois delegation out of Chicago are asked to contact Dr. R. T. Hendon, 399 1/2 S. Parkway, Chicago, Ill., at once.

I enjoyed my visit to South Calvary Baptist Church where I showed a filmstrip on vacation church school work Sunday evening.

John Sellars, who was chairman of publicity for the Billy Graham meeting here, announces a weekend trip to the meeting in Chicago where Evangelist Graham will speak in the evangelistic service for Greater Chicago.

Anyone wishing to go contact Mr. Sellars.

## Urges Dixie Officials Should Go to Jail for White Supremacy

CANTON, Miss. (ANP)—A Mississippi county judge came up with a segregationist appeal last week that might be labeled "if you can't lick 'em, follow their example."

Hinds County Judge Russell Moore advocated last week that Mississippi public officials should be willing to go to jail in protest of federal court injunctions which would break down long-standing racial customs.

"I'D PREFER to have the state occupied by federal troops than to give up piecemeal in this great fight for state rights and our way of life," Moore said.

Moore, speaking before Canton Lions club members, is the Hinds jurist who has been trying Freedom Rider appeal cases which began in Jackson, Miss., last summer stemming from breach of peace arrests for antisegregation activities in bus and rail terminals.

He predicted integration in Mississippi is only a few years away unless public officials do defy federal injunctions.

"I hope they will all go to jail, if necessary," Judge Moore stressed, "after making a complete refusal to comply with these decrees. This is a matter of constitutional government."

Moore cited the Freedom Riders' willingness to go to jail for their integration beliefs and said "we should be as strong in our convictions."

Public officials could go to jail in good conscience, he said, for

while they might be defying federal court orders they would be fulfilling their oaths to uphold state laws and constitutional government.

HE POINTED out that provisions should be made for the salaries of public officials so forced to jail to be paid to prevent hardship and protect their families.

"We've got to take a stand whether we are to remain segregated," he said. "Federal injunctions are wiping out our states' rights."
