Sharp Rise In
Local Meat Prices

PRICE RAISE OF 2 CENTS A
POUND IN PORK AND BEEF;
SUGAR PRICE HIGHER

Putnam county meat eaters who
no longer buy hogs nor chickens
of their own to put on their
tables and who are dependent upon
picking house products, are al-
ready paying considerably more for
meats as a result of the sharp
rise in the hog prices—due to the
alarm, it is claimed.

one retail store in Greencastle,
this morning, the meat man said
there has been an average raise of
one cent a pound in pork and beef.
The store is associated with others
in other communities, and his prices
are not identical with those in
the other local stores. He men-
tioned an increase in lard prices
from 1 1/2 cents a pound, a few days
ago to 13 cents now, which, he said,
is the outstanding item in increas-

quoted bacon in whole or half
pounds at 15 cents now which was 13
cents. Best sliced bacon is 37 now
which was 35.

Hams increased 3 or 4 cents on the
pound.

Pork loin went up 7 or 8 cents,
generally, but he mentioned at least
one grade of loin which went up 10
cents starting at 27 the first of the
month.

Beef, in steak cuts, went up about
10 cents, and roasts had about the
same increase.

In groceries, there have been some
decreases, sugar being one of the
items showing a boost. Much sugar
being bought by housekeepers
in the last few days and stored by
purchasers.

Wins Second In State Dress Review

MARY ANN NEWGENT TAKES
HONORS WITH SUMMER
OUTFIT

Mary Ann Newgent, who won sweepstakes honors in the local Dress Review and thus the rights to represent Putnam County in the Indiana State Fair, yesterday was awarded a second place in the State Dress Review in which 91 of the counties of the state were represented.

Miss Newgent wore an afternoon summer dress of Voile. The top was white with val lace trimming sewed in rows about three inches apart and the skirt was of blue and white print with a picture hat and white shoes. The cost of the complete outfit was \$16.50.

The private showing of the dresses was held on Tuesday with the public showing yesterday afternoon at 2:30 o'clock in the new Youth building.

The Dress Review finished the current 4-H year and will start a new year in that work.

SERVICES HELD FOR MRS. SANFORD SPURGEON

Funeral services were held this afternoon at 2:30 o'clock in the First Methodist Church at Brazil for Mrs. Alice Spurgeon, wife of Sanford "Dick" Spurgeon, formerly of Greencastle. Interment was in the Cottage Hill cemetery.

INJURED

While riding on his bicycle Saturday evening, Walter Gibbs, son of Mr. and Mrs. Harold Gibbs of Portland Mills fell striking his head on a rock which rendered him unconscious for about four hours. It is reported he has a slight fracture of the skull.

Robert McCormick Is Cacti Raiser

STARTED AS A HOBBY A FEW
YEARS AGO; NOW SUPPLIES
SURROUNDING COUNTRY

Using pliers to repack in smaller containers the product of his 90-acre farm southeast of Terre Haute, Robert McCormick, in Greencastle, recently, talked of the pleasures of raising 622 varieties of cactus for the market. Starting cactus-raising as a hobby a few years ago, he found there was money in the hobby and now he supplies all of Indiana, eastern Illinois and western Ohio with about all the cacti the people in that territory want for their rock gardens, window boxes, and greenhouses. He operates the Weybrook Farm.

Today, he was putting a large lot of the Orange Tuna cactus in a packing case, for delivery to a store in Greencastle which caters to floriculturists and others of that ilk. These Tuna cacti are of the sort commonly known as elephant-car type, because the thick, fleshy leaves have a subdued resemblance to that pachyderm's auricular appendages. They are of the spiny sort, and although "Wizard" Burbank succeeded in eliminating the spines for one generation, they appeared—according to Mr. McCormick—in a stunted form the second generation and were back in full size the third generation. So, he doesn't try to get rid of the spines, and uses pliers to keep them from sticking him.

There are some 1,700 classified species of cactus, Mr. McCormick said.

United States Need Not Fear Shortage

WASHINGTON, Sept. 7.—(UP)—Administration officials emphasized today that there is no prospect of any shortage in foodstuffs and basic commodities in the United States as a result of the European war.

At the same time, they moved to combat reported profiteering. Secretary of Agriculture Henry A. Wallace revealed that the Agriculture Department has received several complaints charging unnamed processors and distributors of foodstuffs with spreading false rumors of shortages in order to increase prices.

The complaints have been given the Department of Justice for investigation, he said.

A survey of stocks of foodstuffs on hand for the coming year backed up the official assurance that this country is in a strong position and need not fear a shortage.

More Facts Are Given On Cemetery

REVOLUTIONARY SOLDIER,
JOHN WALDEN, SR., IS
BURIED THERE

In a recent story in The Daily Banner concerning the interesting old cemetery at Manhattan the names of a number of the persons buried there in years past were given. There is also in that cemetery the grave of a veteran of the Revolutionary War, one of a surprisingly large number of soldiers of that Colonial war who found their way to Putnam county and died here.

This one, interred in the Manhattan burying ground, is John Walden, Sr., who was born in Middlesex county, Virginia, March 6 or 8, 1756. He enlisted in Virginia troops during the summer of 1777 and served to the end of the war as a private. His last commanding officer was Colonel Henry Lee. Mr. Walden served in the battles at Monmouth, Stony Point, and he was at the evacuation of Charleston. His death occurred December 22, 1835, and his remains were interred in the Manhattan cemetery. He married Mary Collins. Their children were Sallie, John, Henry, Elizabeth, Richard, Dollie, Nancy and Patsy.

DON ALEXANDER TO LEAVE CITY

A change of personnel of the Standard Oil Company's representation in Greencastle effective this week was announced today by Don Alexander, 14 east Berry St., bulk station agent for the company.

Mr. and Mrs. Alexander and their two children are to move to Indianapolis, where Mr. Alexander has been transferred to serve as an agent in the Marion county area. Mr. Alexander came to Greencastle from Muncie two years ago to take up his duties here with the oil company.

E. E. Blackwell of Indianapolis will succeed Alexander as Standard Oil's bulk plant distributor. Mr. Blackwell and family are expected to move to Greencastle within the next few days, as soon as Mr. Alexander's transfer is effected.

Mr. and Mrs. Alexander today were busy with moving plans, bidding goodbye to friends, and expect to move to their new residence this weekend.

The Christian church choir will rehearse at 7 o'clock Friday evening.

Last Message Of Correspondent Sent

NOTE TO EDITOR EXPLAINS
THAT DISPATCH IS OF PAR-
TICULAR INTEREST

Editor's note: The United Press Warsaw staff, headed by its well known war correspondent, Edward W. Beattie, Jr., sent its last report on conditions in the Polish capital at 9:50 a. m. Wednesday (Warsaw time: 2:50 a. m. CST.) This may or may not indicate a worsening situation, causing the official censor to hold up news dispatches for fear of informing the enemy. In view of this, Beattie's last dispatch, which arrived last night, is of particular interest.

WARSAW, Sept. 6.—(9:50 a. m.)—UP—Everyone able to borrow or beg a conveyance was abandoning the Polish capital today as the rumble of distant German artillery fire grew louder.

There were many among the 1,700,000 population, however, who could find no means of leaving and to them the imminence of invasion was so real that they were inclined to talk in whispers.

The government had moved to Lublin, 100 miles southeast, and the foreign embassies were closed. A large force of Germans was reported spreading out on a line 30 miles north of Warsaw and the city seemed destined to come under artillery fire, perhaps in a few hours.

The absence of government spokesmen meant that there were no reports on the progress of fighting elsewhere in the country, except as broadcast infrequently and semi-officially by the Polish radio.

Discouraging news was brought by refugees now arriving from cities as distant as Lodz, 60 miles west. The arrival of German troops near Lodz meant that the whole southwestern industrial district had been captured. The refugees, too, created a new problem here. Most of them had come in automobiles with only enough gasoline to get this far and no means of proceeding. There was no gasoline for sale here.

Another raid by 70 German airplanes Tuesday had demolished the region of the railway station and caused more havoc in the suburbs. The Germans had spared the main business district of the city.

At 5:30 a. m. today during another raid, a bomb cut the railway administration building in half and only the fact that it was so early in the morning prevented a heavy loss of life. The building had been crowded by several thousand persons during business hours. There were several casualties near the airport and after the morning raid, Poles began barricading the streets.

There were no signs of troop movements here, but Warsaw's stragglers believed that a strong Polish force was already concentrated north of the city to defend it, and that it had not yet seen fit to call for reinforcements.

The first sign that Polish troops (Continued on Page Two)

DR. C. B. O'BRIEN PASSED AWAY AT 3:30 THURS.

DEATH FOLLOWED AN OPERA-
TION AT ROBERT LONG HOS-
PITAL IN INDIANAPOLIS

BODY RETURNED TO CITY

Is Survived By Wife, Mother, Daugh-
ter, and Uncle, Dr. W. M.
O'Brien

Dr. Cecil B. O'Brien, one of Greencastle's most prominent physicians, died Thursday afternoon at 3:30 o'clock in the Robert Long hospital in Indianapolis. Dr. O'Brien underwent a major operation last Saturday and had been seriously ill since that time. Dr. O'Brien became ill while on a visit with his family on the West coast and when he arrived in Indianapolis he entered the Robert Long hospital for treatment.

Dr. O'Brien had practiced medicine since 1924. He had been associated with his uncle, Dr. W. M. O'Brien for many years. Their office was in the Alamo building. He was a graduate of DePauw University and the School of Medicine at Indiana University. He served his internship at the city hospital in Indianapolis. For many years Dr. O'Brien was city health officer. He was a member of the Putnam county medical society and was physician for DePauw University and the American Zinc Products company.

Surviving are the widow, Mrs. Edna O'Brien, one daughter, Marcia O'Brien, his mother, Mrs. Cora O'Brien of this city.

Funeral arrangements will be announced later.

Dr. O'Brien has been a loyal citizen of the community and his loss will be felt keenly. He has been interested in all city, county, and university affairs since he began his medical practice in Greencastle. For fifteen years in his contact with people from all parts of the county he made innumerable friends who will feel a deep loss at his passing.

FRENCH ARE SEVEN MILES INTO GERMANY

FINLAND PROHIBITS BELLIGER-
ENT WARSHIPS FROM TOUCH-
ING TERRITORIAL WATERS

BULLETIN

CAF D'ANTIBES, France, Sept. 7.—(UP)—Usually reliable sources said today that the Duke and Duchess of Windsor would leave by automobile tomorrow morning en route to England.

BERLIN, Sept. 7.—(UP)—A government announcement today said that German troops had captured General Gosciorowski, commander of the 7th Polish division and until 1936 the chief of general staff for the late Marshal Josef Pilsudski.

PARIS, Sept. 7 (UP)—French troops have ripped their way seven miles into Germany in the rich Saar industrial and mining region, it was reported today.

Aided by airplanes and big fleets of tanks, the French troops were reported to have reached the edges of several towns in the Saar basin.

French official communiques were most reserved. But reports from Luxembourg and Switzerland, north and south of the active front, indicated that the French had made considerable advances in an operation which seemed only in its opening phase.

As many as 600 tanks were used in one operation alone among several on the front, at the northeast corner of France, according to report.

It was said further that the French were not using the crack troops in the Maginot line but had sent newly mobilized reservists against the Germans.

PARIS, Sept. 7 (UP)—A Polish radio broadcast late last night said: "German aviation continued to bomb our troops and lines of communications. Warsaw was repeatedly bombed. Our aviation bombed German armored columns. In air battles 15 German planes were shot down today and 20 yesterday. Our losses total six planes.

"On land embittered battles are occurring on the lines of Lodzliotkrow-Tomaszow-Masowceki and west (Continued on Page Two)

War In Brief

PARIS: French troops advance into Germany's rich Saar industrial area; big push indicated with official announcement British troops arriving to take place in line with French; British royal air force planes operate with French aviation from French bases.

WARSAW: German troops close in on Warsaw as Polish defenders prepare desperate stand.

LONDON: War cabinet determines to "smash Hitlerism for good," military experts believe it may be some time before major battles on western front.

BERLIN: Germans announce occupation of most of Poland's industrial area, putting the western one-third of Poland in German hands. High command lists two Polish divisions and three battalions "wiped out" in engagements with German forces. Hitler continues to march with his eastern armies.

ROME: Diplomats, guided by Mussolini, maneuver to maintain Italy's neutrality and still fulfill obligations to aris partner; Italians still indicate they will not enter war for time being but assert they can make no long term commitments.

WASHINGTON: Armed forces mount protective neutrality and anti-espionage guard; Panama Canal Zone under complete military control by executive decree; navy cancels Atlantic training cruises to make ships available for patrol duty.

U. S. Armed Forces Protect Neutrality

AMERICAN PEACE FRONT EX-
TENDS HALF WAY AROUND
THE WORLD

WASHINGTON, Sept. 7.—(UP)—Armed forces of the United States today mounted protective neutrality and anti-espionage guard over an American peace front extending half way around the world.

The eastern front begins in the Philippines and extends westward through Pacific possessions, across the 2,500 miles of the continental United States and fans out to sea in an Atlantic ocean sea and air patrol. It is a new wrinkle in neutral strategy.

Tension eased here following President Roosevelt's proclamation of American neutrality and order for the neutrality guard mount. He expects to be able to leave tomorrow for a weekend in Hyde Park. But he would make a quick turn about even en route if an emergency developed.

Prospects for his western trip to the San Francisco World's Fair are uncertain. It still is scheduled to begin about Oct. 1 but is as likely as not to be cancelled.

Mr. Roosevelt is expected shortly—possibly before he leaves for Hyde Park—to issue a new proclamation extending the provisions of the Neutrality Act to South Africa, which declared war on Germany last night. In his original proclamation invoking the law Tuesday, the President exempted Canada and South Africa, units of the British empire, because they were not formally in the conflict. Canada is expected to declare war immediately, in which event the act would be further extended to cover the North American dominion.

PROF. WINSEY SPEAKS AT ROTARY MEETING

Andrew Browning had charge of the regular weekly meeting of the Rotary Club held at the Presbyterian church yesterday and offered as his program, a guest speaker, Professor Reid Winsey.

Prof. Winsey just returned from conducting a student tour through Europe and told of his many experiences while there. He said that he predicted that there would not be war and three days after landing war broke out.

There were several members of the club back after being away on vacation. Lester Jones, vice president of the local Rotarians, and Edward Bartlett being the most noticeable after having been in California for some time.

SERVICES FOR MRS. LYON WILL BE HELD FRIDAY

Funeral services for Mrs. MORT Lyon, well known local woman, who passed away Wednesday, will be held Friday afternoon at 2 o'clock from the Hudson Hill church in Owen county. Burial will be in the Hudson Hill cemetery. Friends may call at the home on the Rockville road until noon Friday.

The daughter, Mrs. Lockey Hurst is in the Methodist hospital at Indianapolis.

SOUTH AFRICA DECLARES WAR

LONDON, Sept. 7.—(UP)—Prime Minister Neville Chamberlain told a cheering House of Commons today that the Polish armies were contesting every yard of ground against the German forces.

In the first official British statement regarding war on land, Chamberlain said:

"In the east the Poles are fighting hard against a strong and ruthless enemy who is relying on weight of numbers and materials to crush all opposition."

"Against an overwhelming superiority in the air—outnumbered and outgunned—the Polish soldier is contesting every yard of the German advance."

Chamberlain also revealed that the Royal Air Force raid on the Kiel canal in Germany had scored at least two hits on one of Germany's pocket battleships.

LONDON, Sept. 7.—(UP)—Britain's nine-man war cabinet has determined to smash Hitlerism for good now that the new war has started, it was reported today.

Count Edward Racinski, Polish ambassador, after conferences with Viscount Halifax, foreign secretary, and Winston Churchill, first lord of the admiralty, was understood to have reported to his government that the war cabinet had unflinchingly determined to smash Hitlerism.

The influential Times, regarded as frequently reflecting views of high official quarters, said today that Hitlerism must be ended.

Particular interest attached to Racinski's report and to the Times editorial because of reports circulating in Europe that some sort of peace move might be made by Germany or in Germany's behalf as soon as Adolf Hitler felt that his armies had penetrated sufficiently into Poland.

The idea was that Hitler wanted only a local war.

Also there were reports that Benito Mussolini might soon make some peace move.

Prime Minister Neville Chamberlain told the House of Commons yesterday that he hoped to make a statement on the international situation today.

Announcement was made early today that South Africa had declared herself in a state of war with Germany.

The government aided in mobilizing all available help to complete the harvest during the present fine weather.

Students of Leeds and Sheffield universities helped in South Yorkshire. Miners on part-time jobs in the Derbyshire Collieries now were harvesting side by side with women of the land army.

The Ministry of Information issued this morning a statement to the British public asking its co-operation in event unidentified aircraft land or crash in open country. It was asked that persons near the scene notify police, by telephone if possible, but that persons at a distance refrain from calling unless they have reason to believe observers nearer to the scene would not call.

It was understood that the British Broadcasting company intended to start broadcasts in Polish today and that Czech and Serbian language broadcasts would be started soon. Hungarian broadcasts were started Tuesday. In addition there were (Continued on Page Two)

WPA Prepares To Make Changes

TO CHANGE VOLUME OF EMPLOYMENT AND ALSO TYPE OF PROJECTS

WASHINGTON, Sept. 7.—(UP)—The Works Projects Administration prepared today to make rapid changes in both its volume of employment and type of projects to cushion the effect of the European war.

Deputy WPA Commissioner Howard O. Hunter said that while outbreak of warfare in Europe would in the long run produce more jobs in private industry, during the first few months an increase in unemployment would result in certain industries.

A "flexible program" is being prepared, he said, to distribute relief jobs between industries noting a "rapid expansion" as a result of hostilities and those showing a "temporary decline." He added that a sufficient reserve of approved WPA projects were available to absorb workers discharged by industries most affected by the impact of war.

Under the program, he said, emphasis would be placed on construction of public highways, improvement of airport facilities, and construction work for the army and navy to strengthen national defense.

Janice Clodfelter, Bainbridge, was admitted to the county hospital Thursday morning for treatment.

of Tarnow. "On the north line Torun-Sierck-Plesk the enemy made no progress. Troops at Glynia are combating detachments of the Danzig forces."

BUCHAREST, Sept. 7 (UP)—The German legation has protested to the Rumanian government because 12 British officers in uniform crossed Rumania en route to Poland, it was understood today.

It has been pointed out that the only way British troops could reach Poland would be to pass through the Dardanelles and cross Rumania. The German protest followed a proclamation by King Carol's crown council of Rumania's strict neutrality.

LONDON, Sept. 7 (UP)—The Polish radio alleged last night that a squadron of German bombing planes dropped several bombs on Lithuanian territory yesterday morning during "indiscriminate bombing of the Polish-Lithuanian frontier."

The 11:30 a. m. Polish broadcast said French troops late Wednesday advanced so rapidly in the Saarbrücken sector that Germans lacked time to evacuate police and municipal administrations from several small towns.

ROME, Sept. 7 (UP)—Italian correspondents with the German army wrote today of Adolf Hitler walking with his troops, talking with wounded in field hospitals, with soldiers in the trenches, and with Polish prisoners.

Carlo Dall'ongra in a dispatch

from the Vistula front said he saw Hitler march in the field for a few hours "trudging along with one of the regiments through the Polish countryside." He said Hitler wore a common soldier's uniform.

Peasants who had hidden in the forests, Dall'ongra said, came out and cheered as Hitler arrived. He said a group of them told Hitler they were glad to be reunited with the Fatherland, which they had never forgotten and that Hitler said "you must return to your farms and prepare for next year's harvests."

Sergio Uglione in Lavora Fascista described Hitler's visit to the wounded, cheering them with assurance of victory.

BRATISLAVA, Slovakia, Sept. 7 (UP)—Slovakia's eastern army has pushed into Poland along the eastern half of the Slovak-Polish border and now occupies an area nine to eleven miles deep, the general staff announced today.

It was announced officially that all territory taken from Slovakia by Poland in 1920, in the autumn of 1938, and the spring of 1939 again is in Slovak hands.

BERLIN, Sept. 7 (UP)—German troops this afternoon were only 21 miles from Warsaw, it was announced officially.

BERLIN, Sept. 7 (UP)—A war communique said today that the west railway station at Warsaw had been bombed and was in flames and that bridges south of the Polish capital over the Vistula river had been destroyed.

It had been announced a few hours earlier that German troops had taken Pultusk, 30 miles north of Warsaw, indicating that the invaders were massing on a wide front north of the city. The capture of Polesk, 31 miles northwest of Warsaw, had been reported yesterday and it was said that the Germans were arrayed on a 22-mile line between Plesk and Ciechanow, 44 miles northwest of Warsaw.

BERLIN, Sept. 7 (UP)—The war ministry announced today that the Polish garrison at the Westerplatte Fort off Danzig had surrendered at 10:20 a. m. (3:20 a. m. CST).

VIENNA, Sept. 7 (UP)—Two British employees of the former British Consulate-General here are being held in a Vienna hotel pending release of equivalent German consular employees from Britain.

Joseph Albright of Limesdale is recovering from a recent major operation at the Putnam county hospital.

Mrs. Green, hostess at the Alpha Gamma Delta house, has returned to Greencastle after a summer vacation.

Charles Keyt of Madison township who underwent an operation Monday is improving at the Putnam county hospital.

Miss Lucille Calvert of the DePauw Speech Department has returned to the campus after spending the summer in New York.

Miss Florence Earle, former resident of this city, will again teach English in the High School of Brazil, this coming school year.

Mr. and Mrs. Harry Gilbert of Terre Haute are here staying with their daughter, Mrs. Arthur Lyon, while Mrs. Lyon is ill.

Mr. and Mrs. Earl E. Beyer of New York City are visiting the latter's parents, Mr. and Mrs. Jessie M. Jones, east Washington street.

The annual Rowings reunion will be held Sunday, September 10, at the Oscar Irwin camp. Relatives and friends are invited to come and spend the day.

Mrs. Nell Matson Brown of Oklahoma City and a former resident of Greencastle has been named new hostess at the Delta Kappa Epsilon fraternity house on Anderson street.

LaVerne Riley, son of Ben T. Riley of this city, will complete his work in the School of Pianoforte Technology at Chicago in October and expects at that time to return to Greencastle to practice his profession.

Thrilled with the experiences of his 11-day passage across the Atlantic from Bologne, France, to New York, Don R. Matthius, DePauw student, whose home is in Indianapolis, landed yesterday at New York and will come on at once to his home, to prepare for his enrollment again at DePauw. He was accompanied by William Belshaw, of Hammond, who had been with him on a tour of central Europe. The two young men crossed from France on the liner Veendam. Matthius' father is chief accountant for the State Department of Public Welfare.

Charles Harbison and Harry D. Freyn, two Indianapolis young men who figured in a sideswiping wreck on the Crox creek bridge on the National road, a short distance west of the Putnam county line, early Sunday morning, causing a serious tieup of traffic, were released from the Clay County Hospital yesterday, but warrants for their arrests on the charge of reckless driving have been filed and the men will taken back from Indianapolis for trial. The police first got the name of Calvin Mathews instead of Charles Harbison. The youths are charged with reckless driving for having driven over the center line onto the north half of the highway crashing into the side of a 1930 Buick car driven by Mr. and Mrs. Leonard Rockwell, of 837 Boal avenue, Piqua, Ohio. Their 1930 Buick was completely demolished in the fire that followed. Evidence in the cases will largely be presented by the state police who investigated them.

LEONA MAE SNIDER BECOMES BRIDE OF FRANK KENESSON AT GOBIN CHURCH

The Gobin Memorial Methodist church was the scene of a simple but impressive wedding service Thursday afternoon at 3 o'clock, when Miss Leona Mae Snider of this city, became the bride of Frank Kenesson of Frankfort.

The church was beautifully decorated with baskets of large yellow chrysanthemums and lighted tapers. The single ring service was read by the Rev. Claude M. McClure, in the presence of the immediate families and friends. Preceding and during the ceremony, Miss Carmen Siewert, organist, played a group of bridal airs.

The bride, who was given in marriage by her father, wore a street dress of green crepe with black accessories and a corsage of yellow button chrysanthemums. Her attendant, Miss Miriam Peck, wore a wine colored dress with black accessories and a corsage of bronze button chrysanthemums. Charles Kenesson, father of the bridegroom was best man.

The bride is the daughter of Mr. and Mrs. Lawrence T. Snider of 315 Elm street. She attended DePauw University and the University of Southern California. She is a member of Delta Theta Tau sorority.

Mr. Kenesson, son of Mr. and Mrs. Charles Kenesson of Louisville, Ky., is a graduate of Hendrix College at Conway, Ark. For the past three years he has been connected with the Frankfort Morning Times. Mr. Kenesson was formerly a member of The Daily Banner staff.

Following the ceremony, the couple received congratulations from their friends in the church, after which they left at once on a short wedding trip.

After a few days they will be at home at 352 South Jackson street in Frankfort.

Among the out-of-town guests attending the ceremony were the bridegroom's parents, and his sister, Miss Mattie Thatch Kenesson of Louisville.

Party Held For Marguerite Bee

A group of friends entertained with a surprise birthday party Wednesday evening in honor of Marguerite Bee, whose birthday anniversary will be Friday. The party was held at the home of Mrs. Bee on Elm street.

Gardner Reunion Held Sunday

The Gardner reunion was held at the home of Mr. and Mrs. Russell Gardner Sunday, September 3, with eighteen families present. The morning was spent visiting and talking over old times. At the noon hour a bountiful dinner was enjoyed by all. In the afternoon pictures were taken of the different families.

Those present were Mr. and Mrs. Gilbert Gardner and sons of Hammond, Mr. and Mrs. Wm. Blackwell and son, Mr. and Mrs. Glen Hammond and daughter, Mr. and Mrs. Ross Hammond, Mr. and Mrs. Edwin Gardner and family, Mrs. Elizabeth Hammond and Forest Gardner all of Greencastle, Mrs. Dora Cherry of Brazil, Mrs. Doreen Hockman and son of Bloomington, Mrs. Leona Lummis and children and J. D. Hooten of Lawrence, Mr. and Mrs. Frank Hammond and daughter of Clayton, Mr. and Mrs. Joe Gardner of Princeton, Mr. and Mrs. Harney Hornback and Mr. and Mrs. Elmer Gardner of Bicknell, Mrs. Eva McAllister and sons, Mrs. Muriel Whitall and Mr. and Mrs. Elza Gardner of Indianapolis.

All left at a late hour hoping to meet next year the first Sunday in September at the same place.

New Club Is Organized

The first meeting of the Lone Star Dramatics Club met at the home of its instructor, Mrs. S. L. Cope, Seller's addition and elected officers to serve for the coming year. ALL ABOUT NOODLES

HERE is the recipe for real old-time home-made Noodles that I promised you last week. You remember I wasn't space enough left when I gave the Veal Supreme recipe to include directions for making the Noodles that a part of that dish. I had particularly wanted to give this Noodle recipe because it is a modernized version of recipe used by an old-fashioned cook who had made a reputation for her Noodles. She's also told us exactly she stores her Noodles to keep them in the best condition. Here is the recipe and all the hints about Noodles that gleaned from this woman:

Noodles
3 egg yolks
1 whole egg
3 tsp. cold water
2 cups all-purpose flour
1 tsp. salt
Combine egg yolks and whole egg in mixing bowl. Beat with rotary beater until very light. Beat in the water. Sift flour once before measuring. Sift flour and salt together, and stir into egg mixture—do not make a stiff dough. Divide dough into 3 parts to facilitate handling. Roll out each piece of dough as thin as possible on lightly floured cloth-covered board (the flour rubbed into the cloth keeps the dough from sticking). Place rolled-out noodle dough between 2 towels until dough is partially dry. (If dough is too dry, it will crack and crumble when cut. When it is just dry enough.) Roll up dough as for jelly roll. With a thin sharp knife, cut it into very fine strips. Shake out the strips, and allow them to dry before using, or storing. Amount: 4 cups (1 qt.) or 10 ounces.

To Store Noodles
Noodles keep in good condition for a long time if stored in a covered glass jar. If to be used they may be stored in a paper in a dry place.
One of the most popular ways to serve Noodles is with browned buttered crumbs. If you have served Noodles this way, you have a real treat in store for your guests. They are grand with hot gravy—or with wieners and sauerkraut or with baked pork and gravy. This is the way Noodles are prepared:
Noodles With Browned Buttered Crumbs
2 cups uncooked noodles
2 qts. boiling water
2 tsp. salt
4 tbsp. butter
1 cup fine bread crumbs (crumbed into small pieces by hand)

Cook noodles until tender in boiling water to which salt has been added. Drain. Melt butter in a pan. Add bread crumbs and leave over low heat until delicately browned, stirring frequently to prevent burning. Add drained noodles, and gently mix with a fork through the noodles with a spoon. Place hot noodles on a little platter. Sprinkle a little parsley over the top. Serve immediately (while noodles are piping hot). Amount: 8 to 10 servings.

If you have any specific cooking problems, send a letter requesting information to Betty Crocker in care of this newspaper. You will receive a prompt, personal reply. Please enclose 3 cent stamp to cover postage.

OBITUARY
 James Mathes Truesdell, son of James H. and Mary Yates Truesdell was born in McClean county, Illinois, March 16, 1857, and passed out of this life on the afternoon of August 29, 1939 at the age of 82 years, 5 months and 13 days. He was of a family of six children, all of whom preceded him in death.
 On April 7, 1881, he was united in marriage to Lucretia Wright. To this union five children were born: Fred, James and Ethel of Quincy; Elmer of Osgood; and William, deceased. The wife and beloved companion passed away August 17, 1895.
 April 7, 1897 he married Arretta Miller. To them were born four children, Glen of Bloomington, Thomas of Gosport, Glee of Cloverdale and Dorthia of Indianapolis.
 His home was noted for unflinching hospitality and good cheer. He was a kind and loving father and much interested in the welfare of his family. He and his faithful wife were seldom seen each without the other. His everyday life is too well-known among the community and immediate neighborhood to need comment. Righteous living was his aim.
 At an early age he affiliated himself with the Cloverdale Church of Christ where his membership remained until called to the Church Triumphant.
 In the year 1893 he became a member of Diamond Lodge No. 349 Knights of Pythias and remained a faithful member until his health would not permit him to attend the meetings.
 Today with sad hearts we pay our respects to one who has wandered away into the Valley of Light to claim his reward for the life lived out upon earth.
 He leaves to mourn their loss a devoted wife, eight children, seventeen grandchildren, five great grandchildren, and a number of friends and near relatives.
 Leaves have their time to fall And flowers to wither at the north winds breath.
 But Thou! Thou hast all Seasons for thine own, O Death.

CARD OF THANKS
 Truesdell—We wish to thank the many friends, relatives and neighbors for their loving sympathy and beautiful floral offerings received at the death of our beloved husband and father, James M. Truesdell. Also, Rev. R. Masten, the singers, pallbearers, flower girls and Reed funeral home.
 Wife and children.

Ask Kentucky To Police Area

DADE PARK IS ON INDIANA SIDE OF OHIO BUT IN KENTUCKY TERRITORY

INDIANAPOLIS, Ind., Sept. 7.—(UP)—Kentucky officials Monday will receive a Hoosier plea to provide for policing of the Dade Park "no man's land" area near Evansville, William E. Treadway, executive secretary of the Indiana inter-state cooperation committee, said today.

He said that a special Hoosier subcommittee will meet with Kentucky officials at a Louisville hotel.

The Dade Park area, although on the Indiana side of the Ohio River, is in Kentucky territory as the result of an old boundary treaty. Kentucky police are in charge of law enforcement in it, and Indiana police have no control. Evansville police characterize it as a crime center.

Treadway said first choice of Indiana officials was to have Kentucky police the area. He said, however, that Hoosier officials would accept a grant of concurrent police power to Indiana officers.

By VICTOR WALTER

Many conservationists have asked "How many different kinds of fish are there and why can't they be reared as successfully as ordinary live stock?"

It is easy to understand why no one knows all about fish. There are over 12,000 species of these vertebrates that live in the water, classified in some two hundred families, and over 3,300 of them inhabit the waters of North America. The number of species found in Indiana is around two hundred which makes study very difficult. To identify the common domestic food species is easy, but to know all their habits and peculiarities is too much to expect of other than scientists.

Another common question is "How fast do fish grow?"

The growth of a fish depends solely upon the amount of food obtainable. Most fish continue to grow as long as they live. Eating seems to be their only care, and much of the life of a fish is spent in feeding. They do not taste or chew their food, in fact fish taste only foods in solutions near at hand but can detect the presence of edibles in the water. In some of the species, the catfish for example, food is located by feelers on the head that contain taste buds. These structures are also present in the mouth, on the skin, fins and eyes of bullheads. They can taste with almost any part of their body. The feelers are also touch organs which aid in the movements of the fish.

Fish cannot "hear" as man does. They do not have an external ear and the internal ear is generally deficient. However, the skin is rather sensitive to vibrations and most fishes have lateral line organs which register vibrations that are much too low for the human ear to record.

Through these organs and the skin, a fish is able to locate currents, waves and ripples, which it swims against by instinct. Fish cannot hear the human voice. At times when fish can be seen, you can shout as loud as you please and as long as its eyes detect no motion to frighten it, no reaction can be detected, but a stamp of the foot on the bank will send him scurrying to cover.

Fish suffer little, if any pain when hooked, as there are very few nerves about the jaw, which could cause that sensation. Some fish have actually been hooked several times in one day. While fishing on Sylvan lake last winter one of the party caught a blue-gill that had a hook in its stomach and about six inches of gut leader protruding from its mouth, yet it was still feeding.

Labor Day again brought many local nimrods out of doors, to pursue their sport in the forests of Putnam county. Although due to the adverse weather conditions, little game was taken, all seemed to be enjoying the chance to get out of

doors and feel the freedom of the open spaces.

DPU GRIDMEN DRAW NEEDS FOR PRACTICE

COACH NEAL EXPECTS SQUAD OF FIFTY FOOTBALL CANDIDATES

ELEVEN LETTERMEN RETURN

DePauw University football candidates drew equipment today in preparation for the opening practice of the season Friday morning. Coach Neal is expecting a squad of about fifty candidates.

He will have eleven lettermen returning as a nucleus around which to build his team: Joe Edwards and Bill Allen, ends; Glenn Hager, Jack Randolph and Bill Gilbert, tackles; Art Gardner and Steve Olin, centers; Johnny Scott and Max Bartley, halfbacks and Bob Rohn and Bob Nelson, fullbacks.

Eighteen varsity reserves from last year's squad and a score or more sophomores will complete the roster. DePauw lost thirteen members of last year's varsity by graduation, the chief loss being Alex Shiach, Karl Randels and Howard Longshore, backfield men, and Tom Murmane, Jean Stoops, Joe Barr and Ray Montgomery, linemen.

Coach Neal is beginning his tenth season at the helm of the Tigers and has arranged an eight game schedule which opens with Hanover here September 30. The Tigers will meet Butler, Franklin and Earlham at home and play Ohio Wesleyan, Evansville, Lawrence Tech and Washaway.

PLAN HORSE SHOW

The Montgomery County Saddle Club is planning a horse show to be held Friday, Sept. 29, in connection with the three-day annual fall festival at Crawfordsville. Entry blanks may be secured from M. H. Veatch or Russell Thompson, Crawfordsville. There will be no entry fee.

Luther Poynter, Coatesville, R. F. D., returned to his home Thursday afternoon from the Putnam county hospital.

DIMAGGIO HITS 26TH HOME RUN

YANKS NOW LEAD AMERICAN LEAGUE OF 15 1/2 GAMES; RED SOX SECOND

WHITE SOX ARE GAINING

NEW YORK, Sept. 7 (UP)—Some people don't appreciate Joe DiMaggio because they say he hasn't any color—because he's too quiet—because he's never been put out of a ball game—because he doesn't throw his glove up in the air, ad infinitum.

But you never hear them criticize him for not being able to hit or field. In fact DiMaggio is the greatest hitter in baseball and the greatest outfielder as well. Those statements are not entirely beyond dispute, but for everyone who takes exception to either of them I'll produce 10 who'll vote the straight DiMaggio ticket.

DiMaggio never had a better day than yesterday, when he exploded his 26th homer to give the Yankees a 2-1 victory over the pesky Boston Red Sox. With the score tied, 1-1, DiMaggio tried to win the game in the sixth when he led off with a single and stole second. He seldom tries to steal but when he does it's because he's trying to win a ball game. But his mates left him stranded.

Then DiMaggio took the issue into his own hands in the eighth and walloped a lusty nomer into the left field stands breaking up a beautiful left-handed hurling duel between Lefty Gomez and Ol' most Grove. It was a heartbreaker for Grove to lose, making the third straight time he's failed in an effort to notch No. 13. Four Red Sox errors (one by himself) made it tough for Grove, who allowed seven hits. Gomez gave up only six and had perfect support.

The Yanks now lead the American league race by 15 1/2 games and the Red Sox are going to be hard put to hold second place against the hard hustling White Sox who beat the Browns, 7-2. John Rigney won his 11th straight. The White Sox now are only 3 1/2 games back of the runner-up Red Sox.

Detroit moved into a virtual four-place tie with Cleveland by beating the Indians, 2-0. Rudy York's 14th homer after Gehring had walked accounted for the only runs off of Al Milner who pitched a five-hitter. A double play halted the Tribe's biggest threat in the seventh.

Connie Mack saw his first ball game since he was stricken with illness three months ago when he watched his Athletics lose to the Senators, 6-3. Dutch Leonard held the A's to nine hits to win his 17th game.

Cincinnati increased its National League lead to 5 1/2 games by dividing a doubleheader with Pittsburgh while the Cards were routed by the Cubs. The Pirates won the opener, 5-4, in 11 innings, taking advantage of the Reds' five errors. Frey's low throw in the ninth permitted the Pirates to tie the score and Joost's low throw let in the winning run in the 11th. The Reds won the nightcap 4-3, in 10 innings, behind Paul Derringer who notched his 19th triumph.

Bill Werber's double over Vaughn's head drove in Myers with the winning talk in the afterpiece.

Larry French scored his fifth straight triumph and his 12th of the season when he pitched the Cubs to an easy 11-3 victory over the Cards. French hit a homer with one on. Bill Nicholson and Rip Russell also homered.

The Giants belted Bill Posedel for 13 hits in six frames and beat the Bees, 10-4. Harry Gumbert went the route for the first time in 10 starts to win his 14th victory.

Brooklyn's seven-game night schedule drew a total of 205,214 after 20,133 fans paid to see the Dodgers end the Arc light season at Ebbets Field last night with a 2-1 victory over the Phillies.

DEFEAT COCA COLA'S 8 TO 7 IN ENCOUNTER

MEET TEAM NEXT SUNDAY AFTERNOON IN BENEFIT NIGHT

ALL-STAR KEEP LEAD TO WIN

Putnam County's All-Star team last night trounced the Coca Cola's 8 to 7 in a nine inning game at Robe Ann Park, to win the series with two straight victories.

The All-Stars will close the soft-ball season on Sunday evening at 7:30 o'clock when they will play a benefit game with the No. 2 all-star team that challenged the Putnam County All-Stars. The benefit game will be for Wayne Bettis of Morton who broke his ankle in the Morton-Lone Star game.

The All-Stars, under the management of Carl Myers, Bill Lawrence and Frank Baker, used "Snooks" Hill, as pitcher, and F. Grimes behind the plate, the entire game.

Taking an early lead the All-Stars were six runs ahead at the end of the third inning when the score was 8-2. It was the third inning that the All-Stars scored six runs on four doubles.

The Cola's came up in the ninth inning to score four runs but the superior All-Star team rallied to keep them from tying the score.

Extra base blows were garnered by the All-Stars Hill, Forepaugh, Spencer, Pigg and Fisher all with doubles, Fisher making one in the first and third.

For the Coca Cola's Carmichael received the only extra base blow of a triple.

Score by innings: R H Cokes..... 0 1 1 0 0 0 1 4-7 8 Stars..... 2 0 6 0 0 0 0 8-8 12 Batteries—Carmichael, Ousler and Carrington; E. Hill and F. Grimes.

POWER MEN WIN FRIENDLY ENCOUNTER

In a friendly encounter the Northern Indiana Power employes last night trounced the Coca Cola Bottling company employes 17 to 8 in a preliminary encounter to the All-Star Coca-Cola game.

The game had several moments of laughter in such plays as the opening throw by Art Agnew, of the Powermen; Art threw a grapefruit, fixed by the powermen to look like a softball. H. Sutherland unsuspectingly laid his weight behind the wood and was splattered with juice as the grapefruit went all over the field.

In the last half of the fourth, the power team was changed around so that everyone had a chance to play. W. Campbell was replaced behind the plate by Bob Johnson and many of the old timers were put in the outfield.

The game was a real friendly match and a pleasure to watch.

Indiana's Gridiron Men Report Sunday

BLOOMINGTON, Ind., Sept. 7.—Last minute preparation for the advent of the football practice season at Indiana University are being completed by Coach A. N. (Bo) McMillin and his staff.

Candidates for the Hoosier eleven will report next Sunday (Sept. 10) and the opening practice will be held Monday morning (Sept. 11).

Two practice sessions a day are scheduled to be held all next week, although registration and enrollment in classes likely will cut down on the morning sessions next Friday and Saturday.

Approximately 50 varsity eligibles will report for the opening workout, including 21 lettermen and eight reserves from the 1938 team.

victory, scattering eight hits. Mueller's ninth inning homer spoiled his bid for a shutout. Dixie Walker's two singles drove in both the Dodger tallies.

YESTERDAY'S HERO—Joe DiMaggio, Yanks' dynamite, who made a single and homer in two times at bat to give his team a victory over the Red Sox and keep his batting average in the .405 class.

UNDER COURT MANDATE

VINCENNES, Ind., Sept. 7.—(UP)—Members of the Knox county council were under court mandate today to pay the fee of two attorneys appointed to defend a young athlete connected with an alleged murder two years ago. They have until Monday to reply to the mandate.

The council refused to honor an \$800 bill of Shuler McCormack of Vincennes and Hovey Kirk of Princeton, attorneys, for defending Ward Davis, Petersburg, in connection with the death of Annavieve France.

The attorneys had Noble Barr, county auditor, cited for contempt of court last week when he refused to honor the bill. Barr was given a suspended jail sentence and a fine when he gave the plaintiffs a check, subject to approval of the council.

M. Talbot, of the animal husbandry department, in charge of swine experimental work, announced this week. A Swine Day program, a new feature for the young folks, has been arranged for vocational agricultural students, 4-H club members, other rural youth to be held the following day, September 23rd.

Both meetings will get under way at 10 o'clock in the morning at University's Swine Experimental Farm, three miles north of West Lafayette on the County Farm Road where 400 hogs on test will be inspected in the feed lots and pastures. Results of the experiments will be discussed during the tour.

This year swine feeding tests include comparisons of open-poll and hybrid corn, using both shelled and ground corn. Several mixed protein supplements are being compared in dry lot and on pasture and different mixtures of corn and hominy feed are being fed to find the best way of using hominy feed in rations, Professor Vestal states.

The afternoon meetings on Friday will be held in the Live Stock Judging Pavilion of the Purdue campus farm. A speaking program has been arranged for the adult members on Friday and a livestock show for the junior farmers attending the urday meeting.

Howard C. Greer, Indiana vice-president of Kington and Company, will be principal speaker at the Friday afternoon program speaking on "How the Farmer Termines the Price He Can Afford to Pay for Live Hogs."

WAR ZONE—Map shows the war zone in Poland and principal objectives of the German invasion by land and air. The opening air raids were launched at Warsaw, Cracow, Czesochowa, Tczew, Lodz, and Gradziadz. From the south, German troops struck at Czesochowa and Rybnic. The Polish ammunition dump at Westerplatte was shelled by the troopship Schleswig-Holstein.
