ST CIVIL WAR VETERAN PASSES AWAY

HEL HARTLEY WAS LAST SURVIVOR IN PUTNAM COUNTY

WEDNESDAY EVENING

In His Home Last Monday
Morning and Fractured Hip;
Services Will Be Saturday

Being less than two years of be-
ing 90 years old, Samuel Hartley
Wednesday evening at the Put-
nam county hospital, "taps" thus
sounded for the last survivor
Civil War residing in Putnam

Hartley fell in his home last
morning, and fractured a
hip, the shock resulting from it being
the immediate cause of his demise.

Hartley was born February 19,
the son of Mack Hartley, who
was a Greencastle merchant and
auditor of Putnam county.
His mother was Sarah Lemon Hart-
ley, nee Mathias, residing in
Greencastle on East Seminary street.

His father had a brother,
Thomas, and another sister, the
Mrs. G. C. Smythe.

Hartley is survived by the
Pauline, and by three children—Paul
of Arkansas City, Kansas;
Loren Boyles, also of Arkansas
City, and Mrs. Russell Pierce, of
Greencastle. One other daughter,
Oona Irvine, died eleven years
ago. Also surviving are three grand-
children—Mrs. T. D. Day, St. Louis;
Irvine, whose home has been
in Greencastle; and Helen
Irvine, of Arkansas City. There is
one great grand child, Dunning May.

Hartley was born at Fairplay,
Salem, this state, and came to
Putnam county with his parents
when he was but ten years old, all
his life since then having been
in Putnam county with the ex-
ception of his years in the army, and
his residence in the West.

Hartley had been in a feeble
condition for some years,
and had been down town compar-
atively recently. He had never fully
recovered from a serious sickness
which sent him to the hospital for
months, while he was a soldier
in the Civil War.

Like many other Putnam county
men, Mr. Hartley enlisted in
the Union army when he was too
young to be acceptable, if his real age
had been known to the recruiting of-
ficer. He was a student in DePauw
when the war broke out and was so-
laced with the martial spirit that
though only 17 years old, ran
from his home in Greencastle
to enlist at Indianapolis. How-
ever, his father, Mack Hartley, brought
him home again, but he again en-
listed July 2, 1861, in Captain Wil-
son's company of Putnam
county recruits, which became a part
of the 21st Indiana Infantry, later
the First Heavy Indiana Ar-
tillery. James Hamrick was Mr.
Hartley's first lieutenant in that
company, and Mr. Hartley was or-
dered sergeant, until later in the war,
Lieutenant Hamrick became
captain and Sergeant Hartley was
promoted to second lieutenant.

The First Artillery's first active
campaign was on the Atlantic seaboard,
during Newport News and Ship-
board. The regiment, however, was
transferred to the Louisiana area,
where General Butler was conduct-
ing the campaign against the South-
erns. Among the posts at which
the First Indiana was stationed were
Jackson, Algiers, at another
near Baton Rouge, and at the
Bellevue, between Baton Rouge and
New Orleans.

Lieutenant Hartley was mustered
out of the service while yet in the
hospital at New Orleans.
He served three years and four
months in the Union army.
After his return to his Greencas-
tle home, he was deputy auditor un-
der his father, and helped in the
family store, also.

Funeral services will be conducted
at the Rector Funeral home Satur-
day afternoon at 2 o'clock, by the
Rev. V. L. Raphael, pastor of the
Presbyterian church of Greencastle.

Interment will be at Forest Hill
cemetery. Military burial rites will
be given at the grave by veterans of
the war.

As requested there be no flowers
at the funeral. Friends may call at the Hart-
ley home until the hour of the ser-
vice.

Dr. G. W. McClintock will spend
the week-end at the Morrison Hotel
in Chicago where he will attend the
National Podiatry Convention.

CAR CRASHES INTO RESIDENCE AT BRAZIL

Fred Reberger, of Shady Lane, a
short distance west of the Putnam
county line and on the National
road, is reported to have been the
driver of an automobile which crash-
ed into the residence of Herschel
Hudson, on East National avenue in
East Brazil, "about 3 o'clock" Tues-
day morning.

The basement walls were caved in
at one point, the wall paper in the
house cracked and torn and the
house was moved more than an inch
off its foundation, Mr. Hudson said.
The car is said to have left the high-
way and crashed into the house at
high speed.

State Patrolman Walter Rawley
investigated the accident and took
Reberger, who was painfully injured
to his home. His car was badly
wrecked.

Masked Men Have Whipped 18 Persons

CORONER'S JURY INVESTIGATING SLAYING; REFERS TO KLAN

ATLANTA, Ga., March 14.—(UP)—
At least 18 persons have been
whipped by masked men in the At-
lanta suburbs, a coroner's jury in-
vestigating the slaying of Ike Gaston, a
barber, had discovered today.

Gaston's body was discovered over
the week-end. He had been brutally
whipped, apparently with a heavy
leather strap. The jury decided that
he had died "from the effects of an
unlawful beating administered by
three or more persons whose identity
is not known."

The jury heard testimony describ-
ing 18 cases of cat-of-nine-tails jus-
tice meted out by masked men. The
testimony was replete with refer-
ences to the Ku Klux Klan which has
its national headquarters here.

Mrs. W. L. Allen, wife of a Fulton
county tenant farmer, testified that
W. W. Scarborough, exalted cyclops
of the East Point (an Atlanta sub-
urb) Klan, had objected to an old
Negro living on their farm. Scar-
borough warned her husband, she
said. Shortly afterwards, she testi-
fied, he was dragged from his home
at night and whipped.

T. E. Young testified that he had
been dragged from his home and
whipped the night of July 25, 1939.
He stripped before the jury and As-
sistant Solicitor Dan Duke fitted the
cleated and pronged whip believed
to have been used on Gaston, to scars
surviving on his buttocks. Duke
said this indicated conclusively that
he and Gaston had been beaten by
the same whip.

the materials presented during
the past few weeks, so that those

meetings, may know of the ground
covered in the course. The social
committee composed of Martha Keck,
Dale Cue and Imogene Braden, will
serve refreshments at the close of the

with His disciples. On Good Friday
the churches will have a two-hour

tian church commencing at 11:50 a.
m. and closing at 2:00 p. m. The
theme of the service will be "The
Cross." The Ministerial Association
has arranged a program of music,
addresses and meditation which
should claim the attention of a large
number of people not only in the
city, but also in the county.

The music will be in charge of Dr.
VanDenman Thompson of the De-
Pauw School of Music. The speakers
and their subjects are:
"The Cross in the Home," Mrs.
Lauren E. Sheridan; "The Cross in
the School," Paul F. Boston; "The

Affairs," Louis H. Dirks; "The Cross
and the Church," Aubert Meredith.

As usual, the Chamber of Com-
merce is giving its endorsement and
cooperation. There will not be any
general closing of stores, but the
merchants' committee is suggesting
that where possible employees who
wish to attend, may be allowed to
do so.

The public is cordially invited.
The program is arranged in twenty-
five minute periods, thus making it
possible for one to attend for a short
time, if inconvenient to remain for
all.

Enforce Martial Law On River Dam

ORDERS ATTORNEY GENERAL TO SEEK INJUNCTION TO BLOCK COMPLETION

DISNEY, Okla., March 14.—A Na-
tional Guard officer and two aides
enforced modified martial law for
Gov. Leon Phillips on \$20,000,000
Grand river dam and hydro-electric
project today and Phillips turned to
the courts for help.

Major Harry Paris arrived last
night and gravely told General Su-
perintendent I. N. Towne that the
project was under martial law, al-
though work could proceed "short of
inundation."

"I am confident that no further
action will be taken that will be detri-
mental to the state's interests,"
Major Paris said.
Towne said there wouldn't be.
They shook hands and walked across
the dam to this boom town to refresh
themselves and reenact their meet-
ing for a radio-broadcasting record-
ing.

As another phase of his campaign
to force the dam's authority and the
Public Works Administration to pay
the state \$850,000 for roads and
bridges that would be inundated,
Phillips ordered Attorney General
Mac Q. Williamson to seek a federal
or state injunction to block comple-
tion of the hydro-electric project.

At Wagoner, 40 miles away, 60
National Guards were encamped
with five machine guns, tear gas
bombs and rifles, but it was believed
they would not get closer to the sub-
ject of Phillips' feud with federal
authorities. He is a Democrat but
violently anti new deal.

Funeral services for Marshall Al-
fred Huffman, 88 year old resident
of Cataract who died early Monday
evening following a short illness,
were held Thursday morning at 10:00
o'clock at the Cataract Baptist
church. Interment was in the Stiles-
ville cemetery.

THIS COLD PREDICTED AS FINAL FOR SEASON

Winty blasts moved eastward
across the middle west today in the
path of high winds, snow, sleet and
rain. Snow was forecast for New
England states and northern New
York, snow and sleet for the Middle
Atlantic area and rain for the south-
east. Cold was predicted for the Mis-
sissippi river delta.

The U. S. weather bureau said
that the unseasonable cold would be
the last of the winter season and
would end in the middle west tomor-
row when sunny skies will bring
higher temperatures.

Sub-zero temperatures were report-
ed in some parts of the Dakotas
early today and the storm which
had pelted the northern tier of states
with sleet and the heaviest snow-
fall of the winter was centered over
Lake Superior.

Seeks Permission For Demonstration

SENATE COMMITTEE IMPRES- SED BY "THE MOST DEADLY" EXPLOSIVE

WASHINGTON, March 14.—(UP)—
The inventor of "the most deadly"
explosive sought permission today
to demonstrate its force by blowing
up animals with it.

"It won't hurt them," he said,
"since it causes instantaneous death."
Lester P. Barlow, of Stamford,
Conn., so impressed the Senate mili-
tary committee yesterday with a de-
scription of his new explosive that
the committee burned the minutes of
the two-hour session lest a foreign
power learn the formula.

The committee will discuss Bar-
low's invention with war and navy
department officials Monday.

Barlow said he was asking to
demonstrate the explosive by explod-
ing mines of it in a field of animals.
It was assumed that he had asked
the committee for permission to so
demonstrate and that the committee
would discuss it with military au-
thorities.

Sen. Gerald P. Nye, R., N. D., at
whose suggestion Barlow testified,
said the explosive was so devastating
it would give any nation an "incom-
parable advantage in war time." Its
detonation, he said, "utterly destroys
everything within miles."

"Never in 15 years," he said, "Have
I seen a Senate committee so im-
pressed."

Barlow presented to the committee
affidavits, photographs and descrip-
tions of his experiments with the ex-
plosive which he said combined liquid
oxygen and carbon. He called it the
"most deadly explosive known."

The civil action is the outgrowth
of an automobile accident which oc-
curred April 28, 1936, four miles
west of the Indianapolis city limits on
U. S. Highway 36. The plaintiff is
seeking the \$10,000 damages for per-
sonal injuries allegedly suffered in
the crash.

FINLAND'S PRESIDENT BROADCASTS

PROVISIONAL CABINET MAY RESIGN IN FAVOR OF PRO- VISIONAL MINISTRY

NOTE FIGHT FOR JUSTICE

Said the Government's Aim in Making Peace Was To Save Finnish Nation's Vitality

HELSINKI, Finland, March 14.—
(UP)—Finland lives on, a free na-
tion, despite the tragic end of the war
with Russia, President Kyosti Kai-
lo told the mourning Finnish peo-
ple today in a national radio speech.

"The government's aim in making
peace was to prevent the Finnish
nation's vitality from being entirely
destroyed," he said.

Those in the broadcasting audi-
torium wept without restraint as the
President said:

"The peace terms have shown us
how the Imperial tendencies of Peter
the Great have been renewed."
Viipuri and other national areas
built up by the Finns had been taken
from them, he said.

"But the Finnish people, their
rights, are still preserved," he said.
"After all, we have only lost some
territory."

"On the credit side we can note
our fight for justice and our moral
victory, which can never be too
highly valued."

COPENHAGEN, Denmark, March
14.—(UP)—Finland's entire cabinet
may resign in favor of a provisional
ministry which would take the re-
sponsibility for ratifying the Russo-
Finnish peace treaty and resuming
diplomatic relations with Russia, it
was reported today.

If this course were decided upon, it
was reported, the provisional minis-
try would in turn give way to a new
permanent cabinet as soon as the
formalities of ratification and restora-
tion of relations had been completed.

Finland already had announced the
resignation of War Minister Juhu
Niukkanen and Education Minister
Uno Hannula.

Those ministers resigned, however,
because of their bitter opposition to
the government's decision to accept
the Russian peace terms.

It was indicated that if the cabi-
net of Premier Risto Ryti decided to
give way to a provisional one, there
would be an eventual reorganization
on the basis of the present cabinet.

A Stockholm dispatch to the news-
paper Politiken, quoting advices
from Helsinki, said that the idea of
a provisional ministry was advanced
partly to relieve men "who waged
such a dramatic and heroic war of
the onus of having to conclude a hu-
miliating peace with Russia."

Danish newspapers, in their editor-
ial comments, reflected the anxiety
in Sweden and Norway regarding
Russia's enormously strengthened
position in the Baltic and the Scand-
inavian zone generally.

Bolshevism is advancing westward
and opening the door to northern ter-
ritory and northern ports," said the
National Tidende.

SURVIVOR OF DILLINGER GANG PLANS ESCAPE
 COLUMBUS, O., March 14.—(UP)—Russell Clark, only survivor of the Dillinger gang of desperadoes, was one of seven Ohio penitentiary convicts who planned to escape by holding Warden Frank D. Henderson and guards as hostages, it was revealed today.
 The escape plot was thwarted last week when prison officials rounded up seven convicts believed to have been implicated. The seven convicts were placed in a section for incorrigibles while officials investigated to determine whether others were involved.

Fashions Go Softly Feminine This Year

"This Spring, women can look their most alluringly feminine," says Miss O'Dell, Fashion Department head of Montgomery Ward. "I can't be too enthusiastic about the new fashions we've just received."

In dresses, the "hard," sophisticated look is passe. . . the tiny-waisted, "hourglass" effect (which so few of us managed to achieve) has gone. American women come into their own with the "longer torso" silhouette, originally created by Mainbocher, an American designer with American ideas! Unmistakably new, the longer torso silhouette gives you a young, lithe look, with emphasis on your figure from bustline to hipline. Some of the new longer torso styles have pockets placed far down on the hips, which gives a longer-waisted look, but the waistline stays at its normal location.

Pockets abound on all the new dresses. . . on jackets, on bodies, on skirts. Rows of buttons march gently over the new tailored styles, in trend with the military influence inspired by Paris.

There's nothing like snowy white lingerie touches to lift you into Spring. Miss O'Dell says that crisp lingerie flattery is being used this Spring more than ever before.

Practical, budget-minded women will be delighted with the various ensembles available. Jackets, redingotes, and boleros appear over many dresses, making them "double duty" frocks for street or afternoon wear. For example, one ensemble has a long dark coat that can be worn over other dresses too.

Hats are frivolously feminine. . . yet sane! For one thing, they sit firmly on the head. Secondly, there are none of the towering atrocities men have objected to (and rightly so) in recent years. Yards of veiling, flowers galore, and ribbon pom-poms make you feel like a story book heroine! Tiny calots smothered in colorful blossoms are seen everywhere. Sailors make fashion headlines with higher crowns and a "softer" look. A new Flemish sailor with wide, upturned brim is indescribably youthful and flattering. The young look angelic in them; the middle-aged look wide-eyed and entrancing.

Coats, too, look more feminine this Spring. You'll see lots of expensive dressmaker details, trapunto work, and pleats. Pockets are especially important on coats, for they are not only decorative, but extremely practical. The backs of coats have been made interesting with pleats, flares, and buttons.

"These 'frankly feminine' fashions are the most exciting styles I've seen in ages," says Miss O'Dell. "They're becoming to all types. . . short or tall, thin or plump! It isn't necessary this year to look mannish or 'streamlined' or 'little girlish' or any of the other things we aren't. We can look as we should. . . womanly and feminine."

It is not too early to be thinking about early flowers, pansy plants, shrubs, and your garden needs. Before sending away for plants come down and investigate what you can buy here for so little money. In perennials, Miltons Posey Patch, Ph. 707-R. "As Near As Your Phone." 14-11.

IN MEMORY

In loving memory of our dear wife and mother who passed away 8 years ago, March 14.

At twilight, when even tide draws near,
And sunset flames the sky,
We think of you dear Mother,
And the happy days gone by
Thoughts of you come drifting back
Within our dreams to stay
To know that you are resting,
When the twilight eases the day.
