

CIRCUS SCORES HIT; GIVES LAST SHOW TONIGHT

PERFORMERS SHOW HUNDREDS OF REGULAR "BIG TOP" STUNTS ON PUBLIC SQUARE

SHOW TONIGHT AT 8:00

Longs Pack Square To Witness Morning And Afternoon Performances; Aerialists Please

Rains dampened the spirit of the day in Greencastle early this morning, but for a short time only the cloudiness broke and sun and cars began to stream into the city from all directions.

Softly aerial apparatus, constructed during last night, took visitors' breath before performances started. The crowd rapidly increased in size after ten o'clock this morning and continued to increase until starting time for the second exhibit this afternoon.

A circus band opened this morning's show with trumpet flares and brasses as performers took the spotlight.

Although scores of county residents packed the east side of the downtown square for this morning's performance, hundreds journeyed to Greencastle this afternoon for another performance. A capacity crowd is expected to fill the city tonight when the Robbins Bros. Circus presents its final program at 8:00 o'clock.

Children of all ages, as well as grown-ups, were thrilled by the performance of the Billetti troupe as performers on bicycles to and fro on the fifty-foot high tight wire, balancing precariously other members of the troupe on the rider's shoulders and the bicycle's framework.

Putnam's youngest son witnessed with wide eyes Nelson's educated antics as the small horses went through many highly trained acts with perfection. The Flying Hammonds performed sensational mid-air somersaults from bars to flying saucers to companions hanging by their feet on swinging network of wires.

Other acts also provided the crowd with more than an hour of superb entertainment, while many of those who witnessed the performances during the day promised to return for tonight's great program.

W. T. S. HAMMOND DIES IN CALIFORNIA

Miss Kate Hammond and Isaac Hammond of Greencastle, received word this morning of the death of another brother, W. T. Sherman Hammond, 75 years old, at his home in Los Angeles, Cal., who passed away Monday afternoon. Another brother, Charles Silliman Hammond, died Saturday at his Chicago home. A third brother, Chauncey, died some time ago. Isaac Hammond is the last survivor of the four sons of the late Mr. and Mrs. Thomas C. Hammond, and Miss Kate Hammond is the only daughter they had. All of these five children were born in Greencastle.

Sherman Hammond enrolled in the DePauw Academy in 1878, and his wife, who survives with one son and four grandchildren, was formerly Elizabeth Belle Eaton, of Illinois, who enrolled in DePauw in 1881.

Mr. Hammond went to Los Angeles from Greencastle in 1885 and became connected with the First National Bank of that city. He retained his connection with that institution until his retirement some years ago. The surviving son, Theodore E. Hammond, also resides in Los Angeles.

FORMER DEPAUW NET STAR DIES SUDDENLY

Last rites will be held tomorrow for George Eubank, 25-year-old former DePauw university basketball star, who died suddenly at the home Hospital in Lafayette.

Prior to engaging in hardwood athletics at DePauw, Eubank had been to state high school net stardom when he was a member of the Martinsville basketball squad. Funeral services will be held in Martinsville.

M McNARY TO ACCEPT

SALEM, Ore., July 16 (UP)—Sen. Charles L. McNary, Republican vice-presidential nominee, will make his acceptance speech in formal notification ceremonies at the Oregon state fairgrounds about August 25, Mrs. McNary said today.

Mrs. McNary said the definite date probably would not be set until Wendell Willkie, presidential nominee, decides when he will accept the nomination.

S. L. BEAMAN, WELL KNOWN FARMER, DIES

Samuel L. Beaman, Putnam county farmer residing north of Butler school on the Putnam-Clay county line, died Monday following three months illness of complications, at the age of 67 years.

Mr. Beaman was a son of the late Isaac and Letitia Beaman and was born March 1, 1873, in Washington township. He had spent his entire life in that community except for a period of four years during which he had resided near Poland. He was married March 12, 1897, to Stella Raab, who survives him along with three daughters and three sons: Mrs. Ollie Best, Mrs. Robert Hobart Stallcop and Mrs. Charles Gilman, all of R. R. 2, Reelsville; Vernie Beaman, of Reelsville; John Beaman, of R. R. 1, Reelsville, and Samuel L. Beaman Jr., at home.

59 Miners Killed In Flash Explosion

VICTIMS OF PENNSYLVANIA COAL MINE EXPLOSION BURIED IN DEBRIS

PORTAGE, Pa., July 16—(UP)—The bodies of 59 miners, killed in a flash explosion deep in the Sonmar Shaft Coal Company mine, were laid out today in this little town's municipal building, and gas-masked workers scurried out debris in search of two men still missing.

The death toll had risen sharply this morning when rescue workers broke into heading no. 16, which as first was believed to have escaped the worst effects of the explosion, and found the bodies of section foreman James Monteath and several members of his crew behind a barricade they had thrown up in a vain effort to save themselves from suffocating gas.

The blast had torn through the north dip section of the 50-year-old mine at 11:15 a. m. yesterday. Wives, children and relatives of the entombed miners, standing at the shaft entrances and soaked to the skin by a heavy rain, silently watched the bodies being removed. They were not permitted to view the dead early today.

Twenty-one men escaped a few minutes after the explosion believed caused by gas or rock dust had rumbled through the north dip, trapping the men working almost 8,000 feet from the headings of entries 16, 17, and 18.

The disaster at Portage, a town of less than 1,000, some 80 miles east of Pittsburgh, was the third mine explosion in the Ohio-Pennsylvania-West Virginia soft coal district this year.

Ninety-one miners were killed at Bartley, W. Va., Jan. 10, when an explosion ripped the no. 1 mine of the Pond Creek Pocahontas Co., and 72 were killed in an explosion at Willow Grove no. 10 mine, owned by the Hanna Coal Co., at Neffs, O., March 16.

COUNTY PICNIC

The Putnam County reunion and picnic will be held Sunday, July 21, at Brookside Park, in Indianapolis.

Mrs. R. B. Eads, Pres.

Jap Premier Quits Amid Expanse Move

ADMIRAL YONAI, COLLEAGUES RESIGN AS RESULT OF EXPANSION PRESSURE

TOKYO, July 16—(UP)—Admiral Mitsumasa Yonai, Premier, and his cabinet colleagues resigned today as the result of steadily increasing pressure for a strong expansionist policy and a single all-embracing political party on Fascist lines.

SHANGHAI, July 16 (UP)—Twenty persons were wounded today when terrorists bombed the American-owned Chinese language newspaper Shun Pao, less than 24 hours after the Japanese-dominated Nanking "government" had "ordered" the explosion from Shanghai of Norwood F. Allman, its chief editor, and five other Americans.

Four bombs were thrown at the Shun Pao building. Two of them exploded in the street and it was these two which caused most of the casualties. Three employees of the newspaper were wounded.

There was a pistol fight between the bombers and policemen in the street after the explosions and it was believed one terrorist was arrested. The Shun Pao building was guarded heavily by police to frustrate any further bombing attempts.

RUSSELLVILLE PLANS HORSE, CATTLE SHOW

BOOSTER CLUB SETS STAGE FOR ANNUAL STOCK, CARNIVAL CELEBRATION

FEATURE HORSE PULLING

Some of State's Finest Animals To Vie For Awards In Russellville, August 1, 2, 3

Elaborate plans are under way in Russellville for the annual Horse and Cattle show to be held August 1, 2, and 3, according to members of the community's Booster Club, sponsor of the event.

Approximately eighty monetary awards are being offered as prizes for the winners of the various classes, and it is expected that hundreds of horses and cattle will be shown.

Aside from the horse and cattle show, a contest and parade will be held for pets. Saturday afternoon, August 3, pets from all sections of Putnam county will be entered in a gigantic pet parade. There will also be flowers and baking exhibits on display in Russellville during the three-day celebration.

Putnam farmers are awaiting with eagerness the livestock show and particularly are they interested in the Horse Pulling contest, Saturday morning at 9 o'clock, when a score or more horses will be entered in each of three classes. Starting with the 2500 pounds or under class, the pulling fete will advance to the 2500 to 3000 pound class and later in the morning some of the state's finest heavy horses ranging over 3000 pounds will match their strength against local equines.

On Thursday, August 1, two classes of beef and dairy cattle will be judged. All dairy breeds will be shown together at 10 a. m., while beef breeds will take the spotlight at 1 p. m. that day.

Some thirty premiums will be given to first, second and third place winners in the Horse Show, Friday, August 2. Prizes ranging from five dollars to one dollar will be given to some of central Indiana's best registered thoroughbreds.

In addition to the horse and cattle events, major attractions for young and old alike will be the carnival, rides, and band concerts that will be in full swing during the three days packed full of interesting features.

MARRIAGE LICENSES

Norman Scaggs, laborer, Indianapolis, and Lula Donnelly, unemployed, Greencastle.

Charles Wm. Boiler, laborer, Linden, and Helen Gertrude Anderson, at home, Russellville.

Roosevelt Exerts Influence On Meet

SHEDS ROLE OF DISINTERESTED SPECTATOR; QUIET ON THIRD TERM QUESTION

WASHINGTON, July 16 (UP)—President Roosevelt shed the role of disinterested spectator today to exert his influence on the Democratic national convention in Chicago.

There still was no indication what his answer would be to the delegates who are willing and ready to nominate him for a third term, but for the first time he began to take an active and open part in the behind-the-scenes moves.

Using a private, long distance telephone connecting the White House directly with Chicago, Mr. Roosevelt was in contact with New Deal leaders who are directing the "Draft Roosevelt" campaign.

The White House would admit only that Mr. Roosevelt's calls were placed for information on convention trends. But whatever their purpose, Mr. Roosevelt was in contact with such party leaders as Democratic Chairman James A. Farley and Sen. James F. Byrnes, D.S.C.

His conversation with Byrnes immediately caused speculation that he might be the president's choice for second place on the national ticket. The call was placed shortly after Mr. Roosevelt had completed a luncheon conference with Secretary of State Cordell Hull whom he also reportedly had favored for the vice-presidential nomination. The White House, however, insisted that the Hull conference dealt only with problems to arise at the forthcoming Pan-American conference at Havana.

Mr. Roosevelt had completed a luncheon conference with Secretary of State Cordell Hull whom he also reportedly had favored for the vice-presidential nomination. The White House, however, insisted that the Hull conference dealt only with problems to arise at the forthcoming Pan-American conference at Havana.

MISS L. M. LEONARD DIES MONDAY NIGHT

Miss Lucy May Leonard, 76, died at her home at Russellville Monday night at ten o'clock.

Miss Leonard was born on a farm south of Russellville, June 9, 1864, a daughter of George J. and Margaret Wilson Leonard. She was one of three children.

Surviving are a brother, Fred Leonard, College Corner, O.; a sister Mrs. Margaret Fink, New York city, and several nieces and nephews.

Funeral services will be conducted at the home at 2 o'clock Wednesday afternoon.

COLLECTIONS BOOST RELIEF FUND TO \$1500

RED CROSS OFFICIALS, SOLICITORS STRIVE TO REACH \$2000 BY JULY 20

JEFFERSON SURPASSES QUOTA

Scores Contribute In Jefferson As Greencastle Attempts To Gain \$1200 Allotment

Hopes of reaching the \$2000 quota set for Putnam county in the Red Cross War Relief drive were high today as Jefferson Township, under the chairmanship of Mrs. Lottie Clark, turned in \$85.75 to complete their quota and pass it by \$20.75. Other townships and Greencastle also were active in getting returns which brought the total over the \$1500 mark.

Monroe Township is rapidly getting their quota reached under the chairmanship of Claude Etcheson who on Monday banked another \$18.15 to bring its total to \$66.20, just \$13.80 short of their quota.

Franklin Township, with but a few dollars turned in, promised to have their quota reached in the next few days and both Jackson and Russell Townships, within a few dollars of each other, are now trying to get their quotas made up.

Warren Township is another township which is actively getting their quota made up and will probably cross the goal line about the same time as Monroe Township.

In Greencastle the quota of \$1200 is well in view with several collectors still unreported and the goal narrowed to \$284. There is a possibility that this sum, still outstanding, will be turned in before the end of the week if all collectors make an active effort to contact their people.

In Jefferson Township great credit goes to Mrs. Lottie Clark and her committee, made up of Mrs. Katie Dorsett, Mrs. Flora Larkin, Mrs. Lola Vaughn and Mrs. R. P. Allee. This committee, needing only \$62 shortly after the drive started as three dollars had been turned in at local banks, collected \$85.75 to make the Jefferson Township total \$88.75.

Contributors and names turned in yesterday were: Jefferson Township: Mr. and Mrs. G. C. Parker \$2.00, Mr. and Mrs. H. P. Allee 2.00, Mr. and Mrs. Albert Wallace \$2.00, Mr. and Mrs. Gilbert Prichard \$1.00, Mr. and Mrs. James Allee \$1.00, Mr. and Mrs. Basil Staley \$1.00, Mr. and Mrs. Clarence Cox \$1.00, Mr. and Mrs. Edward Schultz \$1.00, Mr. and Mrs. Silva Hurst \$1.00, Mr. and Mrs. Frank Wilcox \$1.00, Mr. and Mrs. Ross Allee \$1.00, Mr. and Mrs. Oscar Vaughan \$1.00, Mr. and Mrs. Enos Allee \$1.00, Mrs. Bertha McCormack \$1.00, Mrs. Josephine Staley \$1.00, Miss Mildred Stringer \$1.00, Mr. and Mrs. Roy Buis \$1.00, Mr. and Mrs. Lawrence McCormack \$1.00, Mrs. Evert Larkin 50c, Mrs. Clova Broadstreet 50c, Mrs. Etta Fiddler 25c, Russ Hodge 50c, Kenneth Broadstreet 50c, Lee Sechman 50c, Lawrence Clifford 50c, Mrs. Porter Duncan 50c, Mrs. George Wallace \$1.00, Mr. and Mrs. Harry Mullice 50c, Lee Clark Grocery \$3.00, Mr. and Mrs. Charles Tabor \$1.00, Mrs.

GOP Nominee To Confer In Mid-West

WILLKIE TO VISIT LEADERS IN IOWA ON WAY TO ELWOOD NEXT MONTH

COLORADO SPRINGS, Colo., July 16 (UP)—Wendell L. Willkie announced today that he expected to confer shortly with Gov. George Wilson of Iowa and other mid-western agricultural leaders about the farm problem.

The Republican presidential nominee said that he had telephoned Wilson and invited him to come to Colorado Springs this week. On his way to Elwood, Ind., to deliver his acceptance speech next month, Willkie said, he probably will stop in Des Moines, Ia., for a conference with a group of mid-western farm leaders.

Presumably, Willkie and Wilson will discuss the agricultural paragraphs in his acceptance speech and then submit them to the Iowa conferees for approval. Willkie did not disclose who would attend the Des Moines conference, and it was believed they would be selected after his discussion with Wilson.

The Republican candidate said he had been "impressed" by Wilson when he made a speech in Des Moines prior to his nomination.

Willkie also said that he had received an invitation from former President Herbert Hoover to attend the exclusive Bohemian Lodge "High Jinks" dinner in the California redwood forest, but had declined because of his campaign plans.

20 Years Ago IN GREENCASTLE

"Mary Louise, the little daughter of Dr. and Mrs. J. A. Throop," was taken to Indianapolis for a tonsil operation.

Charley Michael acted as deputy sheriff to take a prisoner to the reformatory at Jeffersonville. Mr. and Mrs. Cleve Thomas, Mr. and Mrs. E. B. Taylor and Mr. and Mrs. Neely O'Hair drove to Crawfordsville to spend the afternoon at the Country Club.

BRITISH FIX BLOCKADE ON FASCIST PORTS

DECLARE BLANKET BLOCKADE ON ALL ITALIAN WATERS IN MEDITERRANEAN

WARN ALL WORLD POWERS

Wireless Stations In European Countries Cease Operations; R. A. F. Drives At Berlin

BULLETIN

ROME, July 16—(UP)—Reliable quarters said today that Count Galeazzo Ciano, Italian Foreign Minister, would go to Berlin for important conferences in which Soviet-Premier-Foreign Commissar Viacheslav M. Molotov might participate.

It was reported that in addition to conferring with Adolf Hitler Ciano might engage in important three way conversations with German Foreign Minister Joachim Von Ribbentrop and Molotov.

Date of Ciano's departure will be announced tonight, it was predicted. Rumors that Ciano's visit to Berlin might be connected with possible peace offers were discounted.

LONDON, July 16 (UP)—Great Britain declared a blanket blockade against all Italian waters in the Mediterranean today and warned that foreign shipping would operate at its own peril in a zone extending 30 miles from the coasts of Italy and Italian North Africa.

The blockade leaves Britain free to mine all waters within the zones or to commence mopping up operations against shipping in them without further notice.

Admiralty authorities refused to discuss the order, pointing out as had the communique announcing it that it was to an extent retaliatory against a similar declaration by Italy. But unofficial observers pointed out that the order left the way open for a possible British naval campaign against Italian territory.

At least 12 wireless stations in Germany, Austria, Holland, Belgium and France were closed during the night in apparent testimony that British airplanes continued their relentless raids against Nazi bases.

An area of 600 miles from east to west and more than 250 miles from north to south was affected. (The Columbia and National broadcasting companies quieted the British radio that the Oslo, Norway, station also closed. This would make the area affected 800 miles from south to north.)

Berlin, Bremen, Cologne, Frankfurt, Leipzig, Saarbruecken, Munich, and Breslau, in Germany; Vienna in Austria; Hilversum in Holland; Brussels in Belgium and Strasbourg in occupied France closed their stations starting at 10:30 p. m.

Earlier the Air Ministry had announced that during the preceding 48 hours up to last night, British planes had bombed 22 German air-

(Continued on Page Four)

DEMOCRATS DENOUNCE 3RD TERM 44 YEARS AGO

CHICAGO, July 16 (UP)—Sen. Alva B. Adams, Colo., produced today a 44-year-old Democratic declaration against a third term for presidents.

Adams found the 1896 plank in the 1896 party platform. He said he was calling it to the attention of delegates "merely to point out that platforms are of little consequence. We don't care anything about them any more."

The plank, in the platform adopted by the convention that first nominated William Jennings Bryan, read: "We declare it to be the unwritten law of this republic, established by custom and usage of 100 years and sanctioned by the examples of the greatest and wisest of those who founded and have maintained our government, that no man should be eligible for a third term of the Presidential office."

McNutt Forces Are Still In Contest

BELIEVE INDIANA MAN HAS CHANCE AT SECOND PLACE ON NATIONAL TICKET

CHICAGO, Ill., July 16—(UP)—Managers for Paul V. McNutt, assured by New Deal sources that the vice presidential race would be kept "wide open" for at least 48 hours, today worked feverishly to consolidate his strength among convention delegates.

Most Hoosiers took the assurance to mean that Secretary of State Cordell Hull, generally conceded to be President Roosevelt's personal choice, had balked at accepting the chief executive bid to become his 1940 running mate.

The New Deal source who revealed the convention situation, held by McNutt supporters to be most favorable to their candidate, added that the former Indiana Governor was one of six candidates who would be acceptable to the White House circle.

In addition to Hull and McNutt, the candidacies of House speaker William B. Bankhead, Senator James F. Byrnes, Federal Loan Administrator Jesse H. Jones, and Secretary of Agriculture Henry A. Wallace were stamped "okay" by the New Dealers.

McNutt managers made much of the argument that he should be placed on the Democratic ticket to offset the effect that Wendell L. Willkie, a Hoosier who is the Republican standard bearer, will have in Indiana and in the midwest generally.

Sen. Sherman Minton, D., Ind., and

(Continued on Page Two)

Dem Isolationists, New Dealers Agree

AGREE TO ENDORSE SHORT-OF-WAR ASSISTANCE TO GREAT BRITAIN

CHICAGO, July 16 (UP)—New Dealers indicated today that they were willing to compromise with party isolationists and forego a platform endorsement of President Roosevelt's policy of giving full material aid, short of soldiers and ships, to Great Britain.

The Democrats were ready to write an anti-war plank of the strongest sort which will satisfy isolationists and prevent party disharmony in Mr. Roosevelt's third term campaign.

Evidence of New Deal concessions came as Chairman Robert F. Wagner of New York and a drafting sub-committee of 17 members met in executive session at 10 a. m. to put the platform in final shape.

Wagner's group is to report to the full committee at 10 a. m. tomorrow and the program calls for convention action on the platform tomorrow night.

Speaker William B. Bankhead of Alabama, convention keynoter, gave the tip off. His original keynote speech asserted that "we are not only in deepest sympathy with the British commonwealth in its struggle for life," but we should furnish every possible material assistance in our power, short of war.

SAY 904 WILL VOTE FOR FDR ON 1ST COUNT

FARLEY DELIVERS ADDRESS AS NATIONAL CHAIRMAN OF DEMOCRATIC PARTY

BANKHEAD KEYNOTES MEET

Permanent Chairman Barkley Will Speak Tonight As Draft FDR Faction Bolsters Force

BULLETIN

STADIUM, CHICAGO, July 16—(UP)—Chairman James A. Farley of the Democratic national committee was reliably reported today to have taken command of a movement to nominate Federal Loan Administrator Jesse Jones for Vice-President as running mate for President Roosevelt.

WASHINGTON, July 16 (UP)—President Roosevelt took an increasingly active role in the Democratic national convention today, conferring by telephone with Secretary of Commerce Harry L. Hopkins, one of the New Deal leaders of the Roosevelt third term forces at Chicago.

White House secretary Stephen T. Early, who disclosed that the call was made, said that virtually all the talking "was from the Chicago end."

"All I could hear was loud laughter," said Early.

Mr. Roosevelt left a wide gap in his appointment list to permit him to tune in a portable radio on his desk in the executive office and hear detailed radio accounts of the convention's third session which began at noon.

STADIUM, CHICAGO, July 16 (UP)—Draft Roosevelt Democrats today claimed 904 of the 1,094 votes on the first ballot of the party's national convention, and branded as "plain bunk" reports that menacing anti-third term sentiment was developing here.

The development of "draft Roosevelt" sentiment was under circumstances persuasively suggesting that Mr. Roosevelt does not want to run again unless nearly all of the 1,094 delegates want him to. The Roosevelt high command, under leadership of South Carolina's Sen. James F. Byrnes, says pretty nearly all of them do.

They conceded the anti-Roosevelt minority around 200 votes. If the old guard could muster a couple of hundred more, Mr. Roosevelt probably could be stopped despite the certainty that he will have a majority of some kind, regardless.

The New Dealers admitted to a flurry of weekend apprehension that anti-third term arguments had bitten into their big majority. But the United Press was informed that their quick and nervous check showed no basis for apprehension. Their figures checked with the earlier estimates of some anti-third term Democrats that they could muster only about 200 first ballot votes against Mr. Roosevelt's renomination.

Today's session convened at noon and tonight Permanent Chairman Alben W. Barkley, senior senator from Kentucky, will address the convention with the fourth consecutive speech endorsing the New Deal record.

But this convention was off to a slow start. Delegates are restless, uneasy, unhappy. A whooping majority of them came here to renominate Mr. Roosevelt for a tradition-breaking try for a third term and their man of 1940 will not speak. The consensus is that draft Roosevelt strategy is to make a real draft

Personals and LOCAL NEWS BRIEFS

Mrs. Lloyd Thomas and daughter of Louisville, Ky., are visiting relatives here. I. O. O. F. Lodge, No. 45, will meet Tuesday evening at 7:30 instead of 8 o'clock. Mrs. W. K. Bartlett and daughter, Sue of Kentland are visiting with her mother, Mrs. John R. Cox. Mr. and Mrs. K. D. McCoy and daughter were week end guests of Mr. and Mrs. C. N. McWethy.

ANNIVERSARIES Weddings Mr. and Mrs. Elmer G. Hammond, city, their first today. She was formerly Miss Wanda Bailey. Mrs. Donald Ellis returned to her home in Greencastle Tuesday from the Putnam county hospital. Frank Huller, Cloverdale, entered the local hospital for treatment Monday afternoon. Charles Spencer of Russellville underwent a tonsil operation at the Putnam county hospital Tuesday morning. Dean and Barbara Purcell of Fillmore underwent minor operations at the Putnam county hospital Tuesday morning. Mrs. H. H. Mathias, east Seminary street, has as her week end guests, Mr. and Mrs. Lee D. Mathias and Mr. and Mrs. C. E. Soderstrom of Chicago. Mrs. Wilma Wright has returned to her home in San Diego, Cal., after visiting here with her father, George Hinton and other relatives. She attended the Alpha Zeta Beta convention held in Indianapolis last week, at which time she was elected national president of the organization.

EUGENE A. GILMORE ACCEPTS POST OF DEAN Announcement is made at Iowa City, Ia., that Eugene A. Gilmore, DePauw alumnus of 1883, former acting governor of the Philippine Islands, and president of the University of Iowa, is to be succeeded as president of that institution by Dean Chester A. Phillips of the College of Commerce, connected with the Iowa school. Former president Gilmore left Iowa City last Friday for Pittsburgh, Pa., where he will serve one year as dean of the University of Pittsburgh College of Law. Following that, he intends to return to the University of Iowa law faculty to teach. Dr. Gilmore is a native of Nebraska and earned his A. B. degree at DePauw, and received his LL. D. in 1922. Dr. Gilmore's wife is the former Blanche Bayse of Rockport, who graduated from DePauw also in the class of 1896. Former President Gilmore has been a member of the faculties of various universities, was acting governor general of the Philippines, 1927-29, and is a member of many learned and legal societies. He was editor of "Cases on Partnership" and joint editor of "Modern American Law" (15 volumes), and is the author of a number of other works.

Mr. and Mrs. George Taylor and Miss Kathryn Taylor, who have spent the past week visiting relatives in and near Greencastle left Monday evening for their home in Bladell, N. Y. Mr. and Mrs. Nelson Harbauer and family spent the weekend with their parents Mr. and Mrs. Mark Woodworth and attended the reunion Sunday. They returned to their home in Michigan City Monday. There will be an illustrated lecture Friday at 2 o'clock in the Assembly Room of the court house by Earl Cameron, from the John F. Claff Vapo Path Institution in Indianapolis. Any person interested is invited to attend. Funeral services for Mrs. Ona Barker, resident of Fillmore for several years who died Sunday evening following an extended illness, will be held Wednesday afternoon at 1:00 o'clock from the Christian church in Fillmore. Interment will be in Crown Hill cemetery in Indianapolis. Officers of the Republican women's organization of Putnam county have received invitations to attend the Fountain county Republican Women's Club meeting to be held Tuesday, July 23, at Veedersburg park. Mrs. Cecil Hardin, of Covington, Sixth district vice chairman, is in charge of the gathering. Republican women of the county also are included in the general invitation. James F. Love has been appointed executor of the will of his late father, Arthur M. Love. M. J. Murphy is attorney for the estate. The will of Arthur M. Love bequeaths the personal effects left by himself and his deceased wife to all of their eight children, and also gives the remainder of the property, share alike, to these children, who as named in the will are: Perdie Lee Love, Nevada Main Davis, James Floyd Love, Straude E. Love, Anna Alice Eads, George Edward Love, May D. Hampton and Cordia Elliott Key. The will was written June 28, 1937, and witnessed by M. J. Murphy and Mary Trout. It has been admitted to probate. If you want to be the life of the party—don't spend the day doing the family wash. Phone 126. Home Laundry & Cleaners. 16-11

LAUNDRY GOES PATRIOTIC MIAMI, Fla. (UP)—A Miami laundry, which originated the slogan "Isn't it great to be an American," used nationally now, advertises that it will clean American flags free.

"DREAM" AUTO 22 CARS IN ONE CLEVELAND, O. (UP)—Ervin Brown, 25-year old Cleveland garage man, has built the automobile of his dreams, but it took a year's labor and parts from 22 different cars.

Tri Kappa To Meet Thursday Active chapter of Tri Kappa will meet Thursday evening at 7:30 o'clock at the home of Mrs. John Cartwright. Woodworth Family Reunion Held Sunday July 14th The descendants of Mark Woodworth and wife held their 2nd annual reunion in a beautiful grove adjacent to the country home of Mr. and Mrs. Earl O'Hair, 7 miles north of Greencastle. There were 46 present out of a possible 58. At the moon hour a lovely dinner was spread in the shade of the large sugar trees, which included two large birthday cakes in honor of Mr. Woodworth's birthday July 2nd, and Mrs. Woodworth's July 15th. Those present were: Mark Woodworth and wife, Greencastle; Earl Woodworth and daughter Ella Mae, Greenville, Ill.; Mr. and Mrs. Chas. Holand and children, Chas. C. Glenn, Hazel, James, George, Grace, June and Mildred, Roachdale; Samuel Woodworth and wife and Ralph Woodworth, Indianapolis; Mr. and Mrs. C. K. Priest and family, Wayne, Vonda, Harlene, Doyle and Carroll, Greencastle; Mr. and Mrs. N. S. Harbauer and children, Nelson, Mark, Gladys and Ralph, Michigan City; Mr. and Mrs. James Woodworth and family, Dorothy, Sammy, Norman, James, Arlene and Larry and Miss Mae Holland, Lafayette; Mr. and Mrs. Evaloe Woodworth, Michigan City; Mr. and Mrs. Chas. Smith, Greencastle; Mrs. Helen Davidson and children, Patricia and James, Danville, Ind. Members of the family not present were a son, M. L. Woodworth, wife and sons, Mark, Leon and Morris, South Bend, Washington; Mrs. Earl Woodworth, Greenville, Ill.; Misses Eleanor and Doris Woodworth, granddaughters, Clayton, Ind.; Mrs. Bernedine Woodworth Davis and husband, Danville, Ind.; Miss Florence Holland, Dayton, Ohio, and Marshall Davidson, grandson-in-law, South Dakota. The afternoon was spent in games and visiting. Ice cream was served at 4 o'clock.

West Madison Club To Hold Picnic The West Madison Home Economics Club will hold their annual picnic Wednesday at Irwin Park. The girls 4-H Club "Home Makers of 1950" will be guests. At this time the girls will have their exhibit and prizes will be given by the club.

Fillmore Garden Club Entertained Friday The members of the Fillmore Garden Club were delightfully entertained Friday at the home of Mrs. Lea Miller. The meeting was called to order by the president Mrs. Elsie Cowgill. Sixteen members answered roll call with "My Childhood Home." All stood and repeated the club prayer, and also sang "Home, Sweet Home." The club voted to donate \$2.00 to the Red Cross. After the business meeting the remainder of the afternoon was turned over to the entertainment committee, consisting of Laura Owens, Daisy Williamson and Mary Burks. Miss Burks gave a clever reading and contests were enjoyed and delicious refreshments were served. The next meeting will be held at the home of Miss Maude Arnold, August 9th. The committee for this meeting will be Mrs. Maude Miller, Vern Lydick and Grace Smedley.

D. A. R. PRESENTS HISTORY The third of a series of talks sponsored by the D. A. R. organization will be given Wednesday at 9:30 at the D. A. R. cabin at Robe-Ann park. Mrs. Louis F. Hays will present stories of the early History of Putnam county and Greencastle. This promises to be unusually interesting as Mrs. Hays' grandfather was one of the earliest settlers of the county. She has many interesting facts on the county's earlier days to present to the townspeople and the children who are cordially invited to attend.

Complete Changes In Elk's Quarters

**CLUB ROOM MODERNIZED;
REDECORATE, FIX MAIN
FLOOR OF HOME**

One of the most attractive Elk's club rooms in this section of the city is being completed this week at the local Elk's Lodge which has been under-going extensive repairs and remodeling. Besides making attractive alterations the hall has been air-conditioned.

The most attractive change was made in the basement where a new club room with checkered, wine and brown composition flooring had been laid. The walls, previously of concrete, are now covered with a grained wood paneling, a wood which comes from a tree native to South America. This paneling, which is veneer, is light and has many grain marks and has been put over a heavy, sound-proofing material. New furniture, of the comfortable tubular steel and heavy cushion type, helps make this club room complete.

Perhaps the most modern feature of the new social room is the air-conditioning unit which keeps the temperature and humidity at the

POPULARITY OF IRON WORK IS INCREASING

Ornamental iron work has increased in popularity within the past few years to such an extent that the classical porch grilles once associated closely with New Orleans and Mobile, are now found on homes in each of the 48 states.

Many of the beautiful designs have been resurrected from the past and produced by modern methods for the low-cost home. Iron railings and other ornamental iron work may be added to existing homes, with the work being financed under the Modernization Credit Plan of the Federal Housing Administration.

right degrees for comfort at all times. Clean, cool air is forced through the room and the smoke and other impurities in the air are taken out through outlet cowls.

The entrance to the club room from the main floor is made by a wide, five foot staircase which has cream sidewalls and fluorescent lighting. At the foot of the stairway is a hall of paneled wood.

On the main floor there are several minor changes taking place, chief of these being a complete redecoration. Arches, leading from the entrance foyer and cloak room, are also being changed to correspond with the other arches opening off the ballroom floor.

Another feature of the main floor is the new billiard room and the kitchen which has been modernized and is now complete.

The building committee, under the chairmanship of Frank Cannon, planned and made these many changes. Both Metzger and Allan Lumber Companies supplied the materials and Perry-Leucas were the contractors.

Simple Lines Bring New Beauty

The architectural characteristic most sought today is simplicity. There is not only beauty but often economy as well in simple lines. This home, owned by the Home Owners' Loan Corporation, suffered from an over-sized porch which disturbed the simplicity of the home and marked it as belonging to a by-gone day. Removal of the cumbersome porch, redesigning of the roof, and an application of fresh paint caused the home to gain \$2,142 in value. Old homes, like the one treated here, may be remodeled and modernized with funds obtained from private lending institutions; this work is eligible under the Modernization Credit Plan of the Federal Housing Administration.

Consider Location In Planning Rooms

**EFFECT OF GEOGRAPHIC
SITUATION ON HOME
CONSIDERABLE**

The influence of geographic location can have considerable effect on a home and should be considered when planning room exposures.

In localities where Winters are long and severe, a compact plan and low ceilings, are said to be desirable to permit ease of heating with economy. In such locations full advantage of the radiant heat of the sun is desirable in as many rooms as possible, as well as some form of protection from cold winds.

In a warm climate the opposite is required and less compact plans are needed in order to take advantage of prevailing breezes and to secure cross and thorough ventilation in as many rooms as possible. In this case protection from the heat of the sun is needed, and the most desirable rooms are those which are cool and shaded.

KILLING MOTHS

If moths get into stuffed furniture a good soaking in gasoline will kill the moths and eggs as well. Needless to say, the soaking should be done out of doors, or at least somewhere away from all possibility of fire.

QUESTIONS AND ANSWERS

Q. What causes most fires in houses?

A. Most conflagrations in houses are caused by overheated or improperly built flues, defective electric wiring, carelessness in the use of matches and cigarettes, and spontaneous combustion.

Q. In building a house, what are the most important considerations for fire prevention?

A. The essentials are good fire-place and chimney construction, proper separation and insulation of wood framing from chimney and fireplace, proper installation of heating systems and electric wiring, and construction of firestops between the studs of frame houses. The use of fireproof or fire-resistive materials for outside walls and roof is a protection from fire outside the house. Where practicable, the location of the house at a distance from other buildings is a further safeguard against fire from without.

Q. What are firestops?

A. The space between studs, when left open from top to bottom, acts as a flue, so that a fire which might occur in the lower part of a house might easily be drawn up with the walls. As a safeguard against such spread of fire, a fire-stop is made by closing these spaces with wood blocks or some incombustible materials.

Q. Our house is old and does not have many electric outlets. Is it dangerous to have a number of lamps draw power from one floor outlet?

A. It could be. Now that so many electrical appliances are in common use—radios, phonographs, sewing machines, picture projectors, curling irons, heaters, and so on—and multiple receptacles are available at any dime store, particular care should be exercised not to overload

a circuit. Under no circumstances should fuses be replaced with others of higher resistance. The use of pennies in fuse sockets is foolhardy, as it creates a definite fire hazard.

STUDY SUBURBAN GROWTH

The study of thousands of cases has established the conclusion that only those subdivisions located with correct reference to city growth and population trends, business and industrial centers, and other facilities are profitable ventures of benefit to both buyers and sellers of homes, according to a report of qualified building officials.

The growing realization on the part of developers of the need and advantages of correct land planning is shown by the fact that more demands were made in 1939 for the services of the FHA's Land Planning Division than in any previous year since it was established.

FERN

Everyone is invited to attend our Sunday school and church services held in the Fern School House each Sunday.

Mrs. Charley Cox called recently on Mrs. Oby Cox.

Sam Wilson and son Delmar visited Sunday afternoon with Mr. and Mrs. Victor Frazier.

Your Home—
A BUSINESS ASSET

Time was when a home owner had to prove himself an established "success" in business before he could build or buy a home. Today—our new FHA Plan reverses the process. An ambitious man with a very modest salary—say, less than \$2,000—can begin with a home of his own. And his standing as a property owner in the community can contribute to his business success. Call on us for details about the new FHA Plan for small homes and learn how to become a home owner on a small income.

Planning the Living Room

The living room should be the largest room in a home, Federal Housing Administration officials say. If possible, it should be entered through a small foyer which acts as a buffer against direct intrusion. Where this is not possible, the entrance should be at the end of the room opposite the windows. The necessity of passing diagonally through the living room to reach other rooms of the home should be avoided. In planning the arrangement of the living room in a new home with relation to the entrance and to internal traffic, the above illustrations should be helpful. FHA officials point out. Number 1 is considered a good arrangement, Number 2 fair, and Number 3 poor.

SUMMER IS TIME TO INSTALL HEATING PLANT

The prospect of renewing the endless "fight against the old furnace" next fall may be wiped out entirely by the installation of modern efficient heating plant in the home during the Summer.

Thousands of home owners have saved themselves much money in fuel costs, repair expenses, and even in doctor's bills by introducing the latest scientific heating units into their homes.

With low monthly payments these home owners have not only insured their homes against the hazards and troubles of an outdated heating system but have also succeeded in making their basements attractive by utilizing the extra space for dens, workrooms, or playrooms.

The modern trend is to larger and more window openings. Like so many other functional parts of a modern house, windows today have improved considerably in design and construction.

There was a time when architects and builders hesitated to use large window areas because of the great heat losses they caused. Today the trend is just the opposite, because double glass, weatherstripping, and careful construction where the window frame and the wall join have largely eliminated windows as sources of excessive heat losses.

In remodeling old homes, large picture windows may be installed.

Should Equip Home Carefully

**OFFICIALS SAY RELIABILITY
OF LOCAL FIRMS IS AN IM-
PORTANT FACTOR**

The average individual selecting mechanical equipment for modernization of a home or for installation in a new home is faced with great variation as to type, make, and advertised advantages.

Because of this, it is all too easy to lose sight of the fundamental purposes of the equipment, with a resulting selection poorly suited to the house, the pocketbook, and comfort and convenience requirements.

Mechanical differences are often of minor importance in comparison with the reliability of the local firm selling and installing the selected items of equipment, officials point out.

The home should be equipped mechanically up to the standard set by other homes of like quality, age, and size in the neighborhood, in order to maintain the value of the whole property. However, officials warn, equipment added over and above this standard may appear desirable to the immediate user, but in case of resale, overequipment may tend to lower rather than raise the valuation due to variation in human desires and obsolescence in equipment.

Putnamville, Lone Star Win Battles

N. I. P. AND ROACHDALE TUMBLE AS TEAMS ADVANCE IN LEAGUE STANDING

A greatly improved Putnamville ten marched to the front last night to turn back the Northern Indiana Power softball squad, 14 to 5.

A trio of doubles boosted "Putn" counters up into the "teens" when Labhart, E. Scobee, and W. Scobee all placed the ball far into the outfield for safe two base hits. Sutherland and Marasco of the Northern Indiana Power crew got the extra base hits for their teams with a double and triple respectively.

Putnamville almost batted completely around twice in the sixth frame as the score board rapidly jumped up 12 counters.

Batteries: Putnamville, R. Jones and W. Scobee; for N. I. P. Marasco and Williams.

Summary: R H F
Putnamville ... 11 0 0 12 x-14 9 6
N. Ind. P. ... 0 12 0 0 2-5 7 7

Forcing in three runs in the sixth and seventh innings and holding their opponents scoreless, Lone Star players slipped over the top for a superior blitzkrieg against the Roachdale Hawks, 15 to 14.

Both teams launched the first frame with many runs and scoring was evenly divided throughout the tussle. Stringer, of Lone Star, quietly stepped to bat and solidly gave the ball the necessary "oomph" to send it for the longest trip that a softball has experienced this year at Robe-Ann for an easy home run.

McCall, Roachdale player, walked into the spotlight also when he almost repeated Stringer's feat and ran across the four bases.

Doubles for Lone Star were made by E. Hill, Foster, and Pitts; for Roachdale, Thomas and a triple for Myers.

Batteries: Lone Star, Pitts, E. Hill and J. Hill; for Roachdale, E. Ryan and Pickel.

Summary: R H E
Lone Star ... 5 10 4 2 1 2-15 17 5
Roachdale ... 6 20 4 2 0 0-14 13 6

LEGION WINS THIRD TUSSELE
The Junior American Legion baseball team traveled to Plainfield yesterday to take its third victory of the season when the local lads trounced Boys' School, 8 to 4.

Runs came by pairs for the local lads in the first, second, fifth and seventh innings while the Boys' outfit got its runs in the first two frames.

L. J. Clark, Post 58 twirler, went all seven innings with Sechman working in the catcher post.

Tomorrow afternoon Boys' School will visit here for a return match at Robe-Ann Park.

PLAN LAST RITES FOR WORLD'S TALLEST MAN

MANISTEE, Mich., July 16 (UP)—The body of Robert Wadlow, tallest man in the world, will be taken to Alton, Ill., today for burial in a specially constructed steel coffin 19 feet six inches by three feet two inches.

The coffin was being constructed by the Grand Traverse Casket Company for the 22-year-old giant who was eight feet, nine and one-quarter inches tall and weighed 491 pounds. Wadlow died yesterday of complications resulting from a foot infection. His great height was the indirect cause of his death, because the infection resulted from a cut on his ankle caused by a brace he wore to support his weight.

Wadlow's father, Robert Wadlow, Sr., said the body would be taken to Alton, Ill., late today for burial

SOFTBALL SCHEDULE

Tuesday, July 16
7:00 Bainbridge vs. Belle Union
8:00 Giants vs. Cloverdale
Wednesday, July 17
7:00 Moose vs. Montgomery Ward
8:00 Fillmore vs. Coca Cola

TOWNSENDITES PLAN SESSION

A. J. Priest, one of the leaders of the Townsend movement in Monroe township, has announced a meeting to be held Thursday evening at 7:00 o'clock in the school building at Bainbridge. The purpose of the meeting is to organize a Townsend club.

Friends of the Townsend pension movement from all parts of Putnam county are invited to attend the Bainbridge meeting and assist in the organization of the club.

BRITISH FIX BLOCKADE

(Continued from Page One)

dromes, as well as aircraft factories and warehouses, oil plants and refineries, oil storage plants and freight yards.

It was explained that the British planes were hitting "at factories which supply aircraft, oil refineries which supply them with fuel, and airfields from which they take off to raid British towns and shipping."

was asserted that four German airplanes had been shot down yesterday. Four persons had been killed by bombs and a dozen wounded in two south coast towns. A hotel and a row of shops had been wrecked and many homes damaged.

town colony, has been received by Frank Stewart of Woodbury, N. J. The deed was signed by Over-uncle of Powhatan, who once tried to kill Smith and Capt. Martin member of Smith's party.

VONCASTLE

With life in the tropics as their exotic background, Walter Pidgeon and Florence Rice form the romantic team in "Phantom Raiders," showing at the Voncastle theater today and Wednesday.

It is another thrilling film adventure of the famous Nick Carter. When the story opens, Pidgeon is discovered on vacation in the Canal Zone and carrying on quite a flirtation with a night club entertainer called Dolores. This is all very well except that Dolores happens to be the lady friend of the napper in the club, so Nick has pretty stiff opposition. Then his vacation is interrupted because he sees Miss Rice, who is the secretary of a man who wants him to find out who is sinking ships off the Canal Zone. He takes the case because he thinks he can get to know Miss Rice but it turns out she is in love with a dashing young captain. Although Nick solves the case very cleverly in a whirlwind finish and uncovers the plot of the ex-Chicago gangster, Al Taurez, he doesn't do so well with the girls. But he has a fine time trying. Donald MEEK plays the eccentric bee keeper, Bartholomew; Joseph Schildkraut plays the sinister Al Taurez; John Carroll is cast as the young ship captain, John Ramsell; Nat Pendleton portrays the husky bouncer, Gunboat; and Steffi Duna is the vivacious Dolores.

Simple is the secret that makes Falls City Beer such a satisfying, mellow brew. The choicest grains... modern scientific equipment... expert knowledge... and costly extra steps... it takes all these together to produce Falls City... one of America's finest beers.
