

FARMERS WILL BE GUESTS OF KIWANIS CLUB

ANNUAL BANQUET THURSDAY EVENING AT GOBIN M. E. CHURCH

AWARDS WILL BE MADE

Splendid Program Is Arranged And About One Hundred Will Be Present

Tomorrow evening at the Gobin Memorial church, the Greencastle Kiwanis club will hold its annual banquet honoring Putnam county farmers for outstanding agricultural services during the year that is closing. These farmers were selected on the basis of their participation in the 5-acre Corn Club work, for participation in the Gold Medal Livestock projects, their activity in the Dairy Herd Improvement association and as 10-year Farm Record keepers.

At the banquet, the First-Citizens Bank and Trust Company, sponsors of the corn show, will present the awards of that exhibit. Also, David L. Grimes, county farm agent, will award the 5-Acre Corn Club medals. The Kiwanis club will present four distinguished farmer certificates to the most outstanding farmers on the basis of their participation in the above named activities.

The event will be held under the direction of the agricultural committee of the Kiwanis club, composed of David Grimes, Dr. Russell Vermillion and Roy Sutherland.

A program of musical entertainment will be given under the direction of Gene Pennington, Dr. H. T. Ross will present some of the students of the speech department of DePauw university among other features.

About one hundred persons, including the local Kiwanians, are expected to be present.

The farmers of the county who have been named to receive awards include the following:

GOVERNOR NAMES CLAY COUNTY PROSECUTOR

Ralph McQueen, prosecutor-elect of Clay county, will take office three weeks ahead of his scheduled time.

McQueen was appointed prosecutor of the county by Governor Henry F. Schriker to succeed Eugene Weaver, who resigned to enter the armed service. Both men are Republicans and McQueen would have entered office January 1.

WINS 4-H HONORS

Norman Evens

Has Outstanding 4-H Club Record

NORMAN EVENS IS AWARDED PURDUE SCHOLARSHIP FOR HIS WORK

Sixteen year old Norman Evens, vocational agriculture student of Greencastle High School adds the most coveted of all awards to his already long list of 4-H Club leader. Norman has been awarded a four year agriculture college scholarship by virtue of having one of the best achievement records of Indiana's many thousand 4-H club girls and boys.

After graduating from the local high school in June, young Evens hopes to enroll in Purdue University where he expects to major in Agricultural Education.

To be awarded a four-year scholarship is unquestionable one of the highest honors that can be won by any club member, but to attain this award at only sixteen years of age makes it even more unusual. His record has been established over a seven year period, during which time he has been active in poultry, dairy, swine, garden, and corn club activities. He has won more than sixty ribbons in county and state exhibits and in most instances was content only with the Championship award. In addition during the past three years he has been one of the most active members of his high school judging team having served at different times on both the poultry and the general livestock teams both of which were recognized as among the best teams in Indiana.

To enumerate Evens' many winnings would be almost impossible, but only recently he was selected to represent Indiana as a delegate to International 4-H Club Congress and has been awarded the County Board trophy for proficiency in 4-H Club work.

Norman's many friends join in congratulating him upon his newest honor and is wishing him success. As a compliment to the quality of Putnam County 4-H Club work as compared to other counties, it is interesting to note that five Putnam county boys in as many years have won the four-year scholarship in agriculture. In addition to Norman, they are as follows: Gerald Clodfelter, Russell Grimes, Tim Ruark and Estel Cantonwine, all of Greencastle High School.

NEW BUREAU IS FORMED BY PAUL McNUTT

ESTABLISHED WITHIN WAR MANPOWER COMMISSION BY DRAFT HEAD

HERSHEY IS BUREAU HEAD

Little Change Expected In Local And State Selective Service Boards

WASHINGTON, Dec. 9 (UP)—Establishment of a new bureau of Selective Service within the war manpower commission was accompanied today with a promise by Manpower Chief Paul V. McNutt to continue operations of the Selective Service system with a minimum of change.

McNutt announced the formation of the New Bureau last night and designated Maj. Lewis B. Hershey, selective service director under the old set-up, to head it. Hershey will be subject to supervision and direction of WMC executive director Arthur Fleming. He formerly was responsible only to President Roosevelt.

McNutt appears to have decided against following the recommendations of his management-labor committee which three weeks ago proposed that Hershey be made vice chairman of the WMC. That committee's report was privately circulated a few hours before McNutt's announcement.

There is expected to be little if any change in the local and state draft board organizations. McNutt praised the splendid work of the 6,500 local boards and said it was "obviously advantageous" to continue operating the selective service system on its current administrative basis. Of the new bureau, he said:

"This organizational arrangement will assure close coordination of the twin wings of the commission charged with meeting the needs of war manpower—Selective Service for filling military requirements and the U. S. employment service for handling civilian production requirements.

Added impetus was given to officials seeking to solve the manpower problem earlier yesterday by President Roosevelt who told a press conference that he believed seniority rights of workers transferred from non-essential to war industries should be protected. Such protection would be similar to that provided in the Selective Service act. After the war men could return to peacetime occupations without loss of seniority rights of privileges.

The President described seniority rights as an institution in American industry and said he believed industry would be willing to give the same assurances to employees leaving for war work as they give those leaving for the armed forces.

As the attack on manpower began, WMC and Selective Service began preparing war industry for development of manning tables from which their manpower problems will be worked out. Employers will be provided with the necessary forms by the regional WMC offices.

WMC said that manning tables are forms which will provide a realistic inventory of the personnel and job classifications in each plant. They are part of a four-part program to keep disruption of production at a minimum. The others are designation of 35 industries as "essential activities"; preparation of a list of essential jobs in each of those industries; and preparation of withdrawal and replacement schedules to be based on information compiled in the manning tables.

20 Years Ago IN GREENCASTLE

"Putnamville and Cloverdale were filled with enthusiasm this afternoon" said the newspaper, when it was reported oil had been struck in the well being drilled on the Tibbs farm, south east of Putnamville, at a depth of 3,100 feet. It was found that the oil was only a seepage into the water in the well.

Mr. and Mrs. S. C. Sayers entertained at bridge dinner, at their home on east Washington street.

Greencastle High defeated Wingate 42 to 2. Capt. Taylor, Greencastle, made 4 field goals and 5 foul goals. Greencastle second team defeated Clinton Center 42 to 8.

NO REVOLUTION YET

WASHINGTON, Dec. 9 (UP)—Elmer Davis, director of the Office of War Information, said today that chaos is increasing in Italy but that there are no immediate prospects of a revolution by the Italian people against their German war allies.

WARDENS TO MEET

There will be an important meeting of all Air Raid Wardens Friday evening at 8:00 o'clock at the Legion Home.

Fay Is Honored By Association

DEPAUW TEACHER APPOINTED TO NATIONAL PANEL OF ORGANIZATION

Appointment of Professor Paul J. Fay of the DePauw University department of psychology as a member of the national panel of the American Arbitration Association was announced today by Lucius R. Eastman, chairman of the board of the arbitration group.

Purpose of the association is to serve as an arbiter of economic disputes between industries, between capital and labor, and between labor groups. It was created in 1926 and now has arbitration facilities in 1600 American cities.

There are 7000 panel members, with men on the panel possessing backgrounds in law, accounting, banking, psychology, business and labor. Honorary presidents of the organization include Herbert Hoover, Charles L. Bernheimer, and Moses H. Grossman.

The association maintains machinery for the settlement of four types of disputes: Commercial disputes between business firms, industrial disputes between capital and labor, motion picture disputes between producer and exhibitor, and accident disputes for any personal injury or property damage.

Professor Fay, who has been a member of the DePauw faculty since 1931, was formerly on the staff of Ohio State University. He was graduated from Ohio State in 1923, received his M. A. from Columbia University in 1927 and his Ph. D. from Ohio State in 1930.

Dr. Jome Writes On War Finance

CAN NOT SHIFT BURDEN OF THIS WAR ON FUTURE GENERATIONS

Declaring old-fashioned methods of financing war to be fallacious when applied to modern total war, Dr. Hiram L. Jome, DePauw university professor of economics, writing in the most recent issue of the "Bankers Magazine," points out that we can not shift the financial burden of this war to other nations or future generations.

Calling for substantial temporary sacrifice on the part of middle and lower income groups, as well as by those with incomes above \$5,000 per year, Professor Jome directs attention to the fact that the war could be financed for only six months by taking 100 per cent of incomes above \$5,000.

"In whatever way one manipulates the figures, whether by taxation or by several forms of bond sale, or by a combination of both methods, the economic burden of the war must be paid by the present," writes the DePauw professor.

Bond sales are advantageous chiefly for their psychological, administrative, and political effect, according to Professor Jome, with their main economic value lying in decreased civilian consumption in the present and in the reservoir of purchasing power created, which may be released in an early post-war depression.

However, Professor Jome says, the typical bond purchaser, "not realizing that he has not put something over on future generations and not appreciating the fact that he has an effectively disposed of purchasing power as has the person who pays taxes, may not feel the same inhibition on his desire to purchase goods in the present as he would if he had been given a mere tax receipt."

Citing the fact that the United States can not expect help from abroad in producing the materials needed to carry on the war, Professor Jome makes clear that the best method of stepping up war production without undergoing titanic expansion which might prove disastrous in post war years is for us to reduce consumption of civilian goods.

RECOUNT VOTES IN 2 TOWNSHIP TRUSTEE RACES

CONTESTS IN WASHINGTON AND WARREN FOLLOWING NOV. 3 ELECTION

HELD AT COURT HOUSE

George Sims And Raymond Rex Hammond Were Declared Winners Last Month

Wednesday morning at 9 o'clock the three commissioners appointed by the court to make the recount of the ballots cast in Warren and Washington townships for trustee, reported to the court for induction into their work, that induction consisting of being sworn in and receiving instructions from the court as to their duties.

The commissioners are Eugene Hutchens, Franklin township; Fred Hunter and Willis Wright, Marion township. They received from the clerk of the court, Homer C. Morrison, all the ballots cast in the recent election for trustee in each of those two townships, and they also received the tally sheets, and all lists of names and addresses of those who voted. These have been in the custody of the clerk of the court since the recount proceedings were started.

Dennis Diehl is contestor in Washington township against Raymond Rex Hammond, the latter having been declared elected, and Henry R. Woodall is contestor in Warren township against George Sims, the latter having been named as winner in the election. Mr. Diehl is represented by Gillen & Lyon, and Mr. Hammond by Albert E. Williams; Mr. Woodall retained Hughes & Hughes to represent him in the contest, and Mr. Sims had Gillen & Lyon.

Each party in the contest has the right to have a watcher present during the recount, and his attorneys can be present, also.

This recount is the first proceedings of its kind to be held in the county under the provisions of the 1941 act. That act amended other statutes of the state previously in force and applied in this county in various recount proceedings. The outcome of the recount is certified by the commissioners to the clerk of the court and not to the court itself. The clerk records it as he does other election returns.

The recount board had completed one precinct of Washington township by 10:30 a. m. and started at once on the other precinct.

The recount commissioners completed their re-check of the Washington township ballots a few minutes before noon, and while there were changes in the totals of both candidates, the net results remained the same as that reported by the original election figures. As a result Mr. Hammond will retain the trusteeship unless there is court action which is not now contemplated, it is said. Diehl gained votes in the south precinct of Washington, but Hammond gained in the north precinct, sufficiently to hold his original lead over his opponent.

The recount board began checking the ballots of Warren township's two precincts upon resuming work at 1 p. m.

In Warren township, Mr. Sims, who was declared winner in the election, received 167 votes, and Mr. Woodall, the contestor, 161, according to the finding of the election boards in the two precincts of that township.

In Washington township, Mr. Hammond, declared the winner, received 338 votes and Mr. Diehl, the contestor, 334, as reported by the two precinct election boards.

Blood Bank Will Be Here Saturday

The Red Cross blood bank will return to Greencastle Saturday and will be here at the Elks club from 10 until 3 o'clock. One hundred donors are needed and that number has been registered but there will undoubtedly be some cancellations at the last minute due to illness. Therefore additional people must be registered to be called upon if it is necessary.

There have, already, been a few cancellations.

This is the second time the blood bank has been here and it is sponsored by the Associate chapter of Tri Kappa. Donors are scheduled for every half hour during the day.

Mrs. Thad Jones is general chairman and anyone wishing to register may call her.

Many Attended Concert Tuesday

HIGH SCHOOL JUNIOR AND CONCERT BANDS GAVE FINE PERFORMANCE

The Greencastle High School Junior and Concert Bands gave one of their finest performances last night in the High School auditorium.

The Junior Band, under the direction of Danny Hanna, played very well. The balance and tone quality was that of a band well beyond the years of this one. Mr. Hanna is to be congratulated. As long as Junior Bands of that caliber are coming along the Concert Band need never worry about replacements.

The Concert Band performed excellently on probably the most difficult program it has ever attempted. The highlight of the program was the piano solo, "Repertoire," with band accompaniment. Robert Pierson, pupil of Miss Leah Curmatt, was outstanding at piano. He played with the grace and ease of a mature musician. The solo itself lends itself very well to band accompaniment and is very entertaining to listen to.

The outstanding band number was "Raymond Overture." No number causes technical headaches to more professional groups than this one as the clarinet passages are very difficult. The overture is tuneful and makes nice band music.

"Over There Fantasia" by Ferdi Grofe was another high spot on the program. This modern arrangement of George M. Cohan's World War I tune incorporated about all of the war songs in the arrangement. At one time there were actually three songs going on at the same time. Truly a clever piece of arranging.

"Pop Goes the Weasel" was the novelty on the program, depicting how the old tune could be dressed up in several different ways.

The bands wish to thank all who bought tickets and are looking forward to seeing them at their next concert in February.

TIN SALVAGE DRIVE WILL BE HELD HERE

Representative Crane of the Tin Salvage Committee in Indiana visited Greencastle Tuesday and an organization to collect tin in the county is being formed.

About ninety per cent of our vital tin supply is now in the hands of the Jap rats and as it is necessary in munitions as well as other defense materials, the supply must now come from tin cans and other similar supplies which can be salvaged.

Out of a ton of tin cans, about 20 pounds of pure tin is obtained and it is said the average number of cans per family is between 30 and 40 per month.

The cans will be collected here as soon as plans can be made by the salvage committee headed by Cloyd Moss, who will attend a meeting in Terre Haute Thursday to meet with similar chairmen from nearby counties. At that time shipping dates for car load supplies from Terre Haute to East Chicago will be made and our collecting dates will be determined by the shipping date. It is the hope to collect them weekly in the city.

ALLIED TANKS HOLD AXIS AT BAY IN AFRICA

SMASH ENEMY ATTEMPT TO PENETRATE LINES NEAR TEBOURBA

HEAVY FIGHTING RENEWED

Battle Rages In Triangle In Northern Tunisia; Success By Allies Claimed

LONDON, Dec. 9.—(UP)—Front dispatches said today that heavy fighting had been renewed in the northern Tunisia defense triangle where American and British tanks smashed back an axis attempt to penetrate allied positions west of Tebourba.

A communique from Lieut. Gen. Dwight D. Eisenhower's North African headquarters said a two-day tank battle in the Tebourba-Djeida-Mateur triangle had ended in defeat for axis forces. An enemy unit knifed its way into one allied position west of Tebourba yesterday and was driven back by a strong counter-attack by allied armored units.

"During the night the enemy withdrew," the communique said.

Madrid dispatches from Algiers indicated that the fighting continued within the Tunisian triangle, with Gen. Walther Nehring's German and Italian forces bending every effort to parry the allied counter-attack.

These dispatches were supported by a radio Morocco broadcast quoting a purported allied general headquarters communique which had not been received in London. It said a "large-scale tank battle is going on in the immediate neighborhood of Tebourba, the results of which are not yet known."

Axis radios distorted the Tebourba operation into a victory for Nehring's forces. Radio Berlin described it as a "new success in which the enemy lost 14 tanks, a number of guns and numerous infantry weapons."

The Nazi Vichy radio said axis troops, as the result of a flanking maneuver, had occupied an important allied defense position in the Tebourba area, "routing Anglo-American formations which has just arrived."

American and British air forces were gaining strength in Tunisia, affording excellent support to the allied troops in the forward fighting areas, the communique said. Algiers dispatches reported intense air activity on both sides.

Allied bombing planes ranged from southern Tunisia, up the east coast to Sfax and to Bizerte at Tunisia's tip, and even across the Mediterranean to raid the Reggio airdrome at the southern end of Italy again.

United Press Correspondent C. R. Cunningham reported that Blesley bombers, a new version of the British Blenheims, were operating in Tunisia with American planes that included Martin B-26 Marauder bombers, North American B-25 Billy Mitchells, Douglas A-20 Bostons, Boeing B-17 Flying Fortresses, Lockheed P-38 Lightning fighters, and Douglas DC-3 transports. British Spitfires also are in action.

Turin Blasted By RAF Bombers

ITALIAN INDUSTRIAL CITY AGAIN TARGET FOR BRITISH AIRMEN

LONDON, Dec. 9 (UP)—Royal Air force heavy bombers blasted Turin, huge North Italy industrial center, last night for the third time in two weeks.

They dropped their heaviest explosives in clear weather. The Air Ministry said the results were "believed good" and that only one bomber was missing.

Something A Man Never Tells A Woman

A man never tells a woman that he doesn't like the Christmas present she's given him. If he thinks it is terrible, he just smiles like the good sport he is and says thanks. But deep down in his heart, he is disappointed, just as you are when someone gives you something that isn't right. Now the formula for making a man happy is very old—but it is worth repeating.

Buy him a gift from the store where he likes to shop — CANNON'S. Even more important — go a little further. Not just "something" from our store — get him exactly what he wants. And you will find plenty of things at CANNON'S that he does want.

May We Suggest.....

- SHIRTS — PAJAMAS — TIES
- LOUNGING ROBES
- LEATHER JACKETS — SWEATERS
- HANDKERCHIEFS
- SCARFS — MEN'S JEWELRY
- TOILET ARTICLES
- BELTS — SPORT JACKETS
- BEST OF ALL A SUIT OR O'COAT.

T. B. Facts

Thirty years ago tuberculosis was responsible for 11 out of every 100 deaths occurring in the United States. Today it is responsible for about four out of every 100 deaths.

Tuberculosis now ranks seventh in importance as a cause of death. It has been forced gradually into this position since 1912, up to which time it had been the first cause of death.

Oh well, some people are like that. We're talking about Funny Boy Layne. R. B. Layne and Doris Jean Houck were the only members of the Latin 11's drama to get up on our stage and relax enough to make the whole audience hold their sides with mirth. But on the other hand if the other members of the cast hadn't have contrasted so much with their sides, it wouldn't have been nearly so good.

We heard that we sold about three times more war Stamps Monday than we usually do.

Another basketball game is coming up. Lets try to refrain from mobbing the opponent. Maybe if we had a juke dance afterwards we could celebrate our first victory rather than tearing up the town. Limit it to the old gym instead.

TIGERS LOSE AGAIN!

DePauw took it on the chin again last night at Ripon, Wisconsin, losing to the northern team in a college basketball game, 53 to 47. From all indications there was plenty of scoring and hardly any defense by either squad.

This evening, the Tigers clash with Great Lakes at the Naval Training Station at Chicago. Great Lakes walloped St. Norbert's 73 to 24 Tuesday.

George Taylor, former Tiger Cup and DePauw basketball player, is a member of the Peru Naval Station squad that will oppose the Tigers on the Bowman gym floor Saturday night. George's mother was the former Nellie Fry, an ex-Greencastle young woman, now residing in Indianapolis. Taylor holds down a forward position on the Naval outfit.

Planes Stop Jap Attempt At Buna

BOMBERS FOIL EFFORT TO LAND AID TO ENEMY GARRISON

GEN. MACARTHUR'S HEADQUARTERS, Australia, Dec. 9 (UP)—Allied heavy bombers on the New Guinea front blasted almost at its source a seventh Japanese naval attempt to reinforce the dwindling enemy garrison at Buna, it was announced today.

Medium bombers at the same time went back to Lae, main Japanese fighter base on New Guinea, and

gave it another battering. Today's Allied communique said Japanese planes had violated the rules of war, since Nov. 27, by repeated attacks on field hospitals and dressing stations.

In ground fighting, Americans, despite heavy cross fire, repulsed Japanese attempts to wipe out an Allied spearhead between Buna village and the Buna Mission, forty enemy dead were counted after the fighting.

The heavy bombers caught a strong Japanese destroyer convoy off Cape S. George, New Ireland, in the passage between New Britain and New Ireland, 400 miles north of Buna. Heavy bombs were speared around the ships. The leading destroyer was hit and another was listing badly from near misses as the convoy fled.

This attack ran to 12 the Japanese

ships sunk or damaged since Nov. 1 in unsuccessful attempts to reinforce the Buna and Gona garrisons. Ships sunk include one cruiser.

AXIS SOLDIERS WHO ATTEMPT TO RETREAT BEFORE REDS TO BE SHOT

MOSCOW, Dec. 9 (UP)—Russian forces smashed German positions today southwest of Stalingrad and on the Rzhev front northwest of Moscow, where the Axis forces were reported to contain special detachments assigned to shoot any soldier who abandoned his post.

Front dispatches reported that the

Germans were rushing reinforcements by train, truck and plane to all fronts, especially the Rzhev-Veliki Luki triangle where their casualties were very heavy.

The newspaper Pravda said prisoners reported that special discipline detachments had been sent to the Rzhev front, 130 miles northwest of Moscow, to shoot Axis soldiers who attempted to retreat before the fierce Soviet onslaught.

It said the German high command had issued a new order to its central front troops to die on the spot rather than retreat an inch.

There was little doubt that the Germans were dying on the spot—before the deadly fire of the driving Russian troops. Soviet communications reported that upwards of 4,000 German effectives had been slain in the last two days.

That Extra Something!
... You can spot it every time

ABILITY to do an extra job takes an extra something. A Coca-Cola has it. There are many things for thirst but Coca-Cola does far more than just quench thirst. It brings you a unique taste you enjoy... and unique refreshment you feel.

In the making of Coca-Cola, there's a finished art that comes from a lifetime of practice. It takes the skill of 57 years of "know how" in blending certain special flavor-essences with all the other ingredients to produce an original unique taste all its own... a taste you never tire of. It never cloy.

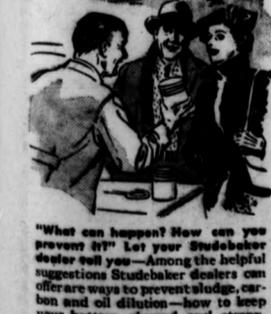

You and your thirst could ask for nothing more than ice-cold Coca-Cola. Because ice-cold Coca-Cola is the real thing in refreshment. It's all refreshment... pure refreshment.

Wartime limits the supply of Coca-Cola. Those times when you cannot get it, remember: Coke, being first choice, sells out first. Ask for it each time.

BONDS FOR CHRISTMAS

DR. JOME WRITES

(Continued From Page One)

and services. Warning that our current national financial policy is unrealistic, Professor Jome says recently revised federal taxes will raise about \$26,000,000,000, while bond sales to individuals, including insurance companies and corporations, promise to total about \$19,000,000,000 per year. The remainder of the war expenditures, under present plans, will have to be raised by borrowing from the banks. This will amount to \$30,000,000,000 per year.

Our banking system will not be able to absorb these bond purchases, says Professor Jome. He believes it will become increasingly necessary to raise more money both by taxation and by bond sales to the people. He accordingly suggests a percentage table of total contributions, including all taxes and bond sales, which will be necessary to finance a long war properly.

Basing his figures on an assumed national income of \$120,000,000,000, Professor Jome states that one half of the national income is received by families with less than \$2,500 to \$3,000 incomes and that "a heavy burden must fall upon the middle and low income groups, as well as upon the high income classes."

In conclusion the DePauw professor says, "If the objection is advanced that such a scale of total contribution will lower the standard of living of all the people, the answer is that modern total war cannot be conducted without lowering the standard of living of all. In a people's war the people living now must make the sacrifices."
