### ANY ATTENDED ANNUAL COUNTY FAIR BANQUET

ANNOUNCED PROGRAM EN-  
DED AT GOBIN MON-  
DAY NIGHT

More than one hundred and  
fifty-five livestock breeders,  
farmers and men and women  
interested in the welfare of the  
Putnam County Fair and the  
Fair Association, held their  
annual meeting in the Gobin  
church Monday evening.

A splendid program had been  
planned and was carried out  
by the dinner William A. ...  
president of the Fair As-  
sociation, called the meeting to  
order and presented Jake Hirt  
acted as toastmaster. The  
address was given by Rev.  
Saunders. A number of  
guests were presented  
some interesting special  
prizes were given by Miss  
Martin, vocalist of Clin-  
tonship, who was accom-  
panied at the piano by Mrs. Noel  
Johnson of Russell township.

Hendricks showed some  
pictures of the 1947 fair  
and was quite interesting and  
some of the folks who  
attended as others saw them  
at the fair.

Hendricks had planned to  
take the Farm Bureau Hatch-  
ery to the winner Marvin  
of Madison township, at  
the meeting, but after he obtain-  
ed in handling his son Brock  
and it will be pre-  
sented later.

The treasurer's report was  
given by David L. Grimes, and it  
showed a healthy balance of \$1-  
... The fair cost in the  
neighborhood of \$10,000, and  
of the premium money  
to Putnam county exhibit-

C. Sutherland gave the  
report, and it includ-  
ed amending of the by-laws  
of the Home Economics  
club of the county, the Farm  
and the Rural Youth or-  
ganizations would each have a  
representative on the board. They  
were elected by a unanimous vote.

J. Coffman of Cloverdale  
was the nominating committee  
and directors were elected  
from the following townships:  
Clinton, James Risk; Clinton,  
Clodfelder; Floyd, Mrs.  
Sibbit; Greencastle, J. J.  
Washington, Mrs. Forest  
Jefferson, Doris Sals-

Among the special guests  
were members of the Park  
and including Mr. and Mrs.  
Riley, Mr. and Mrs.  
Moss and Mr. and Mrs.  
Mayhall. Several members  
Gene Akers' judging team  
also present and were in-  
duced. Miss Lucile Smith  
and Mrs. Sigler, J.  
Crosby and Fred Presse were  
induced as members who had  
completed a lot of work dur-  
ing the annual fair.

Ralph W. Poulton, Associate  
Director of Breeders Gazette of  
Wheat spoke on "Show Win-  
ners" He said the fair acted as  
a window for the livestock  
breeders of the county. He com-  
plimented the problems arising with the  
board in Owen county to  
buy six acres of ground  
to establish a perman-  
ent fair ground, but other than  
a little had been done.

He said that during the war  
the fair was discontinued, but  
it has been resumed and he said  
the quality of livestock in the  
county went down during the  
war the fair was not being held.  
He believed it would be the  
same here or in any county.

### Break Reported In French Crisis

PARIS, Nov. 25.—(UP)—Premier  
Robert Schuman's new cab-  
inet scored its first major vic-  
tory in a campaign against the  
strike of 1,250,000 French work-  
ers today when three-quarters  
of the postal employees in Paris  
went back to work.

Signs of a reversal in the  
trend toward a nationwide gen-  
eral strike were seen. In a num-  
ber of secret ballots, workers at  
widely scattered points voted to  
stay on the job.

PARIS, Nov. 25.—(UP)—Com-  
munist-led strikes of 1,250,000  
workers nearly throttled the in-  
dustrial life of France today and  
a new communications strike  
threatened to isolate the nation  
from the outside world.

There already was a partial  
strike of postal, telephone and  
telegraph workers last night  
when the Communist-Dominated  
General Confederation of Labor  
ordered a complete walkout.

Strikes of railroad men had  
cut the movement of trains to  
the vanishing point; shipping was  
reduced to a minimum because  
the Communist had tied up all  
ports. Coal mines and the most  
essential industries were closed.

The railroad strike stopped  
commuter as well as long dis-  
tance trains. A bitterly cold rain  
started in Paris and through it  
hundreds of thousands who de-  
pend on commuter trains trudged  
toward their jobs.

The National Assembly was  
scheduled to meet today, but  
there was no indication whether  
it would discuss the strikes. It  
was not expected to take a vote  
of confidence on Premier Robert  
Schuman's new crisis cabinet.  
That had been scheduled origi-  
nally today, but it was now  
expected to be Thursday.

Schuman, who had pleaded  
with the workers to get back to  
their jobs, and his cabinet yes-  
terday decided to offer the strik-  
ers a general wage increase in an  
effort to get them back to work.

Minister of State Pierre Abelin  
said the cabinet also had decided  
to "take a number of measures  
which would establish public or-  
der and the liberty to work."

"Some of the measures will be  
public; others private," he said.  
"I can assure you that all in-  
dispensable measures will be tak-  
en."

The cabinet will discuss the  
question of general wage increas-  
es at a meeting today.

### Artist To Visit College Campus

Hoyt L. Sherman, professor of  
art at Ohio State University  
will be visiting artist on the De-  
Pauw University campus Dec.  
3-5. President Clyde E. Wildman  
has announced. Professor Sher-  
man will lecture before art class-  
es, give demonstrations, and ad-  
dress the student body and facul-  
ty.

Professor Sherman's public ad-  
dress will be given in Gobin  
Memorial Church on Friday  
Dec. 5, at 10 a. m. His subject  
will be "Art Today."

### GAS CONSUMERS TO HAVE NEW RATE SCHEDULE

EFFECTIVE WITH BELLS  
RENDERED ON AND  
AFTER DEC. 15

In a recent announcement, the  
Public Service Commission of  
Indiana approved an order ad-  
justing the natural and mixed  
natural gas rates of Indiana Gas  
& Water Co., Inc. The new gas  
rates, which will be effective  
with all bills rendered to cus-  
tomers on and after December  
15, 1947, will be uniform in all  
territories served by the com-  
pany and will result in savings  
in the monthly bills of 1160 cus-  
tomers, using gas for cooking,  
water heating and refrigeration,  
in the Greencastle district, which  
includes Cloverdale. Monthly  
bills to some 200 customers us-  
ing larger volumes of gas for  
heating will be increased. How-  
ever, these customers will also  
benefit from the new rates dur-  
ing those months in which gas is  
not used for heating.

The new rates will not result  
in an increase in net operating  
income to the utility, but will in-  
crease, all probability, result in an over-  
all reduction in the net operating  
income. The order stated that it  
will more equitably distribute  
the cost of gas among the vari-  
ous classes of customers being  
served by Indiana Gas & Water  
Co., Inc.

Certain facts were brought  
out in the public hearing held  
November 12th in the offices of  
the Commission that will be of  
interest to all users in Greencas-  
tle. Rexell A. Boyd, attorney,  
appeared for the city of Greencas-  
tle and asked L. B. Schiesz,  
Indiana Gas & Water president,  
what improvements have been  
made and are contemplated in  
the local gas service.

Mr. Schiesz stated that his  
company was instrumental in  
having the capacity of the main  
line of the Kentucky Natural  
Gas Corp. increased. The city  
was formerly served by a two-  
inch line. Now, this has been  
augmented by a new four-inch.  
This will increase the deliver-  
ability capacity of the line and  
will assure an adequate supply  
to the city. The new line will  
not bring an additional supply  
of gas to the city to serve new  
heating customers since this is  
restricted by specific order.

At a cost of approximately  
\$1500, a new four-inch interme-  
diate pressure feeder main will  
be installed in the northwest sec-  
tion of the city and will improve  
pressure conditions in that sec-  
tion as well as the north and  
west sections. Three new dis-  
tributor stations will be in-  
stalled in other sections of the  
city to improve pressure condi-  
tions in those sections as well.  
Delivery of the necessary pipe is  
expected this month and the pro-  
jects will be completed before the  
end of the year.

The cabinet will discuss the  
question of general wage increas-  
es at a meeting today.

Dec. 5, at 10 a. m. His subject

### Breadon Confirms Sale of Cards

ST. LOUIS, Nov. 25.—(UP)—  
The St. Louis Cardinals were  
sold outright today for an esti-  
mated \$3,500,000—the largest  
transaction in baseball history—  
to a group headed by Robert E.  
Hannagan.

The sale was announced at a  
press conference called by Sam  
Breadon, the little, white-haired  
man who built the club in 27  
years from a shoestring team  
into one of the most flourishing in  
either major league.

The announcement came a few  
minutes after Hannagan an-  
nounced his resignation as post-  
master general to take over ac-  
tive direction of the Cardinals.  
Hannagan previously had paved  
the way for his taking over  
presidency of the Cards by re-  
signing from the St. Louis  
Browns board of directors.

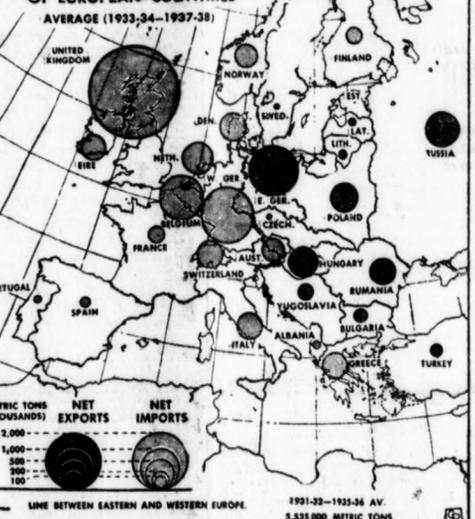

The transaction included the  
Cardinals and the 20 minor  
league clubs they own or with  
which they have working agree-  
ments.

### 69 Convicts End Mutiny Sitdown

WAUPUN, Wis., Nov. 25.—  
(UP)—Sixty-nine prisoners who  
barricaded themselves in the  
Wisconsin state prison laundry  
gave themselves up early today,  
15 hours after they began their  
"sit-down mutiny."

WAUPUN, Wis., Nov. 25.—  
(UP)—Acting Gov. Oscar Ren-  
nebohm authorized officials to  
call National Guardsmen if need-  
ed today to force 69 convicts out  
of the Waupun state prison  
laundry where they barricaded  
themselves and four guards in a  
"sit down" mutiny against the  
prison management.

Rennebohm was on the scene  
today as deputies rushed to re-  
inforce prison guards. His author-  
ity to call the guard was handed  
to Adjutant General John F.  
Mullen who also was at the pris-  
on.

The guards barricaded in the  
laundry with the prisoners were  
not believed to be in danger.  
Warden John C. Burke said they  
apparently were not being held  
as hostages because the prison-  
ers had permitted them to keep  
their steel-tipped clubs. They  
were supervising the prisoners  
when the mutiny started.

The four guards were identi-  
fied by Burke as Henry Veleke,  
52, George Amidon, 24, Richard  
Jarvis, 23, and Gilbert Reichert,  
41. All live in the town of  
Waupun.

Rennebohm emphasized that  
he was here "only to observe and  
assist" prison officers and said  
that Burke was in full charge of  
the situation.

No violence had been reported  
early today but the wall guard  
was doubled and expert riflemen  
were placed in the prison's seven  
towers where they could sweep  
the yard with high-powered rifles.  
The entire prison guard was  
on constant patrol duty.

### Printers Strike In Windy City

CHICAGO, Nov. 25.—(UP)—  
Chicago newspapers appeared to-  
day in greatly reduced photo-  
engraved editions after mem-  
bers of the Chicago Typographical  
Union walked off their jobs in a  
dispute over employment rules.

The strike made Chicago the  
battleground for the fight on the  
International Typographicers  
Union's policy that it will no  
sign labor contracts so long as  
the Taft-Hartley law is on the  
books. The union hopes to evade  
"the law and retain the closed  
shop by posting" conditions of  
employment "in shops across the  
nation."

The photo-engraved editions  
did not require the use of ma-  
chinal typesetters, all of which  
are operated by members of the  
Typographical Union. News copy  
s, instead, typed on a special  
machine, pasted onto forms,  
photographed, engraved and then  
stereotyped and printed.

The compositors left their jobs  
at 9 p. m. last night after vot-  
ing 2,330 to 61 for the walkout.

John J. Pilch, president of the  
union said the strike was called  
to enforce the typographers' de-  
mands for wage increases and  
for changes in employment rules.

The strike vote was called af-  
ter publishers of the six Chicago  
daily newspapers rejected a final  
union proposal that wages be  
increased to \$100 a week for day  
work and \$105 for night work.

Mayor Martin H. Kennelly of-  
fered shortly before the strike  
vote was taken to mediate the  
dispute. The offer went unheeded  
by both sides.

### OHIO POLICE WANT CUSTODY OF TWO BOYS

MT. MERIDIAN HOLDUP PAIR  
HAVE ROBBERY  
RECORD

Sheriff Ed Maddox stated  
Tuesday that Ohio authorities  
are especially anxious to get ju-  
risdiction over Calvin Swanson,  
20, of Stow, O., and Robert Mills,  
19, of Cuyahoga Falls, O., who  
are being held in the Putnam  
county jail as result of robbing  
Glen Reed, Mt. Meridian garage  
operator, earlier in the month.  
The pair were caught in Tulsa,  
Okla., and brought back here for  
court action by Sheriff Maddox  
and state detective Roy New-  
gard.

The two youths are wanted in  
Akron and Cuyahoga Falls for a  
series of robberies, Ohio police  
said. It was during one of these  
robberies that they got the guns  
with which they held up Mr.  
Reed at Mt. Meridian on Sunday  
night Nov. 9. They got approxi-  
mately \$100 and made their get-  
away after tying up the drage-  
man with a section of electric  
light cord.

The car used in the Mt. Meri-  
dian holdup was stolen in Indi-  
anapolis and abandoned in  
Terre Haute. The boys stole an-  
other car in Illinois and con-  
tinued on their way to Oklahoma  
where they were nabbed by  
Tulsa police.

The Ohio officers would like  
to effect some kind of a settle-  
ment in connection with local  
court costs; repay the money  
stolen from Mr. Reed and take  
the pair back to Akron or Cuya-  
hoga Falls. A confession to a  
series of armed robberies by the  
boys, under an Ohio statute,  
would bring a life prison sen-  
tence for each.

### Child Is Slain By Baby Sitter

KEEWATIN, Minn., Nov. 25.—  
(UP)—Mary Sapan, 34, an "ex-  
perienced" baby sitter, sat wild-  
eyed and nervous in the Itasca  
County jail today, after confess-  
ing that she killed the two year  
old girl she was hired to watch.

She admitted she hacked to  
death Ann General, daughter of  
her neighbors, Mr. and Mrs. Tony  
General, but she could give no  
reason for the murder.

Police Chief Sig Lyndahy said  
Miss Sapan was guarded by  
sheriff's deputies in the county  
jail at Grand Rapids. He said she  
appeared to be in a serious  
nervous state.

She wept hysterically yester-  
day as she told police that she  
had hacked the General girl  
twice with a single bitted axe  
nearly decapitating her.

"I don't know why I did it,"  
she sobbed.

"I have always liked children  
I've taken care of so many little  
ones in the past and I never have  
wanted to do anything like this  
before."

Miss Sapan's sister, Lucy, 25,  
was horrified.

She said she and her sister, of-  
ten had taken care of the Gen-  
eral child and many other children.  
"I can't believe it," she said. "I  
just can't believe that Mary  
would do a thing like that. There  
must be some explanation."

Wedding Solemnized At Brick Chapel: Mr. and Mrs. Ronald D. Cox, whose marriage was solemnized Sunday afternoon, November 23, in a single ring ceremony, performed at the Brick Chapel Methodist church by Dr. Claude McClure, are now on their wedding trip to Florida. Upon their return they will reside in their home in South Bend.

Before her marriage, Mrs. Cox was Miss Reva O'Hair, daughter of Mr. and Mrs. Artie O'Hair of Brick Chapel and is a well known local harpist.

Mr. Cox is the son of Mr. Wallace Cox of South Bend. Preceding the ceremony, a program of bridal airs was presented by Mrs. A. L. Meredith, pianist and Mr. Perry Rush, tenor. "Ah! Sweet Mystery of Life," "Because" and "Thine Alone" were sung by Mr. Rush and beside playing the Lohengrin wedding march for the bridal party to enter, Mrs. Meredith played Schubert's "Serenade" during the ceremony.

Palms and candelabra were arranged at the altar where the bridegroom with his best man, Terry Crandell of near Rockville, waited for his bride. She was given in marriage by her father.

Her wedding gown of bluish pink brocaded moire was styled in princess lines with a slight bustle on the sides. The off the shoulder yoke was of silk illusion net matching her fingertip veil held in place by a coronet of satin and net. She wore bluish pink mist and wore a three strand pearl necklace, a gift from the bridegroom. She carried a fan bouquet of pink sweetheart roses and shower ribbon.

Miss Madonna O'Hair attended her cousin as maid of honor. Her gown of sheer aqua wool was fashioned on princess lines with long sleeves and off the shoulder net yoke. Her flowers were white chrysanthemums made in to a fan bouquet like the brides and wore flowers in her hair.

Donna Lou Gorham, the junior maid of honor, wore a yellow dress of taffeta and net and carried a smaller fan bouquet of white chrysanthemums and wore a flower head band. Linda Lee Gorham carried the ring on a satin pillow matching her dress and decorated with ribbon and white chrysanthemums. She wore a peach colored satin and net dress and wore a flower headband.

A dress of beige crepe was worn by the brides mother and she wore a corsage of white chrysanthemums. The men wore white carnation boutonniers.

Mrs. Meredith played for the reception held in the church following the ceremony. Candles and a two tiered wedding cake, topped with the bride and groom ornament, adorned the reception table. Besides the wedding cake, punch, candy and nuts were served to the guests.

For traveling, the bride wore a blue wool crepe suit with brown accessories. Her corsage of pink sweetheart roses was from her bridal bouquet. Another lovely feature of the dinner was the expression of thanks by two little girls, an eight year old great grand-daughter, Wanda Elunk and ten year old grand-daughter, Shirley Scott.

VET INFORMATION: Veterans of World War II whose National Service Life Insurance has lapsed have only until the end of December in which to reinstate it without a physical examination. This warning was issued by Robert J. Poelien, Veterans Affairs officer of Putnam County, who will assist any veteran in reinstating his insurance.

In addition to the statement of good health, the veteran desiring to reinstate his insurance need only to pay 2 months' premium in order to bring his policy up to date, regardless of the length of time it had lapsed. After January 1, 1948, the vets' officer said, a physical examination will be required for reinstatement of NSL Insurance which has been lapsed more than three months.

Several thousand Indiana veterans have reinstated their World War II insurance policies thus far in 1947. In addition to helping veterans reinstate their lapsed insurance, Veterans Affairs officer Poelien, whose offices are located at the Court House, will assist any veteran in converting his insurance to any one of six permanent plans.

### Gen. Meyers Case To Federal Jury

WASHINGTON, Nov. 25.—(UP)—A federal grand jury brushed aside all other business today to begin hearing the government's case against Maj. Gen. Bennett E. Meyers, the former Air Force procurement officer who allegedly exploited his office to amass a personal fortune.

Acting with almost unprecedented speed, the Justice Department arranged to go before the jury at 10:30 a. m., EST, to seek the first of a series of criminal indictments against Meyers. The dapper, 52-year-old officer only yesterday was disowned by the Air Force and stripped of his military decorations.

The Justice Department did not reveal the initial charges it would seek to press. But it was believed they would be perjury and subornation of perjury in connection with testimony before a Senate War Investigating subcommittee. Conviction on those charges carries a total maximum penalty of \$4,000 fine and 10 years in prison.

Besides a criminal trial, Meyers also faced an Air Force court martial for wartime offenses charged against him by witnesses before the Senate subcommittee.

These witnesses testified that Meyers piled up a fortune of \$131,000 through an illicit, undercover connection with the Aviation Electric Co., an Ohio subcontracting firm. Meyers denied the charges, contending they were motivated by his "love affair" with the wife of B. H. Lamarr, the company's "dummy" president.

On the basis of the Senate testimony, Secretary of Air W. Stuart Symington announced that Meyers had been deprived of his \$549-a-month disability pension and that his Legion of Merit and the Distinguished Service medals had been rescinded.

And as soon as the Justice Department finishes with him, Symington said, the Air Force intends to court martial Meyers in an effort to dismiss him dishonorably from the services retirement list.

It was as harsh a sentence as the grim-lipped Symington could impose, and he made it clear that he felt nothing but "disgust" at the "whole sordid story of Bennett E. Meyers." He said the story as unfolded before the Senate committee was "one of the most shocking scandals ever exposed in the history of our government."

To make sure that such a thing never happens again, Symington said, the Air Force is overhauling its procurement system and will ask the FBI to step in anytime there is any suspicion

**BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys**

If backache and leg pains are making you miserable, don't just complain and do nothing about them. They may be warning you that your kidneys need attention.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 1 1/2 pints a day.

If the 1 million of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backache, rheumatic pains, leg pains, loss of sex and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or heavy passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't Wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's gives speedy relief and will help the 15 million of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

## RETURN SEEN OF INSTALLMENT BUYING BANS

WASHINGTON, Nov. 25.—(UP)—Restoration of government controls over installment buying appeared likely today to be the first of President Truman's 10 anti-inflation proposals to be acted upon by Congress.

Chairman Charles W. Tobey, R., N. H., of the Senate Banking Committee expressed hope that his group would vote today or tomorrow on a bill to restore installment buying controls on such durable consumers' goods as automobiles, refrigerators, radios and vacuum cleaners. He hopes to get the bill on the Senate floor within the next few days.

Tobey's committee invited industrialist Henry J. Kaiser to discuss installment buying today, while Sen. Robert A. Taft's joint economic committee asked Marriner S. Eccles, chairman of the Federal Reserve Board, to give his views on the subject. The House Banking Committee called Secretary of Treasury John W. Snyder for an overall picture of the administration's

program to combat inflation. In other developments on the price front:

1. Congress reacted with caution to an administration request for authority to buy the entire 1948 wheat crop if a critical shortage develops. Sen. Taft described the proposal as "rather extreme."

2. Some members of the Senate Appropriations Committee favored sending abroad foodstuffs in ample supply instead of scarce wheat, even though the substitution might increase the cost of the foreign aid program. They said any increase would be offset by the benefits of a larger wheat supply at home.

3. Chairman Jesse P. Wycott, R., Mich., indicated his House Banking Committee, like the joint congressional economic committee, would shy away from any discussion of price control and rationing, at least for the time being.

Indications are that the Senate Banking Committee will approve restoration of installment buying controls on a temporary basis. Most committee Democrats and three Republican members admittedly favor the plan requiring a one-third down-payment on most consumer durables, with 15 months to pay the balance.

**No Rest For Tiger Netters**

The DePauw basketball squad will have both morning and afternoon drills during the Thanksgiving vacation, with a one-day holiday on Thursday. Coach Hal Hickman is preparing his squad for a tough three-game schedule in the first six days of the season, beginning with an encounter with Hanover here Dec. 2.

Several promising freshmen, the products of last year's leading high school teams, and the return of nine lettermen, seven from last year's Tiger squad, has bolstered the team's strength and puts the Tigers in a good position to retain the conference title.

John Heise, six-foot, five-inch sophomore, is leading contender for the first-string center post; Earl "Red" Gardner, last year's varsity center and All-State star will move to the forward post, playing with Tom Beck, another sophomore who came up from the reserves to varsity playing last season.

The outcome of this week's practice will determine the starting guards, with Dick Light and John Mote, who alternated with All-State guard Bill Walton last season, leading the list of candidates.

Following the season's opener on Dec. 2, the Tigers will be hosts to Franklin on Dec. 4 and will travel to Bloomington to meet the Indiana team on Dec. 6.

The "new look" in cars is a Studebaker origination

Announcing the new 1948 Studebakers

AMERICA'S most admired, most desired postwar automobile now swings on the scene in a fabulously fine new 1948 version. Thrillingly different new Champion and Commander convertibles add their glamor to the "new look" that's a world-wide Studebaker style mark. Low-slung new 1948 sedans and coupes round out the picture. Here's a star-studded presentation of modern motoring that emphasizes anew the outstanding distinctions of Studebaker styling and engineering. The first showing of the superb new 1948 Studebakers to arrive in town is now on. You and your family cordially invited to attend.
