FARMER KILLED

FRANKFERT, Sept. 27.—(UP)—Court Whittaker, 64, a Clinton county farmer, was hurt fatally yesterday when he was caught in a soybean combine. His badly battered body was found by William Kesterson, a neighbor, but Whittaker died before aid arrived.

48-50 KILLED IN 3 SEPARATE PLANE CRASHES

Airplane crashes in three countries claimed from 48 to 50 lives today.

Twenty-three persons including two Americans were feared dead aboard a missing Mexican airplane believed to have crashed yesterday against snow-capped Popocatepetl volcano, 45 miles southeast of Mexico City.

The U. S. Air Force said 12 officers and men went down last night with a B-29 bomber that crashed and burned in a rugged mountain area of southeastern Oklahoma.

In England, 12 and possibly 14 British air men were killed last night when two four-engined Royal Air Force Lincoln bombers collided in midair during a mock bombing raid over Staythorpe, 120 miles north of London.

A Mexican peon reported seeing "a large plane" crash into the three-mile high peak of the volcano yesterday afternoon. The Mexican Airline, a Pan American Airways subsidiary, said the plane, was hours overdue on its flight from Tapachula, on the Guatemala border, to Mexico City.

Rescue parties started climbing the steep and jagged sides of the volcano at dawn to search for the wreck and possible survivors, but it was believed that all aboard had died in the crash.

The B-29 left Smokey Hill Air Force Base at Salina, Kan., with a loading list of 13 on a routine training flight. It crashed into the hills near Tahina, Okla., at 7:15 p. m. CST (8:15 p. m. EST) and burned.

Rescue crews recovered nine charred bodies and worked all night searching the smoldering wreckage for the still missing bodies of the rest of the crew. Witnesses said the bomber apparently crashed when one of its four motors failed.

In England, bomber command headquarters said the two bombers were in a force "attacking" the Staythorpe power station. The falling planes smashed village water mains and damaged power lines.

The debris of the wrecked planes was scattered over an area of several miles, the RAF said, but no houses were damaged by the wreckage.

The bodies of 12 members of the two crews were recovered, but it was believed 14 died because each plane normally carried a crew of seven.

Split Develops In A-Committee

WASHINGTON, Sept. 27 (UP)—An open split between the chairman and ranking minority member rent the joint congressional atomic energy committee today as it neared possible crucial decisions on American Atomic policy.

Chairman Brien McMahon, D. Conn., in biting terms he previously has carefully avoided, accused Sen. Bourke B. Hickenlooper, R., Ia., of making "extravagant... groundless accusations" against the atomic energy commission.

He said in a statement that the committee in long hearings turned up "not one scintilla of evidence" to support Hickenlooper's charges that "loose security policies" by the AEC helped Russia step up her atomic time table.

Hickenlooper, who was chairman of the powerful atomic committee during the Republican 80th congress, said in a senate speech yesterday that he had no speech yesterday that he had no doubt the commission's laxity helped speed Russia's production of an A-bomb "by a very sub-

MAYHALL AWARDED 25-YEAR SCROLL

(Left to right)—Mrs. Paul Pruitt, Mrs. Richard Houck, Kenneth E. West, Miss Edith Browning, Arthur Graf, Ward Mayhall and Ernest E. Collins.

Awarding a colorful hand-lettered scroll to Ward D. Mayhall featured a dinner meeting of the staff of the Central National Bank held last week in the bank's second floor dining room. The award was made by Ernest H. Collins on behalf of the Board of Directors.

Mr. Mayhall completed 25 years of service on September 2nd. He entered the employ of the Central Trust Company and when it was consolidated with the Central National Bank in February 1936. Mr. Mayhall continued as assistant trust officer and assistant cashier.

For the past ten years he has been a lending officer of the bank and was advanced to assistant vice-president in January 1948.

Local Lions Club To Sponsor First 'Plug Horse Derby' Sunday, Oct. 16

The first annual Plug Horse Derby will be sponsored by the Greencastle Lions Club in an announcement today by Herbert Nadzicka, president. The event will take place on Sunday, October 16th, and the several committees have already started making extensive plans to make the day entertaining and amusing for those attending.

According to J. Russell Myers, chairman of the publicity committee, anyone may enter horses, ponies or mules as there will be a number of racing classes for which cash prizes will be awarded. As far as is known, this will be the first event of its kind to be given in Putnam county.

The members of the Greencastle Lions Club have given of their time to complete a one-fourth mile track on the farm of Bayard Allen, 2 1/2 miles northwest of Greencastle, and the Plug Horse Derby will be given at this location. If successful, the Lions will make it an annual affair.

The derby will begin at 11:00 a. m. and will last for several hours. Food will be available on the grounds. There will be band music for the entertainment of the guests.

The chairman of the committees appointed by Mr. Nadzicka are as follows: Race committee chairman, Audrey (Dutch) Leimbarger; grounds committee chairman, Bayard Allen; publicity committee chairman, J. Russell Myers; food committee chairman, Charles Munson; entertainment committee chairman, Paul Evans; policing com-

The above picture shows Mr. and Mrs. E. Drake Brookshire of northeast Putnam county as they met Stefan Hryniak, his wife, Anastasia, son Fed ar, age 12, and daughter Anna, 8 years old. This displaced family arrived here Friday evening from New York.

SCHOOL MONEY CHECKS SENT STATE AUDITOR

REFUNDED TO STATE BY ACTION OF COUNCIL; COMMISSIONERS

James Wright, Putnam county auditor, has sent two checks to the Auditor of Indiana for common school and permanent endowment funds which were ordered turned back to the state by action of the County Council and the Board of Commissioners.

One check, the common school money, totaled \$39,178.39, and the permanent endowment check was \$6,163.25.

Mr. Wright reported that the county owes \$12,139.83 back interest on the common school fund and \$1,430.16 back interest on the permanent endowment fund. He said the county has to pay interest on this money whether it is loaned or not.

The auditor also stated that there is a total of \$108,990.37 outstanding in common school fund loans in the county and \$863.33 in outstanding permanent endowment loans.

In compiling his report, Mr. Wright, also had to make a report of delinquent principal and interest payments. There are 24 delinquent loans, he announced, ranging from one to three years. Under the law, the county auditor is responsible for these delinquencies and he intends to see that these 24 loans are brought up to date.

RUSS ON MOVE IN ROMANIA; ENVOYS LEAVE

BELGRADE, YUGOSLAVIA, Sept. 27 (UP)—New Soviet troop movements were reported in Romania today in the wake of Hungary's demand that 10 Yugoslav diplomats leave Budapest within 24 hours.

The quarrel between Hungary and Yugoslavia appeared heading rapidly toward a break in diplomatic relations, informed western sources said.

Western intelligence sources and reliable military sources confirmed that one Soviet armored division moved recently from Russia into Romania.

This latest maneuver, these sources said, brought to seven divisions the total of Russian strength ringing Yugoslavia in a semi-circle extending through Romania, Hungary and the Soviet zone of Austria.

Heavy troops movements in satellite countries within one day's march of the Yugoslav capital of Belgrade first were reported several weeks ago. At that time Soviet strength on the Yugoslav border was estimated at 500 tanks, 50,000 men and an undisclosed number of airplanes.

It was thought here the Kremlin may be gambling on a belief that a revolt against the regime of Marshal Tito may break out in Yugoslavia.

Russian troops near the Yugo-

GIVES BIRTH TO QUADS; MOTHER, 2 BABIES DIE

CHICAGO, Sept. 27.—(UP)—A young mother who had received no prenatal care gave birth to quadruplets and then died with two of the babies, Holy Cross Hospital officials announced today.

Two boys and two girls were born last night to Mrs. Bernice Ecker, 33, wife of a furniture truck driver.

Her husband, Vernon, 29, said he and his wife "didn't expect the baby until January and had no idea there would be more than one."

A boy and a girl survived and doctors treated them in incubators in an attempt to save their lives.

Mrs. Ecker had three other children by a previous marriage. The family lived in a crowded three-room apartment on the south side.

EXTRA!

LAKE SUCCESS, N. Y., Sept. 27.—(INS)—Russia's proposal for a peace pact combined with the outlawing and control of the atom bomb was accepted for early consideration today by the United Nations.

The 59-nation Political Committee gave it third place on the agenda at the insistence of Soviet Foreign Minister Andrei Vishinsky. He said that its importance deserved the top spot but that he refrained from asking it because it had been handled in late.

In the vote, the UN Political Committee by 40 to 12 and five abstentions to place Greece first on the agenda and the Russian proposal third. Italian colonies was listed in second place.

NEW YORK, Sept. 27 (INS)—Negotiations between the Bethlehem Steel company and the United Steel Workers Union, (CIO) were recessed on a pessimistic note today after a three-hour session.

Joseph E. Maloney, chief negotiator for the union, said—"We are very far from an agreement."

WASHINGTON, Sept. 27 (INS)—The senate today confirmed W. Walton Butterworth as assistant secretary of state for Far Eastern affairs.

The vote was 43 to 27. The senate approval of the nomination was a defeat for Republicans who opposed Butterworth as a "symbol of the tragic fall of China."

Action on the nomination had been delayed for weeks while the China aid issue was fought out in the arms-for-friends bill.

Sen. Bridges, R., N. J., made the major attack against the appointment.

WASHINGTON, Sept. 27.—(INS)—Russia today agreed to return to the United States by Dec. 1 three icebreakers and 27 frigates lend-leased to the Soviet Russia during the war.

The agreement was signed at the State Department by Soviet Ambassador Alexandris S. Panushkin and Assistant Secretary of State Willard Thorp.

Under the agreement, the ice-

NATION AWAITS DEVELOPMENTS IN FOUR STRIKES

BREAK HOPED FOR IN STEEL, FORD STRIKES; VIOLENCE OCCURS

By United Press

The nation waited today for breaks in the steel and Ford labor deadlocks while violence threatened in Oregon as a result of the Hawaiian longshore strike and in Pennsylvania as result of the coal walkout.

About 1,500 CIO longshoremen in Oregon were reported converging on the Dalles, where municipal docks are not organized, to prevent unloading of \$800,000 worth of pineapple from a barge that slipped away from docks struck by the longshore union in Hawaii.

Firemen were reported unlimbering high-pressure water hoses for use in breaking up possible rioting if officials went ahead with plans for unloading with non-union help.

Police were assigned to protect 30 non-union shaft and stromines in western Pennsylvania where non-union miners voted to return to work today despite efforts by John L. Lewis' United Mine Workers to keep them idle during the current UMW strike.

A group of UMW men staged a county strike in the Gliner county courthouse in West Virginia in an attempt to force authorities to release two men arrested yesterday when 1,200 roving UMW pickets beat three non-union men and forced six mines to shut down operations.

Meanwhile, the CIO Electrical Workers union authorized a strike vote among 200,000 employees of General Electric and Westinghouse if the companies fail to give way in negotiations scheduled to resume beginning Oct. 4.

With a nationwide steel strike deadline less than 100 hours away, government officials looked to Pittsburgh in hopes of a major break in the deadlock between the CIO Steelworkers Union and U. S. Steel, the company that usually sets the pattern for the industry.

The government apparently was hoping for some dramatic development such as occurred last summer when the steel firms' united front cracked and they gave in one by one to President Truman's request for a delay of the strike until a fact-finding board could investigate the dispute.

Now it appeared that each side would have to give a little on their stands regarding the fact-finding board's recommendation that the union should abandon demands for a wage increase and the companies should finance a pension and welfare program amount to about 10 cents per man per hour.

The union was adamant on its contention that the companies should accept the recommendation in total but the industry insisted that the workers should contribute to the program.

About 4,200 steelworkers at three plants had already jumped the gun by staging wildcat walkouts in resentment to the industry's refusal to accept the board's report.

A deadline in the Ford motors dispute was barely 36 hours away but it was doubtful whether the 115,000 CIO United Auto Workers employed by the firm would be called on strike as

(Continued on page 3)

Bainbridge Man Called By Death

Charles E. Mitchell, age 79 years, died Monday at his home in Bainbridge.

Mr. Mitchell was born in Texas, May 23, 1870. He was a member of the Bainbridge Methodist Church.

Surviving are the widow, Mary, and five children, Arthur Mitchell, LaGrange, Ill.; Mrs. Raymond Etnier, Logansport; Donald Mitchell of Washington, D. C.; Joseph Mitchell, Chicago, Ill.; and Mrs. T. G. Araujo, Brazil, South America. There are five grandchildren and three great grandchildren.

Funeral services will be held from the Sands Funeral Home, Wednesday afternoon at one o'clock. The Rev. Bigler will officiate. Burial will be in the Zimmer cemetery north of Noblesville. Graveside services will be held at the cemetery. Friends may call at the funeral home at any time.

PERSONAL
And Local News
BRIEFS

Mr. and Mrs. Everett O'Hair and Mr. and Mrs. Joe Rossok spent Sunday with Mrs. Amelia Bavltz.

The regular meeting of the Women of the Moose will be held Wednesday evening 8:30 o'clock at the Moose Lodge.

Mr. and Mrs. Fred Boatman and Mr. and Mrs. Warren T. Caywood and daughters, spent the weekend at Crown Point, guests of Mr. and Mrs. Edward J. Engelhart.

President Clyde E. Wildman will address DePauw's first worship chapel at 10 a. m. Wednesday at Gohin Memorial church. Dr. Wildman's topic will be "Why Take Time to Come."

A family dinner was held at the home of Mr. and Mrs. Carl Berry and daughters, Kay and Jeanie on Sept. 25. Those present were Mrs. John Berry, Mr. and Mrs. John Seward and family, Mr. and Mrs. Carl Glaze and son, Johnnie, Mr. and Mrs. Earl Berry and daughters, Ann and Judy, and Mr. and Mrs. Malcolm Berry and son, Ricky.

Members from the Roachdale V.F.W. Post No. 3284 and its Auxiliary who attended the Sixth District V.F.W. meeting at Turkey Run Inn Sunday, Sept. 18, were Mr. and Mrs. Charles Stamper, Mrs. Alda McCammon, Mrs. June Garner, Mr. and Mrs. Richard Riggie, Mr. and Mrs. Joseph Riggie, Mr. and Mrs. Ralph Robbins, Mr. and Mrs. Clyde Perkins, and Merle Allen.

HOSPITAL NOTES
Mrs. Thompson Allen and twin daughters of Rockville, were dismissed Saturday.
Mrs. William Hayes and son of Greencastle, were dismissed Saturday.
Mrs. Harold Anderson and daughter of Gosport, were dismissed Saturday.
Mrs. Minnie Krecht of Greencastle R. 4, was dismissed Saturday.
John Carson of Greencastle R. 2, was dismissed Sunday.
Mrs. Alice Davis of Quincy, was dismissed Sunday.
Pauline Storm of Coatesville, was dismissed Sunday.
Harriet Whicker of Danville, was dismissed Sunday.
Mary Haltom of Quincy, was dismissed Sunday.
Rose Layman of Spencer, was dismissed Sunday.
Roy Goodpasture of Greencastle, was dismissed Monday.
Charles Thomas of Brazil, was dismissed Monday.
Louise Hart of California, was dismissed Monday.
Mrs. Mary Cooper and son of Clayton, were dismissed Monday.
Mrs. Lena Grimes and daughter of Greencastle, were dismissed Monday.
David Williams of Greencastle, was admitted Monday.
Minerva Dixon of Cloverdale, was admitted Monday.
Hazel Burkett of Spencer was admitted Monday.
Mr. and Mrs. Virgil Snider of Spencer, are the parents of a daughter born Monday.
Lula Ward of Roachdale, was admitted Monday.

SPLIT DEVELOPS
stantial period of time." McMahon, who previously has gone out of his way to avoid an open clash with Hickenlooper, apparently concluded the time had come to join the issue in blunt terms.

CARD OF THANKS
We wish to thank all our children, relatives and friends for the many lovely flowers, cards and gifts given to us on our 50th wedding anniversary.
Mr. and Mrs. William Ader pd.

ANNIVERSARIES
Birthdays
William Parrish, 79 years today, Sept. 27th.

[[SOCIETY]]
WEDDING SOLEMNIZED SATURDAY

Mr. and Mrs. John Klebusch are pictured above as they cut their wedding cake, following their marriage at the home of the bride's parents, Mr. and Mrs. Glenn Flint, Saturday evening. Mrs. Klebusch is the former Miss Marcia Flint.

Linda Hutcheson Enjoys Party
Several little friends gathered at the home of Mr. and Mrs. Lewis Hutcheson Sunday to help Linda Lou celebrate her first birthday.

Little baskets and wagons filled with candy, gum, and balloons were used for favors. They found their names and took their places at the table. They sang 'happy birthday' and Linda blew out the candles.

They were served ice cream and cake. Then Linda, with a little help opened her many gifts.

Those attending the party were Wanda Shutes, Amy and Johnny Long, Elmer Jr., Wells, Karen and Sharon Seward, Dany, Gordon and Randy Hutcheson, and Mona Ruth Brown.

Others present were Mr. and Mrs. Everett Seward, Mr. and Mrs. Lewis Long, Mr. and Mrs. Forest Hutcheson, Mrs. Opal Maen, and Mr. and Mrs. Ira Boswell. They were served doughnuts and coffee. All left late in the afternoon wishing Linda many more happy birthdays.

Jefferson Home Ec. Club Held Regular Meeting
The Jefferson Township Home Economics Club held their regular meeting Thursday afternoon, Sept. 22, at the beautiful new home of Flora Larkin with Mrs. Pearl Hurst and Mrs. Gene Sallust as assistant hostesses.

Their president, Mrs. Ketchem gave a report of the last council meeting. Plans were made for an exhibit for Achievement Day to be held at Reelsville, Oct. 28th. Mrs. Ketchem said the Greencastle Chamber of Commerce had asked the cooperation of the home economics club in having a fall festival. The club was divided into small groups and discussed a program for next year's work. A nominating committee was named. The motion was made and carried to buy plates for the school lunch room instead of the project that had been planned.

Twenty five members answered roll call by giving their favorite one dish meal recipe. The members were pleased to have Mrs. Benner with them. Other guests were Mrs. Herbert Elmore, Mrs. Rolfs Henkels, and Mrs. Mildred Staley. Mrs. Kenneth Salsman is a new member.

The next meeting will be held at home of Mrs. Amos Fine, Oct. 27th, with the lesson "Food for Health" given by Pauline Larkin and Dorothy Pickens.

Local Couple Wed 50 Years
Mr. and Mrs. William Ader were greatly surprised Wednesday evening, Sept. 21, by their children, relatives, friends and neighbors, the occasion being their 50th wedding anniversary. Those attending from out of town were Mr. and Mrs. Richard

Needlecraft Club Meeting Held Friday
The Needlecraft Club met with Mrs. George Schafer on Friday afternoon with good attendance. The highlight of the meeting was the presence of their honorary member, Mrs. Eugene Hamrick from San Bernardino, Calif. It was voted to place the name of Mrs. Vesta Rawlins of Ft. Wayne on this honorary list.

The 5th District meeting of clubs to be held at Clinton October 14, was announced.

The club contributed to the polo fund.

Mrs. Frank Schafer gave a very clever original skit entitled "Friend Husband." She also gave the history of lace and pottery, closing with two contests.

Seasonable refreshments were served by the hostess during the social hour. The club adjourned to meet with Mrs. Cecil Brown in October.

Group Enjoyed Wiener Roast Friday Night
Jean Nelson, Pete Nelson, Ralph Johnson, Lucille Johnson and Evelyn Nelson, entertained friends at a wiener roast Friday night at the home of Jean Nelson.

Those present included Russell Cox, Lucille Johnson, Joan King, Bobby Wallace, Forest Varvel, Chitra Hutcheson, Bud Wilson, Jennie King, Jimmy Wallace, Carol Rossok, Malcolm Burk, Martha Littrell, Leonard Wells, Charles Nelson, Karen Reed, Ralph Johnson, Junior King and Gene Ash.

O. E. S. Meeting Wednesday Evening
The fall meeting of the Ninth District organization of the Order of the Eastern Star will be held Wednesday evening, September 28, at the Masonic Hall in Waynetown. A pitch-in dinner will be served at 6:30. Members are requested to take their own table service.

Herbert C. Morrison of Crawfordsville, Worthy Grand Patron of the Indiana Grand Chapter, will be honored at the meeting. All Eastern Stars are cordially invited.

Roachdale P. T. A. To Meet Oct. 3
The October meeting of the Roachdale P. T. A. will be held in the home economics room at the school building at 2 p. m. Monday, Oct. 3. The committee has planned an interesting program and looks forward to a large attendance.

Whelan of Crowville; Mr. and Mrs. Samuel Maiteson of Lafayette; Mr. and Mrs. Rex Hunt of Arcadia; Mr. and Mrs. R. P. Jarlan, Mr. and Mrs. O. C. Dickson and Mr. and Mrs. Elmer Ader, all of Indianapolis.

Mr. and Mrs. Ader received many beautiful flowers, cards and gifts.

Special Music Marked Service

Those attending Fillmore Christian Church Sunday were privileged to hear some very special music. Rev. George Kendal introduced Mr. and Mrs. Frank Kelly from his home church in Eellingham, Washington. Mr. Kelly is traveling over the country giving Harmonica concerts. He has harmonicas in all the keys and attachment, which he has invented to further the quality of his music. At the morning service he gave a beautiful rendition of "Whispering Hope," with Mrs. Raymond Lisby at the piano. The entire evening service was given by Mr. Kelly. Three numbers greatly enjoyed were those Rev. Kendal sang with harmonica accompaniment. He was once one of the boys in an harmonica band directed by Mr. Kelly. A free will offering is taken at each of these concerts and the entire proceeds are sent back to help finance a Christian Camp for young people in the state of Washington and to provide scholarships to that camp.

Actor "Framed" Starlet Charges

LOS ANGELES, Sept. 27 (UP)—The District Attorney's office investigated charges today by film starlet Lila Leeds, 21, that actor Robert Mitchum was framed in his arrest on marijuana charges.

She indicated to police investigators that she thought blonde dancer Vickie Evans, 26, was a police spy who lured the bobby-sox idol and herself into a trap last year.

Mitchum, asked to comment on

the charges, said he was that he was framed, saying that "everybody knows the police must have information order to do their work."

The sleepy-eyed actor served 50 days in jail when pleaded guilty to narcotics session charges after being together with Vicki and estate dealer Robin Frost. Laurel Canyon cottage Oct. 1, 1948.

Vicki, extradited from York to face similar charges, demanded a jury trial and acquittal.

The blond Lila was one of a parade of witnesses before investigators checked former actor's agent Paulmann's story that Mickey Cohen bossed a racketeer ring of Hollywood starlets. Cohen denied the charge. Both Mitchum and Lila Behrmann as their agent last year. Mitchum testified against him on theft charges for which under sentence.

Dear Bride-To-Be:

DO YOU KNOW --

If photographs can be taken during a wedding ceremony? What the bride's family pays for? What does the groom pay for? What is the correct seating arrangement at the bridal table?

The answers to these and many other questions can be found in our 24-page booklet "How To Make Your Wedding Go Smoothly." It's free to you... all you have to do is drop by and pick it up.

And while you're there you can see the different types of bride's and bridesmaid's bouquets that you will be able to choose from. We will also cheerfully answer any question that you may have concerning floral decorations or centerpieces for the reception... there's no obligation on your part.

Decorations need not be elaborate to be beautiful. We have everything to fit your need... candelabra, palms, ferns, aisle carpet, pew decorations. May we serve you too?

Hoping to see you soon,

MILTON'S POSEY PATCH

Project Notre Dame
 Ind., Sept. 27.
 University of Notre Dame announced today that it will receive a \$1,400,000 grant from the Atomic Energy Commission to build a new \$1,400,000 science building fund.
 An agreement provides that the Atomic Energy Commission will provide a two-million-volt Van de Graff electrostatic generator for the radiation chemistry project.
 The new atom smasher, which will produce both high velocity electrons and X-rays, will be housed in a concrete structure to be built by the university.
 Notre Dame already has a similar four-million volt generator, used primarily for research in nuclear physics. It was employed extensively for radiation chemistry research during World War II when Notre Dame was the center of that type of work done in the Manhattan District.
 Another important source of radiation to be housed in the same concrete structure will be a radioactive cobalt source of gamma radiation.
 The purpose of the radiation chemistry project is to study the general effects of high energy radiations which are produced in the processes of radioactive decay in substances of all types.

Looking at Life

ERICH BRANDEIS
 Life certainly is a merry-go-round!
 For weeks you go ahead and plan something then some other thing comes along and upsets all your plans.
 So, it is just as well not to plan so much far ahead of time or, at least, not to be too disappointed if your plans don't materialize.

You may remember that a long trip to Michigan, Wisconsin and Minnesota all planned.
 We were going to visit those beautiful lake regions we had heard so much about for years and years.
 We had figured on covering more than three thousand miles in four or five weeks.
 I was actually wrapped up in maps — and I mean "wrapped up."
 You know those enormous folding things the American Automobile Association and the oil companies get out. When you open them up they are as large as bedsheets.
 To lay out our trip I had used four of these maps. The routes were all marked in red pencil. Mileages had been carefully figured.
 Out of touring guides and folders I had written down every inn and every hotel where we were going to stay.

But you know where I am writing this column?
 On the sixteenth floor of a hotel in Montreal, Canada!
 If you looked it up on one of your maps — or if you remember your geography, you would readily admit that Montreal is certainly not on the way from Connecticut to Michigan not by about six hundred miles.
 So, naturally, hereby hangs a tale.
 Why should anybody on the way to Michigan from Connecticut suddenly find himself in Montreal, with Quebec City the next stop?
 Well, if you had a syndicate like the one that is distributing my column, you might plan a trip to San Francisco and suddenly find yourself in Boston.
 That's what happened to me. I love my syndicate having worked for it for so many years that it has become part of my life.
 But there is an old saying in our profession, or business, or game, or whatever you choose to call it.
 That saying is "You don't have

to be crazy to be a newspaperman, but it helps."
 To paraphrase the comic "That's my Pop" — that's my syndicate.
 Here they went ahead and made several important speaking engagements for me and notified me that it would hurt them deeply if I did not fulfill those engagements.
 Business is business, and a fellow has got to eat.
 So now, instead of going on our three-thousand mile trip, we had to cut it down to a thousand, in order to get back in time for my appointments.
 So here we are in Montreal.
 From my window I can see the beautiful Notre Dame Cathedral and Dominion Square and the Basilica.
 Everything here is printed in two languages — English and French.
 My wife, while I am writing this, is studying the telephone book. She has just notified me that "le ton du cadran" means "busy signal."
 And I shall now close this column in French by saying: "Au Revoir."

PROMOTED TO CORPORAL
WITH THE EIGHTH ARMY IN YOKOHAMA, Japan Sept. 19th — Private First Class Wayne L. Bemis, 516th Engineer Service Company, has recently been promoted to the grade of corporal.
 Stationed in Yokohama, Japan's major port city and seat of headquarters of the Eighth Army, Corporal Bemis is filling an essential assignment with the Army's Occupational Forces here as a stock clerk with his company.
 Entering the Navy in March 1941, Corporal Bemis served in the Pacific in Task Forces 38 & 38 aboard the USS Bataan, USS Puerto Rico and USS Roper. He entered the Army in April 1948 and arrived in Japan in July of the same year.
 Corporal Bemis is a former

slav border would furnish moral support if not actual support for such a revolt. Belgrade, however, remained calm.
 The reported troop movements came only hours after the Hungarian government ordered 10 members of the Yugoslav legion in Budapest to leave the country.
 The 10 ordered out were believed to comprise virtually the entire staff of the Yugoslav legion, leaving Yugoslav minister 3. Jovanovic practically without aid of any description.
 The Hungarian government announced accused the Yugoslav diplomats of maintaining a spy network in Hungary so that

student of the Greencastle High School, Greencastle, Indiana. His permanent home address is Route No. 2, Greencastle, Putnam county, Indiana.
FOUR STRIKES
 scheduled at 12:01 a. m. Thursday.
 Negotiators were scheduled to meet again this afternoon. They broke up their joint session early last night after meeting separately during the day to "rephrase and review" their proposals to each other. It was believed that both sides made new offers when they met again in the evening but there was no sign that either would compromise their positions prior to a settlement in the steel dispute.
 The top command of the UAW has already warned workers not to assume that a strike is on even though negotiations have not been completed when the deadline passes.

Hungarian military secrets could be passed on to the Americans and British in Budapest.
 These charges, the Hungarian note said, had been proved in the recent trial of former Hungarian Foreign Minister Laszlo Rajk and seven co-defendants on charges of plotting to overthrow the government.
 Marshal Tito, in a Yugoslav government note which Tito personally handed to Hungarian Ambassador Sandor Kerests here Saturday, accused Hungary of staging the Rajk trial on direct orders from Moscow.
 Hungary's answer, coming less than 48 hours later, was to expel the 10 Yugoslav diplomats. Among those kicked out were military attache Mihailo Killiarda and second secretary first councillor Dusan Sajote, Slavko, Zecovic.
 Informed western sources said it appeared that the Hungarian government was attempting to force Yugoslavia to break off diplomatic relations.

NOTICE... TO ALL CUSTOMERS WHO HEAT WITH GAS

To assist us in providing the highest possible quality of service to our customers, let us light your pilot NOW. For efficient service, keep it lighted for the entire heating season.

If everyone would wait until cool weather to have his pilot lighted, it would be impossible for us to promptly service the requests of our customers.

So, you'll avoid possible discomfort if you let us light your pilot now for a full season of heating service. Besides, you'll help us maintain the high quality of service we always strive to give our customers.

Call our office between 8:45 A.M. and 5 P.M., Monday through Friday, and tell us when lighting your pilot will be most convenient for you.

"QUICK THINKING AND FAST ACTION GOT ME \$175 EXTRA ON A FORD TRUCK TRADE!"

Ford Model F-1 Panel, one of over 150 models in the Ford Bonus Built Truck line for 1949.

"When I heard my Ford Dealer was making the best truck deals in town, I decided to check," says Andrew Ligiski.

"It was a fact! The offer looked extra good. And when I stopped to think that used truck values were slipping, and that I might take quite a loss if I waited, I made up my mind on the spot.

"I'm tickled pink I did. Used truck values have slipped so fast in the last three months, I figure my quick thinking and fast action got me at least \$175 extra on a Ford Truck trade."

BUYERS TO SEE ANTIQUE EQUIPMENT

Do you have a genuine 50-year-old kerosene incubator hidden away somewhere on your farm? Or a traneest, a half head, one of those old-time benches, an egg "testing" or any other piece of poultry or egg production or pressing equipment that dates 1900 or before?

If you have, and you are interested in lending it for an historical exhibit of how the industry things a half century ago, you are asked to write at once the Institute of American Poultry Industries, 110 North Franklin Street, Chicago.

We're making this collection a special feature of our Mid-land Fact-Finding Conference at Kansas City next Feb. 14, to help commemorate years of progress in the industry and mark the start of the Institute's silver anniversary. Cliff Carpenter, president of the Institute of American Poultry Industries, explains.

"It's going to be interesting to see how these 'remember when' antiques compare with the modern equipment and supplies on display in the main exhibit at that time."

GIVE "BOSSIE A CLIP

"Bossie" will get in trim for

the fall season with a short clip. Purdue University dairymen say that the well-groomed cow's flanks are clipped and well brushed once the hot weather is over. A second tip for producing milk with a low bacteria count is to wash the udders and teats with a disinfectant solution before milking.

Cows that freshen during the fall and early winter produce from 700 to 1,000 pounds more milk per year than if they do not calve until spring or summer. Since heavy production depends partly upon giving the animal a dry period of six to eight weeks, fall freshening cows should not be deprived of their rest period, Purdue University dairymen say.

FARM PRICES AT PEAK

Prices received by farmers reached their peak in January, 1948. Since that time they have declined about one per cent a month on the average. After the peak of prices in 1920, the decline was 52 per cent in 11

months, an average of about 4 per cent a month. Thus the decline has been considerably more moderate today, Purdue agricultural economists point out.

WARNS ALL FERTILIZER SALES MUST HAVE TAGS

Since fertilizer is being trucked to farms in bulk in increasing amounts, inquiries are reaching the state chemist's office as to how such deliveries are to be tagged and how farmers are to be protected in these purchases, according to Dr. F. W. Quackenbush, state chemist of Indiana and head of the Agricultural Chemistry Department of Purdue University.

The Indiana Fertilizer law covers all sales of fertilizer whether in bulk or bags and state chemist labels showing the analysis of the materials are required to be delivered with all bulk sales in proportion to the weight of the fertilizer. A state chemist label must be delivered with each 200 pounds of fertilizer or fraction thereof. In cases of bulk deliveries by truck, tags

must be carried on the truck and delivered with the fertilizer.

Inspectors for the state chemist are sampling fertilizer offered for sale or sold in all parts of the state. Anyone who knows of fertilizer being distributed without state chemist labels or who has any reason to suspect the analysis of a shipment of fertilizer should communicate at once with the state chemist. Samples should not be sent but write a letter setting out the facts. An investigation will be made promptly and the actual analysis determined, if such is possible. Simply address the State Chemist, Lafayette, Indiana.

OFFICIALS BAWLING OUT FALLS ON HIS WIFE

SPARTANBURG, S. C. (UP)—A 51-year-old man was taken into court for cursing over the telephone.

D. E. B. Saunders was at political odds with City Manager T. Edward Temple. So Saunders called Temple's number on the telephone and delivered a verbal lashing liberally sprinkled with

salty language.

"I really told Temple off," Saunders said when officers confronted him with a disorderly conduct warrant. He was much surprised when they told him that Temple was not at home when he made his profane phone call.

He had no idea that he was

heaping abuse on the innocent Mrs. Temple!

Tennessee's oldest incorporated town, Jonesboro, was incorporated in 1779 but still has a population of slightly less than 1,000, according to the latest census.

CRAWFORDSVILLE, IND., ROUTE 4 WAYNETOWN TELEPHONE

Try and Stop Me

By BENNETT CERF

COLSTON LEIGH, whose lecture bureau supplies over half a syllable—the country's literary clubs with speakers—at so much a syllable—has troubles of the usual sort with his temperamental artists. Bad billing, late trains, inferior accommodations, discourteous chairmen—he's heard those run-of-the-mill complaints a thousand times, and can save the wounded sensibilities of his charges in his sleep.

On one unfortunate day last month however he received two unusual complaints that were harder to laugh off. One very dignified English poet had been frightened off the platform in the middle of his speech by a big dog who strolled amiably on to the platform and innocently began sniffing the back of the poet's pants. And an even more unfortunate artist—a soprano on the shady side of forty—had munched girlishly from the wings in a mid-Western auditorium and promptly fallen through a trap door careless stage hands had left open.

The classified ad section of a Philadelphia paper contained the classic: "Wanted apartment big enough to keep bride from going home to mother; small enough to keep mother from coming here."

Hudson sales zooming coast to coast

and we're joining in with the **BEST DEALS** IN OUR HISTORY

It just had to happen! When America is presented with a car—the New Hudson—that is obviously years ahead in styling and performance, there's action every-

where! And now, from Maine to the western Rockies and beyond, Hudson ranks first, second, third or fourth in sales among cars in all price classes in markets of all sizes!

40 YEARS OF ENGINEERING LEADERSHIP

WHAT a picture! Hudson sales for the first seven months this year over 30 per cent ahead of last year! Already more than 114,000 people have switched from cars of other makes to own a "step-down" designed New Hudson!

So why shouldn't we join in this surge of success with the best deals in our history? You're invited to enjoy a Revelation Ride in the only car that brings you the most of the four great things

people want most—beauty, roominess, road-worthiness, and all-round performance. Yes, it's America's 4-Most Car!

For road-worthiness, as an example, Hudson's "step-down" design provides the lowest center of gravity in any stock car—yet there's full road clearance! Result: the safest, steadiest, hug-the-road ride ever known! Come in, real soon. Bring your car along. See how much it will bring right now, traded in on a year-ahead New Hudson!

HUDSON A LEADER IN RESALE VALUE! National Automobile Dealers Association Official Used Car Guide books show "step-down" designed Hudsons commanding top prices in the nation's used car markets.

SHOP MURPHY'S ALL DAY WEDNESDAY

WILL STAND PAT

WASHINGTON, Sept. 27 (UP)—The British government's decision to stand pat against economizing on any of its socialistic projects today raised a question of direct interest to American taxpayers.

That question is whether a cut in British spending will be in areas where the United States might feel it necessary to pick up the burden. The United States long since took on expensive defensive responsibilities in Greece and Turkey which had been borne by Great Britain. We also assumed additional obligations for the cost of occupying Western Germany.

During the early September financial discussions here among British, Canadian and American officials it was reported without contradiction that London ultimately would suggest that the

United States pick up more of the tab for defense in the Far East.

These reports coincided with suggestions by United States officials that the British would have to curtail their spending program to get out of the financial hole. Since then the British government has devalued the pound sterling and is understood to be planning economic. It was reported that the cuts would be in administrative expenses.

Circuit Judge James V. Bartley, presiding at the trial, has received a report on the girl's mental condition but has not made it public.

LATE NEWS

breakers will be returned to the port of Bremerhaven, Germany, and the frigates to the port of Yokosuka, Japan.

LONDON, Sept. 27.—(INS)—Tax-ridden Great Britain received another blow to the pocket-book today when Chancellor of the Exchequer Sir Stafford Cripps announced a 20 per cent increase in the tax on distributed profits.

The move will raise the levy from 25 to 30 per cent. Cripps also warned of new government restrictions unless voluntary limitation of dividends is observed. He spoke in the House of Commons after the house briefly debated Russia's possession of the atomic bomb in opening the special session.

LAKE SUCCESS, N. Y., Sept. 27.—(INS)—China charged Russia in the United Nations today with violation of the Sino-Soviet friendship pact.

The formal charge was presented in a letter given UN Secretary-General Trygve Lie shortly before noon. The letter was presented personally by Chinese Nationalist Representative T. E. Tsiang.

In his letter, Tsiang requests that the charge be added to the assembly agenda.

WASHINGTON, Sept. 27.—(INS)—The senate Judiciary committee voted five to four today to ask Judge Sherman Minton of Indiana to testify at a closed hearing on his nomination to the supreme court.

Acting Chairman Kilgore D. Van Antwerp, announced the decision after the committee in open session heard senate majority leader Lucas, Ill., and a spokesman for the National Bar Association, Inc., urge Minton's confirmation.

The vote was taken at a closed meeting after the public testimony was climaxed by the announcement of Sen. Jenner R. Ind., that he was "inclined to favor his confirmation at this time."

Jenner had been regarded as a

possible opponent to the nomination although Sen. Capchart R., Ind., his senior colleague, gave the committee a blunt "O. K." on the nomination.

SEATTLE, Sept. 27.—(INS)—The U. S. Army Alaska communications system reported an earthquake was felt at Anchorage, Alaska, at about 7 A. M.—PST—today.

The ACS said its Anchorage station reported the tremor rattled dishes, but caused no extensive damage.

HONOR CRAIG

Among those from Greencastle attending the banquet at the B.P.O. Elks home in Brazil on Monday evening were: John Cartwright, Russell Pierce, Simpson Stoner, Fred Snively, Leo C. Conrad, S. C. Sayers, Dr. Russell Vermillion, and Glenn H. Lyon.

The affair was in honor of George Craig, recently installed national commander of the American Legion. Mr. Craig gave an excellent talk.

EYE MEN WANT HUNTERS TO TAKE BETTER AIM

DENVER (UP)—Colorado nimrods may have to take an eye examination to get their hunting permits.

State officials are studying a proposal made by the Colorado Optometric Association, to set up a visual screening test for getting licenses.

The optometrists said they made the proposal because of the "appalling accident and death rate" of hunters.

Air passengers flying the English Channel may now drive their automobiles up a sloping gangway into the nose of a specially designed airplane, park it inside, and after the hop drive directly to their destination. British Railways reports.

NOTICE OF COLLECTION OF TAXES

I will be at the following places for tax collection on these dates:

The State Bank of Russellville, Tuesday, Oct. 4th, 1949.
