CRASH OCCURS AT ROADS 40-43 INTERSECTION

TWO WOMEN INJURED IN ACCIDENT WEDNESDAY MORNING

Two women were injured and three autos damaged in a traffic crash at the intersection of U. S. 40 and State Road 43, five miles south of Greencastle, at 9:15 a. m. Wednesday.

Fred V. Willey, 59, of Shelburn, driving a 1951 Kaiser, was going east on 40 and made a left turn off the south dual pavement heading north on 43. State police said he failed to stop for the dual pavement on the north side of 40 and drove in front of a westbound 1950 Chevrolet driven by Orville Thomas, 38, of Jackson, Mich. The force of the impact caused Willey's car to hit a parked Ford automobile, owned by Rebecca Livingstone of West Lafayette.

Willey's wife, Eva, was taken to the Clay county hospital in Brazil, suffering from shock, lacerations and head injuries. Mrs. Virginia Thomas, 38, was also hurt but did not require hospital treatment.

State policeman Bailey, of the Putnamville Post, investigated the accident and charged Willey with failure to yield right-of-way.

Willey's 1951 Kaiser was reported as almost a total loss. Damage to the Thomas car was estimated at \$500 and there was about \$50 damage to the parked auto.

Local Woman Dies Suddenly

Miss Kathryn Daggy, aged 86, passed away suddenly this morning at the Putnam County hospital where she had gone for treatment.

Miss Daggy was the last member of one of the pioneer families of Putnam county, being the daughter of the late Addison and Agnes Lee Daggy. She was born in Greencastle and was educated in the public schools of Greencastle and was a graduate of DePauw University and a member of Kappa Alpha Theta.

Most of her active years were spent teaching in the west, principally in the state of California. Here she earned her Master's degree in education.

Upon retirement several years ago, she returned to Indiana to make her home with her sister, Mrs. Haddie Hamrick who preceded her in death in 1949.

Miss Daggy is survived by two nieces, Mrs. Gilbert D. Rhea and Miss Elizabeth Daggy of Greencastle. Funeral services will be held at the home of Miss Daggy, 122 E. Washington St. on Friday morning at 10:30. Rev. Raphael will be in charge. The body will be cremated and the ashes will be returned to Forest Hill cemetery. Friends may call after noon on Thursday.

HERE AND THERE

Eight racing pigeons were released at the Railway Express office by Gwin Ensign, local agent. Their home destination was Syracuse, New York.

Marriage license: Dr. T. A. Sigler and Miss Florence E. Hughes.

Delta Theta Tau met with Miss Julia Murnane.

Reports from down Poland way were that several residents of that community had seen a huge snake which had a head the size of a water bucket.

John Abel received a letter from his son, Walden, stating that he had arrived in Geneva, Switzerland.

WHAT WE NEED

We need a down town policeman. This was clearly demonstrated yesterday afternoon when a car double parked on east Washington street. Traffic was tied up throughout the section until the cars moved voluntarily. A policeman could have easily untangled the situation before it got too bad. However, one rarely sees a police down town, other than for parking meter repairs or collection. This is one town in the country where travelers passing through have to hunt for a police if they find one. The system is wrong.

TWO INJURED IN ACCIDENT ON NATIONAL ROAD

AUTO RUNS UNDER REAR END OF TRUCK NEAR MANHATTAN

A hitch-hiker suffered a fractured skull and a soldier en route home on furlough sustained cuts about the face in a traffic accident on U. S. 40, a half-mile east of Manhattan at 12:15 a. m. Wednesday.

Gordon Heasley, 23, Jeanette, Pa., was brought to the Putnam county hospital in the Rector ambulance with a skull fracture.

Daniel P. Haldon, 22, Fort Leonard Wood, Mo., was treated for abrasions and then lodged in the county jail charged with reckless driving by Trooper Grover Vaughn, of the Putnamville state police post, who investigated the accident.

Haldon, who had picked up Heasley in Missouri, was on his way to his home in Derby, New York, on a furlough.

Just east of Manhattan, Trooper Vaughn reported, Haldon drove his 1951 Mercury coach under the rear end of a Roadway Express semi-trailer, driven by Walter E. Hullinger of Muncie. Both vehicles were going east at the time.

The crash practically demolished the automobile and resulted in injuries to both occupants.

Heasley's condition was reported as "poor" at the hospital at 9 o'clock this morning.

Mercury Drops To 54 Degrees

After more than two weeks of temperatures which soared into the high 90's, Greencastle residents enjoyed a welcome relief from the summer heat wave as the mercury dropped to a low of 54 degrees Tuesday night.

The cool front, which moved in from the northwest late Monday and brought rain to this community on Tuesday, kept the temperature from going above 75 degrees yesterday.

During the night the mercury then descended to a low of 54. At 9 a. m. Wednesday, The Daily Banner thermometer registered 70 degrees.

The forecast for the state throughout the day was for partly cloudy and continued cool weather.

The Daily Banner rain gauge registered .62 of an inch of rainfall on Tuesday.

The rain stopped all hay production as well as wheat combining until late in the week.

Driver's Trial Set For Friday

Phillip E. Doty, Indianapolis, charged with driving while under the influence, pleaded not guilty when arraigned before Mayor Evan Crawley in city court here Tuesday.

The defendant's trial was set for Friday and his bond was fixed at \$500 by the mayor.

Doty, 35, was taken into custody by Lieut. Richard Raub, of the Putnamville state police post, Monday night and brought to the Putnam county jail.

Floyd Neselroad, 51, Rockville, who was arrested Monday evening in Roachdale, pleaded guilty to a charge of public intoxication when he appeared in city court Tuesday. Mayor Crawley fined him \$10 and costs.

SCOTTISH RITE SELLS HORSE SHOW TICKETS

ANNUAL EVENT WILL BE HELD AT STATE FARM JULY 20

The ticket sale for the annual Putnam County Horse Show to be held at the Indiana State Farm on Sunday, July 20, is going forward nicely under the direction of the Putnam County Scottish Rite Club whose interest is mainly a money raising project for the charity work of the club, but many of the members are horse minded and will enjoy seeing the horses on exhibition.

O. W. Hollowell, the president of the Scottish Rite Club, states that "Our entire membership of 152 members are all selling tickets for the Horse Show to raise funds, that will be used to aid and help the various needy charities in our county. Since you can't do anything worthwhile without money we decided to take on the selling of the tickets for the horse show and thus earn some money. To accomplish this we have divided our membership into 19 teams of about eight members per team, and a captain for each team. Thus we have a complete coverage for the county and surrounding territory." We feel this show will be well attended, for not only will there be a 10 class state wide horse show of the finest horses in the state for the various classes, but there also is the Shrine Horse Patrol of Murat Temple, Indianapolis. This patrol is made up of 30 Palomino horses—silver saddled and the riders wear beautiful uniforms. They will do a 25 minute drill on their horses that no one should miss. This is the patrol that showed in Madison Square Garden in New York in 1951 and in Miami this year.

When the invitation to this club was given to appear here, they accepted only on the appeal of the charity angle, plus being able to entertain the inmates of the Penal Farm. We, the Scottish Rite members feel sure you feel as we do—that if 30 business men will bring their \$ million show, as it is often called, to our community for the cause of charity, then the people should and will show their appreciation by attending such a performance.

The Putnam County Saddle Club members are doing a fine job preparing for a big day. There will be bleacher seats for around 4000 plus 600 reserved seats. All in all it will be a good show for a good cause and a big day for Putnam county. General admission is \$1.00. Reserved seats can be had by seeing Lois Arnold, at the First-Citizens Bank and Trust Company, price \$1.00 per person.

Miss Clarice Beamis who has been assistant superintendent of nurses at the Putnam County hospital, was named acting superintendent by the Board of Trustees at their meeting on Tuesday. She will take up her duties July 20, at which time Miss Mary Finn will leave.

Miss Beamis is a Greencastle girl. She took her training at St. Anthony's hospital in Terre Haute after which she spent a year here as general duty nurse. She then spent a year at the Passavant Memorial hospital in Chicago and returned to the Putnam County hospital as assistant superintendent of nurses.

The Board of Trustees will look over the field of applicants for a superintendent but will not be in any hurry to make a choice, due to the efficient work of Miss Beamis.

James W. Wright, county auditor, reported today that the Board of Review has completed its work and that just as soon as the official figures on taxing unit valuations are compiled, budget making officials will be mailed a copy of the valuation figures.

Boy 4, Under Federal Arrest

LANCASTER, Pa., July 9 (UP)—Little Richard Albert Hall—only four years old—played happily in his home here today, unaware that he was under federal arrest.

Richard, an alien, was arrested and paroled in custody of his father pending a court hearing on charges of overstaying his legal limit in this country.

The boy was born in France and came here with his mother at the age of three months to join his father, Richard, Sr., a former soldier who married overseas during World War II.

Hall took his wife, Jeanine, to Philadelphia where she started naturalization proceedings. Hall said he was told that Richard automatically would become a citizen.

A month ago, Hall was called to Philadelphia and told that his son was under arrest. The boy was paroled in the father's custody with a stipulation that Hall report on his son monthly.

Little Richard didn't mind the arrest a bit. But his father complained that government red tape has cost him several days pay "because of the trips to Philadelphia."

Auto Hits Truck In Mt. Meridian

A traffic accident occurred in Mt. Meridian on U. S. 40 at 12:20 p. m. Tuesday which involved a truck and an auto. Fortunately, no one was injured but damage to the car was estimated at \$100.

State police reported that a West Bakery truck, driven by Lewis A. Parnell, Indianapolis, going east on 40, started to make a U-turn on the dual pavement in Mt. Meridian. A 1949 Plymouth coach, driven by Reeves H. Baysinger, a U. S. Navy officer from Albuquerque, New Mexico, was also going east and following the truck.

As Parnell started to make the U-turn, Baysinger's car ran into the left rear end of the truck.

EXTRA!

CHICAGO, July 9.—(INS)—Pennsylvania Gov. John S. Fine implied today that he is for Gen. Eisenhower for the Republican nomination.

Fine would not say so directly, but the inference was clear from his answers to questions put to him by newsmen at convention hall during a televised interview.

The governor, who will poll his 70-man delegation this afternoon, said the Pennsylvanians "should go" for Eisenhower with 55 or 56 votes.

CHICAGO, July 9.—(INS)—GOP National Chairman Guy Gabrielson said today he expects to have the entire issue of contested delegations settled on the convention floor before this evening's session begins.

Temporary convention Chairman Walter S. Hallanan said, at the same time, that there will be a floor fight only over the Georgia and Texas cases, with a possibility that the credentials committee decision on the Louisiana case might pave the way for agreement on Texas.

Gabrielson said that he expects to receive the credentials committee's report on all of the contested delegations by 3 p. m. and that they would be acted upon immediately.

CHICAGO, July 9.—(UP)—The GOP convention credentials committee voted 59 to 0 today to seat 13 Louisiana Eisenhower delegates after Taft supporter offered them to Eisenhower in a "party harmony" move.

Taft forces, in the surprise move, dropped its fight for 11 of the Louisiana delegates awarded him by the national committee last week.

The credentials committee action left Eisenhower with 11 delegates from Louisiana and Taft with two.

Rep. Clarence J. Brown, leading Taft lieutenant told reporters there will "still be a fight" within the committee on the 25 contested delegates of Texas.

He said pro-Taft forces "intend to stand" on that compromise offer of 16 votes for Eisenhower and 22 for Taft.

Rep. John W. Heseltun of Massachusetts, leader of the anti-Taft forces within the committee, also conceded that there would be a fight over the Texas delegates.

He reaffirmed the intention of the anti-Taft forces to take the contest on Texas to the convention floor if they are defeated in committee.

LONDON, July 9.—(UP)—Nine Conservatives introduced a motion in Commons today asking Queen Elizabeth II to fire the "Red dean" of Canterbury.

They accused the dean, Dr. Hewlett Johnson, of "action contrary to his calling as a clergyman . . . and prejudicial to the interest of her majesty's subjects."

Johnson, who has held his post since 1931, has been a constant source of embarrassment to the Church of England and the government for his pro-Communist utterances. Only the queen as temporal head of the church can remove him.

UNITED NATIONS, N. Y., July 9.—(INS)—Russia vetoed today a U. S. resolution in the UN Security Council condemning Communist germ warfare propaganda and the Red "hate-America" campaign. It thus defeated the supporting votes of nine of the ten other council delegates.

Pakistan abstained on the ground that no actual investigation of the Communist charges had taken place and consequently it would be improper to condemn them as false. It was the 51st time in UN history that Russia resorted to the veto to block a majority decision of the council.

PITTSBURGH, July 9. (INS)—The Aluminum Company of America and the AFL International Council of Aluminum Workers today announced agreement on a unique five-year "escalator" contract covering 9,500 ALCOA workers in six plants.

The cost of living escalator clause used in the agreement has never been used in the aluminum industry.

HOOVER CALLS ON GOP FOR FREE NATION

EX-PRESIDENT ADDRESSES REPUBLICAN NATIONAL CONVENTION

CHICAGO, July 9.—(UP)—Former President Herbert Hoover fears that the November elections may provide the last chance "for the survival of freedom in America."

In his "last address" to a Republican National Convention, Mr. Hoover last night called for a united Republican party to restore a race of "free men" in the nation.

The nation's only living former President concentrated his fire on administration policies at home and abroad.

He took no sides in the battle for the GOP presidential nomination between Sen. Robert A. Taft and Gen. Dwight D. Eisenhower.

But he endorsed greater military emphasis on air power, which has been championed by Taft, and criticized the "phantom quality" of the Nato Army of which Eisenhower was supreme Allied commander.

The 77-year-old elder statesman of the Republican party attacked "tax-and-tax . . . spend-and-spend" policies of the Democratic administration and Democratic foreign policies which have "lost the peace."

Mr. Hoover traced the loss of freedom in America in such government policies as "give-away programs" and "socialized medicine" and the electric power program.

"If you want to see pure fascism mixed with give-away programs, look into the Brannan plan," he said.

He attacked the "inherent" power to seize private industry claimed by President Truman in the steel dispute and added with a wry smile:

"All Republican presidents were densely ignorant of those inherent powers."

He said the Korean fighting was "born at Yalta" and assisted by American support of so-called "agrarian liberals" in China.

Woman Injured in Collision

Mrs. Raphael Lasher, of Tell City, is in the Putnam county hospital suffering from a fractured vertebrae as a result of an auto collision at U. S. 40 and Road 49 Tuesday afternoon at 1:10.

The car driven by Mr. Lasher collided with one driven by Joanna Rubin of Terre Haute. The Rubin car was headed east and the Lasher car south on 43 when it pulled in front of the east bound car. Lasher said he could not see the other car because of a truck. Both cars were damaged to the extent of about \$500 each.

VETERAN DRIVER DIES

INDIANAPOLIS, July 9.—(UP)—Funeral services were arranged today for Charles C. Merz, former automobile race driver who died Tuesday.

Merz, founder of an engineering company, finished sixth in the first 500-mile race here in 1911, was fourth in 1912, and third the following year.

He was chief steward of the Memorial Day auto race from 1935 to 1940.

HOOVER HITS CORRUPTION, FASCISM, SOCIALISM

AS CHEERING DELEGATES march inside the Chicago Amphitheater waving banners, and flags, former President Herbert Hoover (right) waits to address the GOP national convention "for the last time." Standing on the left is Ohio Senator John Bricker, who introduced him, and temporary chairman Walter Hallanan is behind Hoover. The ex-president flailed the Democratic administration of the past 20 years as "assassins of freedom." He accused the Truman and Roosevelt administrations of "unpunished corruption," blamed them for trying to set up "a dictated society" and charged they espoused both fascism and socialism.

Violence Looms At State Park

WINAMAC, Ind., July 9.—(INS)—A threat of violence hung over Tippecanoe State Park today as a three-year dispute between the State Conservation Department and a group of Winamac farmers reached the critical stage.

The battle is over 1,400 acres of land in the park which was sold to the farmers by Pulaski county officials for a \$2,000 ditch assessment which the state had not paid on two ditches built through the area.

Those who purchased the land at public auction began farming it. But the Conservation Department claimed they had no right to the land, and Starke County Circuit Court upheld this decision. Later the Indiana Appellate Court also upheld the Conservation Department in the controversy.

The farmers, however, have continued to use the land, and yesterday the conservation department told one of them it plans to confiscate the land and the crops on it.

The statement was made to Russell Dilts, Winamac, as he appeared before the conservation board. James Tucker, Paoli, chairman of the board, said the farming has done irreparable harm to the area that was one of the two field trial areas in the state.

Tucker explained that the area used to be a sanctuary for birds, and therefore was an ideal field trial area, but has been damaged by the farmers.

He said: "It is our duty to protect the state's interest."

After leaving the meeting, Dilts and his attorney, J. R. White, said they will ask Pulaski Circuit Court for an injunction to allow them to harvest the crops.

Some 12 purchasers of the land are involved in the dispute. The land was sold after Perry B. Roberts ditch and Stone ditch were built by Pulaski county through the park, and the Conservation Department refused to pay assessments on the work.

Dilts claims that the farming on the property owned by him has been done by tenant farmers, renting the land, and that they have a right to their crops.

The department, however, said it told one Dilts tenant in 1950 that he had one more year in which to use the land, and then must get off it, and that he has failed to comply.

Some \$300 from crop sales over the past three years now is being held.

Dilts proposed that he determine how much money had been made from crop sales, and that the amount be divided between him and the Conservation Department. In return, he would turn over his deed for the property to the department.

The department, however, refused the offer, and said the land belongs to the state and so do the crops growing on it.

Gov. Henry F. Schrickler is in close contact with the dispute, and reportedly has told conservation officials he will make certain state police quell any violence in the area.

THIS AND THAT

(JIM ZEIS)

Nice weather, we're having NOW, isn't it!

Sorry to learn of Miss Mary Finn's resignation as superintendent of the Putnam county hospital. She has always been most cooperative with us in regards to news items which we certainly appreciate.

Congrats to Harold Surber, new president of the local Lions Club. And to retiring President Paul Evans, may we say he did a most efficient job while in office.

Business is humming in city court as Mayor Crawley will testify. This shows that our law enforcement officers are on their toes.

Yesterday's rain cooled off the Republican national convention somewhat, according to all reports.

Incidentally, we'd wager that Frank Vaughn hasn't missed a session at the big Chicago meeting.

We regretted to hear of the death of our friend, Clyde Lamb over at Brazil. We extend deepest sympathy to his sister, Mrs. Russell Clapp and to members of his family.

This column welcomes David W. Robinson, new assistant dean of students at DePauw, to our fair city.

Heard a couple of youngsters figuring just how many days it would be until school started again. Not that they were anxious to begin studying but how much more vacation they could enjoy.

Have you noticed how many new homes have been built or under construction in this community lately?

The front of the J. C. Penney store is undergoing a change. Workmen began on the project Monday, and then the rains came.

Here's a tip to the street force—we have received several reports of holes in the sidewalks and pavements in both the business and residential districts. Hope they can get to them soon and thanks in advance.

After numerous queries the past few weeks, we want to say that we still want to see Greencastle have a museum.

Now that the all-star baseball game is a matter of history, the big league players can settle down to "business as usual" and point to the World Series.

Two big events coming up!—The Putnam County Saddle Club horse show at the penal farm on July 20, and the Democratic national convention opening July 21.

A green light means that you can go ahead. A greenback often means the same thing.

Mrs. Frank Lane Hostess To Club

The Country Corner Home Demonstration Club held their June meeting at the home of Mrs. Frank Lane, with Mrs. Everett Fonner the assistant hostess.

The history of the song of the month was given by Mrs. Clyde Carrington, after which all sang the song, Flag salute and club creed were then given in unison. Roll call was answered with a short trip suggestion by nine

members. Mrs. Huber, the club president, conducted the usual club business. Since the club does not have a regular meeting in August, it was suggested that we have a program and luncheon at the Old Trail Inn.

Two contests were then given by Mrs. Fonner. Mrs. Vaughn and Mrs. Carrington were the winners.

Delicious refreshments were served by the hostess and the club adjourned to meet in July with Mrs. Robert Cooper.

Local Girls Held Offices At Annual Girls State

The girls representing Greencastle at Girls State held at Bloomington and adjourning on Tuesday evening performed their duties creditably. Several were elected to offices as follows: Miss Carolyn Peabody was elected to clerk-treasurer of Grigsby City, Miss Janet Fobes and Miss Beverly Bryan were each elected to the city council of Morgan City, Miss Martha Hirt was clerk-treasurer of Young City, Miss Barbara Fuson was elected to the House of Representatives and Miss Ginnie Scott served as county coroner of McConnell County.

Mrs. Russell Pierce reported that Girls State, which is sponsored by the Auxiliary of the Indiana American Legion, was a great success. Mrs. Pierce was a counsellor over the city to which Miss Sandra Grimes, former Greencastle girl who was elected governor, was assigned. The 625 Indiana girls attending Girls State were each assigned to the two parties, the Nationalists and the Federalists. Mrs. Willard Singleton also attended as a counsellor.

Attending from Greencastle in addition to the ones mentioned were Miss Patricia Monnett, Miss Sue Smythe, Miss Peggy Webb, Miss Ann Sunkel, and Miss Jane Umbreit and Rea Sutherland.

Saves 50 Cents, Loses \$75,000

CHICAGO, July 9.—(UP)—A Brooklyn jewelry salesman claimed today that his attempt to save 50 cents cost him at least \$75,000 in uncut diamonds.

Charles Silver, 63, told police he was robbed of between \$75,000 and \$90,000 worth of gems as he strolled in Chicago's loop early today.

Silver said he was walking from one downtown hotel to another when a gunman accosted him about 4 a. m. and snarled, "gimme the wallet."

He said he handed the bandit a manila envelope containing the diamonds and the man fled.

The jewelry salesman said he

Somebody finally murdered well.

In modern day bridge, adages represent just "a learning" and that, of course, can be a dangerous, not to grumble, thing.

Miss Lucy Brash was a looser than usual in the bid of today's hand. She was short of the requirements for opening three no trump. She knew Mr. Meek would raise her, holding something of four spades to the Queen, and the same thing in clubs, yet those cards would give her fine play for game.

Mr. Heinsite opened the hearts and Mr. Muzzy with the king. Miss Brash trumping the ten. Mr. Muzzy returns his partner's lead, led back the trey of hearts. Four would have been correct. Miss Brash played the Jack. Mr. Heinsite won with the Jack and led a "bird heart."

Thus Miss Brash had time to knock out the important diamonds while she still had this stopper in clubs. She ended up winning four diamonds, hearts, three spades and a making the impossible contract with an extra trick.

"Shift to a club at the second trick, Muzzy," rapped Mr. Heinsite, "and we beat their bid out."

Miss Brash felt sorry for Muzzy. "Why single out Muzzy?" she inquired. "Some of us could have beat the bid. I could have, for example, had led the ace and another as soon as I got the lead."

"Very funny," Mr. Heinsite sneered.

"Just my way of getting the point," Miss Brash contended, which is, that you claim know so much more about a game than Mr. Muzzy. He didn't YOU shift to a club trick three. That would have beat me, too."

FISHING FUN!

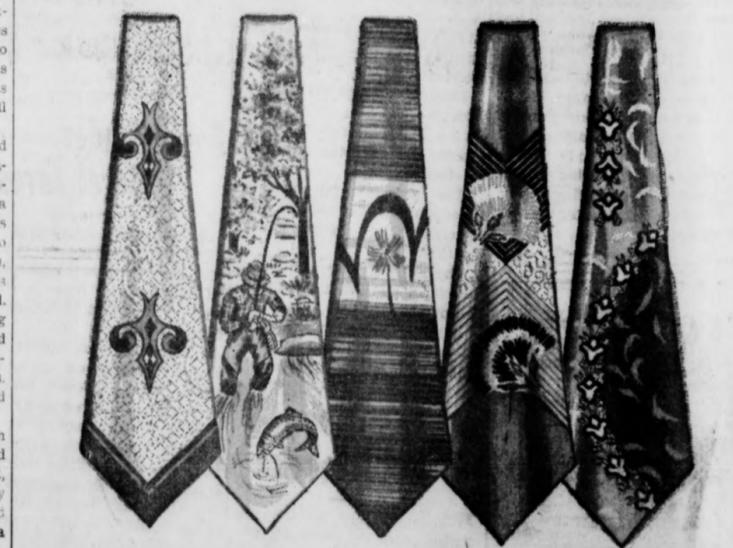

According to our calendar of sporting events, it surely must be about time for Percy Masten to make his yearly pilgrimage to the waters of Lake Manistique. Percy is in the habit of catching the largest fish at that resort, and has a plaque and a nice prize to prove it. He may not fare so well this year, as Ted (Buttercup) Brown, and O. J. (Hardwater) Stewart are going up to the lake, and if that doesn't scare the fish away, I don't know what will. . . .

Reds Protest Ridgway Visit

LONDON, July 9.—(UP)—Club-wielding police fought a brisk hand-to-hand skirmish with a small group of Communist demonstrators today as Gen. Matthew B. Ridgway arrived by plane from Paris for a two-day visit with top British leaders. The fight occurred as about 30 demonstrators rushed onto the airport and scattered leaflets when the allied supreme commander's plane landed. Police dispersed the group and later reported that seven were arrested. No casualties were reported. The leaflets read, "Ridgway go home—Britons never shall be slaves." About a half dozen men who wore red neckties tossed pamphlets into the air and shouted, "Go home, Ridgway." Police took them into custody. Ridgway and his wife stepped from the plane, which landed at 10:10 a. m. (5:10 a. m. EDT), as the demonstration was broken up. One demonstrator struggled and kicked at police as he lay on the grass at the edge of the runway, and it took four policemen to subdue him. As Communist supporters in the background interrupted him with frequent shouts, Ridgway expressed gratitude for his visit.

Mr. and Mrs. Hugh H. Walker and sons of W. Englewood, New Jersey were the guests of Mr. and Mrs. Willard Dreher, Colorado Springs, over the 4th.

Looking At Life By Erich Brandeis

A California reader writes me that he wants to be a columnist and asks me about the necessary qualifications. "How do you get new ideas for every day in the week?" he asks. "Do you have to have a college education? Do you read many books—particularly the classics?" "Do you have to do much traveling? Do you have to meet a whole lot of celebrities?" "And, above all, how do you get a job with a syndicate or a newspaper? In other words how do you BECOME a columnist?" Incidentally, the writer of the letter is a house painter who has never done any writing or any newspaper work. But he is getting along in years now, he says, and he wants something that is easier. He imagines writing a column is about the easiest thing he can think of. I really should not answer his letter—or the many similar ones

I receive almost every week. There is enough competition in this business of column writing without encouraging any more. But I, too, am getting along in years, and one of these days the space my column now occupies will be blank unless SOMEBODY fills it—so it may as well be my house painter friend. I have just finished reading a book entitled "William Randolph

Hearst, a Portrait in His Own Words," compiled by Edmond R. Coblentz, associated for 50 years with the late publisher and one of his closest friends. Mr. Hearst, was a great newspaperman. For several years he conducted a column in his papers and somebody asked him whether he wrote it himself. In his answer he assured the

It does not take much practice to put thoughts into words. All you have to do is to have some thoughts which are worth putting into words." And that is where the rub comes in. Where do you get the thoughts which are worth putting into words? Everywhere! You get them out of books. You get them out of traveling. You get them out of meeting people—not necessarily celebrities—but ALL people. You get them out of mixing with all sorts of folks. You get them from children, from housewives, from barbers and butchers and bakers and candlestick makers. But most of all, you get them out of YOURSELF. Gov. Fine Speaks To Republicans

CHICAGO, July 9.—(UP)—Gov. John S. Fine of Pennsylvania today called for a "forward-looking" Republican leadership to "turn the Democrats out and save America."

Fine told the Republican National Convention that the Democrats' spending, taxing and debt programs have impaired the nation's security and solvency. He denounced the Truman administration's foreign policy as a "hodge-podge" and charged that 20 years of Democratic rule have left the American people "confused and frustrated."

The Pennsylvanian, whose 70-vote state delegation still has not been committed publicly to any GOP presidential candidate, gave no hint as to whether he favored Gen. Dwight D. Eisenhower or Sen. Robert A. Taft to supply the new party leadership.

But he appealed to the convention for unity after the nomination is made to insure a GOP victory in the November election. "From here must come no har-

Gen. Ike Woos Calif. Delegates

CHICAGO, July 9.—(UP)—California's 70 key delegates to the Republican convention got the personal touch today from Gen. Dwight D. Eisenhower, after being wooed by Sen. Robert A. Taft and Harold Stassen.

The Californians, the largest bloc in the convention not committed to a major candidate, made a date with the general at 9:30 a. m., CDT.

The Eisenhower visit followed reported pressure inside the delegation, to abandon Gov. Earl Warren. The governor said he

Stassen and Taft saw the delegation yesterday and the Ohio senator got a reception some delegates called "surprisingly enthusiastic." Taft told the group he would put on a better campaign than some "popular people" the party had nominated in the past.

Stassen said he would campaign for the Negro, youth

and farm votes, which he said had been neglected by Republicans in losing national campaigns of the past 20 years.

Warren told a reporter he was aware of the pressure inside the delegation for a switch to Taft or Eisenhower. He said he talked about the situation with Sen. William F. Knowland (R-Cal.), the delegation chairman.

A Paved Feed Lot is Your Best Insurance Against Cattle Feeding Losses in Bad Weather!

Many a farmer has shipped half-fat steers to market just to get them out of knee-deep feed lot mud in late winter or spring... and taken a loss. But it is no longer necessary to gamble with such high-priced steers. Now you can afford a paved feed lot... the best insurance against cattle feeding losses in bad weather. It also enables you to save more manure; increase pork production from droppings of cattle. Such a lot is illustrated above. Inset shows clean pavement under manure.

—AND IT SOON PAYS FOR ITSELF

This is a mixture of clean stone and emulsified asphalt applied "cold", easily spread with a garden rake, rolled with lawn roller or truck. No forms are needed and the paved lot can be used immediately. You can save additional money by doing your own hauling, for Asphalt Mix does not need to be worked for later use. Investigate today. Prices and explanatory booklet free on request.

Thanks to the development of Asphalt Mix, paving costs have been cut approximately in half.
