THE ACCIDENTS SATURDAY ON STATE ROAD 43

AND WOMAN HURT IN ONE ACCIDENT ON SATURDAY

A 3-year-old boy suffered a cut on the head and a bruise on the forehead in a traffic accident on State Road 43, just south of the intersection, about 9:30 a. m. Saturday morning.

Police said Miss Suellen Smith, 25, of Bloomington, driving south on 43. She was on a wet pavement and skidded on the road.

Michael Shred, 2, suffered a deep cut on the head. Mrs. Ethel Mathews, motorist, suffered less serious injuries.

Other accidents occurred on State Road 43 Saturday morning. No one was reported injured in these mishaps.

William T. Irving, 50, Indianapolis, driving south in his Ford, told state police he was leaving the pavement when a northbound car, under control of his machine, turned over breaking off a tire pole on the west side of the road. The car, owned by the Omar Baking company, was on its side.

Police said that mechanical trouble caused the Bloomington bus to go over a steep embankment near the McKamoy garage while en route to this city.

F. Hodges, 37, Bloomington, driver of the bus, told police that the tire rods causing the accident. Six passengers were on the bus.

Richard Raab, who is in the Putnamville Post, reported that a 1949 Lincoln school bus collided at intersection of 43 and U. S.

Six Nabbed By State Officer

State Trooper George Hecko, of the Putnamville Post, reported Monday morning that he arrested six men between 7:30 p. m. and 11:30 p. m. Saturday and that their total fines and costs amounted to \$335 after they appeared before Justice of the Peace Ola T. Ellis.

Trooper Hecko said that Leo Surber, 61, Indianapolis, was taken into custody for drunken driving and leaving the scene of an accident. Robert C. Huber, 61, also of Indianapolis, riding with Surber was charged with public intoxication.

Charles L. Beck, 42, Paxton, Ill., was charged with drunken driving and reckless driving. Ray Beck, 55, of Newman, Ill., a passenger in the car was charged with public intoxication.

Jude Hendren, 42, Indianapolis, was charged with drunken driving and failure to have an operator's license.

Lloyd T. Major, 38, Bainbridge, was charged with driving while under the influence of intoxicating liquor.

SUIT FOR GAS RATE CUT FILED AT NEW ALBANY

CITY AFFECTED BY ACTION TAKEN IN FLOYD COUNTY COURT

To prevent the Indiana Gas & Water Company from appealing to Marion County Circuit Judge Lloyd D. Claycombe for a rate increase, the City of New Albany has filed a suit for a rate reduction in Floyd County Circuit Court.

The action affects 59 communities including Bloomington, Columbus, Crawfordsville, Greencastle, Greensburg, Knightstown, Lafayette, Lebanon, Martinsville, New Castle, Noblesville, Rushville, Shelbyville, Frankfort and Bedford.

The suit was filed by City Attorney Chester S. Wentzell of New Albany in an admitted legal maneuver to stop the company from carrying out its declared intention of appealing to Claycombe.

The company's demand for a 10 per cent rate increase was denied by the Indiana Public Service Commission Sept. 3, the two Republican members voting against the increase and the Democratic member favoring it.

Two weeks later L. B. Schiesz, utility president, declared he would appeal to Claycombe to set aside the PSC order as Claycombe did in the Indiana Bell Telephone Company rate case.

Wentzell's action forestalls that and assures that the case will be reviewed in Floyd county.

He asked the court to set aside the PSC order and to order the commission to reduce the rates, as advocated by Public Counselor James T. Robinson during the PSC hearing.

Mrs. John Hinote Called By Death

Mrs. Pernelia Hinote, age 82 years, wife of John Hinote, passed away Saturday at the Brown Nursing Home, following an extended illness.

Mrs. Hinote resided in Manhattan, where she was well known and had many friends.

She is survived by the husband; one daughter, Mrs. Essie Jones, Lethbridge, Canada; two sons, Joe and Hubert of Reelsville; four daughters, Mrs. Gladys Frederick, Terre Haute, Mrs. Mary Skelton, Mrs. Lola Tresmer, both of Greencastle, Mrs. Genevieve Wilson, Plainfield; one twin brother, Phillip Hutcheon of Manhattan; one sister, Mrs. Anna Sullivan, Terre Haute; several grandchildren and great grandchildren and other relatives.

Funeral services will be held Tuesday morning at 11 o'clock from the Rector Funeral Home. Rev. Dallas Riasler will be in charge. Interment will be in Forest Hill cemetery.

Friends may call at the funeral home.

FRANK MAIN DIES AT RATON, N. M. ON SUNDAY

Word was received here today of the death of Frank Main, New Mexico, who had visited here quite often. He died in the hospital at Raton where he had been a patient for a week. He resided at Mills, New Mexico. He will be well remembered here by many friends he made during his dozen or so visits to this community.

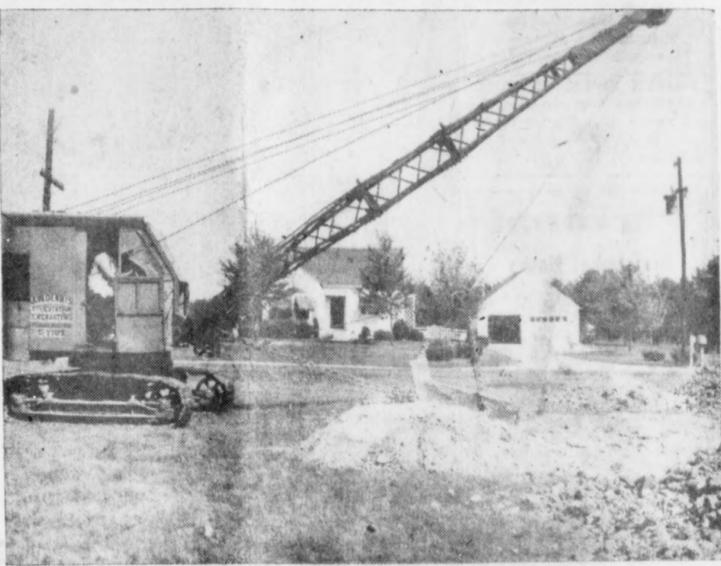

SERVING IN KOREA

WITH IX CORPS IN KOREA—Pvt. Robert R. Gary Jr., 20, whose parents live at 608 Howard St., Greencastle, Ind., recently arrived in Korea for duty with the 92nd Armored Field Artillery Battalion, a unit of IX Corps.

The corps, one of three in Korea, provides tactical strategy, administrative services and specialized support for the divisions under its control.

Private Gary, a cannoneer in Battery A, entered the Army in February and completed basic training at Camp Rucker, Ala. He formerly attended Greencastle High School.

This big drag-line started excavating Thursday afternoon for the new school building which will be erected at Pleasant Gardens in Washington township. It will be ready for occupancy when school opens a year hence. M. E. Milene of Terre Haute is the contractor.

Colts Win Honors At 3 State Fairs

Three saddle bred colts exhibited at the Kentucky State Fair last week by Miss Elizabeth Rariden, placed in their final showing Saturday afternoon.

A yearling colt shown was given the blue ribbon above a fine field of youngsters from several points. In the weanling class, one colt placed second and another third in a field of several entries. The yearling colt ended the show season by winning at Dayton, O., Lexington, Ky., Indiana State Fair and at Kentucky State Fair. The wean-

Arrested Twice In Week's Time

For the second time in a week, Kenneth Hinkle was arrested on an assault and battery charge by city police at 4:20 p. m. Saturday. Police said that the affidavit against Hinkle was signed by Officer Russell Capp and that by Officer Russell Clapp and that Mrs. Mike Boswell was the complainant.

Hinkle was lodged in the Putnam county pending a court appearance. Police records revealed that he was arrested on a similar charge on Saturday, Sept. 12, and fined in city court by Mayor Evan Crawley.

GAME SITE CHANGED

Athletic Director Tom Goldsberry announced today that the football game between Martinsville and Greencastle will be played on the high school field in the Artesian City at 8 o'clock Friday night. The tilt was originally scheduled to be played here but due to the fact that gridiron facilities are not available the change was necessary.

CLOVERDALE LIONS ENJOY ANNUAL FISH FRY AND PICNIC

Mr. and Mrs. Charles Rockwell and Jewell Vaughn, members of the Lions Club at Cloverdale go through the line for their supper Saturday evening at the annual fish fry by the Cloverdale Lions. Butch Allender seems to be putting out the deluxe service.

GREENCASTLE FOLKS ENJOYED FISH SANDWICHES

We detect several from Greencastle in this group as they enjoyed their sandwiches and baked beans and delicious home-made pies at the Cloverdale Lions Club Fish Fry Friday and Saturday.

TWO CARS DAMAGED

A traffic accident Saturday noon on East Washington street in front of the G. C. Murphy store resulted in property damage estimated at \$250 to the two automobiles involved.

City police said that a 1947 Plymouth, driven by Elvin Frederick Wheeler, Cloverdale, hit the rear of a Studebaker coupe driven by Avin Dean Shinn, Brazil. No one was hurt in the accident.

EXTRA

WASHINGTON, Sept. 21.—(INS)—Sen. Joseph R. McCarthy, R., Wis., confirmed today that his Senate Investigating Committee is checking on a man who claims to be Lavrenti P. Beria, ousted head of the Russian secret police.

McCarthy told newsmen that the man "resembles Beria and is in a non-Communist country."

However, McCarthy said that "at present I am not convinced the man is Beria. We are taking the trouble to check into it. I am extremely interested to know if this actually is Beria."

McCarthy spoke guardedly at a news conference after aides of his committee said the man who claims to be Beria is willing to talk to President Eisenhower, Vice President Richard Nixon, or McCarthy and, apparently at a later date, to testify.

UNITED NATIONS, N. Y.

Sept. 21.—(INS)—Andrei Vishinsky accused the United States today of trying to wreck the Korean peace conference. He insisted Russia seeks peace despite possession of hydrogen and atom bombs and revived in the United Nations disarmament proposals previously rejected by the assembly.

In a 90-minute speech considered to be the most disappointing to free world delegates yet heard on the international situation, the Soviet delegate blasted the U. S. for pushing German rearmament and assailed Secretary of State Dulles' position on Korea as "obdurate and faulty."

Immediately after Vishinsky laid down a four-point proposal for peace in the global forum, Dulles brushed it off by stating: "It is a negative speech. I will study Vishinsky's resolution but I have heard the same speech before."

Kids' Day Set For Saturday

Plans are practically completed for the annual Kids' Day at Robe-Ann Park this coming Saturday sponsored by the local chapter of the Fraternal Order of Police and associate members.

All boys and girls from six to fourteen years of age will be the guests of the F. O. P. from 10:30 a. m. until 4 p. m.

There will be plenty of entertainment and contests with prizes for the winners.

Lunch will be served at the noon hour and at least 2,200 youngsters are expected to be present.

Safety Picnic To Be Held Saturday

The annual safety picnic by employees of the Lone Star Cement Company will be held at Forest Park in Brazil on Saturday. It is estimated that a minimum of 800 men and women will attend.

The picnic will be in the form of a safety celebration, due to the fact that the plant went through last year without a lost-time accident.

A barbecue lunch will be served at noon for all employees and their families and officials who will attend from the Indianapolis and New York offices. During the afternoon many contests will be held and prizes awarded to the winners.

THE EQUINOX

Today the sun crosses the equator, going south, and it is supposed to rain or to have some unsettled weather. However, old timers say it is unusual to be so dry and without rain at this season and they forecast a continuation of the dryness.

DPU Enrollment Will Pass 1,700

An increase in enrollment last year already is certain at DePauw University, where 1697 students registered last Thursday and Friday for the current semester.

The announcement came today from Mrs. Value Williams, university registrar.

Late registrants will increase that total, which may reach 1725 when the final figures are released. Last year the first semester enrollment was 1681.

Of the 1697 who registered during the official two-day period, there were 841 men and 856 women—almost a 50-50 distribution.

The breakdown by classes shows 331 seniors, 282 juniors, 442 sophomores, and 619 freshmen. The remainder of the total is accounted for by graduate and special students.

BULLETINS

BERKELEY, Calif., Sept. 21 (UP)—Nineteen "happy and nervous" members of Maj. William F. Dean's family gathered here today to wait together for the returning hero of Taejon.

America's most famous prisoner of war in Korea was scheduled to arrive in the United States Tuesday. His plane lands at Travis Air Force Base, north-west of San Francisco.

The family group, including eight children, will leave the 54-year-old general's home here in a motorcade for Travis a short time before the announced arrival.

It will be the first time many of the children have seen Dean, notably his two grandchildren, Robert Dean Williams, 2½, and Ann, 7 months. Dean has been in the Far East for six years, almost three of them spent in the hands of the Communists.

UNITED NATIONS, Sept. 21—The United Nations today postponed for 24 hours a scheduled appeal by Nationalist China to the U. N. General Assembly not to conclude "another Munich" with the Chinese Reds.

Dr. Tingfu F. Tsiang, veteran chief of Chiang Kai-Shek's U. N. delegation, originally had been listed as the final speaker in today's general debate in the assembly.

A last minute revision of the speakers list shifted Tsiang to Tuesday afternoon. Russia's Andrei Vishinsky and Liberia's Henry Ford Cooper were scheduled to speak this morning. Alexis Kyria of Greece and Victor Andres Belaunde of Peru were listed for this afternoon's meeting.

Only the assembly's steering committee meets Tuesday morning.

WEST SPRINGFIELD, Mass., Sept. 21 (UP)—President Eisenhower flew through cloudy skies today toward Massachusetts, where he will visit the Eastern States Exposition before making a major address at Boston tonight.

Rain turned the exposition grounds here into a quagmire but failed to dampen the enthusiasm of persons waiting the President's arrival.

The chief executive took off from Washington at 7:02 a. m. CST. It was Mr. Eisenhower's first visit to Massachusetts since Nov. 3 when he made his final campaign address at Boston only a few hours before his election.

SEOUL, Korea, Sept. 21 (UP)—The United Nations army in Korea is "cranked up and ready to go" in the event the Communists renew the fighting, 8th Army Commander Gen. Maxwell D. Taylor said today.

The four-star general said Allied troops are building a mighty new defense line across Korea. A turn for the worse in the Korean situation would require no step-up in Allied military preparations, he told United Press.

"The 8th Army is like a football team either between halves or after the game we don't know which," he said. "We are assuming it's between halves until we find out differently."

LONDON, Sept. 21 (UP)—A Foreign Office spokesman indicated today the search for Mrs. Melinda MacLean, wife of a missing British diplomat, has been called off for the time being.

The 37-year-old woman and her three young children were last seen 11 days ago on a train from Lausanne, Switzerland with tickets for Austria.

Austrian police investigated a number of reports during the weekend on Mrs. MacLean's alleged movements through Austria but all proved false.

The latest report was that Mrs. MacLean and the children were seen driving off in a car from Schwarzach station Sept. 12, a week ago Saturday. Schwarzach is about 30 miles south of Salzburg on the main railroad line from Switzerland to Vienna.

BAKER, Calif., Sept. 21—Ten persons, nine of them members of a happy bridal party on their way to a Nevada wedding, were killed in a fiery car truck collision Sunday night.

The dead included a 14-year-old prospective bride, her fiancé and members of her family, including three children.

The tenth victim was the driver of the truck.

Police said the crash occurred near here as the party drove toward Las Vegas, Nev., for the wedding of 14-year-old Joyce Landsey and Thomas Graham, 24.

An 11th person, a young sailor was in critical condition from burns.

CHURCH SCENE OF BEAUTIFUL WEDDING

Mrs. Earl Lewis Miller

Miss Joanne Crosby Is Bride of Earl Miller

The marriage of Miss Joanne Crosby and Earl Lewis Miller was solemnized Sunday afternoon at 2:30 in the Roachdale Presbyterian church.

The bride is the daughter of Mr. and Mrs. Claude Crosby, of Roachdale, and the bridegroom is the son of Mr. and Mrs. Charles O. Miller, of Roachdale.

Maxine Batman played bridal music on the organ. Mrs. Herbert Jeffries sang "At Dawning" and "I Love Thee" before the ceremony. She sang "The Lord's Prayer" during the ceremony.

The Rev. Malcolm A. Harris, pastor of the Roachdale Presbyterian church, read the vows of the double ring ceremony before an altar decorated with two large baskets of white chrysanthemums and palms, and lighted with four seven branch candles. The pews were also decorated with small white bouquets.

The bride, given in marriage by her father, was lovely in a white gown of Peau D'ange lace and nylon tulle. The lace bodice, with portrait neckline, featured a deep yoke of pleated nylon tulle, scalloped with lace. Long lace sleeves ended in bridal points over the hands. The bouffant skirt was enhanced by a cutaway and had a chapel sweep. Her half hat of nylon tulle was accented by the pleated trim and bugle pearls. She wore a finger-tip veil of illusion and carried a prayer book topped with a white orchid and Stephanotis.

The maid of honor, Miss Sandra Crosby, sister of the bride, wore a moss green gown of iridescent taffeta and net combination. The strapless unpressed pleated bodice was topped by a pleated net insert and accented by a taffeta fitted bolero with a tiny stand-up collar. The bouffant skirt fell from the gathered waistline into floor length and was highlighted by tiers of net. Matching shoes and a small yellow headpiece completed the picture. She carried an arm bouquet of yellow fuji mums.

Miss Myra Johnson, Flossmoor, Ill., Miss Marilyn Allen, Gary, Miss Betty Rudy, and Mrs. Robert Frazier, both of Roachdale, were bridesmaids. They were gowned alike in copper iridescent taffeta and net combination, fashioned identical to the maid of honor's. They wore matching shoes and yellow headpieces and carried arm bouquets of yellow fuji mums.

W. Brutus Hamilton of North Vernon, was best man. Ushers were Kenneth Miller, of Merom, Russell Miller, Camp Atterbury, Charles O. Miller Jr., of Roachdale, brothers of the bridegroom, and James Baird, of Roachdale.

Following the ceremony a reception was held in the church basement. The table was centered with a round four tiered wedding cake topped with flowers. The basement was decorated with white chrysanthemums, palms and green and copper flowers, carrying out the bride's colors.

The newly married couple left on a wedding trip to Boulder, Colo., and Yellowstone National Park.

The bride's traveling apparel was an imported gold tweed suit with black accessories. Her corsage was of yellow fuji mums.

The bride is a graduate of the Roachdale high school and was graduated from Indiana University in June 1953. She is a member of Alpha Gamma Delta social sorority and Delta Theta Tau.

The bridegroom graduated from the Roachdale high school and attended Purdue University. They will make their home in Roachdale.

Out-of-town guests attending were Mr. and Mrs. William Alexander, Bainbridge; Miss Marilyn Allen, Gary; Mr. and Mrs. Frank Barnes, Shelbyville; Mr. W. K. Bartlett and Sue, Kentland; Miss Maxine Batman, Vincennes; Mr. and Mrs. James Bricker, Mrs. Ina Hall, Mr. and Mrs. David Sutherland, Crawfordsville; Mrs. Robert Burgher, Mrs. Cornelia Pope, Bloomington, Ind.; Mr. and Mrs. John D. Aces Rap Tigers In Grid Opener

Outmanned and outplayed, primarily in the line, DePauw's Tigers dropped a 19-7 decision to Evansville College Saturday night in Evansville's Reitz Bowl.

The Tigers held a 7-0 lead at halftime, tallying midway in the second period after an Evansville miscue; but the Aces pushed over two quick touchdowns in the third quarter and added a clincher in the final period.

It was the season's opener for both teams; and play was ragged. But the Evansville backfield, averaging 187 pounds and operating behind a 200-pound line, had little trouble moving through the Tiger forward wall.

Offensively DePauw was no better off, netting only two yards rushing against 276 for the Purple Aces. Most of the Bengals' five first downs Evansville made 22 came on passes, as they completed nine of 17 for 89 yards.

The scoring opened with five minutes remaining in the first half when DePauw's Gary Rutledge recovered a fumble by the Aces' Charlie Fisher on the Evansville 29. Five plays later, Jack Beabout passed to Dick Sharp in the end zone; and Bill Wooden converted to give the Aces a seven point lead.

It was all Evansville in the third quarter, which was less than half over when Tom Dillo rashed four yards over left tackle to climax a 57-yard drive. Job Scott missed the conversion and DePauw still led, 7-6.

But before the period ended, Joyd Whittaker intercepted a Tiger screen pass on his own 22 and ran 78 yards for a touchdown. Scott converted, to give the Aces their first Margin, 13-7.

In the fourth quarter a second string Evansville backfield moved 51 yards for the third tally with Milo Brines going off tackle to score.

USE CARE WITH SWEET POTATOES

Delay harvesting sweet potatoes for winter use until there is danger of a freeze, suggest Purdue University horticulturists. They say gardeners who harvest too soon are bound to cut their yields.

Even after the sweet potato vines become darkened by a killing frost, the sweet potato root continues to make some growth. observe the specialists. It's best to leave the vines alone, particularly since they add frost protection to the soil and for the roots.

When you do harvest sweet potatoes, keep in mind that they are easily bruised and should be handled carefully. After the roots are dug and dried in the sun for 30 minutes or more place them in well-ventilated crates or baskets. And remember, sweet potatoes keep best under fairly warm and dry conditions.

Looking At Life

By Erich Brandeis

Please don't think that I am advocating what is really only an idea.

The idea came to me after a friend of mine in Boston told me how the government's snoops and stools had almost caused him heart failure when they came around and asked him a hundred questions about his tax returns and practically convinced him that he was a contemptible crook and ought to be in jail.

It seems to me that if the government needs money that badly, they might as well adopt the methods of Chief Path Chay of the Issarak tribe of Cambodia. Three months ago Chief Chay allied to King Norodom Sihanouk, after ransacking Cambodia with a band of 1000 men who made their livelihood mostly by highway robberies.

Two months later the King put Chay in charge of the defense of Phnom Penh, capital of Cambodia. The Chief, like the Shah of Persia, found that the treasury was bare and needed money very badly.

I don't know why the idea ever occurred to him that Uncle Sam would surely come to his aid for some empty million dollars. All he would have to do is ask for it.

So the Chief organized a lottery, printed 100,000 tickets and distributed them to his men. The men put some extra bullets in their guns, went out and sold very last one of the tickets, sing their guns for sales talk. The French authorities estimate that he took in some 11 million francs, which is \$28,571 translated into American money. Then came a big howl from the "buyers."

The howl was particularly audible in French, because 3000 Frenchmen had bought tickets, and wanted to know why nobody was winning anything. And, as you know, nobody can roller as loudly as a Frenchman if you gyp him out of money. At any rate Path Chay was fired.

It might not be such a bad idea for Washington to follow Path Chay's idea. It wouldn't be nice, of course, to print up lottery tickets. That is some thing or which we, the saintly public, would never stand.

But why couldn't they get the tax collectors and investigators? Instead of just going through a man's books, they could simply point a gun at him and make him pay according to how frightened he was. It is like to make you bet that they collect more than the meagre few million dollars they get now by snoopng. They could even have a slogan: "We don't snoop, we shoot."

On the other hand, the government of Cambodia might well benefit by our own methods of raising money.

For instance, as a self-employed "independent contractor," as they call us columnists, I have been paying \$81 a year for social security tax. Beginning next year it will be \$108.

That wouldn't be so bad if when I get to be 95 years old I could collect. But I can't unless I become an unproductive loafer.

The law specifies that as long

as I have an income of more than \$50 a month from writing or any other productive activity, I get nothing until I am 75 years old.

In other words, I am penalized for having maintained my self-respect.

I am sure that our President and his new HONEST administration will want to establish a difference between themselves and Chief Path Chay of Issarak.

The Christian Rural Overseas Program (CROP), which acts as a channel for the distribution of food gifts overseas for Americans who wish to share with hunger-stricken people, some times provides the means for self-help. A severe drought in the Upper Danube basin of Yugoslavia last year killed the seed-bearing qualities of corn and wheat.

Through CROP, South Dakota farmers sent seed wheat and farmers in Indiana furnished hybrid seed corn. The seeds reached the port of Rijeka, Yugoslavia, late in March and were immediately distributed by the Yugoslavian Red Cross in time for spring planting. The above picture shows a Red Cross horse cart making the rounds in the stricken area to distribute the gifts.

CROP food gifts are sent overseas by Church World Service and distributed by CVS representatives in accordance with recommendations by the World Council of Churches and the International Missionary Council.

This year's CROP appeal will be held in 20 states in cooperation with State Councils of Churches. The appeal is organized on the county level. CROP is a program of the central department of Church World Service of the National Council of the Churches of Christ in the U.S.A.

"Just Fishin?" Here Is a Whale of a Catch

Plank your catch of baked stuffed whitefish. Cucumber stuffing and fish naturally team up together. Lemon wedges on cucumber slices add the special touch.

You wouldn't fish for a compliment, but your catch will be excellent either in or out of the Lenten season if you serve stuffed baked fish. When your family or guests take their first "bite" of stuffing—it's cucumber stuffing—you will pull in your quota of praise.

The cucumber stuffing is ideally suited to contrast the flavor of fish. And, too, it helps extend each serving, if you want to indulge in one of the more costly fish varieties.

In place of whitefish, you may select a three to four pound fish from such choices as salmon, mackerel, carp, lake trout, or swordfish. All of these fish are fairly rich in the amount of fat they contain and are best for baking as they do not dry out in the oven.

Bigger Business Boom In 1960s is Foreseen | Sight Economic Upsurge Following Tapering Off

Special to Central Press

WASHINGTON—The big postwar business boom may have run its course but some Washington experts believe the stage is being set for another economic spree in the 1960s.

These Washington economists believe that production and national income are at their highest levels and will taper off in the next few years barring any international crisis.

However, seven years from now, in 1960, the experts say, this country may experience boom conditions never before equalled in American history.

The reason is the steadily climbing population. By 1960, the big post-war baby crop of the 1940s will begin planning marriage and then demand will soar for housing and consumer goods. One Washington official says: "If you think you have seen a housing boom in the past few years, wait until 1960. It will be terrific."

SECRET SERVICE JITTERS—President Eisenhower and Vice President Nixon recently gave the Secret Service a bad case of jitters and the organization doesn't want it to happen again. It all occurred when Mr. Eisenhower came back to Washington from his Denver vacation to attend funeral services for Chief Justice Fred M. Vinson.

Without informing the Secret Service, which is charged with the welfare of the nation's leaders, Ike invited Veep Nixon to return with him to the vacation spot.

It was perfectly okay for Nixon to go, but an unwritten law was broken when the President and the Vice President made the hop in the same plane.

This put both their lives in one airplane and should an accident occur, the nation might lose both its top leaders at once. If such a disaster should occur, the speaker of the House would become President.

NEW COMPTROLLER-GENERAL—Senate Secretary Mark Trice is an open candidate for the \$17,500-a-year post of comptroller general—if and when its present occupant, Lindsay Warren, takes advantage of a new retirement law to quit.

Trice, who started out in government service as a Senate page boy already has the recommendation of the Senate Republican policy committee for the Warren position.

Trice made himself a candidate for the job after Congress, in its last session, amended the retirement law so that the comptroller general may retire at full salary for life after he has served 10 years of his 15-year term, reaches the age of 65 or is disabled.

Friends of Warren indicated that he might step out under these conditions. So far, however, Warren has made no move to get out. He has another two years of his term to serve.

MICHIGAN MELEE—The politicians in Washington are keeping an eye cocked toward Michigan where, they say, may come the hot test political battle of the year. It won't only be Democrats versus Republicans, either.

The Republicans especially may have quite a squabble among themselves before they decide whether Senator Homer Ferguson is to be a candidate for re-election.

If there is an intra-party fight, it will be between Ferguson and the former Air Force chief of staff, Gen. Hoyt S. Vandenberg. The general has threatened to run against Ferguson in the primary and he has encouragement from Democrats.

Former President Truman is said to have told Vandenberg that he can win the GOP nomination, the Democrats would put only token opposition against him.

However, such a move might stir up trouble in the Democratic ranks, too. Michigan Gov. G. Mennen Williams reportedly has set his sights on the United States Senate for 1954 and might balk at an Democratic deal with Vandenberg.

It's Blackwood On Bridge

Mr. Meek's Good Lead Is Opponent's Downfall

Mr. Meek is a good opening leader. One reason is that he gets plenty of practice. He defends on more hands than anyone else, including hands where he should have bid more and become the declarer himself.

In today's deal his opening was a real killer. He decided on it by a process of elimination. First, there appeared to be no point in leading clubs. Setting up dummy's club suit would probably be exactly what Miss Brash would do herself, as soon as she got in.

Apparently a diamond lead could gain nothing. It was likely that diamonds would be dummy's shortest suit. As to hearts, Mr. Meek had the top three cards in the suit and if the defender had a heart winner, it could be cashed later. That is, since Mr. Meek had a trick in both diamonds and clubs, there was no chance of Miss Brash running away with the hand.

This left only spades and Mr. Meek led the tray of that suit. Mr. Abel's queen forced the ace.

Miss Brash laid down the ace of diamonds and followed with the queen. Mr. Meek won with the king and persisted in spades, driving out dummy's king.

Now, since clubs were not yet set up, Miss Brash had no way to get away from a spade loser and down she went.

If Mr. Meek had made the "normal" opening of the king of hearts, the timing of the hand would have passed over to the offensive side. Miss Brash would have ruffed and knocked out the king of diamonds. A spade return at this point would have been too late.

Miss Brash could have won, picked up the last trump and led clubs until the ace was knocked out. Then she could have won any return and parked her losing spade on dummy's club suit.

House pullets early, say Purdue University poultry specialists. This means just as soon as they come into production. The adjustment from the range to the laying house usually takes a few days and for this reason it is advisable to put pullets in the

house before high egg production is reached. Make sure that feeders, waterers and other equipment are not out of reach.

Dairy cows due to freshen during the fall or early winter should be given a dry period of six to ten weeks. Purdue University extension dairymen say the few gallons of milk sacrificed near the end of the lactation will be returned many times during the next lactation.

If that patch of Canada thistle that was sprayed with 2,4-D is turning green with new thistle growth, spray it again. The new growth is from roots that was not killed by the first spraying. Purdue University plant pathologists believe if the plants are six inches or more in height, re-spraying will do some good toward further reducing the thistle stand for next year. Use about two quarts of 2,4-D in 20 gallons of water per acre.

What effect will the feeding of aureomycin have on your

beef calves and growing and fattening steers and heifers? For answers to these research questions, Hoosier cattlemen will not want to miss the annual Fall Cattle Feeders' Day at Purdue University, Friday, Oct. 9.

Animal nutritionists at Purdue have been investigating the role of this antibiotic in cattle feeding for a number of years and T. W. Perry, researcher, will be on hand to give the results of this work as a main feature of the morning program. Feeders' Day this year is scheduled to start at 10 a. m. on the Livestock Experimental Farm, located three miles north of West Lafayette on the County Farm Road.

How chopped forage compares with pasture as a feed for cattle will be discussed by W. M. Beeson, animal nutritionist. Four lots of cattle, including 96 two year old steers, were used in this trial. The feeding of chopped forage alone, chopped forage and the new Purdue supplement G; corn, chopped forage and supplement G; and pasture only were tried as rations during the summer. Now the steers are on chopped field corn and supplement A.

Whether it's more economical to allow cattle to graze on pasture or to take pasture to the cattle will also be covered in the current interest of many cattlemen, particularly breeders, in dwarfism, has encouraged the Purdue animal husbandry staff to include a session on this subject. Dr. F. N. Andrews, animal breeding specialist, will talk on the "Present status of dwarfism in cattle."

Visitors at the field day will also get a chance to see 150 head of yearling feeder steers purchased for Purdue cattle experiments during 1953-54. Lunch will be served at the Livestock Experimental Farm.

Chairman for the morning session will be Claude Harper, head of the Purdue department of animal husbandry. The afternoon session, which will be held at the Livestock Judging Pavilion on the Purdue campus, will be announced later.

Farmers are reminded to stay on U. S. 52-bypass-around Lafayette, when attending Feeders' Day. Signs along this route will direct them to the Livestock Experimental Farm.

REUNITED -- FIRST FAMILY FLIES TO CAPITAL

All together for the first time since the inauguration, the nation's first family pauses on the ramp of the presidential plane "Columbine" before flying to Washington from Greenville Air Station, Ill. The President and his wife, Mamie, hold little Barbara Anne by the hand and Maj. John Eisenhower, holding daughter: Susan, young Dwight David, and John Eisenhower enjoy the exciting moment. The younger Eisenhower had been staying at Sheridan.

PLANE ENGINE PRODUCTION CUT BACK HALF BILL

PRODUCTION CUTBACK of jet and other airplane engines is announced in Washington by Air Secretary Harold E. Talbott (left), Defense Secretary Charles E. Wilson (right) estimated at \$400,000,000 to \$500,000,000. Talbott said the cancelled engines are "all spares or extras" that affect Air Force buildup. EVERY HIGHWAY IS "PASSABLE but DANGEROUS"

Such a warning is not alone for a road under construction or repair. It's any road—it's every road.

The "open road" is engineered for safety. Its curves, grades, over and under passes, and road markings are all designed for you to drive and live. But every road can be as safe or as dangerous as you and millions of other drivers make it. It's how you drive, how you respect road controls, speed limits, stop signs; how you think when you drive and how you use or misuse the courtesy of the road that determines the degree of safety or danger.

Since the end of the war, rural highway deaths have climbed until they account for three-quarters of the toll in dead and injured. In 1952, 28,200 deaths out of a total of 38,000!

Three of every four accidents occurred in clear weather on dry roads. Eighty percent of vehicles involved in fatal accidents were traveling straight ahead.

These are stark facts which put the terrific highway carnage straight up to the driver behind the wheel. A reckless, lawless attitude makes safe highways dangerous.

Ask yourself, honestly, "Am I a safe, or dangerous driver?"

BEST BUY Good Used Pull-type 2 row I.H.C. Picker. **GREENCASCADE TRACTOR SALES** Your Ford Tractor Dealer

They're all talking "best deal in town" BUT WHO'S GOT IT?

Are you really sure that the car dealer who gives you "the best deal in town" really gives you the best BUY in town?

As you well know, the best BUYS are based on value.

Because value lasts longer than any other quality—and, in automobiles, that means longer motoring pleasure, greater safety, lower upkeep, and a better trade-in allowance later on.

"The Buy of the Year!"

The new Packard CLIPPER has made news all year long as "the buy of the year." Way back last winter, the "in-

siders"—men of recognized automotive experience and instinct—tagged the CLIPPER as the car of the year in the medium-price field. A real, old-time PACKARD value.

You know very well that you never bought an automobile right off the printed page. You bought it ONLY after a demonstration when features either come to life or amount to nothing.

So we urge you: before you take that "best deal in town" ... take a demonstration in the new Packard CLIPPER and value-check the features with which we challenge all other cars!

Did you know that you can own a new Packard CLIPPER for as little as **\$2596**

*Plus state and local taxes, if any. Optional equipment, including white sidewall tires, extra. Prices may vary slightly in nearby communities due to shipping charges.

The New Packard CLIPPER SCOTT'S FRANKLIN STREET GARAGE GREENCASTLE, INDIANA

We challenge them all on a value check of the following points

- Modern contour styling. Check it for greater all-around visibility, wider doors, more room, more luggage capacity.
- Famous Packard-built engine. Famous Packard ride—"Rides like a Packard" is the highest compliment you can pay any car.
- Famous Packard Ultramatic, designed and built by Packard for Packard CLIPPER—the smoothest power shifting of all—no whish, no whirrr, no jerk, no jump.
- Famous Packard-built power brakes and power steering.
- Famous Packard CLIPPER back-saver seats.
- Top trade-in value.

Optional at extra cost. N-115D

IN MEMORY
 In memory of my mother who left us Sept. 21, 1950.
 The memory of you, Mother dear,
 Is like a thing of gold,
 That never dulls or tarnishes
 Or grows the least bit old.
 It is a ray of sunshine bright,
 That fills an empty room,
 And it is like a flower fair
 That never fails to bloom.
 It offers consolation in the face
 Of strife and stress,
 And adds a certain Beauty,
 To each dream of happiness.
 The memory of you, Mother dear,
 Forever long apart,
 Is like a soothing melody
 That lingers in my heart.
 It is a perfect picture
 Of a rainbow in the sky;
 It is a picture of the past,
 That cannot ever die.
 Mrs. Peggy Rowland,
 daughter.

N. Y. MAYOR MAY DESERT DEMOS

ALTHOUGH DEFEATED by Robert F. Wagner, Jr., and the latter's New Deal Democrats, in New York's mayoralty primaries, Mayor Vincent R. Impellitteri (right) is smiling and charming self as he meets Prof. Henri Chretien, developer of the CinemaScope movie process, at a movie premier on Broadway. The professor's daughter, Yvonne, and his wife are at his right. Reports are that Impellitteri may desert the Democratic ranks and become an independent candidate for mayor. IN MEMORY
 In loving memory of our sister, Elma Wallace Schulz.
 Our thoughts go wandering when daylight fades,
 To the land of long ago,
 And memory paints the scenes of old
 In the gold of the twilight glow.
 We seem to see in the soft, dim light
 A face we love the best.
 And think of her when the last ray
 Goes down in the far-off

Worth more and why

THERE ARE two generally accepted meanings of the word "worth." One comes down to cold hard dollars and cents value. The other is personal: what something is worth to you in usefulness, in pride of possession, in reliability, and in other ways.

Either way you look at "worth" we feel that you'll find the new '53 Ford worth more. And here's why:

- If you could check the used car prices of last year's cars, you'd find that Ford keeps the greatest part of its original cost in resale . . . a greater portion than any other car at any price.
- Now, as everyone knows, the amount of value a car loses between the time you buy it and the time you sell it is the actual cost of the car to you. With Ford's low original cost and high trade-in worth, a Ford costs you less to own.
- And apparently a lot of folks have a lot of personal reasons why Ford's worth more to them. For that's why people are willing to pay more for a used Ford.
- To help you evaluate these reasons for yourself, we have supplied a few illustrations on this page . . . and we offer you a "Test Drive" in the '53 Ford at your convenience. Check the features that you want in a car and compare them with even the costliest cars. It's our feeling that once you do, you'll never pay more than the price of a Ford.

Ford's Crestmark Body is hull-tight to keep out dust, drafts and weather. You'll find it welded where other cars are bolted, for greater strength and safety . . . to eliminate water-catching cracks where rust can get a foothold.

Fordomatic Drive gives you the smooth, effortless power of a torque converter plus the savings and response of automatic gears. Ford also offers you gas-saving Overdrive or easy-shift Conventional transmission.

Here is the only V-8 in the low-price field, the same type of engine now powering most of America's costliest cars. Ford has built over 13 million V-8's! And Ford also offers you the industry's most modern Six, for even less money.

No longer does a car need to be tank-heavy to gentle you over the bumps! Ford's new ride cuts front end road shock up to 30%. And Ford's soft, foam rubber-cushioned seats give you a new concept of driving comfort.
